Acknowledgement of Conditions of Application:

I/we acknowledge that it is my/our responsibility, prior to construction of the crossover, and at my/our cost to:-

1. Remove any redundant crossover and reinstate the verge and kerb.
2. Ensure that any concrete crossover is coloured to match the internal driveway or install a fully mountable kerb for a brick paved crossover.
3. Obtain the necessary approval from the City's Parks Technical Officer to remove/relocate and replace any street tree that may be in conflict with the proposed crossover i.e. required distance between the proposed crossover and the street tree is to be a minimum of 1.5 metres, and pay for all associated costs with such removal, relocation and replacement.
4. Obtain the necessary approval to construct a crossover from either the Commissioner of Main Roads should my property abut a road falling under the jurisdiction of Main Roads WA or the Western Australian Planning Commission should my property abut a Blue Road (as defined by the Metropolitan Region Plan).
5. Comply with the requirements detailed in the City of Belmont's Crossover General Requirements and Specifications.
