

Profile (as it will appear in the election materials)

DAVIS, Jenny

DAVIS, Jenny is eligible to stand for election as a resident of the City of Belmont.

As your Councillor of 6 years, I have ensured sensible budgeting to help with cost-of-living pressures whilst delivering on my pledges. I introduced community night markets, stopped development on environmentally sensitive areas, kept rates below CPI, delivered free events, discounts for seniors, provided grants for sporting clubs and organisations and increased ranger/security services.

If you elect me as your first directly elected Mayor, I will:

Provide vital leadership for Council.

Make community safety my number one priority.

Propose free maximum-security locks to stop mail theft.

Provide safer roads and intersections along Abernethy, Stanton, Lyall, Fulham, Kooyong & Francisco.

Complete the re-vitalisation of the Belvidere St & Kooyong Rd shops.

Extend our vital tree canopy and complete the Ascot kiln community site.

I will ensure good governance and fiscal management to help keep the cost of Council services to a minimum and ensure a better lifestyle for you and your family.
