

All food handlers need to have skills and knowledge in food safety

FoodSafe® Online is a Food Handler Training Program for individuals. This is a fully online course with training videos and questions. A certificate is available for download once the course has been completed.

The City has provided a voucher code which allows food handlers and residents within the City of Belmont to purchase this training for FREE.

To access the training, follow these steps:

1. Visit <https://www.ehawa.org.au/events/category/food-safe-online-43>
2. Select *FoodSafe Online*
3. Select *Submit* (don't worry about the price showing as \$35, this will be waived later in the process)
4. Enter your details, then select *Next*
5. Select *Complete Order* (don't worry about the price showing as \$35, this will be waived later in the process)
6. Enter the billing details (no fee will be charged) then select *Next: Shipping Method*
7. Beside *Redeem Online Voucher*, enter the discount voucher **FSBELMO313** (don't worry about the price showing as \$35.00. Please make sure you have not copied any spaces)
8. Select *Next: Payment Details*
9. The total price of the training will change to \$0.00
10. Select *Submit Order*
11. Instructions will be sent to your email address. Follow the link to access the course.

12. Select *Sign-in with Environmental Health*
13. Select *Click to enter this course*
14. Select *Enrol me*
15. Follow the instructions to begin and complete the course

A printable certificate will be provided when the course is successfully completed. Please keep this certificate for your records.

The FoodSafe® Online Food Handler Training Program will help you to understand and implement:
