Mayor’s Message

It is with great pleasure that I present the City of Belmont’s Community Services and Events Guide for 2019.

This Guide is an informative tool for not only sourcing services available in the City of Belmont, but it also provides you with information on Council events occurring throughout the year.

More details of any area of the Guide can also be accessed via the City’s website www.belmont.wa.gov.au or by contacting the City direct.

I would like to thank the local clubs and organisations that are included in the Guide for providing us with their information which is so valuable to our community.

This Guide is a one stop shop for all handy contact numbers, so why not keep yours close at hand to take full advantage of the information that it provides.

I look forward to seeing you at one of the many events listed and I welcome your feedback on the Guide and how we can continue to improve our services.
