Sister City Program

The City of Belmont ('the City') has built a long-standing relationship with its Sister City, Adachi-ku in Tokyo, Japan. The City entered into a Sister City Relationship with the Special Ward of Adachi-ku in Tokyo, in October of 1984. The mainstay of this relationship since its inception has been the City run annual Student Exchange Program.

The purpose of the Sister City relationship is to promote cultural and educational exchanges between the two cities. Belmont students travel to Adachi-ku in early January each year to experience Japanese culture and customs. Students from Adachi-ku visit the City in July/August where they explore Belmont and the wider Perth region. Students participate in cultural tours, school visits and sightseeing. Students are home hosted by local Belmont families, which contributes to the student's experience, while offering them an opportunity to improve their English language skills.

Each year, the City accompanies several students to visit Adachi-ku for an (approximately) eight (8) day cultural and educational tour. The unique opportunities offered through the program are rewarding for students who enjoy several experiences in Japan, with a Japanese host family. The Sister City Student Exchange Program represents an aspirational program for the City's high achieving young people. Upon returning from the trip, the participating students will be asked to write to the City, detailing their experiences.
