City of Belmont

Access For Everyone

Disability Access and Inclusion Committee

The City of Belmont is committed to ensuring that its community is accessible and inclusive for all residents, including those with disabilities, their families and carers.

As such, the City has established a Disability Access and Inclusion Advisory Committee (DAIAC) to advise on any improvements. The City also has in place a Disability Access and Inclusion Plan available in large print, electronic formats, audio or Braille which highlights the Council's commitment to improving equity for residents with special needs.

Should you wish to comment on the City's Disability Access and Inclusion Plan or provide direct feedback to Council about ways the City of Belmont can provide more accessible facilities and services, please contact the City's Manager of Community Development on 9477 7222 or email belmont@belmont.wa.gov.au.

Further information about the City's Disability Access and Inclusion Plan is available at www.belmont.wa.gov.au

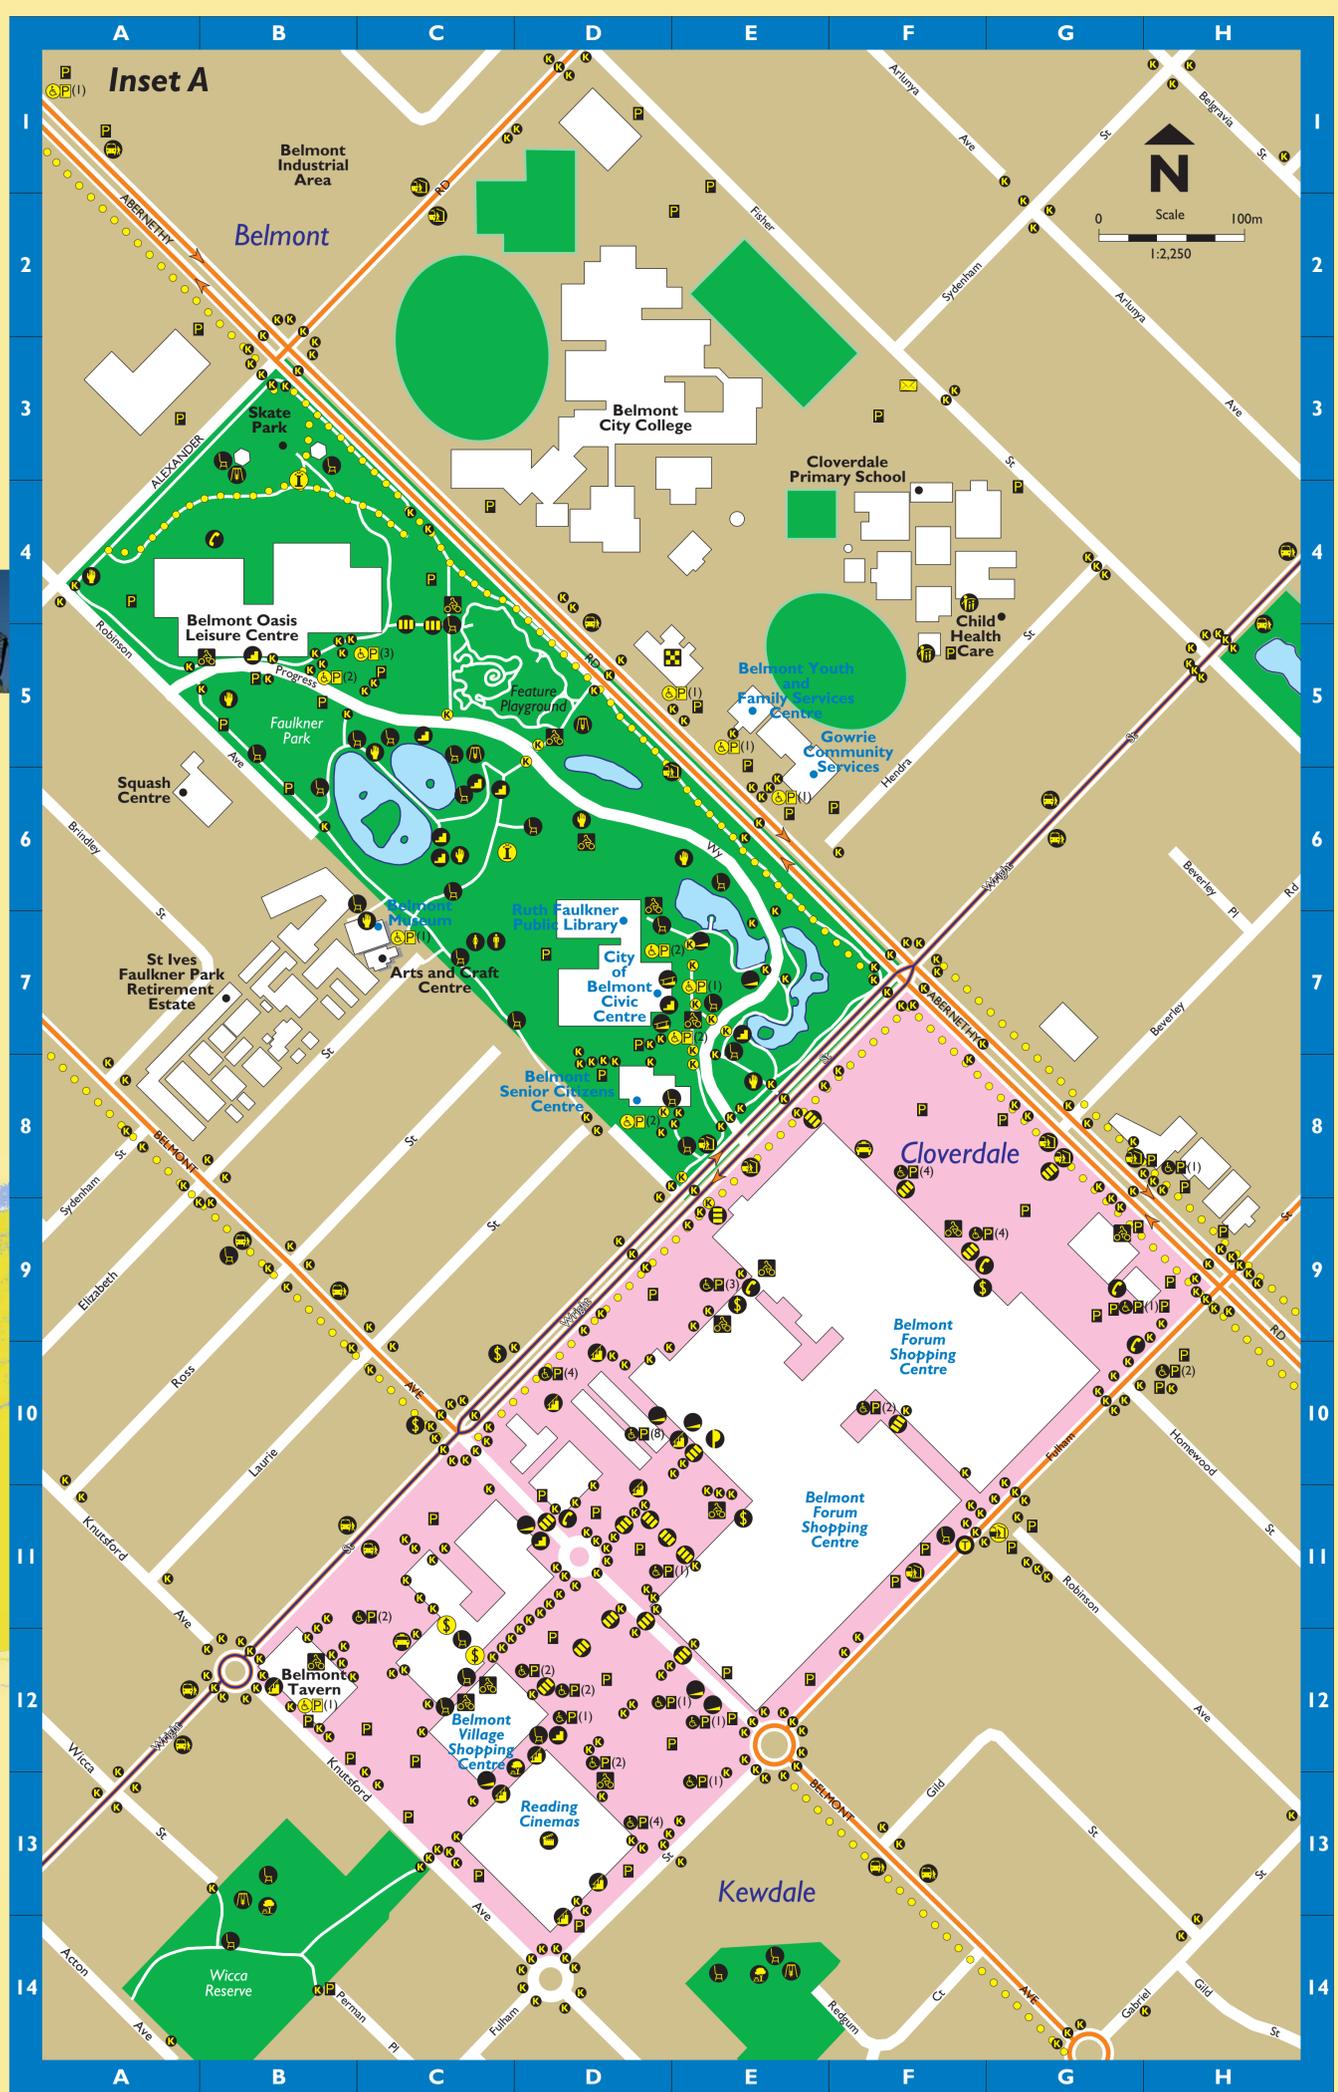

The information on this map is correct to the best of knowledge of the producers at the time of publication. Whilst all care has been taken, the Department for Planning and Infrastructure and the City of Belmont, accept no liability for any inconvenience, damage or injury whatsoever that may occur by reliance on this information.
