5 Ordinary Council Meeting Agenda for meeting to be held on 23 April 2024

5.1 Agenda items for review

OCM Item 12.1

Council Policy - Tree Preservation Orders

Deputation Presentation

Nil.

Officer Presentation

Nil.

Notes from Forum

- There is no requirement for landowner consent to be obtained. The City will liaise with the landowner on receipt of an application and the landowner has a right of appeal to the State Administrative Tribunal.
- The costs of an appeal would be borne by the landowner.
- The landowner would be required to write to the City prior to any pruning, however minor. This is with the exception of:
 - Works urgently required and necessary to remove an immediate risk.
 - During a declared emergency.
- Until the Tree Preservation Order (TPO) is served, the landowner could remove the tree if they wish.
- Each application will be assessed on its merits. The application process could take approximately two months, taking into account that applications would be brought to Council for consideration.
- The City will pay the ongoing yearly arborists fees for inspection of trees that have been served a TPO.

OCM Item 12.1

Council Policy - Tree Preservation Orders

- The \$147 application fee has been benchmarked against the standard planning application fee. This will not cover all costs associated with officer time and would not be cost neutral.
- To make the fee cost neutral, it has been estimated that an application fee of \$4,146 would apply for cost recovery in accordance with the hourly rates for officers legislated in the *Planning and Development Regulations 2009*. It should be noted that this rate has not been reviewed by the State since 2013 and therefore these fees do not accurately reflect officer time in assessing TPO applications.
- The City would investigate the reasons for a tree dying and the death of the tree would ultimately result in the TPO being removed. The City would not be able to require the landowner to plant a replacement tree.

Further Information to be Provided

- The Coordinator Planning Projects undertook to investigate whether the policy could include a temporary protection order for a tree whilst the formal application is being assessed.

OCM Item 12.2

Draft Local Planning Policy No. 11 - Public Art Contribution

Deputation Presentation

Nil.

Officer Presentation

The Planning Officer provided a presentation which included the following:

- Overview
- Public Art Outcomes
- Policy Objectives
- Public Art Precincts
- Cash Contributions
- Contributions for Significant Developments
- Officer Recommendation
- Next Steps

OCM Item 12.2

Draft Local Planning Policy No. 11 - Public Art Contribution

(Refer Tabled Attachment 5.1.1 for further information).

Notes from Forum

- When a proposal is received through the Public Art Advisory Panel, it would be reasonable to require evidence of an artists' qualifications for cross-checking.
- If the public art is situated on private land, the landowner pays for maintenance. If on public land, the City pays for maintenance.
- Public Art proposals are assessed on their merits and in the context with where they are proposed. A broad range of aspects and considerations would be covered.
- Themes are generally covered in the Public Art Plan which is the more detailed Plan supporting the Local Planning Policy. The Public Art Plan is currently under review.
- In cases where the significant development costs above \$100m, a situation might arise where referencing the dollar value of the development may not be the best approach to use to achieve the necessary public art outcome on site. It is for the applicant to prove a strategic outcome based approach and it may not be much less than the 1%. This helps to ensure a more suitable outcome.
- The 10% reduction for entire cash contributions to the public art reserve aims to incentivise cash contributions to deliver more holistic greater quality outcomes which can be done in a range of ways under the Public Art Plan.
- Details on specific public art proposals are included in the Public Art Plan.

Further Information to be Provided

- The Coordinator Planning Projects undertook to investigate what would be an appropriate upper limit for the cash in lieu.
- The Coordinator Planning Projects undertook to advise Elected Members of the total amount of cash in lieu collected to date.
- The Coordinator Planning Projects undertook to advise Elected Members which art installations have been supplied using cash in lieu.

OCM Item 12.2

Draft Local Planning Policy No. 11 - Public Art Contribution

- The Coordinator Planning Projects undertook to circulate a copy of the current Public Art Plan, noting that it is currently under review.

Deputation Presentation

Nil.

Notes from Forum

- The City is responsible for the drainage at this site. This project will have a minimal impact on the City's ongoing maintenance costs.

OCM Item 12.5

Proposed Differential Rates for 2024-25

Deputation Presentation

Nil.

Officer Presentation

Nil.

Notes from Forum

- The Manager Safer Communities has confirmed the swimming pool levy is sufficient to cover the cost of the swimming pool inspector.
- There are no administration fees in relation to smooth rates.
- The smooth rates were modelled as part of the proposed 3.5% rate increase.
- The City believe smooth rates will provide a set of rate payers who may struggle to pay their rates the opportunity to make their rates' payments. By not charging administration fees or interest, ratepayers who may struggle to pay their rates in full will be further assisted. It is part of the commitment this Council has to its community.
- Residents who pay rates using the four instalment method do not pay any fees.

Notice of Motion (Cr Sessions) Policy Amendment - Elected Members Fees, Allowances and Support

Deputation Presentation

Nil.

Officer Presentation

Nil.

Notes from Forum

- The State Government has made a commitment to introduce legislation to pay Superannuation for Elected members but this has not yet been enacted.
- If we were to pay superannuation to Elected Members, the Elected Members need to be classified as employees under the Australian Taxation Act to be paid superannuation. The issue with converting Elected Members to be employees for the purpose of superannuation is that Elected Members may then be liable to pay fringe benefit tax on all the civic functions that Elected Members attend which will increase the cost of the scheme. The City does not currently pay fringe benefit tax for Elected Member attendance at these events as Elected Members are not employees. Following previous analysis by the City, it is clear that the City will be worse off by declaring Elected Members as employees.
