Notes from Forum

- Currently there are many on street car parking bays that are not occupied out of standard business hours. The Manager Planning Services expressed concern that this proposal would use over half of these. The usage of the on-street car parking bays need to be equitable to cater for all the businesses in the area.
- When the current economic climate improves and existing businesses increase their trade or additional businesses begin operating in this business precinct, the shortfall of 35 bays may become a major issue.
- Neighbouring properties may have a requirement in the future for the use of their onsite car parking bays that are currently not used out of standard business hours and should not be taken into consideration.
- If a reciprocal arrangement was to be made with neighbouring properties on the use of the car parking bays, a new application would be required.
- The City would not be required to provide any additional security if antisocial behaviour became an issue. Individual businesses would be responsible for the provision of security measures to combat behaviour such as opportunistic car crime.

Further Information to be Provided

- The Manager Planning Services undertook to contact the applicant for further information on whether educational classes will be provided during the week.
- The Manager Planning Services undertook to provide information on the impact of parking during the week.
- The Manager Planning Services undertook to provide information on how many car parking bays were approved for use by the Nations Church on Epsom Avenue when the Development Application was assessed.

- 7.16 pm Cr Davis departed the meeting.
7.22 pm Cr Davis returned to the meeting.
7.37 pm Cr Ryan departed the meeting.
7.38 pm Cr Ryan returned to the meeting.

OCM Item 12.3

Amendment No. 11 to Local Planning Scheme No. 15 – Omnibus Amendment

Deputation Presentation

Nil.

Officer Presentation

Nil.

Notes from Forum

- A Parcel of Land cannot be zoned under more than one Planning Scheme. As part of this amendment, the land parcels that were transferred from the City of Swan to the City of Belmont need to be amended in the two schemes concurrently. The City of Swan will provide further comment following presentation of their Scheme Amendment to their Council and it is formally endorsed. The Department of Planning confirmed the City of Belmont can proceed with this amendment.

OCM Item 12.3

Amendment No. 11 to Local Planning Scheme No. 15 – Omnibus Amendment

Item 12.3 Continued

OCM Item 12.4

Disposal of Interest in Land – Proposed Grant of Easement for Encroachment of Public Art – Lot 262 on Plan 26711 (16A) Tidewater Way, Ascot

Deputation Presentation

Ms S Carter, 3/10 Marina Drive, Ascot submitted a Deputation in opposition to the Officer Recommendation.

(Refer [Tabled Attachment 3](#) for further information).

Officer Presentation

The Coordinator Community Placemaking provided a presentation which included the following:

- Location Plan
- Aerial of Subject Site
- Proposed Artwork
- Draft Deposited Plan Depicting Easements and Removal of Drainage
- Advertising for Public Comment and Responses Received
- Officer's Comment
- New Concerns Raised by Submitter
- Conclusion

(Refer [Tabled Attachment 4](#) for further information).

Notes from Forum

- The installation of bollards has been recommended to provide an additional level of awareness to pedestrians, indicating that protrusions exist. The remaining available width on the boardwalk is sufficient for all users.
- It is a requirement that a standard footpath width is 1.5 – 2 metres in width. A principal shared (dual use) path has a requirement width of 3 metres. This proposal sufficiently meets these requirements, being an average of 3.5 metres. The boardwalk is considered dual use and will be accessible for scooters and wheelchairs.
- The City's existing footpath network standards require a minimum width of 1.5m - 2.0m being desirable, however in more public areas like parks and along the foreshore a width of 3.0m is recommended for dual use. The Boardwalk is considered dual use and with a minimum available width of 3.0m it meets the City's footpath standards.

OCM Item 12.4

OCM Item 13.2

Notice of Motion (Cr Sekulla) – Request for Reinstatement of Medicare Office within the City of Belmont

Deputation Presentation

Nil.

Officer Presentation

Nil.

Notes from Forum

- The Medicare office moved from its shop location within the Forum to a kiosk initially. It then moved out of the Forum during the refurbishment.
- It was not a consideration at the design stage of the Faulkner Civic Precinct Community Centre for a Medicare Office to be housed within the building. A Medicare facility would require a large footprint and the community building would not be a suitable location for this. There is insufficient space in the new Library for Medicare kiosks. The second floor of the building would not be a suitable location as access would be difficult.

OCM Item 13.2

Notice of Motion (Cr Sekulla) – Request for Reinstatement of Medicare Office within the City of Belmont

Item 13.2 Continued

Further Information to be Provided

- The Chief Executive Officer undertook to investigate the reasons behind Medicare's decision to move from the Forum.

7. MATTERS FOR WHICH THE MEETING MAY BE CLOSED

8. CLOSURE

There being no further business, the Presiding Member thanked everyone for their attendance and closed the meeting at 8.45 pm.
