

47. DANGEROUS TREES

Policy Objective

To ensure the most appropriate and effective action is taken with regard to trees on private property in an unsafe condition.

Policy Statement

It is Council's view that in the interest of public safety and in accordance with the *Local Government Act 1995* the City will, where notified, play an active role in the management of potentially dangerous trees on private property.

Policy Detail

Where concern is raised with regard to the safety of a tree on private property, a City officer will, at the earliest opportunity, arrange for a qualified Arborist to conduct a visual inspection of the tree.

1. Where a visual inspection reveals a tree is a 'serious and immediate danger' and therefore requires immediate intervention, the City will as per Section 3.27(1) Schedule 3.2(7) of the *Local Government Act 1995*, take action to reduce the risk, with or without consent of the owner or occupier of the land.
 - a. Costs incurred by such action will be recovered as a debt from the property owner.
2. If the tree does not present a 'serious and immediate danger', however exceeds the QTRA risk tolerability threshold of 1/10 000 the Arborist will prepare a report and the City will issue a notice requiring the owner to reduce the risk.
 - a. The notice shall be issued under Section 3.25(1) Schedule 3.1(8) and (9) of the *Local Government Act 1995*, including the right to object/ appeal.
 - b. Where an owner is unable to comply with the Notice due to financial constraints, the City will offer to undertake the associated works, and offer the property owner the option of paying the City in instalments. Any property owner requesting payment terms will be recorded and managed by use of the "Arrangements to Pay" option, with a maximum term of up to 12 months.
 - c. If a property owner fails to comply, the City will, in accordance with Section 3.26(2) and (3) undertake the required works. Costs incurred by such action will be recovered as a debt from the property owner.
3. If the assessment identifies a low and tolerable risk, no further action is taken.

The City will advise the original complainant of the outcome of the inspection.

Where approval to remove the tree is required under any legislation, including but not limited to the *Environmental Protection (Clearing of Native Vegetation) Regulations 2004 (WA)* or the *Environmental Protection and Biodiversity Conservation Act 1999 (Cwth)*, the City will either;

1. obtain the required approval; or
2. provide information in the notice issued to the owner or occupier advising them of the legislative requirement and request a copy of the approval once obtained

QTRA: Quantified Tree Risk Assessment Version 5

Reference to Internal Procedure

PM - Parks - Dangerous Tree Removal
Register of Delegations: DA – Powers of Entry

Definitions

Serious and immediate danger – defined as: a tree assessed by a qualified Arborist using QTRA methodology as presenting an unacceptable risk of significant harm requiring immediate action.

Low and tolerable risk – defined as: A QTRA qualified arborist assessed a tree at an elevated but not unacceptable risk.

And where the tolerability of the risk depends on the costs and benefits of risk reduction. (Whether the benefits of risk control are sufficient to justify their cost).

Monitoring, Evaluation and Review

This policy has been risk assessed as Low.

The policy will be reviewed every two years.

THIS POLICY IS SUPPORTED BY:

REGISTER OF DELEGATIONS DA – POWERS OF ENTRY
 SERVICE AREA: INFRASTRUCTURE SERVICES
 POLICY OWNER: MANAGER PARKS, LEISURE AND ENVIRONMENT
