Mr W Loh
Mr S Downing
Mr M Murphy
Ms D Dabala
Ms L Chaplyn (dep. 8.26pm)
Mrs J Cherry-Murphy
Ms M Phillips

Acting Chief Executive Officer Director Corporate and Governance Director Infrastructure Services Manager Governance and Legal Coordinator Media and Communications Coordinator Governance Senior Governance Officer IT Support Officer

Members of the gallery

There were 11 members of the public in the gallery and no press representatives.

1 Official Opening

6.30pm The Presiding Member welcomed all those in attendance and declared the meeting open.

The Presiding Member read aloud the Acknowledgement of Country.

Acknowledgement of Country

Before I begin, I would like to acknowledge the Whadjuk Noongar people as the Traditional Owners of this land and pay my respects to Elders past, present and emerging.

I further acknowledge their cultural heritage, beliefs, connection and relationship with this land which continues today.

The Presiding Member invited Cr Sessions to read aloud the Affirmation of Civic Duty and Responsibility on behalf of Councillors and Officers. Cr Sessions read aloud the affirmation.

Affirmation of Civic Duty and Responsibility

I make this affirmation in good faith and declare that I will duly, faithfully, honestly, and with integrity fulfil the duties of my office for all the people in the City of Belmont according to the best of my judgement and ability.

I will observe the City's Code of Conduct and Standing Orders to ensure efficient, effective and orderly decision making within this forum.

2 Apologies and leave of absence

Cr Vijay (leave of absence) Central Ward

Mr J Christie (apology) Chief Executive Officer

3 Declarations of interest that might cause a conflict

3.1 Financial Interests

Name	Item No and Title	Nature of Interest (and extent, where appropriate)
All Councillors present	13.2.1 – Notice of Motion – Elected Members Training & Professional Development Budget	Financial Interest As required by Section 5.69(3) of the <i>Local</i> <i>Government Act 1995 (WA)</i> , all Elected Members have received approval from the Minister to fully participate in the discus- sion and decision making in relation to Agenda Item 13.2.1.

3.2 Disclosure of interest that may affect impartiality

Name	Item No and Title	Nature of Interest (and extent, where appropriate)
Cr Sessions	12.1 – Local Planning Policy No. 19 – Short Term Rental Accommodation	I live within the proposed locational zone for the STRA.
Cr Marks	12.1 – Local Planning Policy No. 19 – Short Term Rental Accommodation	I live in the area.

Cr Kulczycki	12.1 – Local Planning Policy No. 19 – Short Term Rental Accommodation	I am familiar with some of the parties who made contributions outlined in the Confidential Attachment 12.1.2 Schedule of Submissions.
Cr Sessions	12.2 – Petition – Community Centre Tennis Courts – Wilson Park	 In June 2023 I put an Alternative Motion to Council which requested the CEO include tennis courts as part of the Wilson Park re-development. In 2020 (prior to being elected) I started a Facebook page called, Wilson Park Upgrade. I still manage that page.
Cr Kulczycki	13.2.1 – Notice of Motion – Elected Members Training & Professional Development Budget	I authored a letter to the editor of the Southern Gazette (Belmont edition), which was published on 6 November 2018. In the letter, I supported professional development for Councillors.

4 Announcements by the Presiding Member (without discussion) and declarations by Members

4.1 Announcements

Nil.

4.2 Disclaimer

6.35pm The Presiding Member drew the public gallery's attention to the Disclaimer.

The Presiding Member advised the following:

'I wish to draw attention to the Disclaimer Notice contained within the Agenda document and advise members of the public that any decisions made at the meeting tonight can be revoked, pursuant to the *Local Government Act 1995 (WA).*

Therefore members of the public should not rely on any decisions until formal notification in writing by Council has been received.'

4.3 Declarations by Members who have not given due consideration to all matters contained in the business papers presently before the meeting

Nil.

5 Public question time

5.1 Responses to questions taken on notice

5.1.1 Mr M Cardozo, Redcliffe

The following question was taken on notice at the 25 June 2024 Ordinary Council Meeting. Mr Cardozo was provided with a response on 11 July 2024. The response from the City is recorded accordingly:

3. Can the City please publish the latest five year to December 2023 Main Roads WA crash data for Stanton, Lyall, Bulong and First Street?

Response

Please refer to Attachment 5.1.1.1, Attachment 5.1.1.2, Attachment 5.1.1.3, Attachment 5.1.1.4.

5.1.2 Mr J Harris, Cloverdale

The following question was taken on notice at the 25 June 2024 Ordinary Council Meeting. Mr Harris was provided with a response on 10 July 2024. The response from the City is recorded accordingly:

4. In both the Strategic Community Plan and the Corporate Business Plan, there are no real performance measures to judge our success, only a goal to keep good scores in the annual community survey. Why have we produced plans containing no objective measures of our success?

Response

The Strategic Community Plan (SCP) and Corporate Business Plan (CBP) have been prepared by the City according to the requirements of the Local Government Act 1995 (WA) and Local Government (Administration) Regulations 1996 (WA). The City's SCP and CBP are also consistent with established strategic document practices within the local government sector and were prepared with advice and guidance from an external consultant with significant experience in the field.

5.1.3 Ms L Hollands, Redcliffe

The following questions were taken on notice at the 25 June 2024 Ordinary Council Meeting. Ms Hollands was provided with a response on 11 July 2024. The response from the City is recorded accordingly:

1. Due to the potential fire risk, how many electric vehicles and chargers does the City have and was a risk assessment done before installation, is the risk assessment a public document?

Response

There are six electric vehicle chargers in Belmont Hub, currently the City does not own any electric vehicles.

An electrical safety in design report containing a risk assessment was completed as part of the contract for the build, though it does not mention the EV chargers specifically, it covers all the electrical installations in the building.

The EV chargers located within the basement are directly beneath the automatic fire suppression system and the chargers are subject to quarterly planned preventative maintenance inspections.

2. I have spoken about this before, the City forcing people to use online booking systems. Is the Chief Executive Officer prepared to instruct staff to actively promote people coming into the office or phoning the City on all advertising material which already advertises the online way of doing things?

Response

Yes. The City actively promotes people contacting staff if they have difficultly accessing online systems.

3. Council is voting on the budget tonight, which includes \$220,000 for hanging baskets, of that cost can you advise what the financial component for any installation of poles or equipment for the systems that allows the gravity feed as opposed to the costs of the baskets, plants and staff time to do it?

Response

There are no additional poles being installed. The hanging baskets are attached to existing structures using a mounting bracket, the cost of these brackets is \$35,280.

5.1.4 Ms L Hollands on behalf of Belmont Resident and Ratepayer Action Group

The following questions were taken on notice at the 25 June 2024 Ordinary Council Meeting. Ms Hollands was provided with a response on 10 July 2024. The response from the City is recorded accordingly:

3. Under the Local Government Act 1995 (WA), what role does the Local Government have in an election and is there a section of the Local Government Act 1995 (WA) that allows for a Local Government to issue any directives to a returning officer which are expected to be implemented and if so, can you provide what section of the Act would allow this?

Response

Local Government Elections and election processes are set out in Part 4 of the *Local Government Act 1995 (WA)* and the *Local Government (Election) Regulations 1997 (WA).* The role(s) of a local government authority in elections is set out in Part 4 of the Local Government Act. The Act makes no provision for a Local Government to issue directives to a returning officer appointed by the Electoral Commission. The functions of the Electoral Commission under the Act are set out at section 4.24. The functions of a Returning Officer are set out at section 4.23 of the Act.

5.1.5 Mr L Rosolin, Belmont

The following question was taken on notice at the 25 June 2024 Ordinary Council Meeting. Mr Rosolin was provided with a response on 11 July 2024. The response from the City is recorded accordingly:

2. Why was it not done properly in the first place?

Response

The contractor made an error while laying the 30mm thick red asphalt in Bulong Ave by tapering the leading edge diminishing its effect. The contractor was asked to return to rectify the error at their own cost.

5.1.6 Mr M Russell, Cloverdale

The following questions were taken on notice at the 25 June 2024 Ordinary Council Meeting. Mr Russell was provided with a response on 11 July 2024. The response from the City is recorded accordingly:

2. Consultation for the Arts and Culture Strategy was completed in June last year, can you provide an update on when the strategy will be released?

Response

The Arts and Culture Strategy will be finalised in the 2024-25 financial year. This is reflected in the City of Belmont's Corporate Business Plan 2024-2028 endorsed by Council at the 25 June 2024 Ordinary Council Meeting.

3. During the consultation for the Strategic Community Plan, it was discussed that projects could be prioritised and updates given with a traffic like style reporting system, will we see this occur?

Response

As yet, the City has not made any decision as to whether it will implement this type of reporting system.

5.2 Questions from members of the public

6.36pm The Presiding Member drew the public gallery's attention to the rules of Public Question Time as written in the Public Question Time Form.

In accordance with rule (I), the Mayor advised that he had registered eight members of the public who had given prior notice to ask questions.

The Presiding Member invited members of the public who had yet to register their interest to ask a question to do so. One further registration was forthcoming.

5.2.1 Ms L Hollands on behalf of Belmont Resident and Ratepayer Action Group

1. What reason under the Local Government Act 5.23(2) could the confidential attachment for item 12.1 not be seen by the public?

Response

The Director Corporate and Governance stated that the question would be taken on notice.

2. At last month's Council Meeting following the election we had the swearing in of Cr Powell, once sworn in she was handed a pile of paperwork. How could any reasonable person think that 10 minutes is enough time to read and digest what she was expected to vote on during the meeting?

Response

The Director Corporate and Governance stated that sufficient time was granted to Cr Powell to read the papers, although she was given 10 minutes, the Director is sure that the Mayor would have allowed a lot more time if Cr Powell requested it. Cr Powell did not request it and Cr Powell did participate in the discussions following reading the papers.

3. Why did you not do a swearing in ceremony the day before, why was she not given the same opportunities as past newly elected councillors?

Response

The Acting Chief Executive Officer stated that the swearing in ceremony was on the day, Cr Powell had the chance to familiarise herself with the agenda material and was comfortable to participate in the meeting. 4. The motion that was resolved at last month's Ordinary Council Meeting makes no reference to consultation, only a letter explaining points one and two. Who made the decision to undertake public consultation and where was this voted on by Councillors, if it was not voted on does this mean our administration are making decisions to do things that are not part of the motion, if this is the case, please provide which delegated authority allows for this to happen?

Response

The Acting Chief Executive Officer stated that it was a resolution of Council. Officers proceeded with implementing the resolution of Council including the consultation associated with it.

5. Where is consultation found in the resolution?

Response

The Acting Chief Executive Officer stated that the question would be taken on notice.

5.2.2 Ms L Hollands, Redcliffe

1. Can I have a breakdown of the cost of the airfares, insurances, accommodation and meals for the delegation of six that went to Adachi which included Mayor Rossi and Cr Sekulla?

Response

The Acting Chief Executive Officer stated that the question would be taken on notice.

2. In regard to item 13.2.1, according to the report the training allowances have not been increased since 2007. Could you provide what page it states that? Back in 2007 Councillors were more like volunteers and they mainly got a meal and some reimbursements for phone and miles, now the tribunal set the Councillor remunerations in excess of \$30,000 plus other benefits, on what page does it state the amount the amount Councillors use to get paid back in 2007 to put it into perspective?

Response

The Director Corporate and Governance stated that SAT have been setting fees for Elected Members for a long time, certainly in 2007 they were setting fees. The report stands on its merits, there has been no increase since 2007 and the inference that Elected Members were volunteers in 2007 is incorrect. 3. Does the Mayor think that Elected Members have considered how this might look to the residents, that they could potentially vote to increase the benefits for themselves once again?

Response The Mayor stated that Council will decide tonight.

5.2.3 Ms B Scharfenstein, Redcliffe

1. Why has the City chosen to concentrate all its traffic calming attention into Stanton and Second, that being only one segment of the rat running routes rather than distributing the traffic calming measure more evenly and equitably across the roads that make up the full rat running routes? What is the City's rationale around the focus on the final portion of the rat running and wouldn't placing the LCURS at the start of the rat running be the more effective deterrent?

Response

The Director Infrastructure Services stated that the Redcliffe Area Traffic Study is holistic across the Redcliffe area and considers all feedback from the community and all potential options for traffic calming across the area. It is not just focused on Stanton Road and Second Street.

2. Why has the City not progressed the extension of Central Avenue to Great Eastern Highway, why would it not attempt to do so as an alternative solution to helping to reduce traffic volume on Second and Stanton?

Response

The Director Infrastructure Services stated that the Redcliffe Area Traffic Study is ongoing and feedback can be provided in the traffic study. The independent consultant can look at that. The City is meeting with the Department of Planning, Lands and Heritage (DPLH) next week as part of the consultation for the traffic study and these matters are ones the City can discuss with them.

3. Why has there been such a significant delay in progressing DA6, in particular in relation to the upgrade of the internal road network and has the City considered approaching the Minister directly rather than through DPLH?

Response

The Acting Chief Executive Officer stated that the City did prepare a vision plan and progressed an Activity Centre Precinct Plan for the area. The Department at the time did not give City consent to advertise and progress the plan and through conversations with the Minister and the Department it was decided that the Department would progress an

Improvement Scheme for the precinct. This is in progress at the moment, City officers are in continual contact with the Department to progress the plan. With regard to the road network associated with it, it is appropriate that once the design for the precinct is finalised the modifications of the road network can proceed with more certainty.

4. Is there any indication of how much longer this will take, it has been 11 years, and nothing has happened, the Council has potentially lost \$15M in gross ratable value, has the City done anything to recoup that from the State Government?

Response

The Acting Chief Executive Officer stated that the Department had intended to advertise draft plans previously. That has not occurred as there have be some complexities that they are working through. As soon as that information is available, the City will be presenting that for advertising and will go through the process of adopting the improvement scheme.

5.2.4 Mr T Whiting, Redcliffe

1. The City of Belmont refused to listen to the residents when they objected to the closure of Brearley Avenue, are they going to listen now with regard to the volume of airport generated rat running traffic in the East Ward residential streets?

Response

The Acting Chief Executive Officer stated that the question would be taken on notice.

5.2.5 Mr M Cardozo, Redcliffe

1. Will there be a community engagement process for the Abernethy Traffic Study to gather resident feedback, similar to the Redcliffe Traffic Study? If not, why?

Response

The Director Infrastructure Services stated that the question would be taken on notice.

 Durban Street and Epsom Avenue share a strong interconnection with Stanton Road, and their traffic flow in terms of access and egress for Airport T3/T4 is directly linked to traffic volumes and the desire to use Stanton. What instructions have been provided to the traffic experts regarding the inclusion of these two important roads in the Redcliffe Traffic Study?

Response

The Director Infrastructure Services stated that on the City's website those streets are included. The City has quite a lot of data in relation to traffic movement from Durban into and out of the area, these streets will be included in the study.

3. With the knowledge of a planned expansion to T3/T4 in mind, does the City believe traffic volumes to and from T3/T4 will increase, decrease or stay the same over the coming years?

Response

The Director Infrastructure Services stated that the City met with Perth Airport representatives this week and there will be ongoing meetings with them. The information they provide the City will feed into the traffic modelling and it will be the independent experts who come up with the answer to that question.

4. Many Local Governments recognise the importance of incorporating planning expertise in the design of a traffic management strategy. Can we ask the Director what role the planning team is playing in assisting the Council's decision-making following the City's receipt of the Redcliffe Traffic Study report?

Response

The Acting Chief Executive Officer stated that the City's planning team work closely with Infrastructure Services to provide information on land uses and prospective development under the Local Planning Scheme and that is used by the consultants to model the traffic generation to inform the traffic study.

5.2.6 Mr M Cardozo on behalf of Belmont East Ward Connect

1. T3/T4 airport traffic uses Stanton to and from Great Eastern Highway because it is quicker. Given the substantial ratepayer investment in traffic experts and the expectation of transparency in the decision-making process, can we request a simple comparative table from the traffic experts showing the resultant time delay impact of each traffic model, is this something the City could request of the experts?
Response

The Director Infrastructure Services stated that the question would be taken on notice.

2. The Redcliffe Traffic Study is a \$60,000 allocation of ratepayer money, and the outcome, particularly the process, is of significant public interest. Can we expect that the entire Redcliffe Traffic Study report, including all findings, modelling, and recommendations, will be made publicly available to the community?

Response

The Director Infrastructure Services stated that is the intention, there may be some information that is of commercial sensitivity that may be redacted. Other than that, the City does not have a problem sharing that information.

3. Will the feedback from the online survey, online pin map, and in-person drop-in sessions be shared with the community in full within the Redcliffe Traffic Study report? If not, how does the City intend to share the resident feedback with the community?

Response

The Director Infrastructure Services stated that information will be shared on the website, the City will summarise that information and prepare an engagement report that will go to the consultant and ultimately come back to Council.

4. Can the City please clarify what the phrase "until the findings of the Redcliffe Area Traffic Study are endorsed by Council" means, specifically, can the Stanton LCURS project re-commence independently and upon endorsement of the simple receipt of the findings of Redcliffe Traffic Study, prior to any public scrutiny of the findings?

Response

The Director Infrastructure Services stated that the question would be taken on notice.

5.2.7 Ms D Ransome, Ascot

1. In relation to the Great Eastern Highway Urban Corridor Strategy, it does not mention heritage landmarks, except for the Belmont Primary School which will only be eligible for a landmark site if the school is moved to make way for a larger population catchment, can you please give me a definition of what larger population catchment means?

Response

The Acting Chief Executive Officer stated that the question would be taken on notice.

2. Will the category one heritage property at 517 Great Eastern Highway be retained as part of any future planning policy?

Response

The Acting Chief Executive Officer stated that retention or the treatment of any heritage listed property, whether it is on the City's heritage inventory or heritage list, is treated in accordance with the management category and management requirements of the City's list.

5.2.8 Mr J Harris, Cloverdale

1. Can the Livestreaming Policy be amended to include the livestreaming of Agenda Briefing Forums?

Response

The Director Corporate and Governance stated that the policy is in line with the determination from the State Government which is to broadcast Council Meetings only.

2. The timeline for the Redcliffe traffic study mailed to residents states that once recommendations are considered and endorsed, projects will be considered for budgeting in early 2025, is that only for new projects arising from the study or would that apply for the already designed Stanton LCRUS project?

Response

The Director Infrastructure Services stated that the Stanton Road project is currently designed and ready to go. If there are changes to the current design, it would have to be amended.

3. Can the City please publish the instructions provided for the Redcliffe Traffic Study, specifically what scenarios will be modelled and what questions are intended to be answered in the study process?

Response

The Director Infrastructure Services stated that the question would be taken on notice.

5.2.9 Mr L Rosolin, Belmont

1. Will the stop signs be changed to give way signs, and can the bitumen be fixed on First Street?

Response

The Director Infrastructure Services stated that there has been a lot of consultation between the Manager Works and Mr Rosolin and these questions have already been answered.

2. Who pays when contractors go back and do the job twice?

Response

The Director Infrastructure Services stated that the only change that was made at First and Bulong was the asphalt raised platform at the junction, that was incorrect. It was a contractor's error and that was repaired by them at their cost. The signs were installed by Main Roads and are a requirement. There was no additional cost to the City for this work.

3. Why does the City never say sorry?

Response

The Acting Chief Executive Officer stated that he was not sure what warrants an apology. The City are happy to answer questions during public question time.

4. Has Council discussed the matter of the which library books should be put on display?

Response

The Acting Chief Executive Officer stated that the Chief Executive Officer provided a response to Mr Rosolin at the last month's meeting. The response included the avenues to request a review of the book of concern. There is nothing further for Council to discuss.

The Director Corporate and Governance stated that this is not a matter for discussion at Council as it is an operational matter, it is reserved for the Chief Executive Officer. The Mayor forwarded the letter from Mr Rosolin to the Chief Executive Officer to deal with.

7.19pm Powell moved, Marks seconded, that Public Question Time be extended.

Carried 8 votes to 0

For: Davis, Kulczycki, Marks, Powell, Rossi, Ryan, Sekulla and Sessions

Against: Nil

5. What criteria do the librarians use to pick the books that are put on display if library material may not be rejected due to moral, political, racial or religious grounds?

Response

The Acting Chief Executive Officer stated that procurement of materials and services are governed by professional consideration and not political, moral or religious views. The City wants to provide a space for everyone to belong and materials that reflect the City's diverse community. The public library collections cover a wide range of popular topics, express a variety of viewpoints and cultural understandings that represent the diversity of people, places, events, issues and ideas. That is what the collection criteria is based on.

The Ruth Faulkner library is a registered public library under the Library Board of Western Australian Act 1951 and the City is governed by the Act. The City does not promote or discourage particular viewpoints and does not censor material although the library does abide by Federal and State Government directives on banned or restricted material.

7.24pm As there were no further questions, the Presiding Member declared Public Question Time closed.

6 Confirmation of Minutes/receipt of Matrix

6.1 Matrix for the Agenda Briefing Forum held 16 July 2024

Officer Recommendation

Powell moved, Sessions seconded

That the Matrix of the Agenda Briefing Forum held on 16 July 2024, as printed and circulated to all Councillors, be received and noted.

Carried Unanimously 8 votes to 0

For: Davis, Kulczycki, Marks, Powell, Rossi, Ryan, Sekulla and Sessions

Against: Nil

6.2 Ordinary Council Meeting held 25 June 2024

Officer Recommendation

Sekulla moved, Kulczycki seconded

That the Minutes of the Ordinary Council Meeting held on 25 June 2024, as printed and circulated to all Councillors, be confirmed as a true and accurate record.

Carried Unanimously 8 votes to 0

For: Davis, Kulczycki, Marks, Powell, Rossi, Ryan, Sekulla and Sessions

Against: Nil

Officer Recommendation

Sessions moved, Davis seconded

The Officer Recommendations for Items 12.3 and 12.4 be adopted en bloc.

Carried Unanimously 8 votes to 0

For: Davis, Kulczycki, Marks, Powell, Rossi, Ryan, Sekulla and Sessions

Against: Nil

Cr Sessions, Cr Marks and Cr Kulczycki disclosed at Item 3 of the Agenda "Disclosure of Interest" an Impartiality Interest in the following item in accordance with Regulation 22 of the *Local Government (Model Code of Conduct) Regulations 2021*.

12.1 Local Planning Policy No. 19 – Short-term rental accommodation

Voting Requirement Subject Index Location/Property Index Application Index	:	Simple Majority LPP15/019 N/A N/A Nil
Disclosure of any Interest Previous Items		27 February 2024 Ordinary Council Meeting –
		Item 12.2
Applicant	:	City of Belmont
Owner	:	N/A
Responsible Division	:	Development and Communities

Council role

Legislative Includes adopting local laws, local planning schemes and policies.

Purpose of report

For Council to consider draft Local Planning Policy No 19 – Short-term Rental Accommodation (LPP 19) for final adoption following public advertising.

Summary and key issues

- Short-term Rental Accommodation (STRA) refers to holiday homes, units, or apartments available for short-term stay, typically facilitated through online platforms or management agents.
- Short-term Rental Accommodation includes both 'hosted' options, where a permanent resident is present, and 'unhosted' arrangements, offering guests exclusive use of the entire property.
- Short-term Rental Accommodation does not include traditional tourist accommodation such as hotels, motels, and caravan parks.

- Draft LPP 19 was prepared to set out the criteria for assessing STRA applications.
- Council adopted draft LPP 19 for public advertising at the Ordinary Council Meeting on 27 February 2024.
- Draft LPP 19 was advertised from 21 March 2024 to 21 April 2024 (31 days) and received 33 submissions.
- The submissions have been reviewed and the following key modifications have been made to the LPP 19:
 - The inclusion of a provision guiding the location of STRA.
 - Additional circumstances where STRA won't be supported.
 - Clarification on strata developments, number of guests, and periods of quiet time.
 - Additional clarification regarding the keeper/host definition.
- It is recommended that Council adopt the modified draft LPP 19 contained at Attachment 12.1.1.

Officer Recommendation

That Council:

- 1. Adopt the modified draft Local Planning Policy No 19 Short-term Rental Accommodation contained at Attachment 12.1.1 in accordance with Schedule 2, Part 2, Clause 4 of the *Planning and Development (Local Planning Schemes) Regulations 2015 (WA).*
- 2. Direct the Chief Executive Officer to:
 - a. Notify those who made a submission of Council's resolution.
 - b. Publish the adopted Local Planning Policy No. 19 on the City's website.

Note:

Cr Sessions put forward the following Alternative Motion.

Alternative Councillor Motion

Sessions moved, Kulczycki seconded

That Council:

- 1. Adopt the modified draft Local Planning Policy No 19 Short-term Rental Accommodation contained at Attachment 12.1.1 in accordance with Schedule 2, Part 2, Clause 4 of the *Planning and Development (Local Planning Schemes) Regulations 2015 (WA)* subject to the following modification:
 - a. Inserting the following provision under 8.5 Instances in which STRA will not be supported:
 - "e. Within 400m of a school."
- 2. Direct the Chief Executive Officer to:
 - a. Notify those who made a submission on the draft Local Planning Policy No 19 - Short-term Rental Accommodation.
 - b. Publish the adopted Local Planning Policy No. 19 on the City's website.

Carried 7 votes to 1

For: Davis, Kulczycki, Marks, Powell, Ryan, Sekulla and Sessions

Against: Rossi

<u>Reason</u>

- To protect long-term housing supply within walking distance of schools.
- The 400m distance aligns with the established walkable catchment principle within the WA planning framework.

Location

This draft LPP 19 applies to all development applications for (STRA) land uses within the City of Belmont local government area.

Consultation

Draft LPP 19 was advertised from 21 March 2024 to 21 April 2024 (31 days), by way of:

- A public notice being displayed in the Perth Now newspaper on 21 March 2024.
- Displaying a public notice and information on the City's website.
- Including information on Belmont Connect.
- Sending letters to the following stakeholders:
 - Approved short-term rental accommodation operators.
 - Those who have previously applied for, made a submission, or expressed an interest in short-term rental accommodation development applications.
 - Hotel operators within the City of Belmont.
 - The Australian Hotels Association.
 - Perth Airport.
- Information within Issue 2 of the Belmont Bulletin which was delivered to residents from 8 April 2024.

The City received 33 submissions during the advertising period. The key points raised in the submissions relate to:

- Appropriate locations for STRA, such as along Great Eastern Highway (GEH), near Perth CBD and public transport routes.
- The impact of STRA on the supply of long-term housing and affordability.
- Amenity impacts associated with STRA including behaviour, noise, rubbish and security issues, particularly within apartment buildings.
- Vandalism and overuse of common areas in multiple dwellings.

The Report section discusses these key points further.

Whilst the above points reflect the key themes raised in multiple submissions, one submission suggested STRA should be allowed everywhere, citing economic benefit for local businesses, and that the impact of STRA on the housing market is minimal. Another submission expressed concerns about excessive regulations, for the reason that these can be difficult for people to follow.

Confidential Attachment 12.1.2 contains a summary of all the submissions and the associated officer responses.

Strategic Community Plan implications

In accordance with the 2020–2040 Strategic Community Plan:

Key Performance Area: Place

Outcome: 6. Sustainable population growth with responsible urban planning.

Policy implications

Draft Local Planning Policy No. 19

Should Council adopt LPP 19, this Policy will guide the assessment of future applications for STRA uses.

Statutory environment

Planning and Development (Local Planning Schemes) Regulations 2015 (WA)

Clause 4 of the *Planning and Development (Local Planning Schemes) Regulations 2015 (WA)* (LPS Regulations) outlines the procedure for making a local planning policy.

City of Belmont Local Planning Scheme No. 15

Local Planning Scheme No. 15 (LPS 15) contains the following general definition for 'Short-term Accommodation':

"Means temporary accommodation provided either continuously or from time to time with no guest accommodated for periods totalling more than 3 months in any 12-month period."

Local Planning Scheme No. 15 also defines various STRA land uses and their permissibility through the Zoning Table. Attachment 12.1.3 contains an extract of these uses from LPS 15. If a particular land use is not listed in the table, it is considered a 'Use Not Listed' and is advertised accordingly as part of the decision-making process.

Background

Parliamentary Inquiry

The State Government initiated a Parliamentary Inquiry into short-stay accommodation in Western Australia (WA) in 2019. This Inquiry focused on how residential dwellings are substantially increasing in use for STRA and competing with traditional tourist accommodation. In response to the findings and recommendations of the Inquiry, the State Government released a Position Statement, associated Guidelines, and a Registration Scheme in November 2023.

State Position Statement and Guidelines

The State's Position Statement and Guidelines serve as a guide for the appropriate location and management of tourism and STRA land uses within WA's planning framework. 'Tourist accommodation' in the Position Statement includes traditional options like cabins, chalets, caravan parks, hotels, motels, and tourist developments.

Short-term Rental Accommodation includes single houses, grouped dwellings (units), or multiple dwellings (apartments) available for short leasing periods, often booked through online platforms or management agents. Short-term Rental Accommodation is either hosted, where a permanent resident is present, or unhosted, where guests have exclusive use of the entire property.

The Position Statement and Guidelines encourage local governments to assess how STRA affects long-term housing supply. They also outline important factors for placing these accommodations outside of designated 'Tourism' zones. These considerations include:

- Proximity to tourist amenity and attractions.
- Access to public transport.
- Locations that minimise impacts on the surrounding environment.

The Position Statement also provides for the preparation of a local planning policy to address the following matters:

- Locational criteria.
- Car parking.
- Waste management.
- Preparation and approval of a management plan.

- Managing potential noise and nuisance.
- Time limited approvals (i.e. 12 months in the first instance).

Short-term Rental Accommodation Register

In July 2024, the State Government will be launching a new registration system to improve STRA management. All STRA properties must be registered by 1 January 2025. However, STRA providers have until 1 January 2026, to demonstrate compliance with local planning requirements, to maintain their registration.

Proposed Model Land Uses and Exemptions

Local planning schemes across the State currently lack consistency regarding land uses for both tourist accommodation and STRA. The State Government recently requested industry feedback on proposed changes to Local planning schemes (schemes).

One key change to the schemes involves deleting various land uses such as bed and breakfast, holiday accommodation, holiday house and serviced apartment. Proposed replacements include more overarching definitions like hosted STRA, unhosted STRA, tourist complex and visitor accommodation.

In addition, proposed changes suggest exempting hosted STRA from needing development approval and allowing unhosted STRA to be exempt from requiring development approval for up to 90 nights within a 12-month period.

Local governments will need to promptly incorporate these changes into their schemes for consistency. In addition, a concurrent amendment to LPP 19 will be required.

While the State's proposed changes are being developed, it is recommended that Council adopts LPP 19 in the meantime to enable the City to manage STRA.

Current Situation

The City's location near Perth Airport, the Perth CBD, Optus Stadium, and the Swan River makes it a desirable location for both traditional tourist accommodation and STRA. Currently, there are approximately 1,400 hotel rooms along GEH. This number has been compared with Tourism WA's occupancy rates for the City, which indicates there is plenty of tourist accommodation available. There has been a rise in STRA applications within the City and the following concerns are noted:

- Impacts on the availability of long-term housing stock, in a time of historically low listings and vacancy rates (0.3% for postcode 6104, 0.2% for 6105, and 1% for 6103).
- Residential density outcomes have been compromised, as higher density developments intended to provide more long-term housing options are converted to STRA.

There are instances of developers constructing multiple dwellings and single dwellings specifically to let out for STRA purposes. These dwellings are not used for long-term residential purposes and erodes the intent of the Local Housing Strategy to provide flexible density codes for development of affordable, long-term housing.

- Land use conflict between residential dwellings and STRA.
- Short-term Rental Accommodation is emerging in residential areas lacking tourist amenities and transportation, leading to a disconnect with traditional tourist accommodation on GEH.
- A noticeable increase in planning compliance cases related to STRA. In 2023, the City received 76 planning compliance complaints, with 43 related to STRA. Of these, 86% concerned STRA within grouped and multiple dwelling developments.

The above observations indicate that the City isn't facing a shortage of traditional tourist accommodation, and the key driver for the policy is to safeguard long-term housing. The City needs to carefully manage the impact of STRA in this context of long-term housing. This involves finding a balance between promoting tourism and facilitating the availability of affordable,

long-term housing, whilst preserving the City's residential character and overall amenity.

Report

Draft LPP 19 aims to guide the appropriate location and management of STRA, while protecting long-term housing options and preserving residential character and amenity. Draft LPP 19 provides clarity to STRA operators regarding their development requirements and assists Officers in assessing STRA proposals.

The City received a total of 33 submissions on draft LPP 19. Key aspects of LPP 19 and recommended changes in response to these submissions are detailed below.

Safeguarding Long-Term Housing

Draft LPP 19 aims to protect the supply of long-term housing amidst growing concerns about the impact of STRA on the availability and affordability of residential dwellings.

Many submissions in response to the City's advertising of the draft LPP 19 highlighted WA's rental crisis, emphasising the need to prioritise long-term rentals due to significant housing shortages. Submissions suggested restricting short-term accommodation to hotels, motels, and caravan parks. Conversely, one submission considered that STRA represents a minor fraction of Perth's housing market in Perth, suggesting a minimal impact on the supply of

long-term housing.

Considering the current low vacancy rates for residential properties in the City, utilising dwellings for STRA may divert housing stock from being available to long-term tenants, and further decrease the supply of residential dwellings.

The City cannot prevent operators seeking approval for STRA land uses, and applications must be considered and assessed according to the relevant planning framework. Therefore, it is important to establish a planning framework to guide the assessment and suitability of such applications.

Officers acknowledge the concerns raised in the submissions and advise that the existing objectives in the LPP 19 sufficiently address these concerns.

Appropriate Locations for Short-term Rental Accommodation

Draft LPP 19 originally contained a map identifying where STRA could be considered. These properties were selected due to their proximity to GEH, public transport, and other tourist accommodation. Whilst draft LPP 19 was not advertised with this map, an objective guiding the appropriate location of STRA was included.

Feedback from submissions suggested focusing STRA along GEH is appropriate due to its accessibility and compatibility with existing accommodations. Submissions also suggested locating STRA close to Perth Airport, Perth CBD, public transport, and amenities.

One submission opposed locational restrictions and considered that this would limit economic benefits for local businesses such as cafes. However, allowing STRA without locational restrictions does not necessarily result in increased benefits for local café businesses as compared with patronage from long-term residents in the area. In light of feedback from the submissions, it is considered appropriate to modify the existing LPP 19 objective to specifically mention GEH, to facilitate STRA being located close to existing tourist accommodation along the highway and ensure ease of visitor access via public transport. Modifying the objective would also provide for STRA near transport links to key destinations like the airport, Perth CBD, Optus Stadium and the Swan River. In addition, it is proposed the objective be amended to replace public transport 'routes' with 'stops' to align with State Government terminology.

The amended LPP 19 objective is as follows:

b) "Ensure STRA is appropriate for its location by being located near other short-term accommodation and tourist accommodation uses (such as hotels and motels along Great Eastern Highway) and accessible for visitors by being near high frequency public transport stops."

A new provision for LPP 19 is also proposed, which is consistent with the above objective and submission feedback received. This provision states that STRA sites should be within 400 meters of a high frequency public transport stop along GEH and an existing tourist accommodation use.

The revised objective and new provision provide a balanced approach to guide the appropriate location of STRA uses without the need for a map highlighting specific properties. This assists in the need to protect and preserve long-term housing options.

Mitigating Amenity Impacts

Draft LPP 19 includes the following requirements to mitigate amenity impacts:

- A management plan addressing anti-social behaviour, stay durations, occupancy limits, guest procedures, parking management, and complaints handling.
- A code of conduct addressing expected guest behaviour, quiet periods, noise compliance, check-in/out procedures, pet management, parking rules, waste management, use of common property, strata by-laws (if applicable), emergency contacts, and consequences for breaching the code.

Residents of detached dwellings expressed concerns about STRA, such as antisocial behavior, security and uncertainty about strangers' intentions in the area.

Apartment residents shared these concerns and added issues about the adequacy of management plans, vandalism, overuse of common areas, safety, excessive noise, parking, rubbish, and late-night check-ins. Apartment owners

were also worried about the lack of STRA management by operators, which amongst other things, forced long-term residents to assist STRA guests with access and information about the complex.

The management plan and code of conduct in draft LPP 19 are considered adequate in mitigating the amenity concerns raised in the submissions. It is also noted that draft LPP 19 also contains parking standards for STRA proposals.

To further mitigate amenity impacts, draft LPP 19 is proposed to be amended to clarify:

- The maximum number of people who can stay at a property (six guests or one family to a maximum of two people per bedroom).
- Quiet time periods of between 10.00pm 7.00am.
- Management for lots that have two or more STRA land uses. A provision has been added to LPP 19 to require on-site management personnel or operators to demonstrate modern technology for access control and monitoring for lots with two or more proposed STRA land uses.

These changes aim to further mitigate any amenity impacts associated with STRA and ensure activities do not negatively impact residential amenity.

Instances in which Short-term Rental Accommodation would not be supported.

Draft LPP 19 originally specified that STRA would not be supported in the following instances:

- a. Within an ad-hoc manner in multiple dwelling complexes;
- b. Within grouped dwellings on lots smaller than 350m²; and
- c. On flexible residential density coded sites which have developed above the base code.

Council resolved to remove point (a) and (b) before advertising the draft LPP 19.

Residents in apartment complexes submitted concerns about the conflict between STRA and long-term residential communities, highlighting the different behavior patterns of holiday guests and permanent tenants. Two submissions specifically mentioned that STRA negatively impacted their sleep when nearby apartments were used for STRA.

These potential conflicts are more significant when properties are close to each other, such as in apartment complexes, grouped dwellings, and smaller lots

(under 350m²). This is evident from the planning compliance cases the City received regarding STRA. In 2023, the City received 76 planning compliance complaints, with 43 related to STRA. Of these, 86% concerned grouped and multiple dwellings.

In light of the statistics and feedback from submissions, it is considered necessary to reintroduce points (a) and (b) into LPP 19. In the absence of a map defining the areas where STRA may be acceptable, it is necessary to amend the LPP 19 by adding a new point (d), which prohibits STRA within the Residential and Stables zone. This addresses potential land use conflicts between STRA and the 'Residential and Stables' zone.

Changes to the State's planning framework proposes removal of the Holiday Accommodation definition which excludes the use of multiple dwellings where more than one unit on a lot is used for STRA purposes. This would allow numerous multiple dwellings within a complex to operate as STRA. Therefore, it is important that the City has a suitable planning framework in place to clarify that ad-hoc STRA units in multiple dwelling complexes are not appropriate.

Overall, these provisions aim to address land use conflicts and reduce the impact of STRA on long-term residents.

General Changes

Host/Keeper Definition

The definition has been amended to clarify that the host/keeper cannot be on a different land parcel or residing in a different unit. The updated definition reads as follows:

"Means a person who permanently resides at the dwelling and is responsible for its upkeep and management of the accommodation. The host/keeper cannot reside on a different land parcel or in a different unit."

Strata Approval

Local Planning Policy No. 19 has been modified to clarify when Strata approval is required. The revised provision now reads:

"For STRA proposals, the signature from all lot owners who own an undivided share of the Common Property in accordance with the Strata Titles Act 1985 is needed."

Conclusion

The State Government's STRA Register came into effect on 1 July 2024, requiring evidence of planning approval or how they have met local government planning requirements. This situation highlights the need for an effective planning framework to assess these applications and protect long-term housing, emphasising the importance of advancing LPP 19.

Financial implications

There are no financial implications evident at this time.

Environmental implications

There are no environmental implications associated with this report.

Social implications

The draft LPP 19 aims to ensure that STRA uses are located and managed appropriately to protect the supply and amenity of long-term residential accommodation.

Local Planning Policy No. 19

Short-term Rental Accommodation

Publication date: 18/03/24

Local Planning Policy No. 19

Pursuant to Schedule 2, Part 2, Clause 4 (Deemed Provisions) of the Planning and Development (Local Planning Schemes) Regulations 2015.

1. Policy basis

The City of Belmont is an appealing location for short-term rental accommodation (STRA) uses due to its proximity to Perth Airport, the Perth CBD, Optus Stadium and the Swan River. Therefore, there is a need to ensure STRA uses are located and managed appropriately to protect the supply and amenity of long-term residential accommodation.

This Local Planning Policy contains the standards and objectives in which the City will assess applications for STRA.

2. Policy application

This Policy applies to development applications for STRA and Serviced Apartments.

STRA is the collective name given to holiday homes, units or apartments offered for shortterm letting, often through an online booking platform or management agent.

STRA is either hosted (where a host is present) or unhosted (where guests have exclusive use of an entire house, unit or apartment). Commonly, they can be:

a) a family holiday home, periodically offered as a short-term rental;

b) a property purchased for the sole intent of operating a short-term rental operation; and

c) spare bedrooms and areas within a home, offered to let on a short-term basis.

The land use definitions for the various forms of STRA and classification table is outlined in Section **Error! Reference source not found.**

3. Policy exclusions

This Policy is not intended to apply to the following forms of traditional tourist accommodation and other forms of temporary accommodation that are subject to alternative guidance or legislation:

- Hotels and motels;
- Caravan parks (inclusive of chalets and cabins associated with this use);
- Tourist development;
- Lodging house and Boarding house;
- House swapping and house sitting;
- Personal use of a holiday home or the sharing of a holiday home with the owner's family and friends;
- Student exchange accommodation;
- Workforce accommodation; and
- Residential parks, park home parks, lifestyle villages.

Local Planning Policy No. 19

Page | 1

4. Policy objectives

The objectives of this Policy are to:

- a) Provide guidance and standards for operators seeking to establish and operate STRA.
- b) Ensure STRA is appropriate for its location by being located near other short-term accommodation and tourist accommodation uses (such as hotels and motels<u>along Great</u> <u>Eastern Highway</u>) and accessible for visitors by being near high frequency public transport <u>stop.routes</u>.
- c) Ensure STRA does not adversely impact on the character and amenity of the surrounding residential area or nearby residents.
- d) Safeguard the primary purpose of residential areas in providing residential dwellings which are affordable and available on a long-term basis.
- e) Ensure dwellings located within the flexible density coded areas which have been developed above the base density coding are providing long-term and affordable residential accommodation.

5. Terms used

Guest	A person who is accommodated within a short-term accommodation on a temporary basis for a fee but is not subject to a Residential Tenancy Agreement.
Host / Keeper	Means a person who permanently resides at the dwelling and is responsible for its upkeep and management of the accommodation. <u>The host/keeper cannot reside on a</u> <u>different land parcel or in a different unit.</u>
Anti-Social Behaviour	Means actions and behaviours that threaten the amenity of the locality, and includes but is not limited to swearing, shouting, abusive, threatening behaviour, raised voices, parties and loud music.
Strata Company	A body corporate constituted under section 32 of the Strata Titles Act 1985 whether for a strata scheme or a survey-strata scheme.

Ordinary Council Meeting Tuesday 23 July 2024

6. Accompanying information

Pursuant to Clause 63(1)(d) of the *Planning and Development (Local Planning Schemes) Regulations 2015,* an application for development approval for any STRA use is to include the submission of a detailed Management Plan and Code of Conduct that addresses, but is not limited to, the following matters:

6.1. Management plan

The Management Plan is to address, but is not limited to, the following:

- Control of anti-social behaviour and the potential conflict between guests and permanent residents of the area;
- Minimum and maximum lengths of stay;
- Maximum occupancy limit, six guests or one family to a maximum of two people per bedroom;
- Guest arrival and departure procedures;
- Car parking management;
- Complaints management and after-hours complaints procedure including:
- Nature of complaint
- Date and time of complaint
- Complainant
- Description of how complaint was addressed and whether feedback was provided to complainant.
- The provision of a contact telephone number of the accommodation owner and operator to neighbouring properties for business-hours and after-hours complaints; and
- Explanation of how guests are informed of the Code of Conduct prior to and on arrival.

6.2. Code of conduct

The Code of Conduct is to address, but is not limited to, the following matters:

- The expected behaviour of guests.
- Periods of 'quiet time', including between 10pm to 7am₇;
- noting that pParties are not permitted;
- Reasonable noise expectations (in compliance with the *Environmental Protection (Noise) Regulations 1997*);
- Details regarding guest check-in and check-out procedures;
- Expected control and maintenance of pets (if permitted at the property);
- Details of any car parking restrictions applicable to the area, and clarification on:
- the maximum number of vehicles that can park on a property; and
- that parking on surrounding properties and within the street and verge area is not permitted;
- Details regarding waste management which specifies the expectations on guests about general rubbish and bin collection;

Local Planning Policy No. 19

Page | 3

- Rules and maintenance relating to the use of all common property and common facilities (if applicable);
- Information on relevant strata by-laws (if applicable);
- Emergency contact information;
- Contact details of emergency services, the City's Rangers Department and the Belmont Community Watch; and
- Implications of breaching the code of conduct.

The Code of Conduct shall be provided in the form of an information booklet for guests at the accommodation, and online prior to arrival.

6.3. Complaint register

A complaints register should accompany any application proposing to amend or extend an existing approval.

6.4. Strata approval

For STRA proposals, the signature from all lot owners who own an undivided share of the Common Property in accordance with the Strata Titles Act 1985 is needed.

If a landowner requires approval under the *Strata Titles Act 1985*, approval from any relevant Strata company or other Strata Lot owners shall accompany any application for development approval.

7. Land use definitions and classification table

The City's Local Planning Scheme No. 15 (LPS 15) contains the following general definition for short-term accommodation:

"Means temporary accommodation provided either continuously or from time to time with no guest accommodated for periods totalling more than 3 months in any 12-month period."

LPS 15 defines various STRA land uses and outlines the associated permissibility as per the Zoning Table. If a defined land use is not contained within the Zoning Table, it will be treated as a 'Use Not Listed' and advertised accordingly.

Land use	LPS 15 definition	Characteristics and application
Short-stay accommodation	Means the accommodation of short stay guests providing on site facilities for the convenience of guests and, management of the development, where occupation by any person is limited to a maximum of three months in any 12-month period and excludes any other use falling within a use class specifically defined in this scheme.	This use shall apply where only a singular dwelling in a Grouped or Multiple Dwelling development is proposed for STRA.
Bed and breakfast	Means a dwelling –	This must be hosted accommodation, with the host of

The types of STRA that are subject to this policy are defined as follows:

Local Planning Policy No. 19

	 (a) Used by a resident of the dwelling to provide short-term accommodation, including breakfast, on a commercial basis for not more than 4 adult persons or one family; and (b) containing not more than 2 guest bedrooms. 	the accommodation residing at the premises at all times while the Bed and Breakfast is in operation. There should be access to a separate bathroom provided for guests, as well as access to a dining area and laundry facilities. This use may occur within a single house, grouped dwelling or multiple dwelling.
Holiday accommodation	Means two or more dwellings on one lot used to provide short- stay accommodation for persons other than the owner of the lot.	Applies to Grouped Dwelling and Multiple Dwelling developments where two or more dwellings are proposed to be used for short-term accommodation.
Holiday house	Means a single dwelling on one lot used to provide short-stay accommodation but does not include a bed and breakfast.	This use shall apply to Single House developments, where the whole house is proposed to be used for the purposes of short- term accommodation.
Serviced apartments	Means a group of units or apartments providing – (a) self-contained short stay accommodation for guests; and (b) any associated reception or recreational facilities.	Applications for serviced apartments shall include either an associated reception or recreational facilities as per the below: <u>Reception</u> An entrance, foyer or lobby, with a reception desk which shall be attended by staff. <u>Recreational Facilities</u> Amenities such as a sporting court, health studio, gym, pool, sauna, playground or games room.

Local Planning Policy No. 19

Ordinary Council Meeting Tuesday 23 July 2024

8. Assessment criteria

STRA and Serviced Apartments will generally only be supported where the following criteria (Section 8.1 to 8.5) are met:

8.1. Location

• Within 400 metres of a high frequency public transport stop located on Great Eastern Highway and an existing tourist accommodation use (i.e. hotel).

8.21. Car parking

Car parking must be provided in accordance with the below minimum standards:

Dwelling type	Location A	Location B
1 bedroom dwelling	1 bay per dwelling	1 bay per dwelling
2+ bedroom dwellings	1 bay per dwelling	2 bays per dwelling

* Location A: within 800m walkable catchment of a train station and/or 250m of a transit stop of a high-frequency route or within the defined boundaries of an activity centre. Location B: Not within Location A.

- All car parking associated with the use must be wholly contained on the subject site.
- Strata and community title developments must not rely on the use of visitor car parking bays.
- A Transport Impact Statement or Assessment will be required in support of proposals in the instances outlined in the Department of Planning, Lands and Heritage Transport Impact Assessment Guidelines.

8.32. Amenity

- The City will evaluate the potential amenity impacts of each STRA proposal, considering their individual circumstances and the specific local context.
- STRA proposals that detrimentally impact the surrounding locality's amenity will not be supported.
- The evaluation of a proposal will focus on the inherent suitability of each proposed use, as presented in the application, with specific attention to its details and how it impacts amenity of the locality. Conditions of approval should not be used to support proposals that are inherently unsuitable.
- In reviewing STRA proposals, the City will assess proposed management measures to consider if they are reasonable, enforceable, and effective in maintaining amenity.
- STRA proposals must, at a minimum, demonstrate compliance with the Environmental Protection (Noise) Regulations 1997. However, compliance does not automatically translate into acceptable noise impacts from a planning amenity perspective. The City will consider factors such as arrival times, use of outdoor areas, proximity to adjoining dwellings, and other relevant aspects.

8.4. Strata developments

Local Planning Policy No. 19

Page | 6

• For lots that have 2 or more proposed STRA land uses, there will be the requirement to have appointed on-site personnel, or demonstrate modern technology will be used, for access control and monitoring.

8.53. Instances in which STRA will not be supported

Applications for STRA will not be supported in the following instances:

- STRA applications will not be supported in locations outside of the area identified in part 8.1 of this Policy.
- a) Applications within multiple dwelling complexes proposing ad hoc STRA uses will not be supported. Instead, applications should seek to change the use of entire floors to ensure separation of uses within a building.
- b) STRA applications will not be supported where associated with a grouped dwelling which has a lot size of less than 350m².
- <u>c)</u> STRA will not be supported on flexible residential density coded sites which have been developed above the base density code.

d) In the 'Residential and Stables' zone.

Local Planning Policy No. 19

Page | 7

Ordinary Council Meeting Tuesday 23 July 2024

9. Development approval

9.1. Approval period

If approved, the City will issue a time-limited approval of up to 12 months in the first instance. This approval will be of no further effect unless the City resolves to grant approval to a new development application, amends the original approval to delete the condition(s) limiting the time of approval or extends the terms of the approval under Clause 77 of the Deemed Provisions.

Where the Local Government is satisfied the STRA has been appropriately managed, an approval of the renewal application for a period of up to three years may be granted. In determining this, the City would have regard to the performance of the accommodation over the previous period, and if not satisfactory, the application may not be supported.

9.2. Conditions

In approving an application for development approval, the City may impose conditions including, but not limited to the following:

- There shall be no more than six short-stay guests or one family residing at the property at any one time to a maximum of two people per room.
- The whole property is to be rented as one booking only. No bedrooms or other areas of the house are to be rented on an individual basis.
- Prior to commencement of the use, the landowner shall implement the approved Management Plan (as well as any subsequently update and approved versions of the Management Plan) to the satisfaction of the City.
- The STRA operator shall supply the emergency contact details of the management agent or owner to address complaints from surrounding residents that require urgent attention.
- The landowner shall maintain a complaint register and outline the measures taken to address any complaints.
- The minimum length of stay.

9.3. Other approvals

This policy does not exempt STRA from the requirement to obtaining any other necessary approvals, including, but not limited to building or health approvals.

Local Planning Policy No. 19

Page | 9

Ordinary Council Meeting Tuesday 23 July 2024

Submission No.	Summary of Submission	Officer comment
1.	1. Supports the draft Policy.	1. Noted.
	 Opposes unnecessary restrictions concerning noise, time of guest arrival, and the requirement for the presence of the operator or owner when guests arrive. Considers modern technology makes it easy for guests to use a facility without making noise and therefore the time of arrival should not be restricted. Considers claims that short-term rental accommodation will disturb residents are not based on facts. Considers if disturbances do occur, licenses can be revoked or suspended as necessary. Raises concerns regarding too many regulations being in place and these can be difficult for people to follow and implement. 	 The draft Policy does not stipulate specific guest departure and arrival times. However, to protect the amenity of surrounding residents, the draft Policy requires proposals to demonstrate compliance with the <i>Environmental Protection (Noise) Regulations 1997</i>. In addition, a Code of Conduct and Management Plan must be submitted with proposals to address matters such as noise management and details regarding guest check-in and check-out procedures. These measures are considered necessary to mitigate the impacts on the neighbouring properties from short-term rental accommodation Guests. In 2023 the City received 76 planning compliance complaints, of which 43 were complaints about Short Term Rental Accommodation. Whilst the City can take planning compliance action if conditions of a planning approval are being contravened, the City cannot revoke a planning approval once it has been granted. This Policy aims to provide guidance and standards for operators seeking to establish and operate short-term rental accommodation uses in appropriate locations whilst ensuring that there are appropriate provisions and procedures in place to protect the amenity of surrounding residents.
2.	 Opposes the concentration of short-term rental accommodation within Rivervale area as it is a family suburb which sustains a small catholic school in the area. 	 Noted. Please refer to the 'Appropriate locations for short-term rental accommodation' section of the report for further information.
	Preference to spreading short-term rental accommodation throughout the entire City, noting it needs to be situated near necessary amenities and transportation options.	
3.	1. Notes being a resident and owner of an apartment complex. Raises concerns about the effect of	1. Noted.
	Short Term Accommodation on this complex.	2. Please refer to the 'Mitigating Amenity Impacts' section of the report.
	2. Notes there being issues such as antisocial behaviour, noise disturbances, parking shortages, and litter problems stemming from current short-term rental accommodation within the complex.	 Noted. Please refer to the 'Mitigating Amenity Impacts' and 'Instances in which short-term rental accommodation would not be supported' sections of the report.
	 Outlines that owners operating short term accommodation have no regard for other residents. Outlines instances where onsite Council of Owners are called upon to act as 'managers' because the guests act as if the complex is a hotel. 	4. Noted.
	4. Notes that the complex is intended for residential use with amenities like a restaurant and pool.	
4.	1. Queries whether there will be designated areas, for example within 10km of the airport or within 7km of the City of Perth to minimise disruption in residential neighbourhoods.	1. Noted. Please refer to the 'Appropriate locations for short-term rental accommodation' section of the report for further information.
	2. Notes specific amenity issues that arise in strata complexes due to short-term rental	2. Noted. Please refer to the 'Mitigating Amenity Impacts' section of the report.
	accommodation, such as late-night check-ins, noise disturbances, increased garbage, and logistical challenges with heavy luggage.	3. In the first instance, an approval of 12 months will be granted. After the 12 months has lapsed, the application can then be renewal for a period of up to three years. This extension will be
	 Suggests that the three-year approval period may be too long after the initial one year is complete. 	based on the performance of the accommodation over the previous period. This timeframe is consistent with that contained within the State's Position Statement – Planning for Tourism and Short-term Rental Accommodation.
5.	 Considers that Ascot Waters should be maintained as a residential area. Considers the area used to be quiet, however is now a noisy racetrack. 	 Noted. Officers are recommending that short-term rental accommodation generally only be supported where it meets a range of criteria. One of which is these being located within 400m of a high frequency public transport stop located along Great Eastern Highway and an existing
	 Notes there was a printed note provided by the Agent as to what was acceptable within Ascot Waters. As an example, trailers and caravans couldn't be parked on the street. 	tourist accommodation use (i.e. hotel). The majority of Ascot Waters is located outside of this area.
	3. Notes being aware of rentals in the street and people coming and going in quick succession.	2. Noted.
	4. Embraces diversity, however notes that shared values are vital. Considers that it is credible Council has proposed rules regarding behaviour and expectations. However, is concerns anti-	3. Noted.
	social behaviour will occur which is a deterrent for supporting short term accommodation.	4. Noted. Please refer to the 'Mitigating Amenity Impacts' section of the report.
		5. Noted.

	 Suggests community is made from long-term residents and hopes this resonates with some on Council. 	
6.	1. Outlines being against short term rental accommodation.	1. Noted.
	 Highlights currently living in an apartment complex. Notes that the Policy would allow for short term rental accommodation in the building. 	 In order for short-term rental accommodation to be consid the relevant Policy provisions.
	3. Notes the strata board has worked hard to maintain security measures to ensure the safety of residents.	3. Noted.
	 Concerned about allowing strangers to be constantly coming and going into their building, who may not abide or respect the established rules that keep residents safe. 	4. Please refer to the 'Mitigating Amenity Impacts' section of
7.	1. Outlines being an owner of a unit within an apartment complex.	1. Noted.
	 Outlines that the original development at the property was to provide short-term rental accommodation options within the City of Belmont. Notes that in 2019 the operator of the serviced apartments collapsed and the City approved a change of use application. Notes supporting this application due to being of the understanding that owners could use their apartments as short-term rental accommodation or as owner occupiers. 	 It is noted that the units at this complex were originally ap 2019 a change of use application was approved which resu approved for residential land use. Currently only one unit h Apartment. A Development Application would need to be so for other units on the property to be used for short-term ref. In order for short-term rental accommodation to be consided the second statement.
	Explains that they have owned their apartment for 11 years without experiencing issues with short-term rental accommodation tenants or receiving any complaints. Outlines their vested interest in maintaining the complex's amenity for all residents.	the relevant Policy provisions.4. Noted.
	 Considers the complex's design complies with the City's policy objectives regarding short-term rental accommodation. 	 5. Noted. 6. Noted.
	Considers their complex being in proximity to Great Eastern Highway, Swan River, airport, and Perth CBD as factors supporting the suitability of short-term rental accommodation within the complex.	
	 Considers that there are a small group of owner occupiers in the building who have made substantiated negative claims about short term rentals. 	
	Notes the Strata Company has not taken a negative stance against short-term rental accommodation within the complex.	
	6. Supports the owners of the complex operating short term rental accommodation.	
8.	 Queries why we need to have short-term rental accommodation. Notes that there are many families looking for long term accommodation who are unable to find anything. Opposes short-term rental accommodation as they view them as driven by financial greed. 	 Various short-term rental accommodation land uses are con Development (local Planning Schemes) Regulations 2015 ar This allows operators to apply to operate these uses and the these applications in accordance with the relevant planning Therefore, it is important to have an appropriate planning fit
	5. Opposes shore term rentar decommodation as they view them as arrein by manelar greed.	assessment and appropriateness of such applications.
		 Noted. Please refer to the 'Safeguarding Long-Term Housing Noted.
9.	 Opposes the Policy due to considering that short-term rental accommodation will lead to increased antisocial and criminal behaviour in the neighbourhood. 	1. Noted. Please refer to the 'Mitigating Amenity Impacts' sec
	Notes they want the community to remain as elderly and family-friendly, advocating for a safe environment free from disruptive behaviour associated with short-term rental accommodation.	2. Please refer to the 'Mitigating Amenity Impacts' section of respond to matters within their jurisdiction accordingly.

	 Concerned about the ability of police and security personnel to intervene effectively in civil matters related to short-term rental accommodation. 	
10.	 Opposes short-term rentals, including B&Bs, AirBNB, and rentals for three months. Suggests that short-term rentals should be limited to hotels, motels and caravan parks. Notes personal experience with issues from short-term renters in their complex, including noise, messiness, and reliance on residents for assistance. Notes that owners within the complex are defining the City's ruling as stands at the moment. Outlines instances where a three month renter had to be evicted and the police had to be called. Notes that the residents have had enough. Notes there is a rental crisis in WA and there is people in need of long-term rentals. 	 Noted. Various short-term rental accommodation land uses and Development (local Planning Schemes) Regulations 20 Scheme. This allows operators to apply to operate these us determine these applications in accordance with the releva Please refer to the 'Mitigating Amenity Impacts' section of 3. Noted. Concerns regarding the operation and validity of sh be reported to the City's Planning Department for investiga Noted. Please refer to the 'Safeguarding Long-Term Housin
11.	 Opposes the Policy due to the inconvenience caused by strangers coming and going at all hours of the day and night. Notes the security dilemmas that arise from short-term rentals, including difficulties in determining if renters have ill intentions. Notes a personal experience of having strangers hanging around their neighbourhood due to short term rental of a vehicle. 	 Please refer to the 'Mitigating Amenity Impacts' section of Please refer to the 'Mitigating Amenity Impacts' section of Noted.
12.	 Opposes the presence of Airbnb's at their complex. Suggests Airbnb's upset the community. 	1. Noted. 2. Noted.
13.	 Does not support short term rental accommodation. Notes the need for long-term rentals as there is a housing shortage. Considers short-term rental accommodation to be a nuisance that disrupts residents. 	 Noted. Please refer to the 'Safeguarding long-term housing' section Please refer to the 'Mitigating Amenity Impacts' section of the 'Mitigating Amenity Impacts
14.	 Does not consider that short-term rental accommodation is appropriate through residential communities. Considers short-term rental accommodation contributes to the rental crisis and homelessness and is unsettling for neighbours and permanent residents. Suggests that short-term rental accommodation would be more appropriate along Great Eastern Highway, where they can be accessed easily and coexist with hotels, motels, and industrial areas. Considers that in these locations, early and late hours, parties and noise complaints would be less of a problem. Notes they wouldn't want short-term rental accommodation on their street. 	 Please refer to the 'Appropriate Locations for short-term rein which short-term rental accommodation would not be suited. Please refer to the 'Safeguarding long-term housing' and 'Nof the report. Please refer to the 'Appropriate locations for short-term reference. Noted.
15.	1. Emphasises with housing availability as it is, there is need to protect the purpose of residential dwellings and not allow any form of short-term rental accommodation in the City of Belmont.	 Various short-term rental accommodation land uses are co Development (local Planning Schemes) Regulations 2015 a This allows operators to apply to operate these uses and th these applications in accordance with the relevant planning

	 Notes there are many hotels, motels, and serviced apartments already available in the City, there is no need to offer short-term rental accommodation. Suggests the City should resist any attempts by the State Administrative Tribunal (SAT), to approve short-term rental accommodation. 2. Notes there are benefits, from the absence of short-term rental accommodation, at Ceresa 	Please also refer to the 'Safeguarding Long-Term Housing' 2. Noted.
	River Apartments, such as reduced noise, reduced damage, and more compliant occupants who adhere to by-laws.	
16.	1. Opposed to any expansion of short term accommodation in their street.	1. Noted.
	 Considers that in the current economic climate, where people can't get secure and appropriate rental properties, short-term rental accommodation is socially unacceptable. 	2. Please refer to the 'Safeguarding Long-Term Housing' secti
	3. Notes being two of only three free-standing dwellings on their road and feel abandoned of any	3. The subject properties are located within The Springs Preci planning instruments to guide future development.
	support by Council.	4. Please refer to the 'Mitigating Amenity Impacts' section of t
	 Notes there are several existing problems in the area, including noise, parking issues, rubbish dumping, antisocial behaviour, theft, and trespassing, without adding more people. 	Instances of theft can be reported to Police.
	5. Considers there is a serious lack of parking with people using their garden and driveway to park which affects access to their property and damages their plants.	Rubbish and dumping can be reported to the City's Ranger
	 Considers that approving short-term rental accommodation options will only worsen existing issues, regardless of any conditions imposed. 	 Noted. Parking is assessed against the requirements of the Belmont Local Planning Scheme and/or relevant Local Plann If you are experiencing issues with vehicles parking illegally Rangers Team to investigate.
		6. Noted.
17.	 Considers allowing Airbnb and short-term rental accommodation in their building to have detrimental effect to long term residents. 	 Please refer to the 'Mitigating Amenity Impacts' and 'Instar accommodation would not be supported' headings in the re
	 Notes they experience noise and antisocial behaviour from short-term tenants, including loud social gatherings, noise, chain smoking, and interactions with drug dealers in the parking lot. 	2. Please refer to the 'Mitigating Amenity Impacts' heading in
	3. Requests the Council ban Airbnb and short-term rental accommodation at their complex.	3. Various short-term rental accommodation land uses are co Development (local Planning Schemes) Regulations 2015 a This allows operators to apply to operate these uses and th these applications in accordance with the relevant planning
18.	 Notes that Finbar are WA's leading apartment developer and being active in the City of Belmont. 	1. Noted.
	2. Notes the apartment market has in recent years significantly shifted to becoming a majority	2. Noted.
	owner-occupier demographic, with both first home buyers and right-sizers looking for affordable and diverse housing options in amenity locations close to public transport.	3. Please refer to the 'Mitigating Amenity Impacts' and 'Instar accommodation would not be supported' headings in the re
	 Notes potential issues around short-stay use are amplified in apartment developments due to security awareness, close proximity of residents, plus the shared use of a substantial range of common areas and amenities. 	4. Noted.
	 Notes that amenities can be managed by strata companies to require booking or a deposit paid to ensure responsibility of users can be appropriately apportioned. 	 Please refer to the 'Mitigating Amenity Impacts' section in t Noted. Any development approval issued by the City does
	 Notes most strata developments do not employ an on-site manager or concierge (or they are only onsite for limited periods) which means management of short-term rental accommodation becomes more problematic for other residents. 	seek independent approval from their Strata Manager/Body use or development of their unit or common areas. In addi need for the Strata company or Strata owners to consent to relies on the use of common areas.
	6. Notes access to a development is highly problematic with short-term rental accommodation operators using key boxes on common property without authorisation.	 7. a. Noted. Please refer to the 'Mitigating Amenity Impacts' rental accommodation would not be supported' sections
	7. Suggests that the proposed LPP No 19 include a requirement for short-term rental accommodation apartment DAs that a short stay use for a single apartment can only occur if:

s' and 'Instances in which short-term ns of the report.

	 all apartments accessible from the same lift lobby adopt the same short stay use (City of Perth has this requirement in their relevant policy) or those relevant owners provide their consent key issue of access to the apartment building needs to be addressed i.e. any approval needs to be predicated on the strata company approving an owner to install a key lock box in a convenient location on the common property (or similar), "check-ins" should occur prior to 10pm and after 7am key issue of access to common areas is addressed i.e. are short term users using some or all of the amenities or not (fobs have the ability to be programmed to access certain areas only) Key issue of after hours access needs to be addressed. An operator has a 24-7 mobile phone contact provided to both the City and the strata company with an undertaking to appropriately address any issue around noise and behaviour concerns, including confirmation of rights for the owner to terminate a short-stay arrangement 	 b. Any development approval issued by the City does not void the need for operators to seek independent approval from their Strata Manager/Body Corporate for any changes to the use or development of their unit or common areas. In addition, the draft Policy outlines the need for the Strata company or Strata owners to consent to any development application which relies on the use of common areas. The code of conduct is required to address any rules and maintenance relating to the use of all common property and common facilities (if applicable) and guest arrival and departure procedures. c. The management plan is required to contain a contact number of the accommodation owner and operator which is to be provided to neighbouring properties. The management plan is also required to contain details regarding complaints management and after-hours complaints procedure.
19.	 Notes they recount being informed by the agent at the time of purchase that they had three options for their unit: lease it to the manager of Burswood Lodge, rent it out privately, or live in it themselves. Outlines later discovering that living in the unit was not legally permitted and leases the unit to Burswood Lodge Motel. Highlights that other units in the complex are already being rented out privately or listed on Airbnb and notes that the motel pay low rent. 	 At the time of the approval, back in 1981, the site was granted approval for a 'lodging house'. This is interpreted as including, but not being limited to, a 'motel' use of the kind <u>not involving</u> any licence under liquor licencing legislation. A 'motel' also requires the presence of an owner, manager, caretaker or receptionist on the premises for a substantial part of the week. Given this, it is considered that the operation of short-term rental accommodation, would not be within the scope of the approved 'motel' use. If one or several owners were to operate the units in a manner contrary to the approved 'motel' use i.e. as short-term rental accommodation, they would be required to lodge a change of use application. A change of use application would also need to be submitted should an owner wish to reside in one of the units. Concerns regarding the operation or use of particular units can be referred to the City's Planning Compliance Team for investigation.
20.	 Notes wanting to be allowed to rent out their unit short term, claiming financial benefits and that it would be the final factor in their decision to move. Notes that there are often cars (about 70) parked illegally within the Springs precinct. Notes watching people try to get a park at the Mosque on a Friday. Concerned about the potential for short-term renters to contribute to unsocial behaviour such as parties and dropping items from balconies. Considers that the problem will get worse when all the vacant blocks get built on. Suggests that Aloft would be more suitable for people seeking short term accommodation. 	 Noted. Noted. Any concerns regarding the illegal parking of vehicles within this area can be referred to the City's Rangers team for investigation. Please refer to the 'Managing Amenity Impacts' section of the report. Please refer to the 'Safeguarding Long-Term Housing' section in the report.
21.	 Notes the Australian Hotels Association (AHA) welcomes the WA Government's reforms to regulate short-term rental accommodation, including the mandatory registration scheme. Commends the City in taking steps towards implementing a Local Planning Policy and supports the Policy's objectives as drafted. Considers that the consumer demand of accommodation within this area is adequately met through the 1500+ hotel rooms and serviced apartments currently available within the boundaries, and the significant investment in the pipeline for additional hotels. Notes there are 269 Airbnb's listed in the City, with 167 of those being entire homes or apartments and therefore considered unhosted. Clause 2 Policy Application Notes the application of the policy applies to development applications for short-term rental accommodation and Serviced Apartments. Requests that definition of short-term rental accommodation aligns to the same definition of 	 Noted. Noted. Noted. Please refer to the Background and 'Safeguarding Long-Term Housing' sections of the report. Noted. Noted. The draft Policy has been prepared in line with the State Government Position Statement and Guidelines. The draft Policy does not apply to traditional tourist accommodation such as hotels, motels and caravan parks. The definition of Host/Keeper requires this person to permanently reside at the dwelling. Officers have recommended that this definition be amended to provide additional clarification that the host/keeper cannot be on a different land parcel or in a different unit.

 and Breakfast as "hosted accommodation") and does not cover traditional forms of short-term tourist accommodation such as hotels, motels, and caravan parks because these are regulated under other legislation and under land use planning schemes. <u>Clause 5 Terms Used</u> Notes the term host/keeper could be broadly interpreted to allow opportunistic property owners to nominate agents to class themselves as hosts of the accommodation. 	8. We note that the Department of Planning, Lands and Herita amendments to the Planning and Development (Local Plann which propose a 90 day exemption period for short-term re these changes to the Regulations be Gazetted, this means accommodation uses can operate for this period of time with concluded, the owner/operator will need to apply for development
Considers this could create a loophole where unscrupulous operators misleadingly classify their property as hosted instead of unhosted.	9. Noted.
Requests consideration be given to strengthening the definition of "host/keeper" to align to the legislation and restrict hosted accommodation to situations where the accommodation provider ordinarily resides on the residential premises during the short-term rental agreement.	10. An operator is required to provide details in the manageme maximum length of stay per guest.11. This is not a planning matter that the City can enforce.
Notes this host/keeper cannot be on a different parcel of land, or in a different unit as part of a complex.	12. These are not planning matters that can be enforced. You r Government and Australian Building Code Board regarding
 <u>Clause 6 Accompanying Information</u> 8. Welcomes the request for additional information for the development application for any short-term rental accommodation use but wants to confirm if the City will be following the WA Government's request that this comes into effect at the application for use beyond 90 days. 	13. Officers are recommending that the draft Policy be amende around periods of quiet time. Please refer to the 'Managing report and the draft revised Policy.
<u>Clause 6.1 Management Plan</u> 9. Agrees with the inclusion of the Management Plan requirement in the Policy.	14. Officers are recommending that the draft Policy be amended around the maximum number of occupants at a dwelling. P Amenity Impacts' section of the report and the draft revise
10. Requests clarification on the point of minimum and maximum number of days and if this is per stay.	15. Noted.
 <u>Additional item for consideration</u> 11. Notes short-term rental accommodation providers renting out their property should be required to have valid and adequate building, contents and public liability insurance, and proof should be provided to remain compliant. Considers it would be negligent not to enforce public liability insurance as part of the registration to cover accommodation providers if someone is injured or their property damaged 	 16. Noted. 17. The draft Policy proposes to restrict short-term rental accorsites that exceed the base density code. This ensures that these provisions remains for residential purposes. This align facilitating increased residential density via flexible density 18. Noted.
on the premises.	18. Noted.
 Additional item for consideration 12. Notes when establishing the minimum requirements for development approval, the following must be identified as the basic safety and evacuation measures that can be reasonably expected of all accommodation in Western Australia, including short-term rental accommodation. 	
• Electrical: Electrical wiring and appliances should be checked regularly for safety by a suitably qualified person and that residual current devices (RCDs) are installed.	
• Evacuation Plan: An emergency evacuation plan must be displayed in each room.	
 Smoke Alarms: Hardwired 240-volt smoke detectors should be provided in each accommodation room and throughout all areas of the building. Smoke alarms should be interconnected so that when one smoke alarm triggers, all alarms trigger. 	
• Fire extinguishers: To be provided and inspected at least once every six months and serviced at least once every twelve months. Extinguishers to be correctly sign posted, tagged and always in an operational state and location.	
 Fire blankets: To be provided in kitchen food preparation areas and be inspected and serviced annually. 	
 Emergency Exits: Emergency exits and paths of egress to be unobstructed with exit doors to open outwards and are to be operational using a single downward or pushing action and able to be opened without the use of a key or lock. 	

age have prepared draft nning Schemes) Regulations 2015 rental accommodation uses. Should s that short-term rental vithout approval. After this period has elopment approval. ent plan regarding the minimum and may wish to advocate the Federal these matters. ed to provide further clarification Amenity Impacts' section of the ed to provide further clarification Please refer to the 'Managing ed Policy. mmodation on flexible density coded residential housing approved under gns with the intended outcome of codes.
			1	
	•	Secondary exits: All windows, doors, balconies, and external stairways are to be fully operational as they may be required as secondary fire exits if dedicated exits cannot be accessed.		
	•	Pool and Spa Inspections: All swimming and spa pools that contain water more than 30cm deep must have a compliant barrier to be installed around swimming and spa pools that restricts access to the pool by young children. Other bodies of water such as ponds, lakes and dams should also be considered as hazardous to the safety of children and have appropriate restrictions. These areas should also include depth marking requirements, first aid and rescue equipment, safety signage, pool test requirements and procedures including recording of chemical and water results, and chemical storage and handling requirements.		
		Notes the City should only have the power to grant approval if they adequate insurances in place that are commensurate with the use of the property, along with minimum safety measures.		
		<u>2 Code of Conduct</u> . Supports the Code of Conduct and suggests that the periods of `quiet time', noting that no parties are permitted has parameters around it to avoid it being open for interpretation.		
	14	. Recommends a curfew of 10pm – 6am where the number of people on site at the dwelling should reflect the number of beds available, and number of people disclosed at the time of booking.		
	6.3	3 <u>Complaints Register</u>		
		15. Supports the complaints register and particularly that these complaints, if substantial, can amend existing approved properties.		
	<u>6.4</u>	1 Strata Approval		
		16. Supports the request for approval from other Strata Lot owners and suggests that Strata has the power to dispute and amend approved accommodation providers should issues arise.		
		3 Instances in which short-term rental accommodation will not be supported		
	17	. Requests a clearer explanation of what the following sentence means and what it looks like in practice.		
		"short-term rental accommodation will not be supported on flexible residential density coded sites which have been developed above the base density code."		
	18	. Notes, following the WA Government's reform on short-term rental accommodation, the City of Belmont's policy, as drafted, is substantial and commends the City that has worked on getting the policy to this level.		
22.	1.	Opposes any changes to the current planning policy applied to their complex.	1.	A change in permissibility of short-term rental accommon of this Policy. This Policy will assist the City's when asse
	2.	Highlights a loss of confidence in the current chair and some members of the body corporate of		proposals.
		the strata to effectively manage issues related to anti-social behaviour caused by short-term rental accommodation guests.	2.	Noted. The City is not involved in strata matters.
		Considers that the chair is biased towards short term rentals due to using their apartment for short term rental accommodation.	3.	Noted.
	3.	Notes that the complex has a few more owner residents now than last year which has	4.	Please refer to the 'Mitigating Amenity Impacts' section
	2.	facilitated a better community and living experience.	5.	Noted.
	4.	Notes those owners who operate short-term rental accommodation in their apartments are not on site hosts and often live interstate or overseas. Highlights that the site does not have a reception or concierge to manage arrivals and departures, complaints, disruptive or anti-social behaviour and for when people lock themselves out.	6.	Please refer to the 'Mitigating Amenity Impacts' and 'Insaccommodation would not be supported' sections of the

of the report.

stances in which short-term rental e report.

	Notes that other residents within the complex have been left with the problem and that many owners of apartments used for short term accommodation were unaware of issues because these had not been passed onto them.	 Please refer to the 'Mitigating Amenity Impacts' and 'Instan accommodation would not be supported' sections of the re The City is not involved in strata matters.
	 Notes that the one apartment which has approval to operate short term accommodation is well managed and there has not been any issues arising from it. 	8. Noted.
	 Outlines at one point having apartments used for short term accommodation either side of their unit, across the corridor and above them. 	9. Noted. Currently there are no development provisions in p term rental accommodation. The Policy aims to address th term rental accommodation.
	Explains various issues experienced due to short-term rentals, including late night arrivals, noise disturbances into the early hours and in common areas, antisocial behaviour around the pool and after pool hours, and stockpiling rubbish. Notes that this makes it difficult for the cleaner to clean all the units as they only come for two hours per day.	10. Noted. All owners and occupiers in this apartment building make a submission on the Policy.
	Notes the impact this has on sleep patterns and considers that the mixed use of the premises doesn't work. Considers that you cant expect people on holiday to behave as if they are not.	
	7. Concerned that changes in planning policy may lead to a resurgence of problems associated with short-term rentals, such as parking issues, refuse problems, safety concerns, and anti-social behaviour. Considers that even with a management plan in place, it wont be fit for purpose and the strata will turn a blind eye to any issues.	
	 Highlights that many owners are suggesting selling and moving and considers the whole block may become short term rentals which will be problematic for the City of Belmont and police. 	
	9. They defend their right to live peacefully in the apartment they have invested in and expresses concern about the impact of policy changes on the community they have worked hard to build.	
	10. They mention efforts to inform other owners about the opportunity to provide feedback on the policy. Hopes that the City gets enough responses to make an informed decision.	
23.	1. Notes being appreciative for the existing planning approval as this has resulted in a reduction of disturbances, arguments, illegal behaviour, and late night parties and music.	1. Noted.
	2. Notes they don't have on-site security or a concierge for their complex.	2. Noted. Please refer to the 'Mitigating Amenity Impacts' sec
	3. Highlights that when short-term rental accommodation guests arrive, there is confusion about	3. Please refer to the 'Mitigating Amenity Impacts' section of
	parking and they have to contact residents or the restaurant owner for assistance, sometimes at unsociable hours.	4. Please refer to the 'Mitigating Amenity Impacts' section of
	4. Notes guests are usually unaware of noise restraints and sometimes party to all hours.	5. Please refer to the 'Mitigating Amenity Impacts' section of
	5. Notes guests are unaware of pool rules and inviting numerous guests.	6. Noted. Please refer to the 'Mitigating Amenity Impacts' sec
	6. Concerned about drug dealers and sex workers operating at the complex without	7. Noted.
	accountability.	8. Noted.
	7. Highlights a preference for long-term tenants with 12-month leases to join the community at their complex.	
	8. Objects allowing any further short-term rental accommodation at their complex.	
24.	 Concerned about any approval for short-term rental accommodation in their complex would be contrary to the Policy Objectives stated in the Policy. 	1. Noted.
		2. Noted.
	2. Notes they are concerned with two areas in the policy.	3. Noted.
	 <u>Policy Objective (c)</u> 3. Notes policy objective c is for short-term rental accommodation to not adversely impact on the 	4. Noted.
	character and amenity of the surrounding residential area or nearby residents.	 Noted. The Policy does not propose any changes to zoning noted that the units at this complex were originally approv

ng or permissibility of land uses. It is roved as 'Serviced Apartments'. In 2019

4.	Notes the complex is a large multi residential building situated on a block of land between the Swan River and the Great Eastern Hwy.	a change of use application was approved which resulted residential land use. Currently only one unit has approval
5.	Outlines that whilst the complex was originally developed to offer serviced apartments to visitors, this situation changed in 2020 when the building was re zoned as "Mixed use".	A Development Application would need to be submitted to units on the property to be used for short-term rental acc
	Explains the current residents are a mix of long-term renters and owner occupiers.	6. Noted.
	Notes the land use Holiday Accommodation is not permitted in the Mixed-Use zone under the Local Planning Scheme.	7. Noted.
6.	Notes many investor owners of apartments in the complex took the opportunity to rent their	8. Noted.
	apartments out as short-term rental accommodation.	9. Noted.
7.	Notes they have witnessed many incidents of antisocial behaviour, such as all-night parties and drug dealing.	10. Please refer to the 'Mitigating Amenity Impacts' section of
8.	Notes complaints were made to the strata company but as the Chair of the Council of Owners was one of the investors running an Airbnb out of their apartment, complaints went largely	11. Further concerns regarding the operation or use of particul Planning Compliance Team for investigation.
	unresolved.	12. Noted.
	Highlights that short-term rental accommodation operating in their complex were not managed in a meaningful way. The strata company responded that if there is a problem, to contact the police.	13. Noted. Operators are responsible for ensuring compliance as the code of conduct and management plan. The City's investigate any violations.
9.	Outlines that at one point 50% of their floor were rented out as Airbnb. Notes during this time	14. Noted.
10	that apartments were overflowing with guests and rubbish was piling up in common areas. . Notes that short-term rental accommodation guests are often on holiday and act in ways that	15. Noted.
	are different to long term tenants would at home. Noting it was common to have late night noise, partying, and rowdiness.	16. Noted.
11	. Thankful that the City pursed a planning compliance case and issued cease and desist notices to offending owners in October 2023. However notes that some owners ignored these	17. Noted.
	notifications and continue to run Airbnb's into 2024.	18. Noted
12	. Considers investors putting their financial interest above the health, wellbeing, and amenity of the other residents at the complex has made them question whether they care about the residents of Ascot Quays.	19. Noted. That isn't a consideration in the determination of a
13	Questions whether investors who profit from short-term rental accommodation would comply	20. Noted. Please refer to the 'Safeguarding Long-Term Housi
	with the Policy and conditions the City may impose.	21. Noted.
	Furthermore, questions if investors do get approval, and require a management plan, who would ensure compliance if they don't adhere to it.	
	Highlights the burden placed on other residents to monitor and report antisocial behaviour. Notes that this would impact on amenity of all residents in the building based on past experiences.	
14	. Considers short-term rental accommodation would adversely impact the character and amenity of their building, based on documented evidence, and is counter to policy objective (c).	
Pol	licy Objective (d)	
15	. Notes that Policy objective d outlines the primary purpose of residential areas in providing residential dwellings which are affordable and available on a long-term basis should be safeguarded.	
16	. Notes the complex provides one, two and three bedroomed apartments and are currently occupied by a mix of long-term renters and owner occupiers.	
17	. Notes the City took action when short-term rental accommodation's were in breach of planning compliance.	

d in all bar one unit to be approved for al to operate as a Serviced Apartment. to the City for consideration for other ecommodation. f the report. cular units can be referred to the City's e with conditions of approval, as well Planning Compliance Officer can planning application. sing' section of the report.

	18. Notes short-term rental accommodation activity has largely ceased over the last 6 months with an increase in owner occupiers and long term renters.	
	19. Notes many investor owners still want to operate short-term rental accommodation and will be applying with the City. Outlines that seeking a maximised return isn't an objective of LPP 19 and should be discounted in decision making.	
	20. Considers short-term rental accommodation at their complex would negatively impact the affordability and availability of residential dwellings and be contrary to the Policy Objectives.	
	21. Acknowledges the City's past efforts to address issues related to short-term rental accommodation and have confidence that the City will continue to make the right decision.	
25.	 Notes they live in an apartment complex where most residents are "Owner Occupiers" or are long-term residents. 	1. Noted.
	 Highlights their apartment is not a commercial building and the property is not in a commercial zone. 	 Noted. Noted.
	 Notes their strata by-laws do not allow the operating, or running, of any type of commercial enterprise from the premises. 	4. Noted.
	4. Highlights their property was not built for the purpose of having short-term rental	5. Noted. Concerns regarding the operation or use of particul Planning Compliance Team for investigation.
	accommodation.5. Notes they have experienced some apartments being rented out on a short term basis.	 Please refer to the 'Managing Amenity Impacts' and 'Instar accommodation would not be supported' headings of the re
	 Considers that long term residents cannot live side by side with short-term commercial apartment living. Outlines that both enjoy different living styles which causes clashes. 	7. Please refer to the 'Managing Amenity Impacts' section of t
	 Considers that short term renters do not treat the property as if it was their own. Considers this results in increased wear and tear on common property, increased strata levies, and building 	8. 	economy as a whole.	It is not considered to be the case that all larger homes are part of development approvals issued, a condition is general
	Considers that imposing locational restrictions on short-term rental accommodation could limit these economic benefits.	be rented out in one booking. In addition, there are maxim contained within the draft Policy.
	4. Considers the perceived benefit of encouraging supply of long-term homes is negated given the small percentage of short stay accommodation as a percentage of the overall housing market.	6. The State Government are implementing a short-term rent
	Cites REIWA statistics showing that short-term rental accommodation represents 0.4% of the overall housing market, suggesting that their impact is minimal.	The City of Belmont already has the ability to issue fines in with the Local Planning Scheme. under the Planning and De
	5. Outlines that larger homes offer short-term accommodation to multiple guests. Considers in contrast that homes with this many bedrooms are rarely rented to as many tenants, given the reluctance of landlords to lease to large share groups. Considers that the benefit of increasing longer-term housing is offset by the loss of guests to the area.	In 2023, there were 43 planning compliance cases against s land uses in the City of Belmont. This Policy is needed to er accommodation is appropriately managed and does not cau residential properties.
	 Suggests a register that monitors and tracks the number of short-term rental accommodation 	7. Noted.
	in suburbs would be beneficial in identifying the impact on any given area.	 The Policy is not aiming to ban short-term rental accommod guidance to operators of short-term rental accommodation
	Further suggests that imposing penalties for unlicensed short-term rental accommodations would be more effective in addressing concerns and managing the impact on residential areas, rather than imposing blanket restrictions.	requirement of management plans and code of conducts to short-term rental accommodation.
	7. Considers short-term rental accommodation can provide income for property owners within the	9. Noted.
	Belmont Council area, encouraging them to maintain their properties to a high standard to appeal to guests.	10. Noted.
	 Considers that homes near the airport offer a much needed residential style accommodation for FIFO workers, providing them with peaceful places to stay away from hotels and lively city areas. 	
	Considers rather than banning short-term rental accommodation entirely due to the risk of anti- social behaviour, that a strict zero tolerance policy be implemented to maintain peace within residential areas. Also outlines that a few isolated incidents should not be viewed as the norm for responsibly run accommodation homes.	
	9. Considers short-term rental accommodation also provide accommodation for visiting friends and families of local residents who may wish to stay nearby.	
	10. Notes it would be a shame for Belmont Council to introduce one of the more restrictive policies on short-term rental accommodation, given consideration to the benefits it can bring.	
27.	1. Considers short-term rental accommodation proposed in apartment buildings should address the following. Outlines that if the points below are not satisfied, they do not support short-term	1. Noted.

	5. Highlights the importance of the property owner living on-site, either in a separate apartment or sharing the apartment with short-term rental accommodation tenants.	6. Please refer to the 'Mitigating Amenity Impacts' and 'Instance accommodation would not be supported' sections of the rep
	Notes this was the original Airbnb business model to have shared accommodation, which would alleviate most issues associated with short-term rental accommodation.	7. Please refer to the 'Mitigating Amenity Impacts' section of the
	Considers that this ensures the owner takes responsibility for the tenants and addresses any issues.	 8. This is a Strata consideration, and not something the City ca 9. The draft Policy does not propose changes to the zoning or
	Notes that these issues should not be left for someone else to deal with typically being some Council of Owners' person or the strata company.	term rental accommodation will be assessed on their merits Scheme and draft Local Planning Policy. The draft Policy con relevant Strata Approvals to be in place.
	Considers that the use of an apartment block for both owner occupied/long-term use, and short-term rental accommodation does not work.	
	Highlights that the occupants have fundamentally opposing interests. Such as short-term rental accommodation guests having no interest in the community that is formed by long term occupants, the ensuing mutual respect, care for safety of the property, tidiness of the property and care of the pool area.	
	 Notes observing behaviours of short-term rental accommodation tenants in their apartment building including vandalism, noise at all hours, increased garbage, parking violations, and disregard for house rules. 	
	8. Suggests the introduction of an short-term rental accommodation levy in apartment complexes to be paid by short-term rental accommodation owners. Considers this could be used towards issues previously mentioned, and for general logistics of short-term rental accommodation.	
	 Notes the zoning of the apartment to be a crucial consideration. Highlights owners bought in to an apartment building based on the current zoning in order to live in a community with similar motives for being on the property. 	
	Considers that changes to zoning, even for individual units, should require approval from all owners.	
28.	1. Requests amending policy objective 4B to state that the "short-term rental accommodation precinct shall include, but not limited to, Great Eastern Highway, between Tonkin Highway and Graham Farmer Freeway."	 Please refer to the 'Appropriate locations for short-term rent report.
	 Requests adding the following additional Policy Objective "Existing grouped or multiple dwelling properties that were council approved for short term accommodation, are permitted to operate as an short-term rental accommodation, as they were purpose built to do so." 	 The draft Policy does not void any existing and valid develop term rental accommodation approvals have been issued on is the landowners responsibility to re-apply at the appropria not necessary or appropriate for the Policy Objective to make
	 Requests the following provisions be added to clause 6.4 of the Policy relating to Strata Approval: "(b) Strata Approval is not required for existing dwellings that were council approved for short term accommodation, including serviced apartments and units. These were purpose built to accommodate short term stays. 	 Development approval does not negate the need for propon approvals in place. Therefore, it is not appropriate for the Po wording.
	(c) To avoid discrimination and in the interests of equity, the following will apply to grouped or multiple dwelling developments. Where one or more Strata Lot owner operates a Council approved short-term rental accommodation, strata approval is not required for remaining Strata Lot owners who seek future approval as an short-term rental accommodation within that same development."	
29.	1. Notes that their complex has become nice and quiet without Airbnb's.	1. Noted.
	 Notes that whilst some quiet people used the Airbnb's, as a whole, Airbnb occupants took advantage of the swimming pool area, partied, made excessive noise and would drink and amply in the need area. Outlines that need of these are acceptable to these leading everyday. 	2. Please refer to the 'Mitigating Amenity Impacts' section of th
	smoke in the pool area. Outlines that none of these are acceptable to those leading everyday life there.	3. Noted.
	Mentions instances where the police had to be called to address noise complaints caused by Airbnb guests.	4. Noted.

LPS 15 Land Use Definitions

Land Use	LPS 15 definition
Short-stay Accommodation	Means the accommodation of short stay guests providing on
	site facilities for the convenience of guests and, management
	of the development, where occupation by any person is limited
	to a maximum of three months in any 12-month period and
	excludes any other use falling within a use class specifically
	defined in this scheme.
Bed and Breakfast	Means a dwelling –
	(a) Used by a resident of the dwelling to provide short-
	term accommodation, including breakfast, on a commercial
	basis for not more than 4 adult persons or one family; and
	(b) containing not more than 2 guest bedrooms.
Holiday Accommodation	Means two or more dwellings on one lot used to provide short-
	stay accommodation for persons other than the owner of the
	lot.
Holiday House	Means a single dwelling on one lot used to provide short-stay
	accommodation but does not include a bed and breakfast.
Serviced Apartments	Means a group of units or apartments providing –
	(a) self-contained short stay accommodation for guests;
	and
	(b) any associated reception or recreational facilities.

12.2 Petition - Community Centre Tennis Courts - Wilson Park

Council role

Executive The substantial direction setting and oversight role of the Council e.g. adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

Purpose of report

To consider a petition request for Council to rescind the decision to demolish the tennis courts in the Wilson Park Precinct Zone 2 redevelopment.

Summary and key issues

On 30 April 2024, a petition conforming to the City's petition requirements bearing 38 elector signatures was received. The petition reads as follows:

"We the undersigned electors of the City of Belmont request that Council:

Rescind the decision to demolish the Community Centre Tennis Courts in Wilson Park precinct Zone 2 Plan.

Instead, we would like the existing tennis courts and facilities to be upgraded and integrated into Zone 2 design. If the Courts cannot be incorporated into Zone 2, then we request that Council include new tennis courts within the Wilson Park precinct for Zone 3 the Community Centre and Gerring."

The petition request for the existing tennis courts to be retained in Zone 2 is not supported by City Officers for the detailed reasons outlined in this report.

The petition request for incorporating tennis courts into Zone 3 can be considered in 2027-28 when concept development is scheduled to commence.

Officer Recommendation

Sessions moved, Kulczycki seconded

That Council:

- 1. Receive the petition on behalf of the petitioners regarding the tennis courts in Wilson Park.
- 2. Direct the Chief Executive Officer to advise the Lead Petitioner that the tennis courts will not be incorporated into the Zone 2 design.
- 3. Direct the Chief Executive Officer to advise the Lead Petitioner that the tennis courts will be investigated as part of the Zone 3 concept development stage.

Carried Unanimously 8 votes to 0

For: Davis, Kulczycki, Marks, Powell, Rossi, Ryan, Sekulla and Sessions

Against: Nil

Location

The petition refers specifically to Wilson Park, which consists of 3.59ha of passive and recreational parkland located in Rivervale.

The site is bounded by Kooyong Road, Francisco Street, Surrey Road and Campbell Street.

The Wilson Park Precinct Redevelopment project is divided into four zones as per the map below.

Consultation

Extensive public engagement has been undertaken for the development of the Vision Plan (2016-2017) and Wilson Park Precinct Master Plan (2018-2019), which was used as a basis for developing the Zone 2 concept options.

As Wilson Park is a registered place of cultural significance under the *Aboriginal Cultural Heritage Act 2021 (WA)*, further engagement was undertaken with the City's Aboriginal Advisory Group and representatives of the Aboriginal community during design development of Zone 2, with findings and recommendations used to inform the final design and documentation.

Following the completion of the Design Development stage, the design Report and Plans were published on the City's Belmont Connect website for public viewing. To date, excluding this petition, no further feedback has been received.

Strategic Community Plan implications

In accordance with the 2020–2040 Strategic Community Plan:

Key Performance Area: People

Outcome: 2. A strong sense of pride, belonging and creativity.

Outcome: 3. People of all ages and abilities feel connected and supported.

Key Performance Area: Place

Outcome: 7. Attractive and welcoming places.

Policy implications

There are no policy implications associated with this report.

Statutory environment

The City of Belmont Standing Orders Local Law 2017 stipulates:

6.8 Petitions

- 1. A petition is to:
 - a. be addressed to the Mayor;
 - b. be made by electors of the district;
 - c. state the request on each page of the petition;
 - d. contain the name, address and signature of each elector making the request, and the date each elector signed;
 - e. contain a summary of the reasons for the request; and
 - f. state the name of the person to whom, and an address at which, notice to the petitioners can be given.
- 2. Upon receiving a petition, the local government is to submit the petition to the relevant employee to be included in his or her deliberations and report on the matter that is the subject of the petition, subject to subsection (3).
- 3. At any meeting, the Council is not to vote on any matter that is the subject of a petition presented to that meeting, unless:
 - a. the matter is the subject of a report included in the agenda; and

b. the Council has considered the issues raised in the petition.

Background

Since 2016, the City has been progressing the revitalisation of the Wilson Park Precinct through a collaborative consultation and design process to establish a new 'front and back yard' for the Rivervale community.

In 2016, the City engaged consultants, Hatch Roberts Day, to develop a 'Place Vision' for the Wilson Park Precinct with the aim of driving a revitalisation of the precinct through community collaboration and engagement. The study comprised a literature review and place research; case studies and place analysis; and extensive engagement with residents, businesses and landowners.

In 2018 and 2019 master planning was undertaken to gauge local community interests and needs; assess amenity and infrastructure requirements; prepare a holistic precinct masterplan; and identify preliminary cost estimates and staging opportunities. The engagement process included direct engagement with approximately 250 residents and stakeholders and generated over 515 workshop comments.

Throughout the community engagement process, it was identified that a consistent theme of creating a 'Heart' within the precinct could help solve the disconnect between the different spaces that existed within Wilson Park. This led to the creation of Zone 2 within the Masterplan.

In 2020, the City engaged Place Laboratory to undertake a design options report for Zone 2. This study produced a series of technical reports focusing on outcomes and objectives aligned to the Masterplan, a comprehensive review of the City's strategy and planning documentation, preliminary site investigations, benchmarking against similar facilities, preliminary assessment of site services, traffic and parking requirements and an options assessment methodology.

The design options were developed based on the masterplan design produced by the community engagement in 2018-2019, which included an internal visioning workshop, stakeholder one-on-ones, exercise and cultural walk, internal presentations, youth prototype day and the draft masterplan unveiling.

Following completion of the Masterplan, the City completed construction of Zone 1 – Netball Court Upgrades. This stage included a comprehensive upgrade of the existing netball courts and associated infrastructure as well as inclusion of a new multi-use court and tennis half court/hit up wall.

At the 2022 Federal Election, a pre-election commitment was made by the Labor candidate for Swan of \$2m towards the delivery of the Wilson Park Masterplan. Following the success of both Labor forming Government and the

Labor candidate winning the seat of Swan, the \$2m was confirmed through a Funding Agreement for Zone 2. In November 2023, the Funding Agreement was executed with the Department of Infrastructure. This Agreement sets out the conditions the City must meet to receive the \$2m funding for the project.

In February 2023, Council appointed design consultants, Ecoscape, to develop the detailed design and documentation ready for Tender.

Report

On 30 April 2024, a petition conforming to the City's petition requirements bearing 38 valid signatures was received.

The petition reads as follows:

"We the undersigned electors of the City of Belmont request that Council:

Rescind the decision to demolish the Community Centre Tennis Courts in the Wilson ark precinct zone 2 Plan.

Instead, we would like the existing tennis courts and facilities upgraded and integrated into Zone 2 design.

If the courts cannot be incorporated into Zone 2, then we request that Council include new tennis courts within the Wilson Park precinct for Zone 3 the Community Centre and Gerring."

To ensure the City meets the Federal Government's Funding Agreement Conditions, the project is required to be 25% complete by February 2025 and 100% completed by August 2026. The Conditions also require the City to deliver the following scope of works:

- Installation of boulder and climbing walls;
- Installation of skate facilities, including a pump track;
- Installation of a central spine path and associated access paths;
- Installation of barbeque and picnic facilities;
- Installation of shade structures;
- Installation of outdoor furniture, including seating and drinking fountains;
- Installation of lighting;
- Planting of trees, planting beds and laws;
- Installation of spectator seating for the netball courts;
- Installation of a performance stage; and
- Allowance for indigenous/cultural public art and interpretive signage.

The design process for Wilson Park Zone 2 commenced in February 2023 and was finalised in June 2023. The Request for Tender is now being prepared for advertising to meet the December 2024 Ordinary Council Meeting deadline. This will ensure the City can commence construction works in early 2025 and meet the Funding Agreement Conditions.

To ensure the City could meet the milestones and scope of works set out in the Agreement Conditions, the City engaged Ecoscape to complete a Feasibility Report as part of the design process. As part of the feasibility report, Ecoscape investigated the option of retaining one tennis court within the design.

The outcome of this report identified that to accommodate a tennis court in Zone 2 would require a significant redesign of the space which would result in less community focused play and amenity. Specifically, it would require the removal of elements such as the skate facilities, pump track or significant reduction of playground, all of which are scope Conditions for the Federal Funding Agreement. These findings were presented to Council at the 30 May 2023 Information Forum.

At the June 2023 Ordinary Council Meeting, an Alternative Motion was put forward regarding the Adoption of the Annual Budget 2023-2024. The Alternative Motion in part read:

"14. Directs the CEO to include the elements of water play and an artificial tennis court as part of the Wilson Park Precinct Redevelopment design, development and documentation and requests that the amended design, development and documentation, including the financial implications be presented to a future meeting of Council for consideration."

This Alternative Motion was lost, as an Absolute Majority was not reached. If the City was to delay the project milestones, through a full redesign, or fail to deliver the scope of works as outlined in the Agreement through removal of specified elements, there would be a high risk the City would lose the \$2m in Federal Funding for the project and additional funds would be required to cover the shortfall in the project budget.

Following the completion of works for Zone 2, the City will begin project planning for Zone 3 – Community Centre and Gerring Court. While the Masterplan does not identify a tennis court or other associated sporting amenity in this Zone, the City can investigate if it is appropriate to include a tennis court through the concept development stage.

Based on the City's current project resourcing allocation and prioritisation schedule, Wilson Park Zone 3 concept development is scheduled to commence in the 2027-2028 Financial Year.

Financial implications

There are no financial implications associated with the Officer recommendations of this report. However, if the request of this petition were endorsed by Council, it would have the following implications:

- 1. A full re-design of the project would be required, including all drawings, tender documents, and specifications. This would result in a variation in the range of \$200,000 \$300,000.
- 2. An Annual Budget amendment would be required to cover the costs of this additional design work as this has not been budgeted for in the 2024/2025 Annual Budget.
- 3. The project would not meet the agreed milestones or scope of works for the Federal Funding Agreement and would require the City to engage with the Federal Government to renegotiate the terms of the Agreement.
- 4. The Federal Funding Agreement for \$2,000,000 in project funding would be subject to this renegotiation. As this funding was committed as part of the 2022 Federal Election, and with a new Election occurring in 2025, there is a high risk this funding will not be retained and the City would need to cover the additional capital costs to undertake the project through reserve funding or increased rates.
- 5. The capital costs associated with constructing a tennis court within Zone 2 have not been factored into the project budget and would likely result in cost increases to the project.

Environmental implications

If the request of this petition were endorsed by Council, it would have the following implications:

- Reduced area for tree planting or garden beds;
- Increased hard stand contributing to heat island effect; and
- Possible existing vegetation or tree clearing.

Social implications

If the request of this petition were endorsed by Council, it would have the following implications:

- Reduced access to a range of recreational amenity requested by the community, such as skating, BMX and play spaces.
- Reduced opportunity for youth engagement through multi-use spaces; and
- Reduced opportunity for gathering with reduction of park amenity;

Council role

Executive The substantial direction setting and oversight role of the Council e.g. adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

Purpose of report

To present to Council the list of expenditure paid for the period 1 June 2024 to 30 June 2024 under delegated authority.

Summary and key issues

A list of payments is presented to the Council each month for confirmation and endorsement in accordance with the *Local Government (Financial Management) Regulations 1996 (WA)*.

Officer Recommendation

That the Authorised Payment Listing for June 2024 as provided under Attachment 12.3.1 be received.

Officer Recommendation adopted en bloc - Refer to Resolution appearing at Item 12.

Location

Not applicable.

Consultation

There has been no specific consultation undertaken in respect to this matter.

Strategic Community Plan implications

In accordance with the 2020–2040 Strategic Community Plan:

Key Performance Area: Performance

Outcome: 10. Effective leadership, governance and financial management.

Outcome: 11. A happy, well informed and engaged community.

Policy implications

There are no policy implications associated with this report.

Statutory environment

Regulation 13(1) of the *Local Government (Financial Management) Regulations* 1996 (WA) states:

"If the local government has delegated to the CEO the exercise of its power to make payments from the municipal fund or the trust fund, a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared:

- (a) the payee's name;
- (b) the amount of the payment;
- (c) the date of the payment; and
- (d) sufficient information to identify the transaction."

(3) A list prepared under sub regulation (1) is to be presented to Council at the next ordinary meeting of Council after the list is prepared; and recorded in the minutes of that meeting.

Regulation 13A of the *Local Government (Financial Management) Regulations* 1996 (WA) effective from 1 September 2023 states:

- (1) If a local government has authorised an employee to use a credit, debit or other purchasing card, a list of payments made using the card must be prepared each month showing the following for each payment made since the last such list was prepared —
 - (a) the payee's name;
 - (b) the amount of the payment;
 - (c) the date of the payment;
 - (d) sufficient information to identify the payment.
- (2) A list prepared under subregulation (1) must be -

(a) presented to the council at the next ordinary meeting of the council after the list is prepared; and

(b) recorded in the minutes of that meeting.

Background

Council has delegated to the Chief Executive Officer under Delegation 1.1.18 to make payment from the Municipal and Trust Fund account. In accordance with Regulation 13(1) of the *Local Government (Financial Management) Regulations 1996 (WA),* where this power has been delegated, a list of payments each month is to be compiled and presented to Council.

Report

The following summary of payments are recommended for confirmation and endorsement.

Payment type	Payment reference	\$
Municipal Fund Cheques	788882-788884	1,612.08
Municipal Fund EFTs	EF090648-EF091079	4,782,791.25
Municipal Fund Payroll	June 2024	2,104,273.67
Trust Fund EFT	EF090732-EF090733	17,214.99

Total Payments for June 2024	6,905,891.99	

A copy of the Authorised Payment Listing is included as Attachment 12.1.1.

Financial implications

All expenditure included in the Authorised Payment Listing is in accordance with Council's Annual budget.

Environmental implications

There are no environmental implications associated with this report.

Social implications

There are no social implications associated with this report.

Council role

Executive The substantial direction setting and oversight role of the Council e.g. adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

Purpose of report

To provide Council with relevant monthly financial information for the 2023-24 financial year.

Summary and key issues

The following report includes a concise list of material variances for the month ending 30 June 2024.

Officer Recommendation

That the Monthly Financial Reports as at 30 June 2024 as included in Attachment 12.4.1 be received.

Officer Recommendation adopted en bloc - Refer to Resolution appearing at Item 12.

Location

Not applicable.

Consultation

There has been no specific consultation undertaken in respect to this matter.

Strategic Community Plan implications

In accordance with the 2020–2040 Strategic Community Plan:

Key Performance Area: Performance

Outcome: 10. Effective leadership, governance and financial management.

Outcome: 11. A happy, well informed and engaged community.

Policy implications

There are no policy implications associated with this report.

Statutory environment

Section 6.4 of the Local Government Act 1995 (WA) in conjunction with Regulations 34 (1) of the Local Government (Financial Management) Regulations 1996 (WA) requires monthly financial reports to be presented to Council.

Regulation 34(1) requires a monthly Statement of Financial Activity reporting on revenue and expenditure.

Regulation 34(5) determines the mechanism required to ascertain the definition of material variances which are required to be reported to Council as a part of the monthly report.

Background

Local Government (Financial Management) Regulations 1996 (WA) prescribe that a Local Government is to prepare each month a Statement of Financial Activity.

Regulation 34(2) requires the Statement of Financial Activity to be accompanied by documents containing:

- 1. Explanation for each material variance identified between year-to-date budgets and actuals
- 2. Any other supporting information considered relevant by the Local Government.

Local Government (Financial Management) Regulations 1996 (WA) - Regulation 34 (5) states "Each financial year, a Local Government is to adopt a percentage or value, calculated in accordance with the Australian Accounting Standards, to be used in statements of financial activity for reporting material variances."

This regulation requires Council to annually set a materiality threshold for the purpose of disclosing budget variances within monthly financial reporting.

The materiality threshold has been set by Council at \$100,000 for the 2023-24 financial year.

Report

At the June 2023 Ordinary Council Meeting, Council adopted the materiality threshold for the 2023-24 financial year as \$100,000. The below table provides a summary of significant variances based on this materiality threshold. The detailed financial activity report is included at Attachment 12.4.1.

It should be noted that the figures contained within this report remain subject to finalisation of end of financial year processing and financial audit.

Report Section	Budget YTD	Actual YTD	Report Comments	
Operating Activities				
Revenue from operating activities				
Rates	56,645,769	56,804,707	Interim rates for Perth Airport issued.	

Report Section	Budget YTD	Actual YTD	Report Comments	
Operating grants, subsidie	s and contrib	utions		
Finance	1,266,604	1,089,957	Advance payment of 85% of 2024-25 General Purpose component of Financial Assistance Grant below budgeted amount.	
Economic & Community Development	209,608	85,727	Revenue from COB independent living units is pending provision of draft annual statements by contractor.	
Fees and charges				
City Facilities & Property	1,057,900	1,274,422	Increase in rents from City properties and an increase in use of Community Centers.	
Planning Services	561,500	680,475	Several high-value development applications have been submitted, with their fees based on these values.	
Safer Communities	913,700	1,036,381	Higher than anticipated income from fines enforcement and building fees associated with larger building applications.	
Interest earnings				
Finance	6,864,925	6,321,340	Final interest allocation pending end of financial year processes, reserve transfers and final adjustments.	
Other revenue				
Governance, Strategy & Risk	338,804	178,837	Insurance reimbursement for Hub IT Room fire receipted to Facilities instead of Governance.	
City Facilities & Property	335,893	815,390	Insurance reimbursement for Hub IT Room Hire receipted to Facilities instead of Governance.	
Expenditure from operating activities				
Employee costs				

Report Section	Budget YTD	Actual YTD	Report Comments
Finance	(2,134,761)	(2,257,192)	Expenses to be reimbursed higher than budgeted amount.
City Projects	(455,134)	(599,071)	Overspending due to portion of project manager costs to be capitalised at year end.
Governance, Strategy & Risk	(2,226,369)	(1,841,450)	
Parks, Leisure & Environment			Salaries are below budget due to vacancies which are currently
Planning Services	(2,047,254)	(1,894,520)	being recruited by the City.
Safer Communities	(3,195,917)	(3,068,786)	
Materials and contracts			
Governance, Strategy & Risk	(903,723)	(417,529)	Consulting and legal fees budgeted but not utilised.
Information Technology	(2,342,778)	(2,592,512)	Agency costs relating to contract staff above budget in addition to expenses incurred for a number of software licenses for the 2024- 25 year.
Public Relations & Stakeholder Engagement	(1,002,311)	,	Underspend and cost savings linked to project reprioritisation, with some invoices still pending.
Works	(10,030,067)		Waste invoices for June yet to be received and paid.
Design, Assets & Development	(551,105)	(311,692)	Professional Services contracts tendered later than planned.
Parks, Leisure & Environment	(5,991,525)	(6,169,605)	Additonal cost is in line with the use of contractors to back fill staff vacancies to continue delivering services.
City Facilities & Property	(2,904,040)	(3,138,127)	General increase in Building Maintenance costs across City Facilities.
Planning Services	(396,711)	(262,616)	Aspects of some projects have been managed in-house, and some consultant's costs have not yet been incurred.

Report Section	Budget YTD	Actual YTD	Report Comments	
Economic & Community Development	(2,482,547)		Underspend due to the revised scope and delays of some programs within the department.	
Library, Culture & Place	(2,550,988)	(2,007,955)	A number of anticipated projects were unable to be progressed due to resourcing limitations. Several projects are underspent due to cost savings and pending invoices.	
Utility charges				
Works	(1,039,305)	(885,575)	Utility expenses pending receipt of invoices and year end expense	
City Facilities & Property	(879,392) (766,0		accruals.	
Insurance Expenses				
Governance, Strategy & Risk	(268,571)	(128,288)	Actual insurance premium lower than estimated figure.	
Investing Activities				
Inflows from investing acti	vities			
Non-operating grants, subsidies, and contributions				
Works	2,369,559	2,137,677	Grant funding deferred to 2024- 25.	
Proceeds from disposal of assets				
Works	328,700	114,867	Plant item sales re-evaluated due to low utilisation, replacement deferred.	
Design, Assets & Development	533,262	154,385	Fleet to be sold at auction when new orders are delivered.	
Outflows from investing activities				
Payments for property, plant and equipment				

Report Section	Budget YTD	Actual YTD	Report Comments
Information Technology	(482,199)	(593,797)	Firewall renewal project overspend due to new hardware asset to be capitalised at the end of the project, instead of operating as budgeted.

NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY FOR THE PERIOD ENDED 30 JUNE 2024

1 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the Local Government Act 1995 read with the Local Government (Financial Management) Regulations 1996, prescribe that the financial report be prepared in accordance with the Local Government Act 1995 and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the City to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supporting information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

Judgements and estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- impairment of financial assets
- estimation of fair values of land and buildings, infrastructure and investment property
- estimation uncertainties made in relation to lease accounting
- estimated useful life of intangible assets

SIGNIFICANT ACCOUNTING POLICES

Significant acccounting policies utilised in the preparation of these statements are as described within the 2023-24 Annual Budget. Please refer to the adopted budget document for details of these policies.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 30 June 2024

CITY OF BELMONT NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY FOR THE PERIOD ENDED 30 JUNE 2024

SIGNIFICANT ACCOUNTING POLICIES

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Initial recognition and measurement for assets held at cost Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost the asset is initially recognise at fair value. Assets held at cost are

depreciated and assessed for impairment annually.

Initial recognition and measurement between mandatory revaluation dates for assets held at fair value In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the City includes the cost of all materials used in construction,

direct labour on the project and an appropriate proportion of variable and fixed overheads.

13 Reports by the Chief Executive Officer

13.1 Request for leave of absence

Recommendation

Sekulla moved, Davis seconded

That Cr Vijay be granted a leave of absence for the period 1 August 2024 to 6 October 2024.

Carried 8 votes to 0

For: Davis, Kulczycki, Marks, Powell, Rossi, Ryan, Sekulla and Sessions Against: Nil

Recommendation

Sekulla moved, Sessions seconded

That Cr Davis be granted a leave of absence for the period 2 September 2024 to 25 September 2024.

Carried 8 votes to 0

For: Davis, Kulczycki, Marks, Powell, Rossi, Ryan, Sekulla and Sessions Against: Nil

13.2 Notice of motion

Disclosures by elected members in relation to this Item were made as follows:

- At Agenda Item 3, "Disclosure of Interest" it was noted by the Senior Governance Officer that Mayor Rossi and Councillors Davis, Kulczycki, Marks, Powell, Ryan, Sekulla and Sessions each disclosed a Direct Financial Interest in Item 13.2.1 in accordance with Regulation 22 of the Local Government (Model Code of Conduct) Regulations 2021; and
- 2. Prior to the commencement of Agenda Item 13.2.1, the Mayor and Councillors Davis, Kulczycki, Marks, Powell, Ryan, Sekulla and Sessions each stated individually that they had a Financial Interest in Agenda Item 13.2.1 and as required by Section 5.69(3) of the *Local Government Act 1995 (WA)*, they had received approval from the Minister to fully participate in discussion and decision making in relation to this Item 13.2.1.

Approval has been granted by the Minister for Local Government to the following councillors to fully participate in the discussion and decision making relating to the following item at the City Ordinary Council Meeting, to be held on 23 July 2024 as follows:

13.2.1 Notice of Motion (Cr Davis) Budget for Training and Professional Development for Elected Members

Mayor Rossi, Cr Sessions, Cr Kulczycki, Cr Sekulla, Cr Marks, Cr Ryan, Cr Davis and Cr Powell

Conditions of approval:

- 1. The approval is only valid for the 23 July 2024 Ordinary Council Meeting when agenda item 13.2.1 is considered;
- 2. The above-mentioned Councillors must declare the nature and extent of their interests at the abovementioned meeting when the matter is considered, together with the approval provided;
- 3. The Chief Executive Officer (CEO) is to provide a copy of the Department of Local Government, Sport and Cultural Industries letter of approval to the abovementioned councillor;
- 4. The CEO is to ensure that the declarations, including the approval given and any conditions imposed, are recorded in the minutes of the abovementioned meeting, when the item is considered;
- 5. The CEO is to provide a copy of the confirmed minutes of the abovementioned meeting to DLGSC, to allow DLGSC to verify compliance

with the conditions of this approval; and

6. The approval granted is based solely on the interests disclosed by the abovementioned councillors, made in accordance with the application. Should other interests be identified, these interests will not be included in this approval and the financial interest provisions of the Act will apply.

Cr Kulczycki disclosed at Item 3 of the Agenda "Disclosure of Interest" an Impartiality Interest in the following item in accordance with Regulation 22 of the *Local Government (Model Code of Conduct) Regulations 2021*.

Council role

Executive The substantial direction setting and oversight role of the Council e.g. adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

Purpose of report

To consider the Notice of Motion received from Councillor (Cr) Davis for Council to consider increasing the budget for training and professional development for Elected Members.

Summary and key issues

A request has been received from Cr Davis for Council to consider increasing the budget for training and professional development for Elected Members.

Councillor Motion

That Council increases the budget for training and professional development for Elected Members from \$5,000 to \$8,000 per year.

Reasons

The budget policy has not been updated to coincide with CPI and training and professional development costs have increased.

In today's changing environment Elected Members should have the opportunity to consistently educate themselves on Council subjects and issues. The budget at \$5,000 per year limits Councillors being educated on important matters.

Officer Recommendation

Davis moved, Sekulla seconded

That Council:

- 1. Increases the Budget for Professional Development for Elected Members from \$5,000 to \$7,450 per year;
- 2. Amends the annual municipal budget for 2024-2025 at the October 2024 Mid-Year Budget Review by providing an additional \$22,000.
- 3. Endorses the amended Elected Member Professional Development and Authorised Travel Policy (as per Attachment 13.2.2) to increase the Budget for Professional Development as per point 1. above.

Carried by Absolute Majority 6 votes to 2

For: Davis, Kulczycki, Marks, Ryan, Sekulla and Sessions

Against: Rossi and Powell

Location

Not applicable.

Consultation

There has been no specific consultation undertaken in respect to this matter.

Strategic Community Plan implications

In accordance with the 2020 - 2040 Strategic Community Plan:

Key Performance Area: Performance

Outcome: 10. Effective leadership, governance and financial management.

Policy implications

The payment for Elected Member professional development is covered by Council Policy, Elected Member Professional Development and Authorised Travel Policy. The current policy sets the cap at \$5,000 per annum or \$20,000 over the four years an Elected Member is in office. To amend the amount payable the Policy would need to be amended by Council decision.

Statutory environment

Elected Members would be required to disclose a financial interest in amending the Council Policy under Section 5.60A of the Local Government Act. As such Elected Members will need to complete the relevant declaration of interest form and the City will apply to the Minister to allow Elected Members to participate in the item when it comes to Council.

Background

A Notice of Motion received from Cr Davis reads as follows:

That Council increases the budget for training and professional development for Elected Members from \$5,000 to \$8,000 per year.

Reasons

The budget policy has not been updated to coincide with CPI and training and professional development costs have increased.

In today's changing environment Elected Members should have the opportunity to consistently educate themselves on Council subjects and issues. The budget at \$5,000 per year limits Councillors being educated on important matters.

Report

The Elected Member Professional Development and Authorised Travel Policy ("Policy") sets out the yearly Budget for Professional Development for Elected Members (at section 1.3 of the Policy). This amount is currently set at \$5,000 per year of an Elected Member's term and is to cover travel, accommodation and registration expenses.

The \$5,000 per annum Budget for Professional Development has not changed since 2007. In the period 2007 to 2024 the Australian CPI as measured by the Australian Bureau of Statistics has increased by 48.4% as overall measure of costs. A review of the expense items comprising the Budget for Professional Development shows the cost of travel (airfares) for the same period has increased by 40% to 66% depending on flight time, travel season and how far in advance travel is booked. Accommodation costs have increased by 50% to 100% (location and travel season dependent) and if Government discounts apply, by an increase of 50% to 75% (again depending on travel season as well as booking lead-times and volume).

The Notice of Motion seeks to review the Budget for Professional Development from \$5,000 per annum to \$8,000 per annum (a 60% increase). Given the cost increases that have occurred as noted above and the long interval since this allowance was last reviewed, the request to increase the Budget for Professional Development is reasonable.

A survey of other Tier One councils in Metropolitan Perth found that four local government authorities provide a higher allowance (up to 40% to 68%). Two councils provide the same as the City, while the remainder of all Perth metropolitan local governments (7) provide slightly less. One Perth metropolitan local government has a reimbursement policy. This survey suggests that many Perth local government authorities have not increased their Elected Member Professional Development budgets for some time despite substantial increases in general and living costs.

In the Notice of Motion, Cr Davis cites increased costs, as measured by CPI, as a reason for her Notice of Motion to increase the Budget for Professional Development.

A review of CPI since 2007 when the allowance was last adjusted, shows that CPI has increased by 48.4%.

In light of the quantum of the rise in CPI, the Alternative Officer Recommendation is that an increase in the Budget for Professional Development is reasonable and is supported however the amount of the increase should match the rise in CPI (48.4%) since the last review in 2007. On this basis, the Alternative Officer Recommendation is that the Budget for Professional Development to cover training and professional development costs for Elected Members is increased (by this CPI percentage of 48.4%) taking the allowance amount from \$5,000 to \$7,450 (note the amount has been rounded up to the nearest \$50).

The existing Elected Member Professional Development and Authorised Travel Policy is included in Attachment 13.2.1. A Draft Amended Elected Member Professional Development and Authorised Travel Policy showing the proposed changes contained in the Alternative Officer Recommendation is included at Attachment 13.2.2.

Financial implications

The cost of the Alternative Officer Recommendation is \$22,000. The cost of the Councillor Motion as proposed by Cr Davis's Notice of Motion is \$27,000.

Environmental implications

There are no environmental implications associated with this report.

Social implications

There are no social implications associated with this report.

Attachment details

Att	tachment No and title
1.	Current Elected Member Professional Development and Authorised Travel
	[13.2.1.1 - 7 pages]

2. Draft Amended Elected Member Professional Development and Authorised Travel [**13.2.1.2** - 7 pages]

Elected Member Professional Development and Authorised Travel

Policy Objective

To provide guidelines for Elected Member training, professional development and travel to ensure Elected Members are provided with appropriate skills and knowledge to effectively fulfill their role.

In accordance with the *Local Government Act 1995* and the *Local Government (Administration) Regulations 1996* this policy sets out requirements for Elected Member mandatory training, professional development and travel. The policy outlines Elected Member entitlements as well as establish what constitutes authorised travel on behalf of the City of Belmont.

The Policy must be reviewed by Council after each ordinary election.

All monetary values in this policy exclude GST.

Policy Detail

1. Training and professional development

- 1.1. Elected Member Mandatory Training
 - a) An Elected Member must complete any training prescribed by section 5.126(1) of the Local Government Act 1995 (the Act) and the Local Government (Administration) Regulations 1996, within a period of twelve months of being elected.
 - b) In accordance with section 5.127 of the Act, the City must prepare a report for each financial year on the mandatory training completed by Elected Members during the financial year. The report must be published on the City's website within one month after the end of the financial year to which the report relates.
- 1.2. Continuous Professional Development
 - a) In accordance with section 5.128 of the Act, Elected Members are encouraged to identify their individual continuing professional development needs to enhance their effectiveness and address skill gaps as required.
 - b) As the needs of individual Elected Members may vary, each Elected Member is encouraged to seek the assistance of the CEO and Mayor in analysing their particular requirements and in identifying appropriate courses, seminars and training to meet those needs.

c) In determining the professional development activities for individuals, Elected Members should consider the current or future strategic direction and activities of the City and its priorities and the skills that will be needed to give effect to the direction.

1.3. Budget for Professional Development

This policy establishes a limit for travel, accommodation and registration expenses for Elected Members. Each Elected Member is to be allocated \$5,000 for each year of their term for travel, accommodation and registration expenses for professional development. In the first three years of the term an Elected Member may draw on amounts exceeding the \$5,000 per year, but any amount greater than the \$5,000 reduces the allocation available in subsequent years. In the final year of an Elected Member's term the lesser of the remaining balance or \$5,000 may not be exceeded.

An Elected Member may agree to personally fund any short fall in Professional Development expenses in the event that costs would exceed the set budget amount.

The costs associated with mandatory training under the Act will be funded outside of the Elected Members Professional Development budget allocation outlined above.

1.4. Council Nominated Professional Development and Authorised Travel Events

The costs of attendance at Council nominated Professional Development and Authorised Travel listed in this policy, or to which Council resolves to send an Elected Member as a delegate, are not to be deducted from the Professional Development budget limit for that Elected Member. These events include Australian Local Government Association events, Australian Mayoral Aviation Council events and the receipt of awards or approved lobbying on behalf of the City of Belmont.

Unless otherwise resolved by Council;

- i. the Mayor, or the Deputy Mayor; and
- ii. the CEO or the CEO's nominee will be the Council delegate for attendance at these events.

The costs of attendance at the Western Australian Local Government Week event and any legislated/mandatory training are not to be included as a cost to an Elected Member's Professional Development Allowance.

1.5. Reimbursement of Other Expenses

In accordance with section 5.98 of the Act and Regulation 32 of the *Local Government (Administration) Regulations 1996* an Elected Member is to be

reimbursed for the following types of expenses to the extent set for each type of expense where the expense is incurred:

- a) in performing a function under the express authority of the City;
- b) by reason of being accompanied by no more than one other person while performing an official function where the City considers it to be appropriate; or
- c) in performing a function in the Elected Member's official capacity; and the expense is verified by sufficient information.

The table below outlines standard expenses and limits.

Type of expense	Professional development
Professional development expenses	For Professional Development opportunities outside of the Perth metropolitan area, an Elected Member is entitled to be reimbursed for registration, travel, accommodation and sundry expenses.
	For Professional Development opportunities within the Perth metropolitan area, an Elected Member is entitled to be reimbursed for registration, travel and sundry expenses. Accommodation expenses are excluded, not claimable, under this policy.
	Note: See Policy item 1.3 for budget limit
Sundry expenses	Breakfast expenses: The actual expense incurred to a maximum value of \$40 per day
	Lunch expenses: The actual expense incurred to a maximum value of \$60 per day
	Dinner expenses: The actual expense incurred to a maximum value of \$80 per day
	Other expenses: <i>(i.e., Drinks, Mini-bar, Dry cleaning, Personal grooming)</i> The actual expense incurred to a maximum value of \$50 per day
	Regardless of limits, sufficient supporting documentation is required.

1.6. Accompaniment by Spouse

If an Elected Member wishes to be accompanied by their spouse or partner then the Elected Member must cover the cost of all expenses of being accompanied by their spouse or partner other than:

- a) the cost of attending an official dinner or equivalent function; and
- b) accommodation costs where the spouse or partner stays in the same room as the Elected Member.

In some circumstances it will be more efficient and effective for the City to make arrangements for a spouse or partner and pay for travel, accommodation and registration costs. In this instance, the Elected Member must reimburse the City for any of these costs. When necessary, reimbursement will be deducted from the Elected Member's sitting fees.

1.7. Approval Process

The Mayor will consider and assess all Elected Member requests to attend professional development opportunities, and, the Mayor's requests will be assessed by the Chief Executive Officer.

Any request by an Elected Member for professional development or reimbursement of expenses that is additional to or outside of the requirements of this policy will be referred to Council for further consideration.

1.8. Report

Elected Members will provide a brief presentation to the next available Information Forum upon returning from any Professional Development attended.

A summary of expenses for Professional Development of each Elected Member will be reported in the City of Belmont Annual Report each year.

2. Travel

2.1. Travel, Accommodation and Registration

The City will pay the cost of Elected Member travel, accommodation and registration at professional development events under this policy up to the limit determined in this policy. If an Elected Member pays for travel, accommodation and registration at a professional development event then the Elected Member is entitled to reimbursement up to the limits determined in this policy.

2.2. Standard of Travel and Accommodation

All Elected Member travel is to be economy class.

Hotel accommodation may be provided at the professional development event venue or if not available at the event venue then accommodation is to be at a mid-range hotel as close as practicable to the venue.

2.3. Frequent Flyer Points

Where possible, any frequent flyer points earned from flights undertaken whilst on Council business shall be applied:

- a) in relation to Council business; or
- b) to enable Elected Members to be accompanied by their partner or spouse whilst on Council business.

2.4. Interstate and Overseas Professional Development Events

Overseas travel will be subject to Council approval.

Unless otherwise resolved by Council, a maximum of two Elected Members shall attend an interstate Professional Development event, unless otherwise resolved by Council. Should there be more than two nominees; the Mayor will have complete discretion on the selection of approved attendees.

Consideration will also be given as to whether attendance at events will impede a quorum at any scheduled Council or Committee meetings, and available budget.

2.5. Carbon Offsets

The City will offset the carbon emissions for all interstate or overseas air travel by purchasing carbon offsets at the time of flight booking.

2.6. Travelling whilst Interstate and Overseas (other than air travel)

Elected Members shall endeavour to use the most cost effective and environmentally friendly method of travelling when interstate and overseas. When travelling within a region, an Elected Member will endeavour to travel by public transport or, if this is not practicable, then by taxi. An Elected Member may request cab charge vouchers in advance of travelling interstate.

When relevant, Elected Members are expected to share transport. The use of a hire car must be approved in advance by the Chief Executive Officer.

Definitions

'CEO' means the Chief Executive Officer of the City.

'City' means the City of Belmont.

'Interstate Professional Development' means an interstate professional development event and includes those held in New Zealand.

- i. Authorised Travel includes:
 - a) Receiving of a National Award; and
 - b) Approved lobbying on behalf of the City of Belmont.

'Professional Development' includes conferences, congresses, study tours, seminars, training courses, lectures, workshops or similar events.

Note:

- i. Professional Development events held **outside** of the Perth Metropolitan area, including intrastate, interstate and New Zealand are to be deducted from the Elected Member allocation, as detailed in the expense table under items 1 and 2.
- ii. Professional Development events **within** the Perth Metropolitan area (which are within 100kms of CBD) are also deducted from the Elected Member allocation, but exclude accommodation, as this is not a claimable expense under this policy.

Elected Member Professional Development and Authorised Travel

Policy Objective

To provide guidelines for Elected Member training, professional development and travel to ensure Elected Members are provided with appropriate skills and knowledge to effectively fulfill their role.

In accordance with the *Local Government Act* 1995 (*WA*) and the *Local Government* (*Administration*) Regulations 1996 (*WA*) this policy sets out requirements for Elected Member mandatory training, professional development and travel. The policy outlines Elected Member entitlements as well as establish what constitutes authorised travel on behalf of the City of Belmont.

The Policy must be reviewed by Council after each ordinary election.

All monetary values in this policy exclude GST.

Policy Detail

1. Training and professional development

- 1.1. Elected Member Mandatory Training
 - a) An Elected Member must complete any training prescribed by section 5.126(1) of the Local Government Act 1995 (WA) (the Act) and the Local Government (Administration) Regulations 1996 (WA), within a period of twelve months of being elected.
 - b) In accordance with section 5.127 of the Act, the City must prepare a report for each financial year on the mandatory training completed by Elected Members during the financial year. The report must be published on the City's website within one month after the end of the financial year to which the report relates.
- 1.2. Continuous Professional Development
 - a) In accordance with section 5.128 of the Act, Elected Members are encouraged to identify their individual continuing professional development needs to enhance their effectiveness and address skill gaps as required.
 - b) As the needs of individual Elected Members may vary, each Elected Member is encouraged to seek the assistance of the CEO and Mayor in analysing their particular requirements and in identifying appropriate courses, seminars and training to meet those needs.

- c) In determining the professional development activities for individuals, Elected Members should consider the current or future strategic direction and activities of the City and its priorities and the skills that will be needed to give effect to the direction.
- 1.3. Budget for Professional Development

This policy establishes a limit for travel, accommodation and registration expenses for Elected Members. Each Elected Member is to be allocated \$5,000-\$7,450 for each year of their term for travel, accommodation and registration expenses for professional development. In the first three years of the term an Elected Member may draw on amounts exceeding the \$5,000\$,7,450 per year, but any amount greater than the \$7,450\$,5000 reduces the allocation available in subsequent years. In the final year of an Elected Member's term the lesser of the remaining balance or \$7,450\$,5000 may not be exceeded.

An Elected Member may agree to personally fund any short fall in Professional Development expenses in the event that costs would exceed the set budget amount.

The costs associated with mandatory training under the Act will be funded outside of the Elected Members Professional Development budget allocation outlined above.

1.4. Council Nominated Professional Development and Authorised Travel Events

The costs of attendance at Council nominated Professional Development and Authorised Travel listed in this policy, or to which Council resolves to send an Elected Member as a delegate, are not to be deducted from the Professional Development budget limit for that Elected Member. These events include Australian Local Government Association events, Australian Mayoral Aviation Council events and the receipt of awards or approved lobbying on behalf of the City of Belmont.

Unless otherwise resolved by Council;

- i. the Mayor, or the Deputy Mayor; and
- ii. the CEO or the CEO's nominee will be the Council delegate for attendance at these events.

The costs of attendance at the Western Australian Local Government Week event and any legislated/mandatory training are not to be included as a cost to an Elected Member's Professional Development Allowance.

1.5. Reimbursement of Other Expenses

In accordance with section 5.98 of the Act and Regulation 32 of the *Local Government (Administration) Regulations 1996 (WA)* an Elected Member is

to be reimbursed for the following types of expenses to the extent set for each type of expense where the expense is incurred:

- a) in performing a function under the express authority of the City;
- b) by reason of being accompanied by no more than one other person while performing an official function where the City considers it to be appropriate; or
- c) in performing a function in the Elected Member's official capacity; and the expense is verified by sufficient information.

The table below outlines standard expenses and limits.

Type of expense	Professional development
Professional development expenses	For Professional Development opportunities outside of the Perth metropolitan area, an Elected Member is entitled to be reimbursed for registration, travel, accommodation and sundry expenses.
	For Professional Development opportunities within the Perth metropolitan area, an Elected Member is entitled to be reimbursed for registration, travel and sundry expenses. Accommodation expenses are excluded, not claimable, under this policy.
	Note: See Policy item 1.3 for budget limit
Sundry expenses	Breakfast expenses: The actual expense incurred to a maximum value of \$40 per day
	Lunch expenses: The actual expense incurred to a maximum value of \$60 per day
	Dinner expenses: The actual expense incurred to a maximum value of \$80 per day
	Other expenses: <i>(i.e., Drinks, Mini-bar, Dry cleaning, Personal grooming)</i> The actual expense incurred to a maximum value of \$50 per day
	Regardless of limits, sufficient supporting documentation is required.

1.6. Accompaniment by Spouse

If an Elected Member wishes to be accompanied by their spouse or partner then the Elected Member must cover the cost of all expenses of being accompanied by their spouse or partner other than:

- a) the cost of attending an official dinner or equivalent function; and
- b) accommodation costs where the spouse or partner stays in the same room as the Elected Member.

In some circumstances it will be more efficient and effective for the City to make arrangements for a spouse or partner and pay for travel, accommodation and registration costs. In this instance, the Elected Member must reimburse the City for any of these costs. When necessary, reimbursement will be deducted from the Elected Member's sitting fees.

1.7. Approval Process

The Mayor will consider and assess all Elected Member requests to attend professional development opportunities, and, the Mayor's requests will be assessed by the Chief Executive Officer.

Any request by an Elected Member for professional development or reimbursement of expenses that is additional to or outside of the requirements of this policy will be referred to Council for further consideration.

1.8. Report

Elected Members will provide a brief presentation to the next available Information Forum upon returning from any Professional Development attended.

A summary of expenses for Professional Development of each Elected Member will be reported in the City of Belmont Annual Report each year.

2. Travel

2.1. Travel, Accommodation and Registration

The City will pay the cost of Elected Member travel, accommodation and registration at professional development events under this policy up to the limit determined in this policy. If an Elected Member pays for travel, accommodation and registration at a professional development event then the Elected Member is entitled to reimbursement up to the limits determined in this policy.

2.2. Standard of Travel and Accommodation

All Elected Member travel is to be economy class.

Hotel accommodation may be provided at the professional development event venue or if not available at the event venue then accommodation is to be at a mid-range hotel as close as practicable to the venue.

2.3. Frequent Flyer Points

Where possible, any frequent flyer points earned from flights undertaken whilst on Council business shall be applied:

- a) in relation to Council business; or
- b) to enable Elected Members to be accompanied by their partner or spouse whilst on Council business.

2.4. Interstate and Overseas Professional Development Events

Overseas travel will be subject to Council approval.

Unless otherwise resolved by Council, a maximum of two Elected Members shall attend an interstate Professional Development event, unless otherwise resolved by Council. Should there be more than two nominees; the Mayor will have complete discretion on the selection of approved attendees.

Consideration will also be given as to whether attendance at events will impede a quorum at any scheduled Council or Committee meetings, and available budget.

2.5. Carbon Offsets

The City will offset the carbon emissions for all interstate or overseas air travel by purchasing carbon offsets at the time of flight booking.

2.6. Travelling whilst Interstate and Overseas (other than air travel)

Elected Members shall endeavour to use the most cost effective and environmentally friendly method of travelling when interstate and overseas. When travelling within a region, an Elected Member will endeavour to travel by public transport or, if this is not practicable, then by taxi. An Elected Member may request cab charge vouchers in advance of travelling interstate.

When relevant, Elected Members are expected to share transport. The use of a hire car must be approved in advance by the Chief Executive Officer.
