Members of the gallery

There were 11 members of the public in the gallery and no press representatives.

I Official Opening

7.03pm The Presiding Member welcomed all those in attendance and declared the meeting open.

The Presiding Member read aloud the Acknowledgement of Country.

Acknowledgement of Country

Before I begin, I would like to acknowledge the Noongar Whadjuk people as the Traditional Owners of this land and pay my respects to Elders past, present and emerging.

I further acknowledge their cultural heritage, beliefs, connection and relationship with this land which continues today.

The Presiding Member invited Cr Ryan to read aloud the Affirmation of Civic Duty and Responsibility on behalf of Councillors and Officers. Cr Ryan read aloud the affirmation.

Affirmation of Civic Duty and Responsibility

I make this affirmation in good faith and declare that I will duly, faithfully, honestly, and with integrity fulfil the duties of my office for all the people in the City of Belmont according to the best of my judgement and ability.

I will observe the City's Code of Conduct and Standing Orders to ensure efficient, effective and orderly decision making within this forum.

Nil.

4 Announcements by the Presiding Member (without discussion) and declarations by Members

4.1 Announcements

The Presiding Member made the following announcement:

"I am pleased to introduce our new Director Corporate and Governance, Stuart Downing, who joined the City yesterday. Council Members welcome you to the City of Belmont."

4.2 Disclaimer

7.06pm The Presiding Member drew the public gallery's attention to the Disclaimer.

The Presiding Member advised the following:

'I wish to draw attention to the Disclaimer Notice contained within the Agenda document and advise members of the public that any decisions made at the meeting tonight can be revoked, pursuant to the Local Government Act 1995.

Therefore members of the public should not rely on any decisions until formal notification in writing by Council has been received.'

4.3 Declarations by Members who have not given due consideration to all matters contained in the business papers presently before the meeting

Nil.

5 Public question time

5.1 Responses to questions taken on notice

5.1.1 Ms L Hollands on behalf of Belmont Resident and Ratepayer Action Group (BRRAG)

The following questions were taken on notice at the 25 October 2022 Ordinary Council Meeting. Ms Hollands on behalf of the Belmont Resident and Ratepayer Action Group was provided with a response on 9 November 2022. The response from the City is recorded accordingly:

3. According to the City's website, the external accreditation body, SGS Systems and Services Certification Pty Ltd has certified that City facilities including the Hub, Civic Centre and Operations Centre meet the requirements of the International Organisation's Standard ISO 9001 for Quality, ISO 14001 for Environment and AS 4801 for Occupational Health & Safety. How much is this accreditation costing the ratepayer on an annual basis and what do they do for this money?

Response

External audits are conducted over a three year cycle with one recertification audit and two surveillance audits completed in that timeframe. The last recertification audit was completed in 2021 and the external cost was \$16,430 excluding GST and disbursements. External cost for the surveillance audit completed in August 2022 was \$7,888 excluding GST and disbursements.

During the audit, the auditors:

- **determine conformity of the City's Business Management System with the requirements of the Standards**
- **determine the ability of the Business Management System to ensure the City meets applicable statutory, regulatory and contractual requirements**
- **determine the effectiveness of the City's Business Management System to ensure the City can reasonably expect to achieve its objectives, and**
- **identifies areas for potential improvement.**

4. Last week Councillor Carter raised questions regarding the defects at the Hub, how many defects are at the Hub and who will be paying for the repairs, those that built the Hub or ratepayers?

Response

The management of defects is being handled in accordance with relevant provisions of the construction and design consultancy contracts associated with the development of Belmont Hub, and where applicable, the manufacturers' warranties. On this basis, costs associated with rectifying defects are recoverable from the party responsible for the defect. In the event the responsible party does not rectify defects, this may be subject to further action by the City. On this basis, it is not appropriate for the City to publicly disclose matters that may be subject to future legal action.

5. If the accreditation included Quality, Occupational Health and Safety and Environment on buildings, how many of these defects were in these areas and how were they able to certify us internationally while these defects remain?

Response

SGS certifies that the processes and procedures followed and systems used at the listed facilities meet the requirements of the Quality, Environment and Occupational Health & Safety Standards. This should not be confused with building codes and Standards to which a premise may be constructed.

Following receipt of this question, the section of the website on System Certification and Quality Assurance was reviewed to ascertain where any confusion may have arisen. The wording will be amended to improve clarity.

5.1.2 Ms L Hollands, Redcliffe

The following questions were taken on notice at the 25 October 2022 Ordinary Council Meeting. Ms Hollands was provided with a response on 9 November . The response from the City is recorded accordingly:

4. Can you please provide the date of the previous lease?

Response

The date of the previous Lease was 30 June 2001 and expired on 29 June 2010. The occupation of the premises then continued under the holding over provisions included within this lease agreement, until the current lease was agreed on 01 May 2021.

6. Who instructed the lawyer to change the lease in the first place and on what date and why are the City so reluctant to answer the question the last three times?

Response

In accordance with the City's previous response in relation to a similar question on this matter, there was no instruction given to change the lease. In an earlier iteration of the lease from 2017 it appears that consideration was given to changing the lease from a peppercorn lease to a fee-paying lease. Part of these changes would have meant that the City was responsible for all maintenance of the building and surrounds. This course of action was not pursued and negotiations in relation to the new lease reverted to the terms of the 2010 lease as the basis for negotiations. The requirement for the Lessor to maintain the surrounds appears to have been left in the redrafted lease in error.

5.2 Questions from members of the public

7.07pm The Presiding Member drew the public gallery's attention to the rules of Public Question Time as written in the Public Question Time Form.

In accordance with rule (I), the Mayor advised that he had registered four members of the public who had given prior notice to ask questions.

The Presiding Member invited members of the public who had yet to register their interest to ask a question to do so. Two further registrations were forthcoming.

5.2.1 Ms L Hollands, Redcliffe

1. With regard to the bowling greens, have officers done an agreement between the BSRC and BCBC regarding use of facilities and presented it to both clubs for signing and, if not, why not?

Response

The Mayor stated it is not the City's responsibility. The BSRC and BCBC need to come to an agreement themselves. The City have given answers to these BSRC/BCBC questions over the last few months and in accordance with 6.2(10) of the City's Standing Orders Local Law, the City can reject these questions, take them on notice or better you can write to the CEO, the City would be happy to answer them.

2. Is the agreement for the use of the equipment between the City of Belmont and the Bowling Club or between the greenkeeper and the Bowling Club?

Response

The Director Infrastructure Services stated it is her understanding that the contract in place in relation to the green's maintenance is that the greenskeeper is to provide their own equipment. However, the Director also understands that an agreement may have been reached between the organisation and the Bowling Club in relation to the use of the equipment. The Director Infrastructure Services stated the question would be taken on notice.

3. Why am I being charged \$30 for one hour of work to retrieve documents under FOI when they are recent documents and limited redacting is required and that work cannot proceed until I have paid 25% of the fee?

Response

The Chief Executive Officer stated that the additional costs are a result of the additional time staff need to locate the information you have requested. The fees and charges are in accordance with the *Freedom of Information Act 1992* ("the Act").

4. You cannot charge for locating the documents, that is my point. That is under the Act.

Response

The Chief Executive Officer stated the charges will be in accordance with the Act.

5. So it takes one hour to find them on the computer and email them?

Response

The Chief Executive Officer stated he does not work in the FOI area, the costs associated with the retrieval and providing that documentation will all be in accordance with the Act.

6. What percentage of staff are now working as per pre-COVID conditions back in the offices and what percentage are still working from home?

Response

The Chief Executive Officer stated the question would be taken on notice.

7. For Mr Christie, what percentage of time do you spend in office and what percentage working from home?

Response

The Chief Executive Officer stated that 95-99% of his time is spent in the office.

8. How long is it going to take to implement the Council motion on Epsom Avenue parking and have they ordered the company to do the sensors and is somebody yet to change the signage, and if not why not?

Response

The Director Infrastructure Services stated that unfortunately this work will be undertaken by an area of the City that has been heavily impacted with staff shortages. The area is currently operating at approximately 20% of the staff they would normally have. The City expects to be implementing the actions from the Council item in the first quarter of next year so in three or four months subject to contractor availability.

9. Have you ordered the sensors and have they been installed yet from the other company?

Response

The Director Infrastructure Services stated the question would be taken on notice.

5.2.2 Ms L Hollands on behalf of Belmont Resident and Ratepayer Action Group (BRRAG)

1. Can we be provided with a list of the KPI requirements and scores to meet the KPI for the CEO and who sets the KPI, is it the Councillors, WALGA, CEO or outside sources?

Response

The Mayor stated that the question would be taken on notice.

2. Can Councillor's change them if they saw fit?

Response

The Mayor stated that every year Council review them and change them if necessary.

3. Due to the issues with staff numbers and the number of staff that have left the City, would the Council consider having an external audit into the staffing issues and how the City might improve staff retention in the future?

Response

The Mayor stated that it is part of the CEO's KPI. If you are talking about the amount of turnover, the City of Belmont are at 24%, Town of Victoria Park around 30%, City of Perth 32%. Everyone is having the same problem.

4. Why, in comparison to other years, are there so few administration items coming before Council and why does it take so long to implement decisions that Council makes?

Response

The Chief Executive Officer stated that the question would be taken on notice.

5.2.3 Mrs G Godfrey, Redcliffe

1. The Belmont City College has come out third out of the top 50 schools. Will Council continue to support the Belmont City College?

Response

The Mayor stated that Council will certainly continue supporting Belmont City College as the City always have and stated that it was a fantastic achievement and thanked Mrs Godfrey for bringing it to Council.

2. Does Council support the State Government's proposed trench on Orrong Road which will remove all the trees?

Response

The Mayor stated that this has not gone before Council as yet and the City have seen over the last three to four years a plan of it and have discussed it but have not made any decisions on it.

The Chief Executive Officer (CEO) stated he has not had any further information on this. The last time he was shown a fly through of the area, his understanding was that although this is programmed at some point in the future, it was not on the short-term capital programme for Main Roads which was for the next five years. The plans show that the trees in the median strip would be removed but understand there would be substantial planting on either side of Orrong Road to compensate for the tree loss. This has not come through Council yet and the CEO does not believe it has been endorsed by Main Roads WA.

The Director Infrastructure Services stated the CEO is correct and added that the City's understanding is that Main Roads WA continue to work on the business case in relation to this project and the City are awaiting further information. The Director understands that further studies need to be done in relation to the impact on feeder roads which is of significant interest for the City.

5.2.4 Mr P Hitt, Belmont

1. A long-time employee of the City of Belmont, Executive Manager Anne-marie Forte, left the employment of the City of Belmont recently. Can you please confirm that her approximate total payout including the gratuity was in excess of \$300,000?

Response

The Chief Executive Officer stated that employee matters are confidential and not for discussion.

2. What was the exact amount of the gratuity payment made to Anne-marie Forte?

Response

The Mayor stated refer to the answer for question one.

3. Do Councillors have to make enquiries regarding, for example gratuity payments, through the CEO?

Response

The Chief Executive Officer stated gratuity payments are set by the Enterprise Bargaining Agreement that the City have in place and are compliant with legislation.

4. If Juliette Gillan was to leave the employment of the City of Belmont in the future, would it be reasonable to say the gratuity payment combined with other entitlements she could expect an amount in the region of \$400,000-\$500,000?

Response

The Chief Executive Officer stated there are strict conditions with gratuity, any payments will be compliant with the City's Enterprise Bargaining Agreement and legislation.

5. How many current staff members are entitled to a gratuity payment?

Response

The Chief Executive Officer stated his understanding is that all staff are entitled to a gratuity payment as a result of the Enterprise Bargaining Agreement and in accordance with the *Local Government Act 1995*.

5.2.5 Mr B Childs, Kewdale

1. I understand we have received National recognition for the Safe-guarding Families program that was initiated by the City, can the Mayor give a quick rundown on how the Safe-guarding Families program came about?

Response

The Mayor stated that the City are the only local government in Western Australia that do this program with a person sitting in the Police Office. The City have received National recognition for this. Yes, Patrick Gardner brought this to the Council and at the last Mayoral Dinner when the City presented an award to the group, the Mayor stated that Patrick Gardner was the one who started this.

2. Is there an explanation why 60 employees have left the Council this year?

Response

The Mayor stated that every local government has this problem with people shifting around.

The Chief Executive Officer stated that there are a number of reasons why employees leave organisations, some retire, some move on to promotions elsewhere and seek other job opportunities. The City is not the only organisation experiencing turnover, it is not just in local governments, it is happening in industries all over the State and the country.

3. Is there an explanation why the Manager of HR left, was she terminated, did she choose or did she grab the gratuity because it was beneficial?

Response

The Chief Executive Officer stated that the Manager of Human Resources has not left this year.

The Mayor stated that Mr Childs may be referring to the previous Manager of Human Resources who left a few years ago, it is confidential information why people leave and there is an exit interview which is also confidential.

The Chief Executive Officer stated that, to clarify his response to the previous question from Mr Hitt with regard to staff being entitled to gratuity, there are conditions associated with the gratuity:-

- **they must be over 55 years old;**
- **they must be retiring; and**
- **they must have had at least 10 years satisfactory service.**

When reference was made to the requirements of the Enterprise Bargaining Agreement this is what was being referred to.

4. Now that the City has a new Manager of HR, is the culture at the City what we in the community would expect?

Response

The Chief Executive Officer stated that he is contemplating whether this should be ruled out of order in accordance with rule E of the Rules of Public Question Time. Any employee matters are confidential in nature.

5. Does the CEO tolerate psychological bullying in this place?

Response

The Chief Executive Officer stated that as the CEO he is responsible for providing a safe work environment free from hazards and risks and that includes psychological bullying.

5.2.6 Ms J Gee, Cloverdale

1. Is it still the case that a Councillor can invite four people of their choice to the Civic Dinner?

Response

The Mayor stated yes.

2. Others invited use (sic) to be local politicians, notable people from the area and worthy organisations, is this still the case?

Response

The Mayor stated that it is similar, politicians were not previously invited but are now.

3. Who decides who the other guests are?

Response

The Mayor stated that they are volunteers within the City, community groups, and people who have made a contribution to the City during the year.

4. Is it the Mayor and CEO who work out the list?

Response

The Chief Executive Officer stated that the list is generally put together and endorsed by the City's executive team.

5. It has been noted that a BRRAG representative has yet to be invited, why have the Councillors not invited a BRRAG representative?

Response

The Chief Executive Officer stated that Councillors nominate people who they believe should be recognised for their valued contribution to the City and this organisation.

6. How many OCM and ABF meetings are Councillors allowed to miss at one time, successively?

Response

The Chief Executive Officer stated that there is a legislative requirement for Councillors to attend Council meetings only. If they miss three Council meetings in a row without a leave of absence, they forfeit their position as a Councillor. It is the CEO's understanding that a leave of absence can extend to six Council meetings.

The Manager Governance, Strategy and Risk stated that is correct.

7. Does that differ in one year, we talked about in a row, is there any difference in one year or one term of how many Council meetings are they are allowed to miss?

Response

The Chief Executive Officer stated that if they miss three in a row without a leave of absence then they forfeit their position as an Elected Member.

8. Can I just clarify, they can miss three in a row, come for a couple and miss another three as long as they have a leave of absence?

Response

The Mayor stated that is correct.

- 7.42pm As there were no further questions, the Presiding Member declared Public Question Time closed.**

6 Confirmation of Minutes/receipt of Matrix

6.1 Ordinary Council Meeting held 25 October 2022

Officer Recommendation

Davis moved, Carter seconded

That the Minutes of the Ordinary Council Meeting held on 25 October 2022, as printed and circulated to all Councillors, be confirmed as a true and accurate record.

Carried Unanimously 7 votes to 0

6.2 Matrix for the Agenda Briefing Forum held 15 November 2022

Officer Recommendation

Rossi moved, Bass seconded

That the Matrix of the Agenda Briefing Forum held on 15 November 2022, as printed and circulated to all Councillors, be received and noted.

Carried Unanimously 7 votes to 0

Council role

- Advocacy** When Council advocates on its own behalf or on behalf of its community to another level of government/body/agency.
- Executive** The substantial direction setting and oversight role of the Council eg adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.
- Legislative** Includes adopting local laws, local planning schemes and policies.
- Review** When Council reviews decisions made by Officers.
- Quasi-Judicial** When Council determines an application/matter that directly affect a person's right and interests. The judicial character arises from the obligation to abide by the principles of natural justice. Examples of quasi-judicial authority include local planning applications, building licences, applications for other permits/licences (eg under Health Act, Dog Act or Local Laws) and other decisions that may be appealable to the State Administrative Tribunal.

Purpose of report

To seek Council's approval to award Q28/2022 – Supply and Application of Turf Fertiliser, Wetting Agent and Pesticides.

Summary and key issues

This report outlines the process undertaken to invite and evaluate the quotations received for Q28/2022 – Supply and Application of Turf Fertiliser, Wetting Agent and Pesticides and includes a recommendation to award the contract to Turfcare WA in accordance with the requirements of the *Local Government Act 1995*.

Location

Not applicable.

Consultation

There has been no specific consultation undertaken in respect to this matter.

Strategic Community Plan implications

In accordance with the 2020 – 2040 Strategic Community Plan:

Goal 3: Natural Belmont

Strategy: 3.4 Provide green spaces for recreation, relaxation and enjoyment

Policy implications

Policy 29 – Purchasing

This policy aims to deliver a high level of accountability whilst providing a flexible, efficient and effective procurement framework.

The process associated with this quotation was undertaken in accordance with policy requirements, therefore there are no policy implications.

Statutory environment

This issue is governed in the main by the *Local Government Act 1995*, in particular Section 3.57 which states:

'3.57. Tenders for providing goods or services

- (1) A local government is required to invite tenders before it enters into a contract of a prescribed kind under which another person is to supply goods or services.
- (2) Regulations may provide provision about tenders' and the *Local Government (Functions and General) Regulations 1996* Regulation 11(2)(b) which states:
 - '11. When tenders have to be publicly invited
 - (1) Tenders are to be publicly invited according to the requirements of this Division before a local government enters into a contract for another person to supply goods or services if the consideration under the contract is, or is expected to be, more, or worth more, than \$250,000 unless subregulation (2) states otherwise.
 - (2) Tenders do not have to be publicly invited according to the requirements of this Division if –
 - (a) the supply of the goods or services is associated with a state of emergency; or
 - (b) the supply of the goods or services is to be obtained through the WALGA Preferred Supplier Program, or ..'

The supplier has been sourced through the West Australian Local Government Association (WALGA) Preferred Supplier Program.

For the purpose of clarity, this procurement process did not follow a public tender process. Quotations were requested from suppliers listed on a panel of pre-qualified suppliers on the WALGA Preferred Supply Arrangements Panel for Parks & Gardens. The term 'quotation' instead of 'tender' is not considered to be material in this instance as there is no requirement to undertake a publicly invited tender process due to the use of the WALGA Preferred Supplier Program whereby suppliers from the program are invited to quote rather than tender.

The use of a panel of suppliers on the WALGA Panel ensures that the suppliers have already undertaken a fully compliant procurement process within the local government sector.

Background

Under the *Local Government (Functions and General) Regulations 1996* Regulation 11(2)(b), tenders are not required to be publicly invited if the supply of the services is to be obtained through the WALGA Preferred Supplier Program.

WALGA has established a panel for Parks & Gardens and the main contractors involved in the provision of turf maintenance services are represented on this panel.

Five members of this panel were invited to submit a quotation, however only one response was received, from Turfcare WA.

Officer comment

The evaluation panel consisted of the Coordinator Parks, Supervisor Parks and Coordinator Procurement. Each panel member has signed a Declaration of Confidentiality and Impartiality form confirming that they have no known conflict of interest to disclose. The Coordinator Procurement coordinated the evaluation process to ensure that the correct processes were adhered to.

Although only one response was received, it was assessed on the same criteria included with the invitation to quote, being:

	Criteria	Weighting
1	Experience	20%
2	Company Capacity	30%
3	Methodology	10%
4	Safety	10%
5	Price	30%
	TOTAL	100%

Confidential Attachment 12.1.1 – Evaluation Matrix details the evaluation panel’s assessment of the submission and demonstrates that the response from Turfcare WA has satisfied the criteria requirements. The contractor has high-capacity machinery to ensure that they can provide services to multiple local authorities within the peak period of demand. Their personnel hold relevant qualifications and they have provided contingency plans should this become necessary.

Financial implications

Confidential Attachment 12.1.2 – Price Comparison compares the current rates and the proposed new rates for the most commonly used services.

Although the price for the supply and application of granular fertiliser shows a sizeable increase, the increase in the rates for liquid fertiliser is minor and the rates for pesticides has decreased slightly. The estimated cost of \$326,095 for the first year of the contract is 7.5% higher than the current rates and is in line with CPI at the June 2022 quarter.

The increase in the rates is likely due to various factors, including a rise in fertiliser prices due to rising fuel prices, supply shortage due to the effects of COVID-19 on global transport and reduced production due to the gas shortage in Europe creating increased competition.

The anticipated expenditure has been allowed for in the 2022-2023 budget within the various parks maintenance accounts. The rates are subject to annual CPI adjustments.

Environmental implications

Fertiliser and pesticide applications must be undertaken in a safe and responsible manner to prevent pollution and ensure protection and enhancement of the natural environment.

The contractor is required to:

- carry spill kits on vehicles at all times
- check equipment to ensure there are no leaks
- ensure shrouded booms are used when applying foliar applications
- ensure a 50 metre buffer zone is maintained adjacent to water bodies for all granular fertiliser applications
- no application is to take place during heavy rainfall.

Social implications

There are no social implications associated with this report.

Officer Recommendation

That Council:

1. Accepts the response submitted by Turfcare WA for Quotation Q28/2022 – Supply and Application of Turf Fertiliser, Wetting Agent and Pesticides as specified and in accordance with the schedule of rates submitted (refer Confidential Attachment 12.1.3 - Price Schedule) subject to annual CPI adjustments; and
2. Awards the contract to Turfcare WA for a period of three years commencing 1 December 2022.

Officer Recommendation adopted en bloc by Absolute Majority - Refer to Resolution appearing at Item 12.

12.2 2022-2023 November Budget Review

Attachment details

Attachment No and title	
1.	November 2022 Budget Amendments [12.2.1 - 32 pages]
2.	Revised Rate Setting Statement for the financial year 2022/2023 [12.2.2 - 1 page]
3.	Revised Budgeted Reserve Balances as at 30 June 2023 [12.2.3 - 1 page]

Council role

- Advocacy** When Council advocates on its own behalf or on behalf of its community to another level of government/body/agency.
- Executive** The substantial direction setting and oversight role of the Council eg adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.
- Legislative** Includes adopting local laws, local planning schemes and policies.
- Review** When Council reviews decisions made by Officers.
- Quasi-Judicial** When Council determines an application/matter that directly affect a person's right and interests. The judicial character arises from the obligation to abide by the principles of natural justice. Examples of quasi-judicial authority include local planning applications, building licences, applications for other permits/licences (eg under Health Act, Dog Act or Local Laws) and other decisions that may be appealable to the State Administrative Tribunal.

Purpose of report

This report is prepared to conduct the first review of the Adopted Budget for 2022-2023 and recommend budget adjustments.

Summary and key issues

In keeping with sound financial management practices, a review of the 2022-2023 Adopted Budget has been conducted with the aim of reviewing and finalising carried forward items from 2021-2022 and including other amendments.

Location

Not applicable.

Consultation

There has been no specific consultation undertaken in respect to this matter.

Strategic Community Plan implications

In accordance with the 2020 – 2040 Strategic Community Plan:

Goal 5: Responsible Belmont

Strategy: 5.2 Manage the City's assets and financial resources in a responsible manner and provide the best possible services for the community

Policy implications

There are no policy implications associated with this report.

Statutory environment

Regulation 33A of the *Local Government (Financial Management) Regulations 1996* requires a local government to carry out a review of its Budget between 1 January and 31 March each year, report it to Council and then report the outcome of the review to the Department of Local Government, Sport and Cultural Industries (the Department). Although this current budget review is not mandatory, it has been considered good financial practice to perform two budget reviews at the City of Belmont. The second budget review will be conducted and reported to Council in March 2023.

Background

In keeping with Council's ongoing budget control and financial management, a number of adjustments are required to ensure Council's Budget continues to reflect an accurate position. Since the detailed Budget was prepared, the 2021-2022 Audited Financial statements have been prepared and the carried forward figures and surplus amounts can now be updated.

The November Budget Review process is predominantly aimed at addressing the following issues:

- Decisions of Council requiring funding
- New items arising following the original budget adoption
- Updating of carry forward works mainly Infrastructure Works
- Reviewing and updating the estimated opening surplus.

Officer comment

Opening balance

As has been the case in previous Budget Reviews, one of the issues to be addressed relates to the estimated opening balance. The opening balance is predicted early in the budget process to enable budget preparation and rate modelling to proceed and is a best estimate at that point in time. This surplus position is finalised when the City's audit has been completed.

The financials for 30 June 2022 have been finalised, however the audit is expected to be completed at the end of November 2022 and at that stage the opening surplus will be confirmed. In the interim, the opening surplus has been updated based on the recent estimates and will be further updated during the March 2023 budget review.

The following summarises the movement in the opening surplus position for this review:

Opening Surplus	4,976,513
Increase in Surplus	7,174,785
Estimated Closing Surplus balance	12,151,298

The increased surplus of \$7.1m is attributed to the following:

- Carry forward of budgeted funds for projects that was not spent in 2021-2022 as noted in Attachment 12.2.1 (\$1.8m);

- Savings from salaries and wages because of vacancies attributed to the current resource market challenges (\$3m);
- Additional income of \$300K from Bluefit (Pty) Ltd that was not previously budgeted;
- Savings of \$575K from events that did not proceed due to COVID-19;
- Underspend in agency and contractor expenditure of \$985K as a result of delayed project expenditures, mainly stemming from resource constraints;
- Savings realised from business application purchase of \$260K; and
- Additional interest income of \$200K due to the increase in the interest rate.

Budget Amendments

A detailed listing of all budget adjustments can be found in Attachment 12.2.1. It should be noted that the report includes only those line items that have changed during the review process, whilst all other line items remain as per the Adopted Budget.

An updated 'Rate Setting Statement' in Attachment 12.2.2 compares the proposed Budget Review to the Adopted Budget. Material adjustments as per the Rates Setting Statement are further explained below:

Transfer to reserves has increased by \$5,170,173 and includes the following - amendments:

- Property Development Reserve, \$3,170,173 because of permanent savings identified in the opening surplus. This additional fund will be utilised for future projects in the Long Term Financial Plan and includes (but is not limited to) strategic projects, such as Belvidere Street, Garvey Park, Faulkner Precinct-Ornamental Lakes. These projects will progress once the City's and the market resource capacities have improved and the planning for these projects have been finalised.
- Building Maintenance Reserve, \$1,000,000 to allow for future building refurbishment costs based on the City's current asset condition rating; and
- Miscellaneous Entitlements Reserve, \$1,000,000 to allow for anticipated contractual employment costs.

Transfer from reserves has increased by \$889,489 and include the following amendments:

- Building Maintenance Reserve, \$111,652 due to refurbishment works identified for the old library workroom;
- Waste Management Reserve transfer increased by \$89,208 due to the advance receipt of the Better Bins Grant in 2021-2022;
- Miscellaneous Entitlement Reserve increased by \$415,000 to accommodate for increased employment entitlement costs; and

- Long Service Leave (LSL) reserves increased by \$273,629 due to an anticipated increase in LSL costs.

Acquisition of infrastructure assets has increased by \$1,380,723, and is made up of the following material items:

- Works projects have increased by \$374,203, mainly due to the carry forward of Roads to Recovery works for Miles Road of \$402,000;
- Belmont Hub has increased by \$69,680 for costs associated with contract management; and
- Parks, Leisure and Environment projects of \$936,840 due to various carry forward projects relating to Garvey Park, Playground renewals and Ascot Waters Irrigation renewals, as reflected in Attachment 12.2.1.

Acquisition of plant and equipment has increased by \$690,522 mainly relating to carry forward costs of fleet acquisitions of \$392,705 and carry forward costs for Belmont Hub of \$185,076 and additional costs of \$150,000 for the old library workroom.

Materials costs have increased by \$967,639 and relate mainly to:

- increased agency costs of \$320,000 which have been funded from a reduction in salaries;
- an increase in consultancy costs of \$300,000 in various areas due to the current resource market constraints;
- \$80,000 for carry over of replacement of Belmont Oasis gym equipment; and
- additional funding of \$62,000 required for various City events.

Employee costs have a net increase of \$135,526 resulting from an increase in employment entitlement costs of \$415,000, these additional costs have been funded from the Miscellaneous Entitlements Reserve. There has also been a decrease of employee costs of \$531,000 to fund the increased agency costs.

Attachment 12.2.3 provides an updated estimate of reserve balances for the 2022-2023 year with reserve balances expected to increase to \$54,642,146, a net movement in reserves of \$4,274,241.

Financial implications

The presentation of these reports to Council ensures compliance with the *Local Government Act 1995* and associated Regulations, and also ensures that Council is regularly informed as to the status of its financial position.

Environmental implications

There are no environmental implications associated with this report.

Social implications

There are no social implications associated with this report.

Officer Recommendation

That Council:

1. In accordance with *Local Government (Financial Management) Regulations 1996* Regulation 33A, adopt the amendments contained in the 2022-2023 Budget Review (Attachment 12.2.1) including the descriptions of variations and closing fund amendments.
2. Authorise the Chief Executive Officer to amend the 2022-2023 Budget in accordance with all resolved variations.

Officer Recommendation adopted en bloc by Absolute Majority - Refer to Resolution appearing at Item 12.

Council role

- Advocacy** When Council advocates on its own behalf or on behalf of its community to another level of government/body/agency.
- Executive** The substantial direction setting and oversight role of the Council eg adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.
- Legislative** Includes adopting local laws, local planning schemes and policies.
- Review** When Council reviews decisions made by Officers.
- Quasi-Judicial** When Council determines an application/matter that directly affect a person's right and interests. The judicial character arises from the obligation to abide by the principles of natural justice. Examples of quasi-judicial authority include local planning applications, building licences, applications for other permits/licences (eg under Health Act, Dog Act or Local Laws) and other decisions that may be appealable to the State Administrative Tribunal.

Purpose of report

To present to Council the list of expenditure paid for the period 1 October 2022 to 31 October 2022 under delegated authority.

Summary and key issues

A list of payments is presented to the Council each month for confirmation and endorsement in accordance with the *Local Government (Financial Management) Regulations 1996*.

Location

Not applicable.

Consultation

There has been no specific consultation undertaken in respect to this matter.

Strategic Community Plan implications

In accordance with the 2020 – 2040 Strategic Community Plan:

Goal 5: Responsible Belmont

Strategy: 5.2 Manage the City's assets and financial resources in a responsible manner and provide the best possible services for the community

Strategy: 5.6 Deliver effective, fair and transparent leadership and decision-making, reflective of community needs and aspirations

Policy implications

There are no policy implications associated with this report.

Statutory environment

Regulation 13(1) of the *Local Government (Financial Management) Regulations 1996* states:

“If the local government has delegated to the CEO the exercise of its power to make payments from the municipal fund or the trust fund, a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared:

- (a) the payee's name;
- (b) the amount of the payment;
- (c) the date of the payment; and

(d) sufficient information to identify the transaction.”

(3) A list prepared under sub regulation (1) is to be presented to Council at the next ordinary meeting of Council after the list is prepared; and recorded in the minutes of that meeting.

Background

Council has delegated to the Chief Executive Officer under Delegation 1.1.18 to make payment from the Municipal and Trust Fund account. In accordance with Regulation 13(1) of the *Local Government (Financial Management) Regulations 1996*, where this power has been delegated, a list of payments each month is to be compiled and presented to Council.

Officer comment

The following summary of payments are recommended for confirmation and endorsement.

Payment type	Payment reference	\$
Municipal Fund Cheques	788830,788831	1,786.40
Municipal Fund EFTs	EF080787 to EF081211	6,789,480.71
Municipal Fund Payroll	October 2022	1,612,611.84
Trust Fund EFT	EF080962 to EF080964	33,819.83
Total Payments for October 2022		8,437,698.78

A copy of the Authorised Payment Listing is included as Attachment 12.3.1.

Financial implications

All expenditure included in the Authorised Payment Listing is in accordance with Council's Annual budget.

Environmental implications

There are no environmental implications associated with this report.

Social implications

There are no social implications associated with this report.

Officer Recommendation

That the Authorised Payment Listing for October 2022 as provided under Attachment 12.3.1 be received.

Officer Recommendation adopted en bloc by Absolute Majority - Refer to Resolution appearing at Item 12.

Attachment 12.3.1 October 2022 - Authorised Payment Listing

Owner	:	N/A
Responsible Division	:	Corporate and Governance

Council role

- Advocacy** When Council advocates on its own behalf or on behalf of its community to another level of government/body/agency.
- Executive** The substantial direction setting and oversight role of the Council eg adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.
- Legislative** Includes adopting local laws, local planning schemes and policies.
- Review** When Council reviews decisions made by Officers.
- Quasi-Judicial** When Council determines an application/matter that directly affect a person's right and interests. The judicial character arises from the obligation to abide by the principles of natural justice. Examples of quasi-judicial authority include local planning applications, building licences, applications for other permits/licences (eg under Health Act, Dog Act or Local Laws) and other decisions that may be appealable to the State Administrative Tribunal.

Purpose of report

To provide Council with relevant monthly financial information for the period ending 31 October 2022.

Summary and key issues

The following report includes a concise list of material variances and the net current assets position for the month ending 31 October 2022.

Location

Not applicable.

Consultation

There has been no specific consultation undertaken in respect to this matter.

Strategic Community Plan implications

In accordance with the 2020 – 2040 Strategic Community Plan:

Goal 5: Responsible Belmont

Strategy: 5.2 Manage the City's assets and financial resources in a responsible manner and provide the best possible services for the community

Policy implications

There are no policy implications associated with this report.

Statutory environment

Section 6.4 of the *Local Government Act 1995* in conjunction with Regulations 34 (1) of the *Local Government (Financial Management) Regulations 1996* requires monthly financial reports to be presented to Council.

Regulation 34(1) requires a monthly Statement of Financial Activity reporting on revenue and expenditure.

Regulation 34(5) determines the mechanism required to ascertain the definition of material variances which are required to be reported to Council as a part of the monthly report. It also requires Council to adopt a “percentage or value” for what it will consider to be material variances on an annual basis.

Background

Regulation 34(1) of the *Local Government (Financial Management) Regulations 1996* requires that financial statements are presented monthly to Council. The Statutory Monthly Financial Report is to consist of a Statement of Financial Activity reporting on revenue and expenditure as set out in the Annual Budget. It is required to include:

- Annual budget estimates
- Budget estimates to the end of the reporting month

- Actual amounts to the end of the reporting month
- Material variances between the monthly budgeted and actual amounts
- Net current assets as at the end of the reporting month.

Officer comment

At the 28 June 2022 Ordinary Council Meeting, Council adopted the materiality threshold for the 2022-2023 fiscal year as 10% of the budgeted closing surplus which is \$500,000 (i.e. amounts \$50,000 or more is considered to be a material variance). The below table provides a summary of significant variations based on this materiality threshold. The detailed financial activity report is included at Attachment 12.4.1.

Report Section	Budget YTD	Actual YTD	Report Comments
Operating Activities			
Revenue from operating activities (excluding rates)			
Operating grants, subsidies and contributions			
Works	152,431	65,627	FOGO Implementation grant yet to be received
Fees and charges

- less non rate setting creditors & provisions	5,746,637	Cash Backed LSL, current loans & ESL
Total Current Liabilities	(5,340,274)	
Net Current Assets 31/10/22	49,559,153	
Net Current Assets as Per Financial Activity Report	49,559,153	
Less Committed Assets	(49,059,153)	All other budgeted expenditure
Estimated Closing Balance	500,000	

Financial implications

The presentation of these reports to Council ensures compliance with the *Local Government Act 1995* and associated Regulations, and also ensures that Council is regularly informed as to the status of its financial position.

Environmental implications

There are no environmental implications associated with this report.

Social implications

There are no social implications associated with this report.

Officer Recommendation

That the Monthly Financial Reports as at 31 October 2022 as included in Attachment 12.4.1 be received.

Officer Recommendation adopted en bloc by Absolute Majority - Refer to Resolution appearing at Item 12.

City of Belmont

Monthly Financial Activity Statement for the Period Ending October 2022

Note: Material variances have been identified in accordance with the Local Government (Financial Management) Regulations 34(1)(d) and Australian Accounting Standards (AASB 101). A variance on the budgeted closing balance has been applied in the determination of material variances.
