

Burning Off

Date of Publication 22/09/2009

The City of Belmont has taken a position to further improve the City's air quality and the health of our residents.

Council has adopted a policy prohibiting the use of incinerators or burning on the ground in all residential areas.

This policy seeks to prevent the discharge of smoke into the atmosphere in such quantities or of such nature as to cause a nuisance.

If you have excess rubbish or garden refuse, Council provides each residential property with four **FREE** bulk bins each year.

You can order a bulk bin direct from our Waste Contractor, Transpacific Cleanaway on telephone 9449 3344 any time between 8:30am – 5pm, Monday to Friday.

Council's waste contractor, Transpacific Cleanaway will take your bin order over the phone and give you a delivery time for your bin.

Incinerators in or around industrial or commercial premises are permitted however, require prior approval under the provisions of the Environmental Act.

Please help to keep a clean and safe environment in the City of Belmont.
