I Official Opening

The Presiding Member will read aloud the Acknowledgement of Country.

Acknowledgement of Country

Before I begin, I would like to acknowledge the Noongar Whadjuk people as the Traditional Owners of this land and pay my respects to Elders past, present and emerging.

I further acknowledge their cultural heritage, beliefs, connection and relationship with this land which continues today.

The Presiding Member will cause the Affirmation of Civic Duty and Responsibility to be read aloud by a Councillor.

Affirmation of Civic Duty and Responsibility

I make this affirmation in good faith and declare that I will duly, faithfully, honestly, and with integrity fulfil the duties of my office for all the people in the City of Belmont according to the best of my judgement and ability.

I will observe the City's Code of Conduct and Standing Orders to ensure efficient, effective and orderly decision making within this forum.

2 Apologies and leave of absence

3 Declarations of interest that might cause a conflict

Councillors/Staff are reminded of the requirements of s5.65 of the *Local Government Act 1995*, to disclose any interest during the meeting when the matter is discussed, and also of the requirement to disclose an interest affecting impartiality under the City's Code of Conduct.

3.1 Financial Interests

A declaration under this section requires that the nature of the interest must be disclosed. Consequently, a member who has made a declaration must not preside, participate in, or be present during any discussion or decision-making procedure relating to the matter the subject of the declaration.

Other members may allow participation of the declarant if the member further discloses the extent of the interest and the other members decide that the interest is trivial or insignificant or is common to a significant number of electors or ratepayers.

Name	Item No and Title	Nature of Interest (and extent, where appropriate)

3.2 Disclosure of interest that may affect impartiality

Councillors and staff are required (Code of Conduct), in addition to declaring any financial interest, to declare any interest that might cause a conflict. The member/employee is also encouraged to disclose the nature of the interest. The member/employee must consider the nature and extent of the interest and whether it will affect their impartiality. If the member/employee declares that their impartiality will not be affected then they may participate in the decision-making process.

Name	Item No and Title	Nature of Interest (and extent, where appropriate)

5 Public question time

5.1 Responses to questions taken on notice

5.1.1 Mr B Childs, Kewdale

The following question was taken on notice at the 24 May 2022 Ordinary Council Meeting. Mr Childs was provided with a response on 17 June 2022. The response from the City is recorded accordingly:

1. In December, the Mayor mentioned in his video that the City of Belmont would be 100% Carbon Neutral by May. It does not mean that we have a huge number of solar panels and wind turbines, but can you explain how do we become carbon neutral? Is it called a carbon off-set?

Response

The script for the Mayor's December 2021 video address is as follows:

"At this month's meeting, Council unanimously supported the purchase of 100% green power or renewable energy to power the City's sites. The City will now be part of a landmark agreement with Synergy joining more than 40 other local governments who plan to go to 100% renewable from April next year.

The WA Local Government Association led this initiative, and the agreement sources all renewable energy from wind farms in WA.

This decision to support green power is another demonstration of the City's commitment to addressing climate change and reducing its carbon emissions."

In the above script, "the City's sites" refers to the City's seven "contestable sites" as referenced in the associated Ordinary Council Meeting item from December 2021, namely:

- **Operations Centre**
- **Civic Centre, Library and Community Centre**
- **Gerry Archer Athletic Track**
- **Ascot Freshwater Lake (circulation pump and aerator)**
- **Youth and Family Services Centre**
- **Centenary Park**
- **Ascot Waters Compensating Basin (irrigation pump for the whole of Ascot Waters and aerator)**

The contestable sites are the City's high electricity-consuming sites (over 50,000 kilowatt-hours per year). For absolute clarity, the script provided to the Mayor should have stated "100% green power or renewable energy to power the City's contestable sites.", however it is relevant to note that the video address refers to the Council meeting and the associated Ordinary Council item provides clarity that this initiative related to the City's contestable sites.

For the contestable sites, the City purchases 100% renewable energy. Other sites are not subject to this arrangement.

5.1.2 Ms E Donovan, Redcliffe

The following question was taken on notice at the 24 May 2022 Ordinary Council Meeting. Ms Donovan was provided with a response on 17 June 2022. The response from the City is recorded accordingly:

1. Would it be possible to have a community food garden at the corner of Epsom Avenue and Grand Parade?

Response

City Officers will undertake an assessment of this location to determine the need and potential location for a community garden. Officers will liaise directly with Ms Donovan on the outcome.

5.1.3 Ms L Hollands, Redcliffe

The following question was taken on notice at the 24 May 2022 Ordinary Council Meeting. Ms Hollands was provided with a response on 15 June 2022. The response from the City is recorded accordingly:

1. Previously we have been informed that the full time equivalent (FTE) staff numbers was 232.23 in 2019 and 224.42 in 2020. What was the same staff numbers at the end of the 2021 financial year and how many staff have left the City of Belmont since then and how many of these were retirements?

Response

The FTE as at 30 June 2021 was 212.67. Terminations from 1 July 2021 – 31 May 2022 were 58. Nine of these were retirements.

5.1.4 Ms S Carter, Ascot

The following question was taken on notice at the 24 May 2022 Ordinary Council Meeting. Ms Carter was provided with a response on 16 June 2022. The response from the City is recorded accordingly:

1. With regard to the Belmont Trust Land, was it proper there was no financial acquittal of municipal funds to the Belmont Trust account when the new Trust came into existence and when can an adjustment be expected given the City has recorded large surpluses this financial year?

Response

In 1954 the Belmont Park Road Board made the Declaration of Trust. There is no new Trust, though in the 1990's when the City was preparing an agreement, the City discovered that the land was subject to the charitable trust.

Any surpluses identified this year do not relate to the Belmont Trust and therefore there will be no acquittal or transfer of municipal funds to the Belmont Trust.

5.2 Questions from members of the public

6 Confirmation of Minutes/receipt of Matrix

6.1 Ordinary Council Meeting held 24 May 2022

Officer Recommendation

That the Minutes of the Ordinary Council Meeting held on 24 May 2022, as printed and circulated to all Councillors, be confirmed as a true and accurate record.

6.2 Matrix for the Agenda Briefing Forum held 21 June 2022

Officer Recommendation

That the Matrix of the Agenda Briefing Forum held on 21 June 2022, as printed and circulated to all Councillors, be received and noted.

7 Questions by Members on which due notice has been given (without discussion)

8 Questions by members without notice

8.1 Responses to questions taken on notice

8.1.1 Cr Ryan

The following question was taken on notice at the 24 May 2022 Ordinary Council Meeting. Cr Ryan was provided with a response on 17 June 2022. The response from the City is recorded accordingly:

1. With regard to Redcliffe Park, what happened to the document that was signed by 130 people and handed to the Council in January 2020?

Response

A search of the City's records management system has no record of receiving a document over the counter in January 2020 that was signed by 130 people, relating to Redcliffe Park. The City's records system has captured email exchanges between

the City and the resident, whereby the City followed up with the resident to seek a copy of the document however the resident was unable to provide a copy of the petition.

8.2 Questions by members without notice

9 New business of an urgent nature approved by the person presiding or by decision

10 Business adjourned from a previous meeting

Purpose of report

To seek Council approval to award Q10/2022 – Construction of Concrete Paths and Vehicular Crossovers.

Summary and key issues

This report outlines the process undertaken to invite and evaluate the quotations received for Q10/2022 – Construction of Concrete Paths and Vehicular Crossovers and includes a recommendation to award the contract to Dowsing Group in accordance with the requirements of the *Local Government Act 1995*.

Location

Not applicable.

Consultation

There has been no specific consultation undertaken in respect to this matter.

Strategic Community Plan implications

In accordance with the 2020 – 2040 Strategic Community Plan:

Goal 5: Responsible Belmont

Strategy: 5.2 Manage the City's assets and financial resources in a responsible manner and provide the best possible services for the community

Policy implications

Policy 29 - Purchasing

This policy aims to deliver a high level of accountability whilst providing a flexible, efficient and effective procurement framework.

The process associated with this tender was undertaken in accordance with policy requirements, therefore there are no policy implications.

Statutory environment

This issue is governed in the main by the *Local Government Act 1995*, in particular Section 3.57 which states:

‘3.57. Tenders for providing goods or services

(1) A local government is required to invite tenders before it enters into a contract of a prescribed kind under which another person is to supply goods or services.

(2) Regulations may make provision about tenders.’

and the *Local Government (Functions and General) Regulations 1996* Regulation 11(2)(b) which states:

‘11. When tenders have to be publicly invited

(1) Tenders are to be publicly invited according to the requirements of this Division before a local government enters into a contract for another person to supply goods or services if the consideration under the contract is, or is expected to be, more, or worth more, than \$250,000 unless subregulation (2) states otherwise.

(2) Tenders do not have to be publicly invited according to the requirements of this Division if –

(a) the supply of the goods or services is to be obtained from expenditure authorised in an emergency under section 6.8(1)(c) of the Act; or

(aa) the supply of the goods or services is associated with a state of emergency; or

(b) the supply of the goods or services is to be obtained through the WALGA Preferred Supplier Program; or ...’

The supplier has been sourced through the West Australian Local Government Association (WALGA) Preferred Supplier Program.

For the purpose of clarity, this procurement process did not follow a public tender process, Quotations were requested from suppliers listed on a panel of pre-qualified suppliers on the WALGA Preferred Supply Arrangements Panel for Roads, Infrastructure & Depot Services. The term “quotation” has therefore been used throughout this process. The use of the word “quotation” instead of “tender” is not considered to be material in this instance as there is no requirement to undertake a publicly invited tender process due to the use of the WALGA Preferred Supplier Program whereby suppliers from the program are invited to quote rather than tender.

The use of a panel of suppliers on the WALGA Panel ensure that the suppliers have already undertaken a fully compliant procurement process within the local government sector.

Background

Under the *Local Government (Functions and General) Regulations 1996* Regulation 11(2)(b), tenders are not required to be publicly invited if the supply of the services is to be obtained through the WALGA Preferred Supplier Program.

WALGA has established a panel of contractors for Roads, Infrastructure & Depot Services. Three members of this panel were invited to submit a quotation with two responses being received from:

- Axiis Contracting
- Dowsing Group

Officer comment

The evaluation panel consisted of the Manager Works, Supervisor Works and TravelSmart Officer. Each panel member has signed a Declaration of Confidentiality and Impartiality form confirming that they have no known conflict of interest to disclose. The Coordinator Procurement coordinated the evaluation process to ensure that the correct processes were adhered to.

The responses received were assessed on the same selection criteria included within the invitation to quote, being:

	CRITERIA	WEIGHTING
1	Experience	25%
2	Company Capacity	15%
3	Methodology	20%
4	Safety	10%
5	Price	30%
	TOTAL	100%

Confidential Attachment 12.1.1 – Evaluation Matrix details the evaluation panel's assessments of the submissions.

Dowsing Group, having achieved the highest score on the Evaluation Matrix, is the recommended supplier. They have considerable experience in all types of concrete works and have demonstrated that they have the capacity and understanding of the contract requirements to ensure the works are undertaken in a timely manner.

Financial implications

The rates submitted by the respondents are set out in Confidential Attachment 12.1.2 – Price Schedule. An estimate of the likely charges that will be incurred based on projects identified for the footpaths and roads for the financial year 2022-2023 has been used to compare costs in Confidential Attachment 12.1.3 – Cost Comparison. The projected usage for the 2022-2023 year is expected to be similar in future years. The figures resulting from

this comparison have been used to calculate the score for the price criterion within the Evaluation Matrix.

The anticipated expenditure has been allowed for in the 2022-2023 capital works budgets for projects within both the Footpath (\$518,700) and Roads (\$3,737,035) upgrade and renewal programs.

Environmental implications

Construction materials associated with footpath upgrade projects (including crossovers) that are undertaken within this contract will be removed and taken to a local construction and demolition recycling station for processing.

Social implications

There are no social implications associated with this report.

Officer Recommendation

That Council:

1. Accepts the response submitted by Dowsing Group for Quotation Q10/2022 – Construction of Concrete Paths and Vehicular Crossovers as specified in accordance with the schedule of rates submitted (refer Confidential Attachment 12.1.2 – Price Schedule); and
2. Awards the contract to Dowsing Group for a period of three years commencing 1 July 2022.

Purpose of report

To seek Council's formal adoption of the 2022-2023 Budget in the prescribed manner including the imposition of differential and minimum rates, fees and charges and other budget related matters.

Summary and key issues

The City's Budget must be adopted in the prescribed manner as per Attachment 12.2.1, including the Capital Works Programme (Attachment 12.2.2). The adoption of the budget enables the rates to be levied and budget information to be distributed to the organisation and the community.

During the 2022-2023 budget process each Division has reviewed its fees and charges and has made recommendation to Council to endorse the schedule of fees and charges at Attachment 12.2.3.

Consultation¹

Intention to Implement Differential and Minimum Rates - Section 6.36(1) of the Act

Notices which included relevant details of Council's intention to impose Differential and Minimum Rates and an invitation for submissions from electors and ratepayers in respect to the proposed differential rates were published in the following newspapers:

1. The Saturday West newspaper – 28 May 2022
2. City's Website - 25 May 2022
3. City's Social media post (Facebook 8 June 2022, Twitter 10 June 2022)
4. Noticeboard in the City's Ruth Faulkner Library and Civic Centre - 25 May 2022
5. PerthNow Southern newspaper – 2 June 2022

¹ Section amended following initial publication to include comments on final submission received after publication date.

Submissions are required to be made in writing and provided by 5pm, 20 June 2022.

Four (4) submissions were received. A summary of the four submissions received is provided below:

One submission was supportive of the proposed rate increase and was happy with the excellent value from the City of Belmont.

One submission suggested comparative rating information to be included with proposed rates and was concerned ratepayers will be impacted by a 3.5% increase together with a GRV revaluation this financial year.

It is noted that ratepayers in 2022-2023 will only be impacted by a 3.5% increase and not impacted by a GRV valuation, the next GRV valuation is scheduled for the 2023-2024 financial year. It is agreed that providing comparative rating information will be useful and this will be considered for future years. This does not warrant reconsideration of the proposed differential rate in the dollar or minimum rate.

One submission was not supportive of the 3.5% increase due to forecasted surplus funds in 2021-2022 financial year and has made suggestions where the surplus funds can be spent.

It is noted that the estimated surplus funds for 2021-2022 will only be confirmed once the audit for the 2021-2022 financials is completed at the end of the current financial year. The predicted surplus for 2021-2022 mainly comprises restricted funds that have been set aside for specific purposes. The matters raised in this submission do not warrant reconsideration of the proposed differential rate in the dollar or minimum rate.

The final submission was not supportive of the 3.5% increase and was concerned the increase will be adding to the current economic burden of residents. It was suggested that Council should consider reducing some services to reduce the City's costs as an alternative measure.

While this may be a valid concern, the proposed 3.5% increase is still a comparatively lower increase and results in lower rate in the dollar and minimum rates levied by most other local governments. The modest increase enables the City to continue delivering a high level of service that is valued by our Community. It is noted that the City's hardship policy provides relief for ratepayers who are experiencing financial difficulties. On this basis the submission does not warrant reconsideration of the proposed differential rate in the dollar or minimum rate.

Strategic Community Plan implications

In accordance with the 2020 – 2040 Strategic Community Plan:

Goal 5: Responsible Belmont

Strategy: 5.2 Manage the City's assets and financial resources in a responsible manner and provide the best possible services for the community

Policy implications

This report incorporates the provisions of Council Policy 35 - Financial Hardship.

Statutory environment

In accordance with Section 6.2 of the *Local Government Act 1995* and Part 3 of the *Local Government (Financial Management) Regulations 1996* as amended, the 2022-2023 Budget is presented in the prescribed manner for formal adoption. The Statutory Budget has been prepared incorporating the principles of the Australian Accounting Standards.

Section 6.16 (1) of the Local Government Act 1995 states a local government may impose and recover a fee or charge for any goods or service it provides or proposes to provide and *Section 6.16 (3)* states further that the fees and charges are to be imposed when adopting the annual budget but may be:

- (a) imposed* during a financial year; and
- (b) amended* from time to time during a financial year.

It is a requirement under section 6.36 of the *Local Government Act 1995* that where a Local Government elects to use differential rates then it shall advertise its intention to do so, and call for submissions for a period of at least 21 days before any further action occurs. Council is to consider any submission received and may impose the proposed rates with or without modification.

The *Local Government (COVID-19 Response) Ministerial Order 2021* is in the process of being extended to 2022-2023 by the Department of Local Government, Sport and Cultural Industries and is anticipated to be gazetted in June 2022. The Ministerial order for 2022 will again make provision for interest owing to Local Governments, options for payment of rates or service charges and accrual of interest on overdue rates or service charges.

Background

The preparation of the 2022-2023 draft budget commenced early in January 2022, where various Information Forums and discussions have been held with Council, aligning the budget to the City's Strategic Community Plan (2020-2040), Long Term Financial Plan (2022-2032), Corporate Business Plan (2023-2027) and various priorities and strategies.

In accordance with Section 6.36 of the *Local Government Act 1995*, Council advertised its intention to levy differential rates and the applicable rates in the dollar, together with minimum payments. The submissions received have not raised any issues that warrant reconsideration of the proposed rate in the dollar increase for each differential rate.

In accordance with Section 6.2 of the *Local Government Act 1995* and the *Local Government (Financial Management) Regulations 1996*, the 2022-2023 Budget is presented in the prescribed manner for formal adoption. The Statutory Budget has been prepared incorporating the principles of the Australian Accounting Standards and Council's accounting policies. As a supplementary item to the statutory budget a detailed departmental budget is prepared and commentary by Division is provided.

To comply with the provisions of the *Local Government Act 1995*, all fees and charges to be levied are also to be adopted by Council.

Officer comment

There are several statutory processes that are required and have been met ensuring compliance with the *Local Government Act 1995* and the *Local Government (Financial Management) Regulations 1996*. The Budgets for service delivery and infrastructure maintenance, together with the extensive Capital Works Programme, have been aligned to the City's asset management plans, project priorities and the City's Integrated Planning Framework. This ensures that the Council's assets are improved, maintained and replaced at the appropriate time, thus complying with the City's long-term financial responsibilities.

The preparation of the 2022-2023 Budget has highlighted how challenging it is to try and meet the community's expectations, contain costs in a volatile domestic and international market and keep rate increases at a moderate level. The 2022-2023 Budget has however achieved all these factors due to responsible and prudent budgeting.

Rate Setting

Further to the Ordinary Council Meeting held on the 24 May 2022, the following general rates and minimum payments for Residential, Commercial and Industrial ratepayers for rate setting purposes that equate to a 3.5% increase in the total rate levy was advertised:

Differential Category	Proposed Cents in Dollar	Proposed Minimum \$
Residential	6.9069	885
Commercial	7.2951	1,040
Industrial	7.3149	1,060

As outlined in the Rate Setting process, a balanced budget has been achieved with a 3.5% change in the rate yield. One submission in support of the proposed rate setting was received, and three objections were received. As the matters raised in objections do not warrant a change to the proposed rate setting, it is recommended that Council endorse the proposed Cents in Dollar and the Minimum Rate for each differential category without modification as reflected in the table above, pursuant to Section 6.36 (4) of the *Local Government Act 1995*.

Proposed Budget for 2022-2023

The statutory budget is a key document in determining the City's ability to be able to maintain amenities and assets, provide services to the community, deliver projects, and deliver key strategies. A summary of some of the highlights of the 2022-2023 budget is covered below.

Total expenditure predicted for 2022-2023 budget is \$96,492,573 compared to \$93,189,222 in 2021-2022, whilst total revenue is projected to be \$91,516,059 compared to \$89,274,222 for the 2021-2022 adopted budget. The shortfall in revenue in the proposed budget is funded from the estimated opening balance of \$4.9m. The opening balance is derived from various budget variances including \$1m of prepaid Financial Assistance Grant, \$2.9m from net capital including the carry forward of infrastructure projects and \$1m of operational savings.

The 2022-2023 budget reflects that most activity will return to normal after COVID-19 interruptions over the past two years. Major community events are predicted to be resumed. Due to the challenges in the current supply market, this has resulted in a moderate decrease in capital projects for 2022-2023. During this budget cycle more focus will be placed on asset management planning and the design phase of projects instead of embarking on new projects.

The Food Organics and Garden Organics (FOGO) waste management project is scheduled to commence in 2022-2023 and it is proposed that \$1,832,191 of funding for this project will be sourced from the Waste Management Reserve.

Employee costs are expected to rise in line with the forecasted Wage Price Index and mandatory superannuation payment contribution increase from 10% to 10.5%. As part of the City's salary review process, external advice will be sought in relation to the recommended increase required to support the attraction and retention of staff, which has been a challenge across the Local Government sector in the 2021-2022 financial year. Materials and contract expenditure remain comparable to previous years' levels.

Capital Grants Revenue for 2022-2023 has decreased by \$1.5m, due to the receipt of LRCIP (Local Roads and Community Infrastructure Program) Phase 2 funding of \$1.6m in 2022 for the Glasshouse project. Further, operating grants have decreased by \$1.1m as 75% of the Financial Assistance Grant was received in advance in April 2022.

Departmental Budget Commentary

Each Division has reviewed the 2022-2023 Budget and provided an explanation to support their budget requests.

Some of the key factors driving the preparation of the 2022-2023 Budget are as follows:

- Delivering the outcomes of the Strategic Community Plan through the Key Actions of the Corporate Business Plan;
- Maintaining a viable workforce through effective attraction and retention;
- Being responsive to research results and community feedback;
- Increase communications with the community and community development;
- Maintaining service delivery; and
- Maintaining infrastructure based on asset management plans and asset priorities.

The detailed budget by Division and Department is at Attachment 12.2.4 and a summary of these budget requests are as follows:

Executive Services

Chief Executive Officer (CEO)

The only notable adjustment was the reallocation of the Business Improvement Coordinator to the CEO's office, with a corresponding reduction in the Business Improvement Team budget.

Corporate and Governance

Governance

The Business Improvement Team was reallocated to Governance Department with no increase in employee costs. Further, there was a reduction in election expense in 2022-2023 of \$95,000 as no elections are scheduled for 2022-2023 budget year.

There was an average increase of 6% for insurance due to Local Government Insurance Services (LGIS) proposed increases because of the current economic climate. The City is due to receive final insurance renewal proposals at end of June 2022. The budget for premiums will be reviewed at the budget review in October 2022.

Financing Activities

The 2022-2023 budget estimates yield on reserve investment are higher as per the City's independent fund advisor and the current trend of interest rate increases by the Reserve Bank.

Budgeted 2022-2023 Reserve Balances are included in note seven of the statutory budget Attachment 12.2.1.

Rates

The budget is based on a 3.5% increase in the rate yield during 2022-2023 and a small allowance for interim rates. An additional \$250,000 was allocated for the triennial revaluation (2023-2024) of Gross Rental Value by Landgate and this is funded from District Valuation Reserve. The total discount allowed for payment by due date was increased to \$1,850,000, a net increase of \$50,000. This prediction is based on the payments received for the current financial year.

General Purpose Income

75% of the Federal grant receipt for 2022/2023 was paid in advance in April 2022 and the balance will be paid quarterly per notification from the Department of Local Government, Sport and Cultural Industries. This has resulted in a decrease of grant income for 2022-2023 of \$226,850.

Information Technology (IT)

The IT Capital budget consists of Software as a Service (SaaS), photocopier purchases and website development projects, with the objective of creating cost savings through efficiencies and automation. Some of these projects (\$130,000) are funded by the Information Technology Reserve.

Marketing and Communications

The budget for community-based events such as Avon Descent, Autumn River Festival, Movie Madness, Imaginarium, Carols in the Park, Let's Celebrate Belmont, Harmony Day and Kidz Festival have been reallocated to the Library, Culture and Place Department.

Infrastructure Services

The Infrastructure Services has a major focus on capital works including roads drainage and paths (construction and maintenance). The preliminary budget for each programme was submitted to Council for discussion at the Information Forum meeting of 29 March

2022 with programmes based on respective Asset Management Plans. The detail information of the capital budget is included at Attachment 12.2.2.

Roads Program

The major road construction works programmed in the coming financial year totals \$3,571,678 and road maintenance budget is \$1,213,768.

Some major projects are outlined below:

- \$181,346 Abernethy Road lengthen slip lane on southern approach
- \$269,970 Abernethy Road to Alexander Road lengthen slip lane on north approach, widen south
- \$1,478,400 for five projects in various sections of Abernethy Road within the Metropolitan Regional Road Group (MRRG)
- \$200,127 Fulham Street at Fisher Street intersection, new roundabout and lighting
- \$124,941 Belgravia Street - Wright Street to Fulham Street resurface

Footpath Program

The total footpath construction program for 2022-2023 is \$606,721 and footpath maintenance is \$266,926.

Some major projects included are:

- \$143,349 Matheson Road, three sections of footpath (north side) upgrade including a new fence between Epsom Avenue and Keymer Street
- \$139,543 Garvey Park Foreshore Path
- \$27,144 St Kilda Road
- \$29,579 Sommers Street

Drainage

The drainage renewal budget has been developed to ensure that an acceptable level of service is achieved based on the Drainage Asset Management Plan. The drainage programs listed have been identified for funding. Additional funds have been allowed to improve pipe condition investigation with closed circuit television (CCTV) which will inform future projects to resolve known defects and problem areas under general drainage improvements. Other cost items include the replacement of old and inefficient chute-type gullies and the upgrade of pollutant control measures to improve stormwater quality.

Public Works Overheads

The projected budgeted represents a moderate increase in salaries of \$100,000 to match planned future works and projects for 2022-2023.

Other Public Works

A significant component of the other Public Works is street lighting costs, this cost was increased by \$79,200, a 10% increase has been included due to the projected power tariff increase.

Sanitation Charges

The sanitation budget has increased because of higher costs associated with collection services which is subject to a rise and fall clause within the contract applied quarterly based on CPI which in recent months has been heavily impacted by the price of fuel.

The budget also allows for additional costs associated with the transition from general waste going to landfill to it being taken to the East Rockingham Waste to Energy Facility (ERWTE) and the potential introduction of a three bin collection system. While there will be very limited to zero landfill costs this is offset by additional collections of the third bin, transport of waste to East Rockingham and administration fees.

Despite the allowance for these increases, sanitation fees have not increased.

A forecast net surplus (\$476,101) for sanitation costs was transferred to the Waste Management reserve to absorb future Waste to Energy costs and other waste and environmental initiatives.

Food Organics and Garden Organics (FOGO) Implementation

The Sanitation budget also includes funds for the implementation of the City's food organics and garden organics recovery project. The capital costs for new bins, education, marketing, and advertising are included in the budget figure of \$1,755,245 which will be funded from the Waste Management Reserve.

City Projects

The allocated budget covers obtaining consultancy services as needed for nominated projects. Significant projects and planning work being undertaken for the 2022-2023 budget year comprise of:

- \$220,000 for detailed design and documentation of the Wilson Park Stage 2: Heart and Playground
- \$120,000 for detailed design and documentation Faulkner Civic Precinct - Ornamental Lakes
- \$100,000 for a feasibility assessment including site services assessment, concept design, management model options and club engagement for Stage 1 of the 400 Abernethy Road Precinct
- \$40,000 for a review of the Faulkner Civic Precinct Masterplan including a new staging and implementation action plan
- \$2,505,000 for construction of the Wilson Park Netball Courts and Sports Lighting Upgrade, which has a contribution from the State Government under the Community Sporting and Recreation Facilities (CSRFF) of \$513,000, contribution of \$100,000 from Belmont Netball Association, and the Federal Government's Local Roads and Community Infrastructure Program (LRCIP) Phase 3 funding of \$279,213, \$968,547 from the Property Development Reserve and the balance of \$644,240 from Municipal funds.
- \$200,000 for concept design, feasibility, design development and staging plan for the Belvidere Street Revitalisation project.

Streetscapes and Grounds Operations

The proposed total streetscape budget for 2022-2023 is \$2,310,412 which is for grounds maintenance, watering, pruning, street trees maintenance, verge maintenance and general upkeep of the City's streetscapes.

Parks Construction

The significant Parks Construction projects for the 2022-2023 includes:

- \$170,000 – Redcliffe Park Exercise Equipment installation
- \$380,000 – Garvey Park Playground Equipment renewal carried forward from 2021-2022
- \$250,000 – Tomato Lake Playground Equipment renewal

Parks and Active Reserve Maintenance

The proposed parks and active reserve maintenance budget for 2022-2023 is \$4,012,943 and \$1,191,105² respectively. This budget is to ensure that the City's parks and reserves are maintained and managed to a high standard.

Environment

The key items within the Environment budget include design development of future foreshore stabilisation projects, and implementation of the first year of The Esplanade Foreshore Stabilisation and Landscape Upgrade (\$669,385). This two-year project includes stabilisation of a failing river retaining structure, environmental restoration, informal nature play and installation of a fishing platform, deck, and new path connections.

City Facilities and Property

Expenditure in this section is similar to the previous year's authorised budget, capturing administrative and property and ongoing costs of managing the City's leased facilities and property related activities.

Building Construction

The Building Capital Works Programme for 2022-2023 is made up of renewal projects and capital upgrade projects of \$2,145,040.

Building capital upgrade and renewal projects have been compiled from long-term asset management programmes, demands on Council facilities and available funds. Projects to be considered for future years will continue to be reviewed as part of the Asset Management Plan and renewal program reviews.

The major capital projects listed for consideration are:

- Belmont Park Tennis Club Roof Repairs and Disability Access (\$110,000) – carried forward from 2021-2022
- Belmont Park Tennis Club Lighting (\$138,000) – Upgrades to the lighting and hard courts at Belmont Tennis Club, carried forward from 2021-2022
- Old Library Workroom (\$100,000) – Asbestos Containing material removal
- Oasis Leisure Centre (\$700,331) – Repairs to roof and replacement of solar matting

² Typographical error amended.

- Oasis Leisure Centre (\$100,000) – Replacement of existing basketball backboards
- Civic Administration Centre (\$276,750) – Replacement of Chiller unit
- Middleton Park New Sport Lighting (\$250,000) – Installation of new floodlights (upgrade project) included in 2022-2023 budget and will be funded from a Federal Election Pledge

Development and Communities

Planning Services

Planning Services delivers key regulatory services and strategic planning projects to ensure that the development of Belmont is high quality and meets the needs of our residents into the future.

Development and subdivision applications continue to be assessed to ensure that they meet the objectives of the City's Local Planning Scheme. After the housing boom of 2020-2021, it has been promising that the team has been able to facilitate the approval of several large commercial projects within the City. These projects not only facilitate employment, but also provide key services for our residents. The Design Review Panel ensures that proposals are subject to thorough review that facilitates high quality development outcomes.

Several strategic projects are also being progressed which will ensure that the City has a contemporary planning framework in place and that future development continues to meet the needs of the community. The ongoing planning projects that the City will continue to progress in 2022-2023 are as follows:

- Development Area 6
 - \$70,000 to progress the planning and implementation framework for the Development Area 6 precinct.
 - \$30,000 to explore alternative design options for the Southern Main Drain if required.
 - \$20,000 to undertake any necessary modifications to the draft Structure Plan following formal advertising.

While progression of the DA6 plan is budgeted for, it is noted that at the April Ordinary Council meeting, Council resolved to write to the State Government requesting that they progress the planning framework for the precinct.

- Golden Gateway
 - \$50,000 to undertake modifications to the draft Golden Gateway Local Structure Plan and supporting documents following public consultation and in accordance with Council's resolution.
- Local Planning Scheme Review Project
 - \$10,000 to progress components of the Local Planning Scheme review project.

Library Culture and Place

The majority of accounts for Library Culture and Place are in line with the previous year's budget. A notable change is the movement of Community Events operational accounts from the Marketing and Communication Section to Library, Culture and Place following a recent organisational restructure.

Library and Museum

The allocated budget allows for the continued provision of Library and Museum collections and the delivery of adult and children's events and programs in the new Belmont Hub.

Notable expenditure relates to:

- \$25,000 for the annual renewal of the Museum's temporary exhibition space as per an approved business case to develop new exhibitions in Belmont Museum
- \$10,000 to acquire small mobile climate-controlled exhibition cases to ensure historical artefacts can be safely exhibited in pop up locations within the Library and Museum
- \$10,000 for the deployment of a 'build your business' workshop series to support continued community and local business recovery from COVID-19
- \$7,000 to deliver a professionally facilitated oral history workshop series to build community awareness and involvement in the preservation of local history utilising the multimedia recording studio

Arts and Place

Notable expenditure for the Arts and Place includes:

- \$50,000 to deliver the annual Belmont Art Awards in September 2022 at the refurbished Glasshouse
- \$70,000 for an Aboriginal mural art project in the Wright Street Lobby of Belmont Hub. This public art project will utilise remaining funds allocated by Council for public art related to the new community building - Belmont Hub (as per Ordinary Council Meeting August 28 2018 Item 12.3)
- \$50,500 for the delivery of arts development initiatives to promote the growth of arts and culture as per the Strategic Community Plan Goal 4: Creative Belmont. Funds will be used to deliver a comprehensive educational program to complement the Art Awards season; creative clinic workshops throughout the year and ad hoc small scale art projects that aim to engage the community as well as support the local art industry.
- \$60,000 for the delivery of place activation projects aligned to the Strategic Community Plan Goal 1: Liveable Belmont. Funds will be used for seasonal activations in different places within Belmont; the continuation of Your Neighbourhood Grants; Little Libraries and other projects that engage the community, enhance well-being and inclusion and promote civic pride

Building Control

Over the last two years, as a result of the impacts of COVID-19, Council approved the waiving of fees associated with Certified Building Permit, Occupancy Permit, Demolition and Verge Permit applications. However, in the last year building activity has increased

significantly due to State and Federal Government grant building stimulus packages and this is anticipated to continue for some time.

In view of the proposed reinstatement of all Building related application fees for 2022-2023, the City estimates an income of approximately \$175,000.

Rangers

The demand on Rangers Services continues to increase particularly in relation to dog and parking issues. In support of the community following Council's previous COVID-19 response over the last two years, dog and cat registration fees have again been waived which will result in an estimated loss of income totalling \$63,000. The waiving of these registration fees has however proved to be a very well received initiative by the community and has encouraged an increased level of registration and microchipping making the identification and return of stray animals and those involved in incidents much easier for Rangers.

Rangers will continue to issue warnings as opposed to infringing where appropriate however income is still anticipated to increase due to ongoing non-compliance and the higher infringement penalties imposed since 2021.

Community Safety and Crime Prevention

The City of Belmont's Community Safety and Crime Prevention Plan (CSCP) continues to provide the community with initiatives to improve the safety, security, and wellbeing of residents, businesses and visitors.

The CSCP Plan works in partnership with Government agencies as well as with private service providers.

During 2022-2023 the City intends to expand and improve its existing CCTV network with upgrades to systems at Epsom Avenue (\$20,000), Peet Park (\$32,000), Centenary Park (\$17,000), Rivervale Community Centre (\$10,000) and "internally" in the Glasshouse (\$33,000). New systems are planned at the entrance to Tomato Lake (\$56,000), Belmont Village - Wright Street (\$30,000) and an additional "stand alone" solar system in the Kewdale Industrial area at the Miles /Ballantyne Road junction (\$25,000). To support the existing and new systems the City has budgeted \$80,000 for more CarePlus Milestone CCTV 3-year Licenses.

The Belmont Community Watch patrol continues to provide a valued service to the Community and statistics show the demand for their services is increasing. The current service is under review and to allow for this work to be completed, the Community Watch service will continue to be provided by an external service provider for another year until 31 August 2023. It is not anticipated that this will result in a significant increase in costs for the upcoming budget year. The total funding which includes the mobile and Faulkner Park patrol services totals \$1,322,233.

The 2022-2023 budget has provided for more CSCP promotion and initiatives (Taskforce, Alliance, merchandise and pop-up events) (\$30,000) and also includes the ongoing support of the very successful Hip Hop Ed program (\$20,000) and Constable Care partnership

(\$42,000). Funds have also been provided to support a solar light initiative (\$25,000) and the promotional decaling of the Ranger trailer (\$5,000).

The City's Criminal Damage (Graffiti) Removal Programme continues to provide a fast and efficient service to the community. In 2020 the City partnered with Main Roads WA to include the removal of graffiti on the highway noise walls running through the City. All associated costs are paid for by Main Roads WA and ensures visitors driving through the City are not exposed to ugly graffiti damage. In 2021-2022 the City expanded this service to include the noise walls within the Tonkin Gap Alliance worksites, again cost neutral to the City.

Health Services

As with previous years, both Immunisation and Mosquito Management programmes provide essential services to the community at a reasonable cost. Both are seen as vital in preventing disease in the community and as such the City's ongoing provision of these services are of great importance. The City is also the Chair of the Contiguous Local Authority Group (CLAG) which manages the joint grant funded finances (with the Department of Health) of all five-member Local Governments. The proposed budget of \$85,800 is used to bulk buy mosquito bait and for promotional initiatives supporting mosquito control for the benefit of the five members (Belmont, Bassendean, Bayswater, Swan and Town of Victoria Park) and is based on carry over funding from 2021-2022, anticipated grant income from the Department of Health WA (in September 2022) and contributions from all the member Councils.

Environmental Health work continues to increase with changing community needs, such as noise-related complaints, housing issues, dumping and asbestos-related matters, all of which take up officer time. The number of public events and festivals run by the City and by external agencies has already started to increase in view of relaxations in COVID-19 restrictions and social distancing requirements.

The City has recognised that while COVID-19 impacts appear to be waning the City's residents and businesses are now being impacted by increasing "costs of living". Consequently, the majority of fees related to health services, permits, licences and applications have again been proposed to be waived. This will result in an estimated loss of income totalling \$125,000.

Volunteer Emergency Services (VES)

The City continues to provide ongoing support and oversight of SES grant funding throughout the City and promotion of Emergency Management awareness amongst staff and the community. As the City has joint arrangements with the Town of Victoria Park, the Town contributes towards these costs.

Community Development

Community development and cultural engagement work will continue to achieve strong community benefit through encouraging and supporting community capacity building and community led initiatives. The team also empowers community participation and

contribution to civic life through advisory groups, networks, new group development, social issue advocacy and strategy work, celebrating culture and diversity, enhancing accessibility, engaging volunteers, recognising community achievement and some targeted program delivery.

Four of the 'industry leader' categories in the 2022 Catalyse Survey were within Community Development. These included youth services and facilities, volunteer support and recognition, disability access and inclusion and families and children services. Seniors were also highly regarded with a runner up industry leader ranking.

Budget highlights that will enable this continued high achievement to continue include:

- \$40,000 to celebrate and acknowledge Aboriginal and Torres Strait Islander culture through the provision of Welcome to Country ceremonies, as well as NAIDOC Week, Reconciliation Week and Sorry Day events and awareness raising initiatives including the return of the Noongar BBQs
- \$20,000 for programming and initiatives to implement the Aboriginal Strategy
- \$10,000 for new economic development programming and initiatives for culturally and linguistically diverse communities
- \$8,000 to roll out the Accessible Business Program
- \$7,000 for Seniors Week and seniors physical, social, and emotional wellbeing programs and initiatives.
- \$7,000 for cultural diversity programming and initiatives
- \$5,000 for intergenerational programming and initiatives
- \$14,000 for internal staff training including Noongar cultural awareness, diverse cultural communication, access and inclusion and dementia awareness training
- \$5,000 to facilitate several advisory groups to invite and value community advice and enhance consultation and collaboration
- \$805,000 for youth services to continue to provide positive engagement, development opportunities and safe spaces for young people
- \$55,000 for health promotion initiatives including activities and campaigns to target mental health, obesity, smoking, alcohol and other drugs
- \$180,000 to support residents experiencing Family and Domestic Violence
- \$78,000 for partnerships with schools to assist with student support and engagement and alternative education opportunities

Economic Development

Economic Development efforts prioritise promoting and developing the City's competitive advantages to attract investment, ongoing business engagement and support, as well as progressing strategic planning (such as finalising the Economic Development Strategy).

Specific budget program highlights include:

- \$20,000 for innovation grants to promote new innovation by local businesses.
- \$40,000 sponsorship of the Belmont and Western Australian Small Business Awards to continue to be seen as a major sponsor and key supporter of local business success.
- \$40,000 for small business mentoring and support.

- \$50,000 for projects to implement the pending Economic Development Strategy including developing an investment prospectus, jobs expo and business development workshops for building a successful business.
- \$30,000 for contribution to regional economic development.

Fees and Charges

Each Division has reviewed the schedule of fees and charges applicable to their area and recommendations are submitted through this report to Council for consideration as part of the Budget adoption process.

The consolidated schedule of fees and charges presented at Attachment 12.2.3 includes a description of how the fee or charge was calculated based on one of the following categories:

- Cost recovery - Recovery of the costs to provide the service
- Statutory - Fee or charge established by Legislation or Regulation
- Benchmarked - Comparisons with other Local Governments or organisations.

A further column identifies those fees that have been waived due to COVID-19 during 2021 to 2023 budget cycles. Feedback from the community regarding the waiving of those fees has been positive. It is estimated that the total cost of waiving those fees is approximately \$150,000.

A full list of all fees and charges and their GST implications are also presented in Attachment 12.2.3.

As detailed above, the sanitation charges are proposed to remain unchanged in 2022-2023, resulting in the (base) sanitation charge remaining at a flat \$303. Sanitation charges are a fee for service and aim to cover costs associated with sanitation services, with any surpluses or losses historically offset by transfers through the Waste Management Reserve.

The following sanitation costs (0% increase) are highlighted for 2022-2023 budget year:

- a) \$303.00 per annum for one full service (both rateable and non-rateable properties) which includes a 240-litre bin removal weekly service, 240 litre bin for recyclables (fortnightly service) and up to 4 bulk bins per annum;
 - additional full service at \$303.00 per annum;
 - additional rubbish service only at \$212.00 per annum;
 - additional recycling only service at \$106.00 per annum;
- b) Exempted Commercial and Industrial properties at \$108.00 per annum;
- c) Multiple unit dwelling at \$212.00 per unit.
- d) A new service for an additional Food Organic and Garden Organic (FOGO) only service at \$212. This fee is only applicable once the FOGO project is implemented in the new budget year.

Financial Hardship Policy

The Financial Hardship Policy has been amended in 2022-2023. The amended Policy aims to support ratepayers facing any financial hardship as opposed to only assisting those impacted by COVID-19. The hardship policy has now become a general Financial Hardship

Policy and will assist ratepayers experiencing hardship by removing administrative costs and penalties for outstanding rates.

The policy has also been expanded this year to allow hardship applications to be received and evaluated throughout the financial year (applications were previously limited to being submitted by 31 October of each financial year).

Although it is very difficult to determine the take-up, the budget includes an allowance of \$5,000 to support the hardship policy. Should the take-up be greater than the proposed budget, an increase would need to be considered as part of the budget review cycle.

The City allows ratepayers to pay their rates by instalments (four and two instalments) and offer alternative payment arrangements if the instalment option is not viable. It is also proposed that the five per cent discount for full payment of rates by the due date will continue to apply.

Financial implications

The Annual Budget provides the financial framework for the Council to provide the necessary resources to fulfil its strategic objectives, fulfil its statutory and compliance obligations, enhance the Community and its assets in accordance with Council's Vision. As reported in the Rate Setting process a balanced budget has been achieved with a 3.5% change in the rate yield.

Environmental implications

There are no environmental implications associated with this report.

Social implications

There are no social implications associated with this report.

Officer Recommendation

That Council

1. Adopts the City of Belmont Statutory Budget as detailed in Attachment 12.2.1 for the year ending 30 June 2023, pursuant to the provisions of Section 6.2(1) of the *Local Government Act 1995* and Part 3 of the *Local Government (Financial Management) Regulations 1996*, which includes:
 - Statement of Comprehensive Income by Nature or Type;
 - Statement of Cash Flows;

- Rate Setting Statement;
- Detailed capital works program showing a total of \$15,895,436, Attachment 12.2.2; and
- Supporting notes, tables, and other information.

2. Note that three submissions were received in response to the Notice published in accordance with section 6.36(1) of the *Local Government Act 1995* and determine that no modification is required to the advertised proposed rate or minimum payment for 2022-2023 budget year.

3. Adopts the following differential general rates on Gross Rental Values (GRV):

CITY OF BELMONT

NOTES TO AND FORMING PART OF THE BUDGET FOR THE YEAR ENDED 30 JUNE 2023

1 (a) BASIS OF PREPARATION

The annual budget has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost rather than at fair value. The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the City to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this annual budget have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the budget has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

Financial reporting disclosures in relation to assets and liabilities required by the Australian Accounting Standards have not been made unless considered important for the understanding of the budget or required by legislation.

The local government reporting entity

All funds through which the City of Belmont controls resources to carry on its functions have been included in the financial statements forming part of this annual budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 12 to the annual budget.

2021/22 actual balances

Balances shown in this budget as 2021/22 Actual are estimates as forecast at the time of preparation of the annual budget and are subject to final adjustments.

Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in the budget relate to the original budget estimate for the relevant item of disclosure.

Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

Initial application of accounting standards

During the budget year, the below revised Australian Accounting Standards and Interpretations are expected to be compiled, become mandatory and be applicable to its operations.

- AASB 2020-3 *Amendments to Australian Accounting Standards* - Annual Improvements 2018-2020 and Other Amendments

- AASB 2020-6 *Amendments to Australian Accounting Standards* - Classification of Liabilities as Current or Non-current - Deferral of Effective Date

It is not expected these standards will have an impact on the annual budget.

New accounting standards for application in future years

The following new accounting standards will have application to local government in future years:

- AASB 2021-2 *Amendments to Australian Accounting Standards* - Disclosure of Accounting Policies or Definition of Accounting Estimates

- AASB 2021-6 *Amendments to Australian Accounting Standards* - Disclosure of Accounting Policies: Tier 2 and Other Australian Accounting Standards

It is not expected these standards will have an impact on the annual budget.

Judgements, estimates and assumptions

The preparation of the annual budget in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- estimation of fair values of land and buildings and investment property
- impairment of financial assets
- estimation uncertainties and judgements made in relation to lease accounting
- estimated useful life of assets

Rounding off figures

All figures shown in this statement are rounded to the nearest dollar.

All land (other than exempt land) in the City of Belmont is rated according to its Gross Rental Value (GRV).

The general rates detailed for the 2022/23 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

(c) Objectives and Reasons for Differential Rating

To provide equity in the rating of properties across the City the following rate categories have been determined for the implementation of differential rating.

Attachment 12.2.1 Statutory Financial Statements

CITY OF BELMONT

NOTES TO AND FORMING PART OF THE BUDGET

FOR THE YEAR ENDED 30 JUNE 2023

2. RATES AND SERVICE CHARGES (CONTINUED)

(c) Objectives and Reasons for Differential Rating

The City of Belmont has adopted a combination of characteristics relating to land zoned under the Town Planning Scheme and the purpose for which the land is held or used.

The table below details the proposed rate in the dollar for 2022-2023:

Differential Category Proposed Cents in Dollar Proposed Minimum

Residential	6.9069	885
Commercial	7.2951	1,040
Industrial	7.3149	1,060

The following reflects the objects and reasons for each differential rating category:

Residential Category

The Residential rate imposes a differential rate on land primarily used for residential purposes. The rate in the dollar has been determined on the basis that ratepayers make a reasonable contribution to the cost of local government services and facilities.

Council is committed to increasing the residential rates base resulting in growth which will evenly distribute the overheads of maintaining the infrastructure of the City. There are continuing positive signs of redevelopment under the current Local Planning Scheme, and this is envisaged to continue to increase into the foreseeable future.

Commercial and Industrial Categories

The location of both the airport and the rail freight terminal has encouraged industry to locate within the City of Belmont. This results in large volumes of heavy traffic within the City and therefore an accelerated deterioration of roads which is a major factor in the differential categories and their respective rates and minimum payments (i.e. with Industrial sectors having a slightly higher rate in the dollar and minimum payment than Commercial sector).

Both the Commercial and Industrial sectors also require greater resourcing and expenditure from Council on services such as Health, Building and Town Planning. The differential rates and minimum payments reflect the levels of costs and resourcing required to service each sector of the community.

Council is also mindful of the employment opportunities generated by both sectors and therefore, keeps the differential as reasonable as possible.

Council also recognises that the Commercial and Industrial sectors form an integral part of the City's rate base and therefore uses the City of Opportunity Marketing Strategy to support and promote both sectors.

Council will continue to compare its rates in the dollar and minimum payments with other neighbouring local governments for benchmarking purposes.

The objective for minimum rating:

The minimum payments for 2022-2023 have been set to ensure the minimum level of service required is adequately funded. Minimum payments serve other key purposes in relation to encouraging owners of vacant land to develop the site for whichever purpose it is zoned. This process further complements the State Government initiative of promoting urban infill and arresting the urban sprawl that burdens the State's ability to provide infrastructure assets.

Minimum payments have also increased consistently with increases in the rate in the dollar although it should be noted that minimum payments are rounded to the nearest \$5. The proposed minimum and rate in the dollar for 2022-2023 have increased by 3.5% on all categories.

3 (d) NET CURRENT ASSETS (CONTINUED)

SIGNIFICANT ACCOUNTING POLICIES

CURRENT AND NON-CURRENT CLASSIFICATION

An asset or liability is classified as current if it is expected to be settled within the next 12 months, being the City's operational cycle. In the case of liabilities where the City does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the City's intentions to release for sale.

TRADE AND OTHER PAYABLES

Trade and other payables represent liabilities for goods and services provided to the City prior to the end of the financial year that are unpaid and arise when the City of Belmont becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

PREPAID RATES

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the City recognises revenue for the prepaid rates that have not been refunded.

INVENTORIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Superannuation

The City of Belmont contributes to a number of superannuation funds on behalf of employees.

All funds to which the City of Belmont contributes are defined contribution plans.

LAND HELD FOR RESALE

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

GOODS AND SERVICES TAX (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectible amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

The City applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

PROVISIONS

Provisions are recognised when the City has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

EMPLOYEE BENEFITS

Short-term employee benefits

Provision is made for the City's obligations for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The City's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The City's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

SIGNIFICANT ACCOUNTING POLICES

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in Note 3 - Net Current Assets.

FINANCIAL ASSETS AT AMORTISED COST

The City classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Purpose of report

To seek Council endorsement of the revised Corporate Business Plan 2022 – 2026 (refer Attachment 12.3.1) in accordance with the *Local Government (Administration) Regulations 1996*.

Summary and key issues

The *Local Government (Administration) Regulations 1996* require that a local government reviews its Corporate Business Plan annually.

The Corporate Business Plan 2022 - 2026 supports the delivery of outcomes and strategies emanating from the Strategic Community Plan 2020 – 2040, including all business-as-usual services, informing plans, priorities, projects and initiatives. The Corporate Business Plan 2022 - 2026 has been prepared in accordance with legislative and Integrated Planning Framework Standards imposed by the Department of Local Government, Sport and Cultural Industries (DLGSCI).

The revised Corporate Business Plan 2022 – 2026 requires Council endorsement.

Location

Not applicable.

Consultation

Feedback was sought from all Managers and the Executive. After that feedback had been incorporated, the revised documents were then made available via Memorandum to Councillors who were invited to provide feedback.

Strategic Community Plan implications

In accordance with the 2020 – 2040 Strategic Community Plan:

Goal 5: Responsible Belmont

Strategy: 5.2 Manage the City's assets and financial resources in a responsible manner and provide the best possible services for the community

Strategy: 5.3 Invest in services and facilities for our growing community

Policy implications

There are no policy implications associated with this report.

*Absolute majority required.

- (7) If a corporate business plan is, or modifications of a corporate business plan are, adopted by the council, the plan or modified plan applies to the district for the period specified in the plan.

Background

The City of Belmont's strategic and corporate planning processes are designed to meet the business needs of the City whilst addressing the requirements of the *Local Government Act 1995* and the DLGSCI Integrated Planning and Reporting Framework and guidelines.

In accordance with the *Local Government (Administration) Regulations 1996* all local governments in Western Australia are required to have developed two key documents: a Strategic Community Plan and a Corporate Business Plan – supported and informed by resourcing and delivery strategies. These plans will drive the development of each local government's annual budget and will ultimately assist local governments plan for the future of their communities.

The City's Strategic Community Plan 2020 – 2040 was adopted by Council at its Ordinary Council Meeting on 28 April 2020. A minor review of the Strategic Community Plan has also been carried out and a report is included for consideration at Item 12.4 at the 28 June 2022 Ordinary Council Meeting.

This report focuses on the Corporate Business Plan element of the Integrated Planning Framework. The Corporate Business Plan is an internal business planning tool that translates Council priorities into operations within the resources available. This Plan is a living document which is reviewed every year with a full review undertaken every four years to align with the major review of the Strategic Community Plan, in order to reflect the community's changing aspirations and priorities. This review is a minor review of the City's Corporate Business Plan.

Officer comment

In accordance with regulation 19DA of the *Local Government (Administration) Regulations 1996* there is a requirement to undertake a review of the Corporate Business Plan each financial year.

The Corporate Business Plan is required to cover four years and be aligned with the Strategic Community Plan. The Corporate Business Plan prioritises and allocates resourcing in accordance with the Strategic Community Plan priorities and objectives to meet the needs and aspirations of the community.

The Corporate Business Plan is a significant part of the City's Integrated Planning and Reporting Framework. Through the Corporate Business Plan the aspirations and strategies of the Strategic Community Plan are translated into operational priorities, detailing how they will be implemented and resourced over a four-year period. The Corporate Business Plan articulates how the Strategic Community Plan will be delivered through services, projects, initiatives and actions and informs the annual budget.

The Corporate Business Plan is structured in alignment with the Strategic Community Plan's five Goals:

1. Liveable Belmont
2. Connected Belmont
3. Natural Belmont
4. Creative Belmont
5. Responsible Belmont

The proposed amendments made through the review ensure that the Corporate Business Plan 2022 – 2026 (refer Attachment 12.3.1) is current and that the actions contained within the Corporate Business Plan reflect the progress of required initiatives to meet the aspirations identified in the Strategic Community Plan. The following comments are in relation to the changes proposed:

- Lobby for high frequency bus route linkages between the airport and the City of Belmont: There are several other actions under Goal 2 which already broadly address this outcome (perceived duplication), this action will be removed.
- Literacy and Learning Programs for Children: Folded into the re-titled action Provision of Platforms for Community and Gaining New Experiences.
- Library Youth Program and Lifelong Learning Program also folded into the above initiative.
- Local History Program renamed 'Capture lived experiences in a variety of forms'.
- Ruth Faulkner Library Repurposing: Works expected to be largely completed prior to June 30, this action will be removed.
- Library and Heritage Plan: Included in the re-named Library, Culture and Place Strategy.
- Public Art Master Plan/Strategy: folded into Library, Culture and Place Strategy.
- Promote and celebrate Aboriginal art and culture: has been renamed 'Promote the cultural identity of the City of Belmont'.
- Monitor Library collection turnover and demand: has been renamed 'Provision of relevant library and museum collections and resources'.
- Emergency Management Plan: There is sufficient documentation under the Local Emergency Management section that a separate Emergency Management Plan is no longer required so this action will be removed.
- Design Review Panel (DRP) added onto Goal 3: this is an existing initiative which has been added to put emphasis and clarity on what the City is already doing in this area as the DRP has been running for some time.
- Provide innovative museum exhibitions that engage and inspire curiosity – New action.
- 400 Abernethy Road precinct Redevelopment – (Goal 5) – New action (listed under Our Priorities).

It is a requirement of the DLGSCI that public notice be given when the Corporate Business Plan is adopted or modified. This notice will be undertaken after adoption by Council.

Corporate Business Plan performance is monitored monthly and provided to Elected Members via the Councillor Portal with annual reviews by Council.

Financial implications

The Corporate Business Plan 2022 – 2026 is supported by the Long-Term Financial Plan and is budgeted in the Annual Budget 2022-2023.

Environmental implications

There are various references to the environment in the Corporate Business Plan that will see the City's Environmental plans delivered.

Social implications

There are various references to the social aspects in the Corporate Business Plan that will see a range of plans delivered.

Officer Recommendation

That Council adopt the Corporate Business Plan 2022 – 2026 (Attachment 12.3.1).

ACKNOWLEDGEMENT TO COUNTRY

The City of Belmont acknowledges the Noongar Whadjuk people as the Traditional Owners of this land and we pay our respects to Elders past, present and emerging. We further acknowledge their cultural heritage, beliefs, connection and relationship with this land which continues today.

We acknowledge all Aboriginal and Torres Strait Islander peoples living within the City of Belmont.

MESSAGE FROM THE CEO

I am pleased to present the City of Belmont's Corporate Business Plan for 2022 to 2026.

This plan outlines the focus for the City over the next four years, setting out specific actions, services, and projects at a corporate level. The Corporate Business Plan activates the Strategic Community Plan 2020 - 2040 by guiding our planning process to ensure alignment to, and delivery of, our community's aspirations.

The City continues to navigate the way forward in response to the global COVID-19 pandemic which has required innovation and flexibility in our approach to achieving successful outcomes. Adjusting to this 'new normal' the City has continued to work on delivering excellent services and projects.

The community's expectations remain high and the desire to make Belmont a better place to live and work remains strong.

This Plan has been developed based on our emergence and recovery from the pandemic, and we have adjusted our approach and targets accordingly.

As always, the City's financial stability remains paramount and critical to ensuring it delivers a high level of service while maintaining a financially sustainable position. Currently, the City maintains a solid financial position which gives it the ability to fund a range of projects aligned to the City's strategic priorities.

I am confident we will continue to achieve great things for our community into the future.

The City will continue to report to Council on the progress of achievements against this Plan, with a review undertaken on an annual basis to ensure we remain focused and relevant while continuing to take into account of any further impacts of the pandemic.

I look forward to continuing to work with Elected Members and leading the City's administration on our shared vision for the City and its community through delivery of the outcomes contained in this Corporate Business Plan.

John Christie

Chief Executive Officer

ABOUT THIS PLAN

This Corporate Business Plan 2022 - 2026 has been shaped by the community's long-term vision and aspirations for the future as outlined in the City of Belmont's Strategic Community Plan 2020 – 2040.

The Corporate Business Plan outlines the projects/initiatives and services that will be delivered over the next four years and has been directly influenced by the City's Long-Term Financial, Asset Management and Workforce Plans, legislative requirements ¹ and the impact of the COVID-19 pandemic. The Corporate Business Plan guides the development of the annual budget and annual project plans.

In everything that the City does, the aim is to make the best use of its finite resources to achieve the greatest possible benefit for the community.

The implementation of this Plan will continue to drive improvements in our services and contribute towards achievement of our vision.

Belmont – The City of Opportunity.

¹ The Local Government (Administration) Regulation 1996 and Department of Local Government, Sport and Cultural Industries Integrated Planning and Reporting Framework

OUR CITY

Strategic Direction

The City's Strategic Community Plan 2020-2040 presents the vision and aspirations for the future of our community. It sets out the key strategies and actions required to achieve these aspirations. It provides the City of Belmont, and others, with a clear understanding of what matters most to the Belmont community and guides the way in which we plan for the future and deliver services.

Our Vision

Belmont – The City of Opportunity - We will be home to a diverse and harmonious community, thriving from the opportunities of our unique, riverside City.

Our vision is ambitious, realistic, credible and desirable. It seeks to build on our character and strengths as we continue to grow and evolve.

Our Council and its role

The City of Belmont Council is made up of nine Councillors representing three wards, these being East, West and South. Councillors are elected to represent the interests of residents and ratepayers and focus on the strategic direction of the City. Councillors come from all walks of life and often are involved in full-time occupations as well as performing their civic responsibilities. They are committed to creating a sustainable and vibrant City that provides opportunities now and into the future.

OUR COMMUNITY

The City of Belmont is one of the most convenient, affordable and productive Local Government areas within Perth, Western Australia.

Opportunities to live, work and recreate are many within the City of Belmont's six suburbs (Ascot, Belmont, Cloverdale, Kewdale, Redcliffe and, Rivervale), all just six kilometres from Perth City, along the iconic Swan River and en-route to Perth Airport.

The City of Belmont is experiencing record levels of investment in major residential, commercial and infrastructure projects. These, along with a skilled local workforce, position Belmont as a significant commercial centre within South Eastern Metropolitan Perth.

OUR ORGANISATION

Structure

The City of Belmont's administration is arranged into three Divisions, one Executive Department and fifteen Departments that provide a range of community services, operations, facilities and internal functions across the City. The leaders of each Directorate make up the Executive Leadership Team, led by the Chief Executive Officer.

May 2022

Our Values

Values provide a foundation for the City, which distinguish us and guide our actions to deliver results. Values guide our behaviours and provide the boundaries within which our interactions occur. Values are linked to our vision, culture and strategy.

The City's values are:

Leadership	To focus and inspire people to achieve.
Innovation	To create new, innovative and alternative ways of working.
Integrity	To act in an honest, professional, open and accountable manner.
Teamwork	People building relationships to work together to achieve common goals.
People Focus	To work safely. To communicate and consult in order to understand people's needs.

HOW WE PLAN AND REPORT

Integrated Planning and Reporting

The State Government developed the Integrated Planning and Reporting Framework in 2010. As part of this Framework, all Councils are required to develop a Strategic Community Plan, a Corporate Business Plan and a mechanism to review and report on all elements of Integrated Planning and Reporting.

The City is committed to using this Framework and has developed the City of Belmont's Integrated Planning and Reporting Framework. This Framework is integrated within all City Plans across three levels of planning. They are:

- Strategic Level - A long-term vision and strategy with a minimum 5 year horizon.
- Corporate Level - A mid-term plan with a 2-5 year horizon.
- Delivery Level - A short-term plan with a 1 year horizon.

City of Belmont Integrated Planning and Reporting Framework

ECONOMIC AND COMMUNITY SUPPORT

The City will continue to support households, businesses and the community by providing a number of support initiatives including:

Economic Initiatives:

- Financial Hardship Policy for all ratepayers experiencing financial hardship
- A 5% discount is available to ratepayers who paid rates by the due date
- The City continues to invest in the local economy by continuing to support ratepayers, residents and businesses – and buying local wherever possible
- Freezing the rates instalment fee, instalment interest, and alternative arrangement fee at 2020-2021 values for 2022-2023
- Fees waived for food premises and animal Registrations.

Social Initiatives:

- Business Directory
- Belmont Business Innovation Grants
- Online Library and Heritage programs
- Support and funding to local sporting clubs
- A funding commitment was made to establish online literacy programs for children and adults in the City.
- A range of Physical and Mental health initiatives and programs to support the community's health and wellbeing

The City will continue to support the Community through the COVID-19 pandemic and will closely monitor this position on a regular basis.

OUR PRIORITIES

Priority Projects

The City identifies priority projects that will be undertaken (planning, commencement, and/or completion) each year based on community need, strategic alignment and financial value.

The priority projects for 2022 - 2026 are:

- Development Area 6 – Infrastructure Planning
- Foreshore stabilisation works:
 - Esplanade Park/Foreshore Upgrade
 - Bilya Kard Boodja Lookout
 - Garvey Park Section 2
- 400 Abernethy Road Master Plan
- Belvidere Street Revitalisation
- Golden Gateway – Infrastructure Planning
- Wilson Park Precinct Revitalisation
- Belmont Oasis Redevelopment
- Epsom Avenue Revitalisation
- Faulkner Civic Precinct – Ornamental Lakes

DELIVERING ON THE STRATEGIC COMMUNITY PLAN

The Corporate Business Plan provides operational delivery details aligned to the five Goals in the Strategic Community Plan 2020-2040, as below.

Each of the above Goals is framed by the desired Outcomes for our Community, and the strategies by which we will achieve these outcomes. To ensure successful delivery on these strategies, planned projects/initiatives and actions have been developed and are set out on the following pages.

PERFORMANCE AND RISK

The City of Belmont has a robust performance reporting process to ensure transparency and accountability on the progress of our priorities and plans.

The table below shows how we report against each of our major plans and programs:

PLANS		
Plan	Duration	Review Cycle
Strategic Community Plan	20 years	Major review every four years, minor review every two years
Corporate Business Plan	4 years	Annually
Annual Budget	1 year	Annually
Capital Works Program	10 years	Annually

Continuous Improvement

The City is also committed to continuous improvement and utilising the Australian Business Excellence Framework (ABEF) as a tool to drive continuous improvement. A critical component of the ABEF is the Approach, Deployment, Results and Improvement (ADRI) Learning Cycle. The ADRI Learning Cycle has been incorporated into the City of Belmont's Integrated Planning and Reporting Framework to identify and drive improvement in business practice and performance.

The City of Belmont aims to provide quality products and services and has been internationally certified in the areas of Quality Assurance, Environmental Management and Occupational Safety and Health at its facilities since 2006.

Managing risk

Risk management identifies and assesses threats and opportunities in achieving the City's business objectives and defines effective response strategies. The City's Risk program ensures that sound risk management practices and procedures are fully integrated into its strategic initiatives, projects and operational processes and day to day business practices.

WORKING TOGETHER

As the City of Belmont continues to grow, the City, our stakeholders and our community need to work together to invest in our individual and collective wellbeing.

To deliver the Community's vision, we work with various stakeholders and partners including other levels of government and their affiliated agencies, local businesses and industry, developers, educational institutions, community groups, residents and visitors and other service providers.

The City's role, depending on the activity being undertaken, is to Deliver, Partner and/or Advocate. The projects/initiatives and actions to be carried out by the City are outlined in this Corporate Business Plan.

INFORMING PLANS

The City's informing plans include financial and non-financial resources that are required over the life of the Corporate Business Plan. Their purpose is to ensure that adequate resources are available to maintain services and deliver on the priorities of the Corporate Business Plan. The City currently has the following informing plans:

Workforce Plan (4 years)

The City's Workforce Plan focuses on workforce requirements and strategies that enable alignment of the needs of the City with those of the workforce. Fundamentally it provides a strategic basis for making human resource decisions. The plan considers current and future capability and capacity requirements to ensure that the City has people with the right skills in the right roles delivering the right customer outcomes whilst remaining competitive in the labour market. Identified workforce requirements are incorporated into the City's Long Term Financial Plan.

Long Term Financial Plan (10 years)

The 10-year Long Term Financial Plan (LTFP) has been developed as part of the City's ongoing financial planning to ensure continued long-term financial sustainability while providing sufficient funding for future workforce, services, and infrastructure to the community.

Asset Management Plans (10 years)

It is necessary to plan for the effective and sustainable management of our assets to meet current and future needs and to optimise return on investment. Directed by an Asset Management Strategy, a number of Asset Management Plans (AMPs) define both the technical and community levels of service and operational requirements for the various classes of assets. They also highlight the processes used to manage the associated assets and how they will be sustainably renewed, upgraded or disposed at the most appropriate standard, time, place and cost. The AMPs inform the 10-year long term financial plan and associated capital works program.

Purpose of report

To adopt the revised Strategic Community Plan 2020-2040 (2022 Minor Review) (refer Attachment 12.4.1).

Summary and key issues

A Strategic Community Plan is a long term, overarching strategy and planning document that outlines the future aspirations and priorities for the community and sets out the key strategies to achieve these. This Plan is reviewed every four years and has a minor review every two years, in order to reflect the community's changing aspirations and priorities.

The Strategic Community Plan 2020-2040 has undergone a minor review in 2022 proposing an update to statistics, no changes to other content of the Plan and requires adoption by Council.

Location

Not applicable.

Consultation

Feedback was sought from all Managers and the Executive. After that feedback had been incorporated, the revised documents were then made available via Memorandum to Councillors who were invited to provide feedback.

One additional change was made as a result of Elected Member feedback in the statistics section which related to Heritage Sites. The wording for this was clarified by changing it to "Seven State Registered Heritage Places" and adding below that: "in addition to the seven places identified on the State Register, there are a number of places with cultural heritage significance that are important to the Belmont community. These places are identified in the City of Belmont Local Heritage Survey."

These changes have been carried through into the Corporate Business Plan."

Strategic Community Plan implications

In accordance with the 2020 – 2040 Strategic Community Plan:

Goal 5: Responsible Belmont

Strategy: 5.6 Deliver effective, fair and transparent leadership and decision-making, reflective of community needs and aspirations

Policy implications

There are no policy implications associated with this report.

- (2) If modifications to a strategic community plan are adopted, the CEO must —
 - (a) give local public notice that modifications to the plan have been adopted; and
 - (b) publish the modified plan on the local government's official website.

Background

A Strategic Community Plan is a long term, overarching strategy and planning document that outlines the future aspirations and priorities for the community and sets out the key strategies to achieve these. This Plan has a partial review every two years and a full review every four years, in order to reflect the community's changing aspirations and priorities. This review is a minor review of the City's Strategic Community Plan.

A Strategic Community Plan is a legislative requirement as part of the Integrated Planning and Reporting Framework. This Framework provides a mechanism for establishing local priorities that are linked to operational functions.

The City uses the Strategic Community Plan to:

- Define clear priorities, processes and long and short term plans;
- Priorities budget and resource allocations;
- Direct land use, infrastructure, services and asset management, operations and planning; and
- Inform other key strategies and plans.

Officer comment

The City's Strategic Community Plan 2020 – 2040 was adopted by Council at its Ordinary Council Meeting on 28 April 2020 following extensive Community consultation with approximately 900 community members, Councillors and other stakeholders and staff directly involved in the development of the Plan.

In accordance with the *Local Government Act 1995* and the *Local Government (Administration) Regulations 1996* the Strategic Community Plan is to be reviewed every four years and the Department of Local Government, Sport and Cultural Industries (DLGSCI) Integrated Planning and Reporting Framework and guidelines recommend a minor review every two years.

The 2022 minor review undertaken is proposing to update the 'Our City by Numbers' statistics to ensure current statistics are included. No other changes are proposed.

Financial implications

There are no financial implications evident at this time.

Environmental implications

There are various references to the environment in the Strategic Community Plan that will progress the City's Environmental plans.

Social implications

There are numerous references to the social aspect in the Strategic Community Plan that will see a range of Plans delivered and measured.

Officer Recommendation

That Council:

1. **Adopt the Strategic Community Plan 2020 - 2040 (2022 Minor Review) as per Attachment 12.4.1.**

****Absolute Majority required****

Acknowledgement Of Country

The City of Belmont acknowledges the Noongar Nation and specifically the Whadjuk people as the Traditional Custodians of this land and we pay our respects to Elders, past, present and future leaders.

We also acknowledge all Aboriginal and Torres Strait Islander peoples living within the City of Belmont.

Mayor's Message

I am pleased to present the City of Belmont's Strategic Community Plan for 2020-2040.

This Strategic Community Plan, developed in consultation with our community, sets the direction that Council and the City's Executive Leadership Team will follow for the City of Belmont over the next 20 years.

The Plan outlines our community's shared vision and aspirations for the future. It acts as the City's overarching document to provide guidance to those making tough decisions related to competing priorities and resource limitations, whilst maintaining a focus on the 'big picture' and acting for the good of the whole City.

Developing a vision that reflects the unique character of our community is essential for future planning of our City and must be undertaken in consultation with the community. In developing this Plan community feedback was gathered through a range of activities including surveys, meetings, social media and workshops. The resulting range of varying opinions obtained from our community was vital in shaping our Plan.

This Strategic Community Plan encompasses the long term goals and supporting strategies which will be employed to help achieve our community vision. However, we cannot achieve our vision on our own. It will require effective working partnerships with government agencies, non-government organisations, business and of course, our community throughout the implementation of this and subsequent corporate plans.

Following the adoption of this new Strategic Community Plan, the vision and accompanying strategies will guide all future corporate planning undertaken by the City's Executive Leadership Team. Detailed plans will be revised and performance benchmarks and measures, including the City's annual community perception survey, will be used to ensure the City is successfully working towards achieving our community's vision.

I would like to thank each and every community member who gave their time and input into developing this plan for the future. I trust that you will join Council in embracing our new Strategic Community Plan and help with us bring this new plan to life, in the City of Opportunity, the City of Belmont.

Mayor

Our Vision

Belmont – The City of Opportunity

We will be home to a diverse and harmonious community, thriving from the opportunities of our unique, riverside City.

About Belmont

The municipality of Belmont was established in 1898 as the Belmont Road Board. In 1907, the name was changed to Belmont Park Road Board and remained unchanged until 1961 when it became the Shire of Belmont. In 1979, the present administration building was opened in Faulkner Park and the municipality became the City of Belmont.

The municipality was called Belmont after Belmont Farm, which had been established in the area in 1830 by Captain F. Byrne. The farm of 2,000 acres was later acquired by John Hardey who had already established Grove Farm, also 2,000 acres, on the banks of the Swan River nearby. John Hardey and his son Robert were destined to own almost the entire Belmont area.

In 1911, the population of Belmont was 1,088. Today, the City of Belmont is a thriving municipality of over 44,000 residents with extensive parklands and some outstanding facilities such as the Ascot Racecourse and surrounding residential stables precinct, the picturesque marina at Ascot Waters, and Adachi Park which both offer spectacular views of the iconic Swan River.

In 1848, Hardey allowed the first race meeting to be held on Grove Farm. Although race meetings had been held at other venues around Perth, a site on Hardey's farm soon became Perth's permanent racecourse and the horse racing industry grew up around it.

The City of Belmont is home to Western Australia's largest Domestic and International Airport, and has an extensive business community, with a number of key shopping destinations and major industrial estates thriving across the City.

Robert Hardey later built a mansion on Grove Farm in 1880 which he called 'Belmont House'. In 1889, he leased the house to J. Handron-Smith, a horse racing owner, who later became secretary of the West Australian Turf Club and went on to become the first elected Chairman of the Belmont Road Board.

In 2020 the City welcomes a new community centre - Belmont Hub. The state-of-the-art, multi-level, multi-purpose community facility is home to a larger community library, digital hub, senior citizens club, enhanced museum and much more. This modern, green star rated landmark will become an iconic meeting place for our community to connect into the future.

The early settlers in Belmont found the land to be of poor quality for cropping and swampy in many parts. Needless to say, many of the Chinese migrants who came with the Gold Rush in the 1890's found the swampy areas excellent for some of Perth's first market gardens.

Planning For Belmont's Future

The State Government is planning for a future when the population reaches 3.5 million. The City of Belmont is anticipating a dramatic increase in population as a result, and this will provide opportunities for further infill in inner suburbs. To meet the anticipated increases the City of Belmont has identified where the greatest opportunities for development present themselves.

The increased population also provides opportunity for the innovation and an uplift in activities and services available. The community recognises the need for change, but has highlighted the things that are important to defining the Belmont lifestyle that need protecting or improving.

The Strategic Community Plan is the highest level Council plan. Prepared on behalf of the community, it sits above and helps inform all other Council plans and policies. The purpose of the Plan is to outline our community's shared vision and aspirations for the future, and to set out strategies to achieve this vision.

The community sees the connection to the river, the proximity to the airport and major education facilities, and the easy access to other areas of interest to be key to the attractiveness of the City to new and existing residents and businesses. The growth in population and new technologies excited the community who see opportunities to grow and become part of an vibrant, desirable and liveable place.

Whilst this Strategic Community Plan looks at a 20-year horizon more detailed planning is needed in the short term. Council's Delivery Program, Corporate Business Plan, and resourcing plans will translate the overarching vision of the Strategic Community Plan into specific actions, while identifying the resources required to achieve this vision.

Many of the issues and concerns facing the City are beyond the direct control and influence of Council and will require concerted and coordinated actions by State and Federal Government. This Strategic Community Plan is our opportunity to put strategies in place to manage the elements of growth that the City can influence, leading to an improved quality of life for all.

It should be noted that this Strategic Community Plan was developed prior to the declaration of the COVID-19 global pandemic. At this point in time future challenges remain uncertain and it is impossible to predict the long term impact of this declaration on the City's ability to deliver on the targets identified in this Plan. The City will of course, continue to closely monitor and report on the progress of this Plan, identifying any obstacles encountered and what if any options may be available.

Integrated Planning and Reporting Framework

The State Government developed the Integrated Planning and Reporting Framework in 2010. As part of this Framework, all Councils are required to develop a Strategic Community Plan, a Corporate Business Plan and a mechanism to review and report on all elements of Integrated Planning and Reporting.

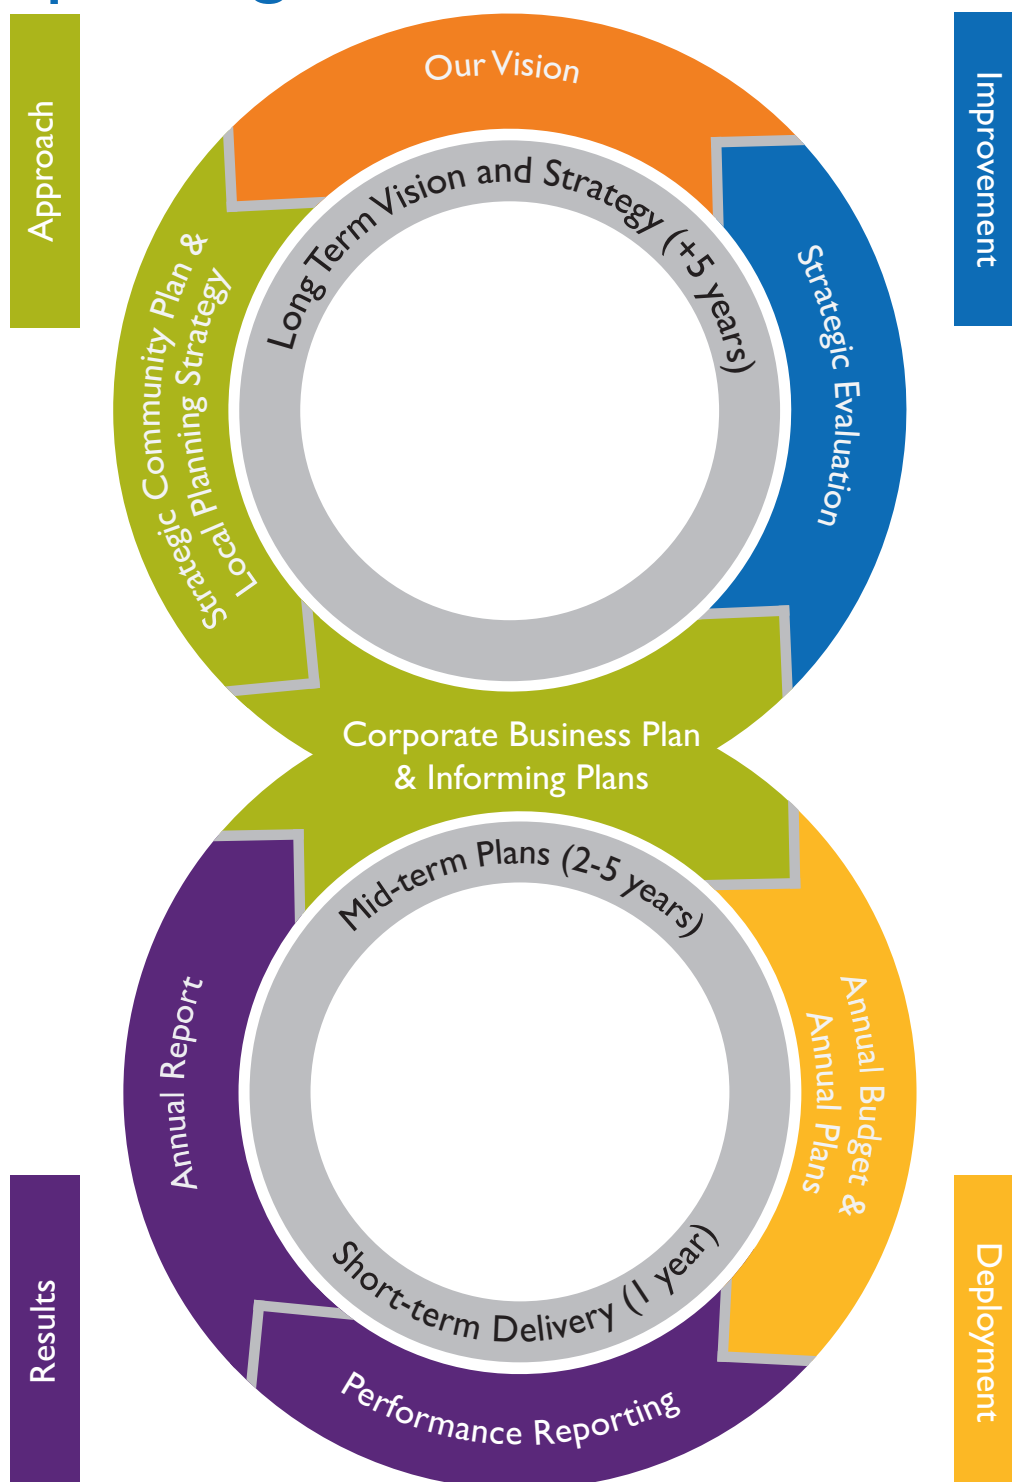

The City is committed to using this Framework and has developed the City of Belmont's Integrated Planning and Reporting Framework. This new Framework is integrated within all City plans across three levels of planning. They are:

- Strategic Level - A long-term vision and strategy with a minimum 5 year horizon.
- Corporate Level - A mid-term plan with a 2-5 year horizon.
- Delivery Level - A short-term plan with a 1 year horizon.

The City is also committed to continuous improvement and utilises the Australian Business Excellence Framework as a tool to drive continuous improvement. A critical component of the Australian Business Excellence Framework is the Approach, Deployment, Results and Improvement (ADRI) Learning Cycle. The ADRI Learning Cycle has been incorporated into the City of Belmont's Integrated Planning and Reporting Framework to identify and drive improvement in business practice and performance.

Our City By Numbers

Our Place

*The 7 State Registered Heritage Places include the Old Bristle Kilns, Invercloy Park, Nulsen Haven, Garratt Road Bridge, RAAF Headquarters Bunker, Tampina and Hill 60. In addition to the seven places identified on the State Register, there are a number of places with cultural heritage significance that are important to the Belmont community. These places are identified in the City of Belmont Local Heritage Survey.

The City of Belmont is in close proximity to air, rail and major road arteries and lies only six kilometres east from the centre of Perth and contains the Perth Domestic and International Airports.

The City has a mix of residential, commercial, and light industrial properties.

How We Developed Our Plan

Our Approach To Engagement

Engagement is about involving our community in the decision making process.

For Council, it provides the opportunity to understand varied points of view and gather comprehensive information to make better decisions and deliver better services.

Here at the City of Belmont, we strive for best practice engagement both online and in-person. We believe it's important that the community can see and have direct impact on the decisions of its Council and our City.

To develop this Plan, we have drawn on the views of more than 34,978 people since launching in October 2019. The Community was provided with many varied opportunities to be involved with the process in order to gain a wide representation of views. The following represents a key breakdown of the community involvement.

34,978 people were made aware and provided an opportunity to get involved

24,948 people reached on social media

7579 people reached by direct email

314 people provided feedback via feedback forms

1040 people visited Belmont Connect

735 people directly involved

4,275 people received an e-newsletter

248 people responded to quick polls

88 people attended stakeholder group meetings

85 people attended workshops

Emerging Themes

Since October 2019 we have been talking to the community extensively to understand their priorities, needs and aspirations. It's clear that the community is passionate about Belmont and wants to build on the strengths of our community to create a liveable, productive and sustainable future. Below is a summary of the most common themes we received from our community.

- Building opportunities for people to meet and socialise
- Community moving and living better
- Tree lined streets to create shade
- Let's be ambitious; it's ok to fail
- More local social activities
- Create a place to celebrate and recognise the City of Belmont's history and diversity
- Support for community and sporting groups
- Improved connections for bike and walking paths throughout the City
- Public transport services that connect with the train, the City and education facilities
- More engagement opportunities
- Sustainable development
- Events and festivals
- Improved security and safety
- Support new and existing businesses

Achieving Our Vision

This Strategic Community Plan 2020-2040 builds on our previous Strategic Community Plan 2016-2036. In order to achieve our vision and in consideration of the feedback received from the community, the priorities, needs and aspirations, have been grouped into following five broad long-term goals. Supporting strategies provide a roadmap to achieving these goals, and they are outlined over the next pages.

Liveable Belmont

We are vibrant, desirable and liveable.

Connected Belmont

We can all get to where we want to go.

Natural Belmont

We care for and enjoy our environment.

Creative Belmont

We are innovative, creative and progressive.

Responsible Belmont

We are inclusive, engaging and act with integrity.

Goal 1: Liveable Belmont

We are vibrant, desirable and liveable.

Our Community's Aspirations:

Belmont will be vibrant with exciting entertainment and dining experiences. The City and residents will provide strong support for community and sporting groups. There is a strong focus on history and culture. Belmont is considered a great place to live.

What this will look like (Outcomes):

- Our neighbourhoods are well serviced by local activity centres which are exciting and attractive.
- All ages can live, work and play in the City.
- Business is attracted to the City, creating more local jobs.

The following describe at a high level what we will do to meet community priorities, needs and aspirations. Detailed projects, services, operations and performance measures for these will be outlined in the City's Corporate Business Plan.

What we will do (Strategies):

- 1.1 Respect, protect and celebrate our shared living histories and embrace our heritage
- 1.2 Plan and deliver vibrant, attractive, safe and economically sustainable activity centres
- 1.3 Ensure activity centres have a thriving economy
- 1.4 Attract public and private investment and businesses to our City and support the retention, growth and prosperity of our local businesses
- 1.5 Encourage and educate the community to embrace sustainable and healthy lifestyles

How we will track our progress (Measurement):

- Progress towards Reconciliation Action Plan
- Sense of belonging to a shared heritage experience
- Diversity of cultural expression appreciated
- Perceptions of safety
- Vibrancy and attractiveness of the City
- Local employment statistics
- Business and investment activity
- Economic activity
- Health, wellbeing and general life satisfaction of residents

Goal 2: Connected Belmont

We can all get to where we want to go.

Our Community's Aspirations:

Our residents are connected socially and through physical infrastructure. Our neighbourhoods are safe, walkable, cycle friendly and well served by public transport. There is a sense of opportunity for everyone and an acceptance of all abilities. Our residents are empowered.

What this will look like (Outcomes):

- People of all abilities are able to move freely, safely and sustainably around the City.
- People and goods are able to move sustainably in and out of the City.
- The City's bike paths are connected and easy to ride on.
- The City is a leader in transportation with advanced traffic planning that maximises efficiency of current infrastructure and encourages transport alternatives.
- Supports the City's liveability by enabling seamless connections between people and places.

The following describe at a high level what we will do to meet community priorities, needs and aspirations. Detailed projects, services, operations and performance measures for these will be outlined in the City's Corporate Business Plan.

What we will do (Strategies):

- 2.1 Design our City so that it is accessible by people of all ages and abilities
- 2.2 Make our City more enjoyable, connected and safe for walking and cycling
- 2.3 Facilitate a safe, efficient and reliable transport network
- 2.4 Promote alternative forms of transport

How we will track our progress (Measurement):

- Satisfaction with walking and cycling paths and facilities
- Satisfaction with local road conditions
- Satisfaction with local traffic management and signs
- Health, wellbeing and general life satisfaction of residents

Goal 3: Natural Belmont

We care for and enjoy our environment.

Our Community's Aspirations:

The City of Belmont presents a feeling of peaceful, clean, green and healthy. There is a focus on the natural in parks and gardens with trees and colour. Our streets are lined with trees. Our residents and businesses are environmentally aware. There is a connection with the river and natural areas. Sustainability is important to us. Belmont will be known for its strong connection to the environment especially the river and trees. The verges will be green and dominated by natural plantings. Parks will continue to be well maintained and their natural appeal will be enhanced. Sustainable development and expectations of sustainable practices of businesses are a part of the social fabric.

What this will look like (Outcomes):

- Belmont has an abundance of natural features including the river, parks and gardens which are colourful and focus on nature.
- Tree lined streets create shade, facilitate walking and riding and give health and environmental benefits.
- Highly rated as place to live.
- Planning and development will have a focus on sustainability.

The following describe at a high level what we will do to meet community priorities, needs and aspirations. Detailed projects, services, operations and performance measures for these will be outlined in the City's Corporate Business Plan.

What we will do (Strategies):

- 3.1 Protect and enhance our natural environment
- 3.2 Improve our river and waterways
- 3.3 Keep our City clean
- 3.4 Provide green spaces for recreation, relaxation and enjoyment
- 3.5 Promote energy and water efficiency, renewable energy sources, and reduce emissions and waste
- 3.6 Encourage sustainable development to guide built form

- Reduce mature tree removals
- Improvements to water quality
- Perception of cleanliness
- Provision of and upgrade to parks and green spaces
- Energy efficiency and renewable energy supply
- Water efficiency and alternative water supply
- Waste diversion from landfill
- Local Planning Framework that meets current and future community needs

Goal 4: Creative Belmont

We are innovative, creative and progressive.

Our Community's Aspirations:

The City of Belmont's diversity will be reflected in our residents as well as those working here. Although we are contemporary, we will be seen as inspiring, resilient and dynamic. We will attract development with an atmosphere for change. Belmont will have an inspiring technology hub where discoveries are made.

What this will look like (Outcomes):

- There is a strong focus on arts and culture in the City.
- The City works with local schools and businesses to run programs.
- There is a wide variety of public art in the City.
- The City runs awards programs for arts and innovation.
- Innovative businesses look to Belmont as a preferred location close to the airport and with links to universities.

The following describe at a high level what we will do to meet community priorities, needs and aspirations. Detailed projects, services, operations and performance measures for these will be outlined in the City's Corporate Business Plan.

What we will do (Strategies):

- 4.1 Promote the growth of arts and culture
- 4.2 Embrace technology, creativity and innovation to solve complex problems and improve our City
- 4.3 Support and collaborate with local schools and businesses

How we will track our progress (Measurement):

- Community attitudes towards Council innovation and forward-thinking
- Education and training opportunities
- Vibrancy and attractiveness of the City
- Local employment statistics
- Business and investment activity
- Economic activity
- Health, wellbeing and general life satisfaction of residents

Goal 5: Responsible Belmont

We are inclusive, engaging and act with integrity.

Our Community's Aspirations:

The City of Belmont advocates for the needs of the community by being responsive and consultative. The availability of the best community services and infrastructure will be facilitated. Heritage will be protected. Belmont will continue to be recognised for its location with convenient access to the river and progressive education establishments.

What this will look like (Outcomes):

- The Community is actively involved in decision making through engagement.
- Engagement is a part of everything the City does.
- There are housing opportunities for everyone.
- The Community has a high level of trust in the Council and the City of Belmont.
- The City is well governed and acts with the highest level of integrity.

The following describe at a high level what we will do to meet community priorities, needs and aspirations. Detailed projects, services, operations and performance measures for these will be outlined in the City's Corporate Business Plan.

- Community satisfaction with value for money for Council rates
- Provision of and access to essential services and community facilities
- Dwelling mix
- Housing affordability
- Community engagement and consultation
- Community confidence in Council
- Enforcing Consolidated Local Laws.

Success Of The Plan

Council's Role

As the City of Belmont continues to grow, Council, our stakeholders and our community need to work together to invest in our individual and collective wellbeing.

While Council has a custodial role in initiating, preparing and maintaining the Strategic Community Plan on behalf of the community, it is not wholly responsible for its implementation. Many of the issues and concerns facing the City of Belmont are complex and beyond the direct control and influence of Council, such as transport, health, housing, safety and employment.

To deliver the community's vision, we work with various stakeholders and partners including other levels of government and their affiliated agencies, local businesses and industry, developers, educational institutions, community groups, residents and visitors and other service providers.

Council's role, depending on the activity being undertaken, is to Deliver, Partner and/or Advocate. The activities and actions to be carried out by Council are outlined in the City's Corporate Business Plan.

By building strong partnerships, taking a strong leadership role, and delivering on its own commitments, Council plays a pivotal role in shaping places and supporting people to lead fulfilling lives.

Deliver

Council delivers a wide range of programs and services including waste collection, libraries, maintenance of local roads and public spaces, recreation facilities and programs, community care, special events and regulatory functions.

Partner

Council builds strategic partnerships with Federal and State Government agencies, the private sector and a range of other stakeholders whose work will contribute to delivering the long term goals outlined in this Strategic Community Plan.

Advocate

When not in direct control or partnership, Council will give voice to the needs and aspirations of the community by advocating for changes in policy and action at relevant levels of government and industry to bring about the best outcomes for our community.

Tracking Our Success

This Strategic Community Plan outlines our community's shared vision and aspirations for the future, and how they will be achieved.

This Strategic Community Plan 2020 - 2040 builds on our previous Strategic Community Plan 2016 – 2036. Every two years a strategic review of the Plan is conducted, with a more comprehensive review every four years.

The City monitors and reviews the progress of the Strategic Community Plan via the following:

Corporate Business Plan

The Corporate Business Plan outlines in detail the projects, services, actions, operations and performance measurements required to deliver on the priorities identified in the Strategic Community Plan. It is reported on quarterly to Council and updated annually with a full review every four years.

Annual Report

Each year, the City produces a comprehensive Annual Report in accordance with the *Local Government Act 1995*. The Annual Report aims to give an open and accountable insight into how the City has progressed towards achieving our vision and strategic objectives. Highlights include our main achievements and challenges, our financial performance and our key targets for the year ahead.

Community and Stakeholder Feedback

The City is committed to partnering with our community in realising the future of our local area and will continue to engage with the community at every opportunity. We use a number of different mechanisms each year to give us insight into how the City has progressed towards achieving our vision and strategic objectives. These mechanisms include surveys, workshops, focus groups and a range of online tools.

Resourcing the Plan

The City's four year Corporate Business Plan directs the City's resources, assets and funding towards the priorities, key projects and activities set out in the Strategic Community Plan. It sets out how the City will do this and the funding required over the four year period of the Plan.

Managing Risk

Risk management identifies and assesses threats and opportunities in achieving the City's business objectives and defines effective response strategies. The City's Risk Program ensures that sound risk management practices and procedures are fully integrated into its strategic initiatives, projects and operational processes and day to day business practices.

It should be noted that this Strategic Community Plan was developed prior to the declaration of the COVID-19 global pandemic. At this point in time future challenges remain uncertain and it is impossible to predict the long term impact of this declaration on the City's ability to deliver on the targets identified in this Plan. The City will of course, continue to closely monitor and report on the progress of this Plan, identifying any obstacles encountered and what if any options may be available.

Purpose of report

To seek Council endorsement of the Delegation Register 2022-2023 as detailed in Attachment 12.5.1.

Summary and key issues

In accordance with section 5.46 of the *Local Government Act 1995* (the Act), the Delegated Authority Register is to be reviewed at least once in every financial year.

The Delegated Authority Register is structured to provide for a best practice approach to the City's operations and efficiency in the delivery of strategic outcomes.

Location

Not applicable.

Consultation

The Executive Leadership Team and all designated employees have been consulted regarding the proposed amendments to the Delegation Register. The proposed Delegation Register was presented at the Information Forum on 31 May 2022 for consideration and input.

Strategic Community Plan implications

In accordance with the 2020 – 2040 Strategic Community Plan:

Goal 5: Responsible Belmont

Strategy: 5.6 Deliver effective, fair and transparent leadership and decision-making, reflective of community needs and aspirations

Policy implications

There are no policy implications associated with this report.

Statutory environment

The following sections of the *Local Government Act 1995* are applicable when considering delegations:

- s5.16 Delegation of some powers and duties to certain committees
- s5.17 Limits on delegation of powers and duties to certain committees
- s5.18 Register of delegations to committees
- s5.42 Delegation of some powers and duties to CEO

Local Government (Financial Management) Regulations 1996

Local Government (Functions and General) Regulations 1996

Local Government Act (Uniform Local Provisions) Regulations 1996.

Background

The Delegated Authority Register was last formally reviewed by Council at the Ordinary Council Meeting of 22 June 2021 – Item 12.6.

In developing and reviewing delegations, the City has applied principles outlined in the City's Decision Making Process and Compliance Management Framework. The delegations are structured to be defined and specific to support a greater level of control and clearly identify decisions that occur under delegated authority.

The use of delegations is supported by the Department of Local Government, Sport and Cultural Industries (the Department). The Local Government Operational Guideline No 17 – Delegations has been published by the Department to assist with the creation, use and review of delegations.

Officer comment

Delegations by Council are an effective way to reduce red tape and improve customer satisfaction through quicker decision-making processes. Using the power of delegation appropriately assists local governments to efficiently deal with a wide range of operational matters that are minor, administrative in nature and time consuming.

Safeguards are contained within the delegations through the conditions and limitations of when the delegation can be exercised as well as granting appeal rights to the Council when an impacted individual is aggrieved with an Officer's decision.

It is important to note that Officers are not obliged to use, or exercise, a delegation; where a matter is determined to be of a contentious nature, the matter may be referred to Council.

As the Delegated Authority Register was extensively updated last year there are minimal changes to the delegations, mainly administrative in nature e.g. updating Council policy referencing as per Council's resolution of the 24 May 2022 OCM Item 12.7. Administration changes such as approval dates and version control shall be carried out following Council's endorsement.

Delegation 1.1.14 has been renamed to Procurement: Tenders; Tender Exemptions; Purchases (\$50,000-\$250,000) & Associated Contract Variations to accurately reflect the content of the delegation. The intent of the delegation has not changed however the wording has been amended to provide further clarity and guidance to those seeking to have the delegation exercised. For each delegated function the associated conditions have been separated out. Additional wording has been included in relation to contracts and in particular variation conditions.

A copy of the Delegation Register 2022-2023 is attached (Attachment 12.5.2) with the proposed amendments showing in red. A copy of the Delegation Register 2022-2023 with the changes accepted is attached as Attachment 12.5.1.

Financial implications

There are no financial implications evident at this time.

Environmental implications

There are no environmental implications associated with this report.

Social implications

There are no social implications associated with this report.

Officer Recommendation

That Council endorse:

1. The Delegation Register 2022-2023 as detailed in Attachment 12.5.1 and
2. Any further minor administrative amendments/layout changes as required prior to publication of the Delegation Register 2022-2023.

Introduction

Council is responsible for the overall government of the City's functions. The CEO is responsible for the day-to-day management of the administration of the City's functions amongst other functions such as advising Council.

Legislation applicable to local government may reserve specific powers and duties to the Council, the CEO or a defined authorised person or class of persons. Where legislation refers to a power or duty of the "local government" this is generally interpreted to mean the Council unless otherwise specified even if the power or duty is operational in nature.

Delegation of authority, where allowed, allows for efficient and timely decision making by local governments. Conditions or limitations may be incorporated into delegations such as limiting the circumstances in which a delegation can be exercised or imposing financial or other limits to the delegated power.

The delegation of a power or duty does not preclude a delegator from exercising or performing that power or duty itself or by acting through any employee authorised, by job description or otherwise, to carry out a function as the agent of, and on behalf of, the local government in accordance with approved policies.

A person granted a delegation is not obliged to exercise the delegated power and may, if circumstances indicate, refer the decision back to the delegator. Legislation varies in how delegation of authority is provided for, including limitations, conditions and reporting or review requirements. Reviews of delegations, where required by law, are the responsibility of the delegator.

In some instances, it is most appropriate for a function to be exercised by the Council only and as such no delegation is made e.g. consideration of ward reviews and submissions.

Under the *Local Government Act 1995* (the Act) and some other legislation, persons affected by specified decisions made under delegated authority have a right under Part 9 Division 1 of the Act to lodge an objection to the decision, which must be considered by Council, and/or to seek a review of the decision by the State Administrative Tribunal.

I Delegations by Local Government

The Act allows for the local government (Council) to delegate to the Chief Executive Officer (CEO) the exercise of any of its power or the discharge of any of its duties under the Act in order to effectively manage the day-to-day operations of the City.

The main consideration for a local government when deciding if it should delegate a power or duty is whether the delegation will improve the efficiency of the local government's operations whilst ensuring that its policies are consistently implemented.

Some legislation may restrict the local government to delegating a power or function only to the local government CEO, although some acts provide for the local government to delegate to persons other than the CEO, such as other local

government employees or committees. The CEO may further delegate those powers to other officers only if sub-delegation is permitted by the legislation.

Delegations are required to be made in writing, and for Council delegations, this normally takes the form of a resolution that is recorded in the Council Minutes.

Under the Act, *Cat Act 2011*, *Dog Act 1976*, *Graffiti Vandalism Act 2016* and *Planning and Development (Local Planning Schemes) Regulations 2015*, delegations by Council must be made by absolute majority resolution. Other legislation does not require an absolute majority to grant, amend or revoke a delegation by Council.

The decision to revoke a delegation from the CEO must also be absolute majority.

The Act also allows for the CEO to delegate any powers or discharge of any of the CEO's duties to another employee other than the power of delegation (s 5.44(4)). There is no power other than for the CEO to delegate a power.

All delegations must be in writing and the CEO is able to make the delegation or sub delegation subject to conditions or limitations. When an employee is acting in a position, they are deemed to be able to carry out the functions delegated to that position.

Delegations and authorisations from the Council directly to officers, other than the CEO, will be avoided unless legislation specifically provides that this is the only manner in which the power can be provided.

The ability to delegate a statutory function, power or duty must be described in a piece of legislation and is known as the power of delegation. It may be stated as a duty, function or power depending on the legislation. Delegations or authorisations may occur under legislation other than the Act, its regulations and the local government's local laws including but not limited to:

- *Planning and Development Act 2005* including regulations
- *Dog Act 1976* and regulations
- *Cat Act 2011* and regulations
- *Bush Fires Act 1954*, regulations and any local law created under that Act
- *Litter Act 1979* and regulations
- *Strata Titles Act 1985*
- *Local Government (Miscellaneous Provisions) Act 1960* as amended
- *Caravan Parks and Camping Grounds Act 1995*
- *Control of Vehicles (Off-Road Areas) Act 1978* and regulations
- *Building Act 2011* and regulations
- *Food Act 2008* and regulations

A Council delegation is not required where the legislation confers a specified function or power directly on the CEO or another defined class of authorised persons.

There also needs to be a specific function or duty that must be carried out under the legislation. The power must be able to be exercised by the person or body wanting to delegate that power and it must be contained in legislation that has an associated power of delegation.

A range of different powers can be delegated. An important aspect of any delegation of power is certainty as to the power being delegated. The person or body delegating authority should clearly specify in the instrument of delegation the statutory power or duty being delegated. This will ensure that the person exercising delegated authority can be certain of the extent of authority conferred by the delegation. The statutory reference to the power being delegated should be included in the instrument of delegation.

Reviewing the above list, it is clear that there is a limited range of legislation under which powers can be delegated. There is no express provision for a local government to delegate its functions under any other legislation. However, this does not prohibit the local government from “acting through” its officers for the purpose of legislation and the manner in which this can be achieved is detailed below.

The *Interpretation Act 1984* provides a standard basis on how terms across all Western Australian legislation can be interpreted such as computation of time. It also provides further information on how delegations work and provides a basis for allowing conditions or limitations to be made on the delegation; revocation of the delegation; the continuance of the delegation if a person is acting in the position to which the power is delegated.

II Matters which cannot be delegated

The following cannot be delegated by Council to the CEO under the Act (s 5.43)

- any power or duty that requires a decision of an absolute majority of the council
- accepting a tender which exceeds an amount determined by the local government
- appointing an auditor
- acquiring or disposing of any property valued at an amount exceeding an amount determined by the local government
- any of the local government's powers under
 - s 5.98 – Fees etc for council members
 - s 5.98A – Allowance for deputy mayor or deputy president
 - s 5.99 Annual fee for council members in lieu of fees for attending meetings
 - s 5.99A Allowances for council members in lieu of reimbursement of expenses
 - s 5.100 Payment for certain committee members
- borrowing money on behalf of the local government
- hearing or determining an objection of a kind referred to in s 9.5
- the power under s 9.49A(4) to authorise a person to sign documents on behalf of the local government
- any power or duty that requires the approval of the Minister or the Governor
- such other powers or duties as may be prescribed.

III Acting Through

Section 5.45 of the Act introduces the concept of “acting through.” In relation to delegations, s 5.45 of the Act states that nothing prevents a “local government from performing any of its functions by acting through a person other than the CEO” or “a CEO from performing any of his or her functions by acting through another person.”

While the Act does not specifically define the meaning of the term “acting through, it cites a key difference between a delegation and “acting through” in that a delegate exercises the delegated decision-making function in his or her own right. The principal issue is that where a person has no discretion in carrying out a function, then that function may be undertaken through the “acting through” concept. Alternatively, where the decision allows for discretion on the part of the decision maker, then that function needs to be delegated for another person to have that authority.

For administrative purposes, a person may sign a letter in his or her own name on behalf of the CEO while, with delegated powers, the person would sign a letter in his or her own name, in accordance with the delegated authority.

An appropriate method for a council of a local government to make a decision which will be implemented by its officers is for it to make a policy about particular functions that it performs. In that case there is no need for a delegation as it will be the role of the organisation to implement those policy decisions.

IV Register of Delegation

Section 5.46 of the Act requires the CEO to maintain a register of delegations made to the CEO and to employees. These registers must be reviewed at least once every financial year and the requirement for records to be kept on the exercise of the delegation is also included.

A register of delegations made by the local government to a committee is also required to be kept and reviewed at least once every financial year under s 5.18 of the Act.

V Standard Conditions of Delegation

Individuals are responsible for ensuring that legislated requirements relating to the exercise of delegated power(s) are complied with.

Any person proposing to exercise a power under delegated authority shall comply with the following standard conditions of delegation:

1. Actual decisions relating to the matter delegated shall be made by the person nominated in the delegation. However, it is understood that other staff may carry out administrative and technical work relating to those decisions.
2. Compliance with all relevant legislative requirements, Local Laws, Council Policies, resolutions of Council and the Business Management System Procedures.

3. Delegated authority cannot be exercised where a Financial Interest or an Interest Affecting Impartiality is evident.
4. It is a statutory requirement to maintain a record of each decision made under delegated authority. Documents relating to delegated authority decisions shall, as a minimum, record:
 - a. Date the decision was exercised;
 - b. Name of the Officer/Committee exercising the decision;
 - c. Description of how the person exercised the power or discharged the duty, including where appropriate, any directions to staff to carry out work associated with the decision unless those directions are included in Policies, Management Procedures or the Delegation Register;
 - d. Notation of the people or class of people directly affected by the decision (other than Council or Committee members or employees of the City).

Any exercising of a power and discharging of a duty must be recorded on the Record of Exercise of Power – Delegation of Authority Form and registered in ECM Folder 11/005 at the time of exercising the delegation.

5. Instruction is provided for each delegation on record keeping requirements. All records relating to an exercise of delegation must be recorded in the main official record keeping system of the City, ECM.

VI Delegations from other Agencies and Instruments of Delegation or other Acts

Where legislation provides for the direct delegation to a person or a class of persons by other agencies or decision makers, no delegation is required from the local government. The authorisation is dealt with in the relevant legislation. Where required, the Instrument of Delegation or Notice of the Appointment is advertised in the Government Gazette. The Agencies are listed below and updated from time to time.

Introduction

Council is responsible for the overall government of the City's functions. The CEO is responsible for the day-to-day management of the administration of the City's functions amongst other functions such as advising Council.

Legislation applicable to local government may reserve specific powers and duties to the Council, the CEO or a defined authorised person or class of persons. Where legislation refers to a power or duty of the "local government" this is generally interpreted to mean the Council unless otherwise specified even if the power or duty is operational in nature.

Delegation of authority, where allowed, allows for efficient and timely decision making by local governments. Conditions or limitations may be incorporated into delegations such as limiting the circumstances in which a delegation can be exercised or imposing financial or other limits to the delegated power.

The delegation of a power or duty does not preclude a delegator from exercising or performing that power or duty itself or by acting through any employee authorised, by job description or otherwise, to carry out a function as the agent of, and on behalf of, the local government in accordance with approved policies.

A person granted a delegation is not obliged to exercise the delegated power and may, if circumstances indicate, refer the decision back to the delegator. Legislation varies in how delegation of authority is provided for, including limitations, conditions and reporting or review requirements. Reviews of delegations, where required by law, are the responsibility of the delegator.

In some instances, it is most appropriate for a function to be exercised by the Council only and as such no delegation is made e.g. consideration of ward reviews and submissions.

Under the *Local Government Act 1995* (the Act) and some other legislation, persons affected by specified decisions made under delegated authority have a right under Part 9 Division 1 of the Act to lodge an objection to the decision, which must be considered by Council, and/or to seek a review of the decision by the State Administrative Tribunal.

I Delegations by Local Government

The Act allows for the local government (Council) to delegate to the Chief Executive Officer (CEO) the exercise of any of its power or the discharge of any of its duties under the Act in order to effectively manage the day-to-day operations of the City.

The main consideration for a local government when deciding if it should delegate a power or duty is whether the delegation will improve the efficiency of the local government's operations whilst ensuring that its policies are consistently implemented.

Some legislation may restrict the local government to delegating a power or function only to the local government CEO, although some acts provide for the local government to delegate to persons other than the CEO, such as other local government employees or committees. The CEO may further delegate those powers to other officers only if sub-delegation is permitted by the legislation.

Delegations are required to be made in writing, and for Council delegations, this normally takes the form of a resolution that is recorded in the Council Minutes.

Under the Act, *Cat Act 2011*, *Dog Act 1976*, *Graffiti Vandalism Act 2016* and *Planning and Development (Local Planning Schemes) Regulations 2015*, delegations by Council must be made by absolute majority resolution. Other legislation does not require an absolute majority to grant, amend or revoke a delegation by Council.

The decision to revoke a delegation from the CEO must also be absolute majority.

The Act also allows for the CEO to delegate any powers or discharge of any of the CEO's duties to another employee other than the power of delegation (s 5.44(4)). There is no power other than for the CEO to delegate a power.

All delegations must be in writing and the CEO is able to make the delegation or sub delegation subject to conditions or limitations. When an employee is acting in a ~~position~~position, they are deemed to be able to carry out the functions delegated to that position.

Delegations and authorisations from the Council directly to officers, other than the CEO, will be avoided unless legislation specifically provides that this is the only manner in which the power can be provided.

The ability to delegate a statutory function, power or duty must be described in a piece of ~~legislation, and~~legislation and is known as the power of delegation. It may be stated as a duty, function or power depending on the legislation. Delegations or authorisations may occur under legislation other than the Act, its regulations and the local government's local laws including but not limited to:

- *Planning and Development Act 2005* including regulations
- *Dog Act 1976* and regulations
- *Cat Act 2011* and regulations
- *Bush Fires Act 1954*, regulations and any local law created under that Act
- *Litter Act 1979* and regulations
- *Strata Titles Act 1985*
- *Local Government (Miscellaneous Provisions) Act 1960* as amended
- *Caravan Parks and Camping Grounds Act 1995*

- *Control of Vehicles (Off-Road Areas) Act 1978* and regulations
- *Building Act 2011* and regulations
- *Food Act 2008* and regulations

A Council delegation is not required where the legislation confers a specified function or power directly on the CEO or another defined class of authorised persons.

There also needs to be a specific function or duty that must be carried out under the legislation. The power must be able to be exercised by the person or body wanting to delegate that power and it must be contained in legislation that has an associated power of delegation.

A range of different powers can be delegated. An important aspect of any delegation of power is certainty as to the power being delegated. The person or body delegating authority should clearly specify in the instrument of delegation the statutory power or duty being delegated. This will ensure that the person exercising delegated authority can be certain of the extent of authority conferred by the delegation. The statutory reference to the power being delegated should be included in the instrument of delegation.

Reviewing the above list, it is clear that there is a limited range of legislation under which powers can be delegated. There is no express provision for a local government to delegate its functions under any other legislation. However, this does not prohibit the local government from “acting through” its officers for the purpose of legislation and the manner in which this can be achieved is detailed below.

The *Interpretation Act 1984* provides a standard basis on how terms across all Western Australian legislation can be interpreted such as computation of time. It also provides further information on how delegations work and provides a basis for allowing conditions or limitations to be made on the delegation; revocation of the delegation; the continuance of the delegation if a person is acting in the position to which the power is delegated.

II Matters which cannot be delegated

The following cannot be delegated by Council to the CEO under the Act (s 5.43)

- any power or duty that requires a decision of an absolute majority of the council
- accepting a tender which exceeds an amount determined by the local government
- appointing an auditor
- acquiring or disposing of any property valued at an amount exceeding an amount determined by the local government
- any of the local government’s powers under
 - s 5.98 – Fees etc for council members
 - s 5.98A – Allowance for deputy mayor or deputy president

- s 5.99 Annual fee for council members in lieu of fees for attending meetings
- s 5.99A Allowances for council members in lieu of reimbursement of expenses
- s 5.100 Payment for certain committee members
- borrowing money on behalf of the local government
- hearing or determining an objection of a kind referred to in s 9.5
- the power under s 9.49A(4) to authorise a person to sign documents on behalf of the local government
- any power or duty that requires the approval of the Minister or the Governor
- such other powers or duties as may be prescribed.

III Acting Through

Section 5.45 of the Act introduces the concept of “acting through.” In relation to delegations, s 5.45 of the Act states that nothing prevents a “local government from performing any of its functions by acting through a person other than the CEO” or “a CEO from performing any of his or her functions by acting through another person.”

While the Act does not specifically define the meaning of the term “acting through, it cites a key difference between a delegation and “acting through” in that a delegate exercises the delegated ~~decision-making~~decision-making function in his or her own right. The principal issue is that where a person has no discretion in carrying out a function, then that function may be undertaken through the “acting through” concept. Alternatively, where the decision allows for discretion on the part of the decision maker, then that function needs to be delegated for another person to have that authority.

For administrative purposes, a person may sign a letter in his or her own name on behalf of the CEO while, with delegated powers, the person would sign a letter in his or her own name, in accordance with the delegated authority.

An appropriate method for a council of a local government to make a decision which will be implemented by its officers is for it to make a policy about particular functions that it performs. In that case there is no need for a delegation as it will be the role of the organisation to implement those policy decisions.

IV Register of Delegation

Section 5.46 of the Act requires the CEO to maintain a register of delegations made to the CEO and to employees. These registers must be reviewed at least once every financial year and the requirement for records to be kept on the exercise of the delegation is also included.

A register of delegations made by the local government to a committee is also required to be kept and reviewed at least once every financial year under s 5.18 of the Act.

V Standard Conditions of Delegation

Individuals are responsible for ensuring that legislated requirements relating to the exercise of delegated power(s) are complied with.

Any person proposing to exercise a power under delegated authority shall comply with the following standard conditions of delegation:

1. Actual decisions relating to the matter delegated shall be made by the person nominated in the delegation. However, it is understood that other staff may carry out administrative and technical work relating to those decisions.
2. Compliance with all relevant legislative requirements, Local Laws, Council Policies, resolutions of Council and the Business Management System Procedures.
3. Delegated authority cannot be exercised where a Financial Interest or an Interest Affecting Impartiality is evident.
4. It is a statutory requirement to maintain a record of each decision made under delegated authority. Documents relating to delegated authority decisions shall, as a minimum, record:
 - a. Date the decision was exercised;
 - b. Name of the Officer/Committee exercising the decision;
 - c. Description of how the person exercised the power or discharged the duty, including where appropriate, any directions to staff to carry out work associated with the decision unless those directions are included in Policies, Management Procedures or the Delegation Register;
 - d. Notation of the people or class of people directly affected by the decision (other than Council or Committee members or employees of the City).

Any exercising of a power and discharging of a duty must be recorded on the Record of Exercise of Power – Delegation of Authority Form and registered in ECM Folder 11/005 at the time of exercising the delegation.

5. Instruction is provided for each delegation on record keeping requirements. All records relating to an exercise of delegation must be recorded in the main official record keeping system of the City, ECM.

VI Delegations from other Agencies and Instruments of Delegation or other Acts

Where legislation provides for the direct delegation to a person or a class of persons by other agencies or decision makers, no delegation is required from the local government. The authorisation is dealt with in the relevant legislation. Where required, the Instrument of Delegation or Notice of the Appointment is advertised in the Government Gazette. The Agencies are listed below and updated from time to time.

Council role

- ☐ **Advocacy** When Council advocates on its own behalf or on behalf of its community to another level of government/body/agency.
- ☒ **Executive** The substantial direction setting and oversight role of the Council e.g. adopting plans and reports, accepting tenders, directing operations, setting, and amending budgets.
- ☐ **Legislative** Includes adopting local laws, local planning schemes and policies.
- ☐ **Review** When Council reviews decisions made by Officers.
- ☐ **Quasi-Judicial** When Council determines an application/matter that directly affect a person's right and interests. The judicial character arises from the obligation to abide by the principles of natural justice. Examples of quasi-judicial authority include local planning applications, building licences, applications for other permits/licences (e.g. under Health Act, Dog Act or Local Laws) and other decisions that may be appealable to the State Administrative Tribunal.

Purpose of report

The purpose of this report is to provide Council with the results of the Chief Executive Officer's (CEO's) reviews of appropriateness and effectiveness of systems and procedures in relation to:

1. Financial management.
2. Risk management.
3. Internal control.
4. Legislative compliance.

These reviews are required under Regulation 5 of the *Local Government (Financial Management) Regulations 1996* and Regulation 17 of the *Local Government (Audit) Regulations 1996*. The reviews are to be undertaken at least once every three financial years.

Summary and key issues

The reviews were conducted on behalf of the CEO by an independent auditor Paxon Business and Financial Services Pty Ltd (Paxon).

Paxon's reports indicated numerous areas of strength, and some low-risk findings were identified as the following:

1. Financial management policies are not reviewed as scheduled within the Policy Manual.
2. Some end of period reconciliations do not contain evidence of who prepared and reviewed the reconciliations or the date of preparation and review.
3. One instance where the payment process was not adhered to.
4. Key documents require review in the areas of risk and legislative compliance.
5. Improvements required for the risk management framework.
6. Plan to be developed for implementation of a new Integrity Framework.
7. Anonymity required for callers on a whistleblowing hotline.

As outlined in the reports (Confidential Attachments 12.6.1 and 12.6.2), these matters are being addressed by the relevant Officers.

Strategic Community Plan implications

In accordance with the 2020 – 2040 Strategic Community Plan:

Goal 5: Responsible Belmont

Strategy: 5.2 Manage the City's assets and financial resources in a responsible manner and provide the best possible services for the community.

Policy implications

There are no policy implications associated with this report.

Statutory environment

Local Government Act 1995

7.1A. Audit committee

(1) A local government is to establish an audit committee of 3 or more persons to exercise the powers and discharge the duties conferred on it.

Local Government (Audit) Regulations 1996

16. Functions of audit committee

An audit committee has the following functions —

- (a) to guide and assist the local government in carrying out —
 - (i) its functions under Part 6 of the Act; and
 - (ii) its functions relating to other audits and other matters related to financial management.
- (b) to guide and assist the local government in carrying out the local government's functions in relation to audits conducted under Part 7 of the Act;
- (c) to review a report given to it by the CEO under regulation 17(3) (the **CEO's report**) and is to —
 - (i) report to the council the results of that review; and
 - (ii) give a copy of the CEO's report to the council.
- (d) to monitor and advise the CEO when the CEO is carrying out functions in relation to a review under —
 - (i) regulation 17(1); and
 - (ii) the *Local Government (Financial Management) Regulations 1996* regulation 5(2)(c);

- (e) to support the auditor of the local government to conduct an audit and carry out the auditor's other duties under the Act in respect of the local government;
- (f) to oversee the implementation of any action that the local government —
 - (i) is required to take by section 7.12A(3); and
 - (ii) has stated it has taken or intends to take in a report prepared under section 7.12A(4)(a); and
 - (iii) has accepted should be taken following receipt of a report of a review conducted under regulation 17(1); and
 - (iv) has accepted should be taken following receipt of a report of a review conducted under the *Local Government (Financial Management) Regulations 1996* regulation 5(2)(c);
- (g) to perform any other function conferred on the audit committee by these regulations or another written law.

[Regulation 16 inserted: Gazette 26 Jun 2018 p. 2386-7.]

17. CEO to review certain systems and procedures

- (1) The CEO is to review the appropriateness and effectiveness of a local government's systems and procedures in relation to —
 - (a) risk management; and
 - (b) internal control; and
 - (c) legislative compliance.
- (2) The review may relate to any or all of the matters referred to in sub regulation (1)(a), (b) and (c), but each of those matters is to be the subject of a review not less than once in every 3 financial years.
- (3) The CEO is to report to the audit committee the results of that review.

[Regulation 17 inserted: Gazette 8 Feb 2013 p. 868;

amended: Gazette 26 Jun 2018 p. 2387.]

Local Government (Financial Management) Regulations 1996

5(2) CEO's duties as to financial management

- (c) undertake reviews of the appropriateness and effectiveness of the financial management systems and procedures of the local government regularly (and not less than once in every 3 financial years) and report to the local government the results of those reviews.

Background

The previous review addressing the requirements of Regulation 5 of the *Local Government (Financial Management) Regulations 1996* and Regulation 17 of the *Local Government (Audit) Regulation 1996* were conducted in January 2019.

The current review was completed in May 2022. The Regulation 5 review covered the period from 1 January 2021 to 31 December 2021, and the Regulation 17 review was based on fieldwork over February and March 2022.

Officer comment

The report considered the design and performance of financial management systems to be appropriate, with a high number of areas of strength. Similarly, the operation and processes in the areas of Risk Management, Internal Control and Legislative Compliance was deemed appropriate with a 'Good Practice' rating in many areas. Nonetheless, some low-risk findings were identified as outlined below.

Financial Management

The Regulation 5 review (Confidential Attachment 12.6.1) identified three low-risk findings to be addressed:

Timely review of financial management policies

The financial management policies under the Council Policy Manual have not been reviewed as scheduled.

The 2020 and 2021 policy review was postponed to allow for a review to be undertaken of both the template and consistency of policy format revisions. To address the matter, a review of the relevant financial policies was endorsed by Council at the 24 May 2022 Ordinary Council Meeting. A comprehensive review of the policy manual will be carried out in the latter half of 2022. It is anticipated that this finding will be addressed, and the matter closed out by 31 December 2022.

Reconciliation details

Some reconciliation entries did not contain evidence of who prepared and reviewed the entry, and the date of preparation and review.

To address this finding, procedures will be developed to ensure reconciliations are compiled and reviewed by the Finance Coordinator on a monthly basis. This matter has been addressed and was closed out on 31 May 2022.

Invoice approval

It is recommended that the Finance process for authorisation of invoices be recommunicated, and a follow-up be carried out to ensure all invoices are paid on a timely basis. This matter has been addressed and was closed out on 31 May 2022.

It is noted that the report also outlined a number of strengths and improvements for consideration. These have been noted and will be incorporated into the City's continuous business improvement initiatives.

Risk Management, Internal Control and Legislative Compliance

The Regulation 17 review (Confidential Attachment 12.6.2) identified six low-risk findings to be addressed:

Risk Management – Risk Management Improvement Plan

The report considers that a Risk Management Improvement Plan will facilitate appropriate allocation of resources to gain full benefit of existing risk management measures.

Work on the measures outlined in the report is progressing. The target completion date to address the matter is December 2022.

Risk Management – Timely review and update of Risk documents

The Risk related policies under the Council Policy Manual have not been reviewed as scheduled.

The 2020 and 2021 policy review was postponed to allow for a review to be undertaken of both the template and consistency of policy format revisions. To address the matter, a review of the relevant Risk policies was endorsed by Council at the 24 May 2022 Ordinary Council Meeting.

Risk Management – Business Continuity Plan update

The Business Continuity Plan was last reviewed in May 2020 and as such may not include all relevant learnings from the COVID-19 pandemic if not updated on a timely basis.

While it is noted that the Business Continuity Plan was updated in May 2020, in response to the pandemic: further plan updates are currently in progress with Managers, new starter risk training has been amended to include business continuity, and an exercise with key staff is scheduled for June 2022 to address this report finding.

Internal Control – Integrity Framework

A formal Integrity Framework is to be developed by June 2023 to meet legislative requirements. Lack of a comprehensive integrity framework increases the risk of fraud and non-compliance with the *Public Sector Management Act 1994*.

To address the requirement, an Integrity Framework for the City of Belmont is being developed in accordance with the Public Sector Commission's toolkit to meet the June 2023 deadline.

Internal Control – Misconduct Reporting processes

It is recommended that a whistleblowing hotline is established to allow anonymity. There is some likelihood that whistleblowers may be deterred from coming forward if they do not have assurance of anonymity.

There is provision in the Public Interest Disclosure Procedures for anonymous disclosures to be made and the option for contact to be made with the Public Sector Commission to obtain advice. Confidentiality of any disclosure would be required, and the Public Interest Disclosure Officers have received training to ensure the appropriate and confidential treatment is provided to any officer making a disclosure. The City can give consideration to the implementation of a whistleblowing hotline, and investigate and obtain further advice on any benefit from having a hotline, or any other option that may assist with anonymity that is not already provided by the procedures. It is intended that this will be addressed by 30 September 2022.

Legislative Compliance – timely review and update of Legislative Compliance documents

As with other policies in the Council Policy Manual identified in the report, the Compliance Management Policy and Risk Register/Action Plan has not been reviewed as scheduled.

A minor review of the Compliance Management Policy within the Council Policy Manual was endorsed by Council at the 24 May 2022 Ordinary Council Meeting. A comprehensive review of the Policy Manual will occur in the latter half of 2022. A review of the Action Plan and Risk Register is currently underway and is expected to be completed by mid-August 2022. This aspect of the audit finding is expected to be closed out by 31 December 2022.

Conclusion

In summary, this is a good result for the City of Belmont as a number of areas of strength were identified and there is agreement that all recommendations offered can be practically addressed in a timely manner.

Paxon's findings will be recorded in an action log for management and Standing Committee (Audit and Risk) reporting purposes. Paxon representatives gave a Microsoft Teams presentation to the Standing Committee (Audit and Risk) on 30 May 2022 and endorsed this report for consideration by Council.

Policy implications

There are no policy implications associated with this report.

Statutory environment

Regulation 13(1) of the *Local Government (Financial Management) Regulations 1996* states:

“If the local government has delegated to the CEO the exercise of its power to make payments from the municipal fund or the trust fund, a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared:

- (a) the payee's name;
- (b) the amount of the payment;
- (c) the date of the payment; and
- (d) sufficient information to identify the transaction.”

(3) A list prepared under sub regulation (1) is to be presented to Council at the next ordinary meeting of Council after the list is prepared; and recorded in the minutes of that meeting.

Background

Council has delegated to the Chief Executive Officer under Delegation 1.1.18 to make payment from the Municipal and Trust Fund account. In accordance with Regulation 13(1) of the *Local Government (Financial Management) Regulations 1996*, where this power has been delegated, a list of payments each month is to be compiled and presented to Council.

Council role

- | | | |
|-------------------------------------|-----------------------|--|
| <input type="checkbox"/> | Advocacy | When Council advocates on its own behalf or on behalf of its community to another level of government/body/agency. |
| <input checked="" type="checkbox"/> | Executive | The substantial direction setting and oversight role of the Council eg adopting plans and reports, accepting tenders, directing operations, setting and amending budgets. |
| <input type="checkbox"/> | Legislative | Includes adopting local laws, local planning schemes and policies. |
| <input type="checkbox"/> | Review | When Council reviews decisions made by Officers. |
| <input type="checkbox"/> | Quasi-Judicial | When Council determines an application/matter that directly affect a person's right and interests. The judicial character arises from the obligation to abide by the principles of natural justice. Examples of quasi-judicial authority include local planning applications, building licences, applications for other permits/licences (eg under Health Act, Dog Act or Local Laws) and other decisions that may be appealable to the State Administrative Tribunal. |

Purpose of report

To provide Council with relevant monthly financial information for the period ending 31 May 2022.

Summary and key issues

The following report includes a concise list of material variances and a Reconciliation of Net Current Assets for the month ending 31 May 2022.

Location

Not applicable.

Consultation

There has been no specific consultation undertaken in respect to this matter.

Strategic Community Plan implications

In accordance with the 2020 – 2040 Strategic Community Plan:

Goal 5: Responsible Belmont

Strategy: 5.2 Manage the City's assets and financial resources in a responsible manner and provide the best possible services for the community

Policy implications

There are no policy implications associated with this report.

Statutory environment

Section 6.4 of the *Local Government Act 1995* in conjunction with Regulations 34 (1) of the *Local Government (Financial Management) Regulations 1996* requires monthly financial reports to be presented to Council.

Regulation 34(1) requires a monthly Statement of Financial Activity reporting on revenue and expenditure.

Regulation 34(5) determines the mechanism required to ascertain the definition of material variances which are required to be reported to Council as part of the monthly report. It also requires Council to adopt a “percentage or value” for what it will consider to be material variances on an annual basis. Further clarification is provided in the Officer Comments section.

Background

The *Local Government (Financial Management) Regulations 1996* requires that financial statements are presented on a monthly basis to Council. Council has adopted 10% of the budgeted closing balance as the materiality threshold.

Officer comment

The Statutory Monthly Financial Report is to consist of a Statement of Financial Activity reporting on revenue and expenditure as set out in the Annual Budget. It is required to include:

- Annual budget estimates
- Budget estimates to the end of the reporting month
- Actual amounts to the end of the reporting month
- Material variances between comparable amounts
- Net current assets as at the end of the reporting month.

Previous amendments to the Regulations fundamentally changed the reporting structure which requires reporting of information consistent with the “cash” component of Council’s budget rather than being “accrual” based.

The monthly financial report is to be accompanied by:

- An explanation of the composition of the net current assets, less committed* and restricted** assets
 - An explanation of material variances***
 - Such other information as is considered relevant by the local government.
- *Revenue unspent but set aside under the annual budget for a specific purpose.

**Assets which are restricted by way of externally imposed conditions of use e.g. tied grants.

***Based on a materiality threshold of 10 percent.

In order to provide more details regarding significant variations as included in Attachment 12.8.1 the following summary is provided.
