

Ordinary Council Meeting

Agenda

27 October 2026

City of
Belmont

Notice of Meeting

An **Ordinary Council Meeting** will be held in the Council Chamber of the **City of Belmont Civic Centre**, 215 Wright Street, Cloverdale, on **Tuesday 27 October 2026**, commencing at 6:30pm.

John Christie
Chief Executive Officer

Please read the following important disclaimer before proceeding

Any plans or documents in agendas and minutes may be subject to copyright. The express permission of the copyright owner must be obtained before copying any copyright material.

Any statement, comment or decision made at a Council meeting regarding any application for an approval, consent or licence, including a resolution of approval, is not effective as an approval of any application and must not be relied upon as such.

Any person or entity who has an application before the City must obtain, and should only rely on, written notice of the City's decision and any conditions attaching to the decision and cannot treat as an approval anything said or done at a Council meeting.

Any advice provided by an employee of the City on the operation of a written law, or the performance of a function by the City, is provided in the capacity of an employee, and to the best of that person's knowledge and ability. It does not constitute, and should not be relied upon, as legal advice or a representation by the City. Any advice on a matter of law, or anything sought to be relied upon as a representation by the City should be sought in writing and should make clear the purpose of the request. Any plans or documents in agendas and minutes may be subject to copyright.

**Elected Members are reminded to retain any
confidential papers for discussion with the minutes.**

1 Official Opening

The Presiding Member will read aloud the Acknowledgement of Country.

Acknowledgement of Country

Before I begin, I would like to acknowledge the Whadjuk Noongar people as the Traditional Owners of this land and pay my respects to Elders past, present and emerging.

I further acknowledge their cultural heritage, beliefs, connection and relationship with this land which continues today.

The Presiding Member will cause the Affirmation of Civic Duty and Responsibility to be read aloud by a Councillor.

Affirmation of Civic Duty and Responsibility

I make this affirmation in good faith and declare that I will duly, faithfully, honestly, and with integrity fulfil the duties of my office for all the people in the City of Belmont according to the best of my judgement and ability.

I will observe the City's Code of Conduct and Standing Orders to ensure efficient, effective and orderly decision making within this forum.

2 Apologies and leave of absence

3 Declarations of interest that might cause a conflict

Elected Members/Staff are reminded of the requirements of s5.65 of the *Local Government Act 1995 (WA)*, to disclose any interest during the meeting when the matter is discussed, and also of the requirement to disclose an interest affecting impartiality under the City's Code of Conduct for Council Members, Committee Members and Candidates and the Code of Conduct for Employees.

3.1 Financial Interests

A declaration under this section requires that the nature of the interest must be disclosed. Consequently, a member who has made a declaration must not preside, participate in, or be present during any discussion or decision-making procedure relating to the matter the subject of the declaration.

Other members may allow participation of the declarant if the member further discloses the extent of the interest and the other members decide that the interest is trivial or insignificant or is common to a significant number of electors or ratepayers.

Name	Item No and Title	Nature of Interest (and extent, where appropriate)

3.2 Disclosure of interest that may affect impartiality

Elected Members and staff are required in addition to declaring any financial interest, to declare any interest that might cause a conflict (under the Code of Conduct). The member/employee is also encouraged to disclose the nature of the interest. The member/employee must consider the nature and extent of the interest and whether it will affect their impartiality. If the member/employee declares that their impartiality will not be affected then they may participate in the decision-making process.

Name	Item No and Title	Nature of Interest (and extent, where appropriate)

4 Announcements by the Presiding Member (without discussion) and declarations by Members

4.1 Announcements

4.2 Disclaimer

Any plans or documents in agendas and minutes may be subject to copyright. The express permission of the copyright owner must be obtained before copying any copyright material.

Any statement, comment or decision made at a Council meeting regarding any application for an approval, consent or licence, including a resolution of approval, is not effective as an approval of any application and must not be relied upon as such.

Any person or entity that has an application before the City must obtain, and should only rely on, written notice of the City's decision and any conditions attaching to the decision and cannot treat as an approval anything said or done at a Council meeting.

Any advice provided by an employee of the City on the operation of a written law, or the performance of a function by the City, is provided in the capacity of an employee, and to the best of that person's knowledge and ability. It does not constitute, and should not be relied upon, as a legal advice or representation by the City. Any advice on a matter of law, or anything sought to be relied upon as a representation by the City should be sought in writing and should make clear the purpose of the request. Any plans or documents in agendas and minutes may be subject to copyright.

4.3 Declarations by Members who have not given due consideration to all matters contained in the business papers presently before the meeting

5 Public Participation time

5.1 Responses to questions taken on notice

5.1.1 Ms L Hollands on behalf of Belmont Resident and Ratepayers Action Group

The following questions were taken on notice at the 22 September 2026 Ordinary Council Meeting. Ms Hollands as provided with a response on 16 October 2026. The response from the City is recorded accordingly:

1. With regard to the Belvidere Street upgrade, Somers Street to Keymer Street contained within stage 3 was not part of the original proposal and therefore not considered in the cost presented during the public consultation period:
 - a) What is the additional cost? or
 - b) If there is no additional cost, what was excluded or changed in the original plans that allows there to be no change to the costings when that extra area was not included?

Response

Council adopted a project budget of \$9.3m in the 2024/2025 Long Term Financial Plan. This project budget was adopted alongside the Project Business Case in August 2023.

Extension of the scope of works to Somers Street was identified as an opportunity in the Project Business Case.

This extension was included in the design development and was accommodated through the use of contingency funds allowed for in the original project estimates.

There was no increase to the project budget associated with the extension to Somers Street.

2. Last meeting I asked how much it costs ratepayers for the collection of rubbish that is not part of the additional services provided by the City for waste removal:
 - a) How many different properties had rubbish collected?
 - b) How many are repeat offenders?

Response

- a) In 25/26 the City recorded 596 locations from where items of rubbish were collected.**
 - b) There was more than one collection at 76 locations. This includes vacant lots, natural areas, and multi-unit dwellings where there are several residents.**
3. As standing orders are normally suspended to handle urgent, unexpected or special matters that regular rules do not allow, as opposed to bypassing them on a monthly basis, in essence, to change the existing law, how does this comply with the objective of the *Local Government Act 1995 (WA)* and Regulations?

Response

Suspension of the Standing Orders is not confined to urgent or unexpected matters; it is a procedural mechanism that allows a meeting to vary its usual rules where members consider it necessary or desirable to facilitate the conduct of business.

Standing Orders can be suspended by Council and remain compliant with the *Local Government Act 1995 (WA)* and regulations.

5.1.2 Ms L Hollands, Redcliffe

The following questions were taken on notice at the 22 September 2026 Ordinary Council Meeting. Ms Hollands was provided with a response on 16 October 2026. The response from the City is recorded accordingly:

- 1. With regard to the operation of automatic number plate recognition cameras:
 - a) How many are operating in the Belmont area?
 - b) Where are they located?
 - c) Who has access to the data?

Response

- a) It is unknown how many ANPR (Automatic Number Plate Recognition) cameras are located in the Belmont area, as they are owned and operated by WA Police.**
- b) As part of the City's ongoing partnership with WA Police one of their ANPR cameras is located adjacent to 22 Leake Street, Ascot.**

c) This question should be directed to WA Police.

2. With regard to the City of Belmont staff employed in the 2025-26 financial year:

a) What was the number of staff employed?

b) What was the expenditure on wages and other costs associated with wages and salaries?

c) How do the figures compare to the 2024-25 financial year?

Response

a) 267

b) The (draft) annual financial statements for 2025-26 report total employee costs of \$31.62m. This information will be available in the City's Annual Report.

c) The annual financial statements for 2024/25 report total employee costs of \$29.13m. This information is available in the City's Annual Report.

3. With regard to the Belmont Men's Shed request for funding on the agenda tonight:

a) What steps has the City taken to provide the Belmont Men's Shed with a City owned facility or assist with relocation to a more affordable facility?

b) What assistance has previously been provided to the Belmont Men's Shed to assist with rent?

c) When was the previous rent assistance provided?

Response

a) The City has worked with the Belmont Men's Shed on accommodation matters since 2013, including supporting investigation of a future Men's Shed facility as part of City's Community Infrastructure Plan. In September 2026, Council resolved to work with the Belmont Men's Shed to explore alternative accommodation options, including suitable City-owned or other premises.

b) The City has provided accommodation support since 2015, including \$72,000 over two years, followed by annual accommodation contributions of \$55,000 which continued through subsequent

budget processes until 2026/27 where an increase was introduced to reflect current lease costs to \$61,360.

- c) Accommodation support has been provided annually since 2015 through Council budget allocations, most recently through the 2025–26 financial year prior to Council's September 2026 funding decision.**

5.1.3 Mr L Rosolin, Belmont

The following questions were taken on notice at the 22 September 2026 Ordinary Council Meeting. Mr Rosolin was provided with a response on 16 October 2026. The response from the City is recorded accordingly:

1. With regard to Lot 600 (No. 39) Central Avenue, Ascot at Item 12.1 of the Agenda:
 - a) Why is the bush land adjacent from the development being cleared for a development?
 - b) The lots appear to be 800 metres in size, why have the lots changed from zone R20 to R40?
 - c) Who occupied the land prior to the subdivision approved by the Western Australian Planning Commission in 2025?

Response

- a) **The developer has undertaken clearing works on Lot 600 (No. 39) Central Avenue to facilitate earthworks associated with the subdivision.**
- b) **The zoning of Lot 600 (No. 39) Central Avenue has not changed. The City's Local Planning Scheme No.15 allows for corner lots to be developed at R30.**
- c) **Prior to being granted subdivision approval, Lot 600 (No. 39) Central Avenue was vacant.**

2. Who will be responsible for approving the division?

Response

The Western Australian Planning Commission is the determining body for subdivisions.

5.1.4 Mr M Cardozo, Redcliffe

The following question was taken on notice at the 22 September 2026 Ordinary Council Meeting. Mr Cardozo was provided with a response on 16 October 2026. The response from the City is recorded accordingly:

1. Was the Access and Inclusion Advisory Group specifically consulted when the City's live streaming policy was recently reviewed?

Response

No. The Access and Inclusion Advisory Group was not specifically consulted as part of the review of the City's Livestreaming Policy.

5.1.5 Mr M Cardozo on behalf of Belmont East Ward Connect

The following questions were taken on notice at the 22 September 2026 Ordinary Council Meeting. Mr Cardozo was provided with a response on 16 October 2026. The response from the City is recorded accordingly:

1. An Elected Member has previously participated remotely in an Annual Electors' Meeting held in the Function Room:
 - a) Does the Function Room have the technical capability to allow someone outside the room to hear the proceedings in real time?

Response

The Function Room can host external participants but does not have the capacity for real-time listen-only broadcasting.

2. Whether or not the capability currently exists, what would it cost to provide real-time listen-only access for a person who cannot physically attend because of a disability in the Function Room?

Response

Costs would be associated with the attendance of appropriate staff to facilitate the meeting plus any additional software or hardware costs that have not been costed/budgeted.

3. People with Disabilities WA is a disability advocacy organisation located in the Belmont Hub.

- a) Has the City ever sought its advice about accessibility to Annual Electors' Meetings?

Response

The City has not sought such advice.

5.1.6 Ms J Gee, Cloverdale

The following question was taken on notice at the 22 September 2026 Ordinary Council Meeting. Ms Gee was provided with a response on 16 October 2026. The response from the City is recorded accordingly:

1. What will be done, or is being done to ensure that NDIS properties do not remain vacant or used for other purposes in Belmont, especially on Abernethy Road?

Response

Whether a property is tenanted is at the discretion of the property owner.

If a resident has concerns that a property is being used for a purpose other than its approved use, they can lodge a planning compliance enquiry with the City for investigation.

5.2 Questions from members of the public

5.3 Public Statement Time

6 Confirmation of Minutes/receipt of Matrix

6.1 Ordinary Council Meeting held 22 September 2026

Officer Recommendation

That the Minutes of the Ordinary Council Meeting held on 22 September 2026, as printed and circulated to all Elected Members, be confirmed as a true and accurate record.

Council role

Legislative	The making and adopting of local laws, local town planning schemes and Council policies.
--------------------	--

Purpose of report

For Council to consider Scheme Amendment No. 25 to the City of Belmont Local Planning Scheme No. 15 (LPS 15) following public advertising.

Summary and key issues

- At the 25 February 2025 Ordinary Council Meeting, Council resolved to recommend that the Western Australian Planning Commission (WAPC) approve the draft Golden Gateway Local Structure Plan (Structure Plan), subject to modifications.

- On 10 September 2025, the WAPC considered the Structure Plan and directed the City to make modifications.
- The WAPC also directed the City to progress an amendment to LPS 15 to align with the Structure Plan.
- At the 24 March 2026 Ordinary Council Meeting, Council resolved to initiate Amendment No. 25 for the purpose of advertising (Attachment 12.1.1).
- Before granting consent to advertise, the Minister for Planning directed several modifications to the Amendment. The key change removed the condition restricting 'Showrooms' to land abutting Great Eastern Highway, allowing the use to be considered throughout the area bounded by Stoneham Street, Resolution Drive and Great Eastern Highway.
- The Amendment was advertised from 16 July 2026 to 27 August 2026. At the close of the advertising period, 20 submissions were received.
- It is recommended that Council support Amendment No. 25 to LPS 15, subject to a modification reinstating a condition restricting 'Showrooms' to land directly abutting Great Eastern Highway.

Officer Recommendation

That Council:

1. Pursuant to Regulation 50(3)(b) of the *Planning and Development (Local Planning Schemes) Regulations 2015 (WA)*, support Amendment No. 25 to the City of Belmont Local Planning Scheme No. 15, subject to the following modification, and recommend that the amendment, as modified, be approved by the Minister for Planning:
 - Apply the following condition to Restricted Use Area 5:

"Showrooms may only be approved where they abut Great Eastern Highway."

Location

Amendment No. 25 relates to land bound by Stoneham Street, Resolution Drive and Great Eastern Highway and Lots 713, 237, 236, and 197 Grandstand Road as outlined in red in Figure 1. These lots are subject to the Structure Plan.

While the Belmont Trust land is located within the Structure Plan area, it is not subject to Amendment No. 25 as no changes are proposed to this land.

Figure 1: Location Plan – Subject land outlined in red

Consultation

Amendment No. 25 was advertised from 16 July 2026 to 27 August 2026 by way of:

- A public notice being placed in the Perth Now newspaper on 16 July 2026.
- A public notice being placed on the City's website and at the Civic Centre.
- Information published on the City's website and Belmont Connect.
- Letters being sent to relevant State agencies, those who lodged a submission on the Structure Plan, and all landowners and occupiers of properties outlined in Figure 2.

Figure 2: Amendment No. 25 referral area

The City received 20 submissions during the advertising period. Submissions raised the following key themes, as detailed within the Schedule of Submissions included as Attachment 12.1.4 and Confidential Attachment 12.1.5:

- The potential scale of development on the Kilns site and the removal of the 10% public open space requirement.
- That the proposed planning framework would facilitate increased development on the Kilns site and potentially impact its heritage, character and future public use.
- Concerns were raised regarding the capacity of the surrounding road network to accommodate additional development, existing traffic congestion and the ability to provide safe pedestrian connections across Great Eastern Highway.

Strategic Community Plan implications

In accordance with the 2024–2034 Strategic Community Plan:

Key Performance Area: Place

Outcome: 6. Sustainable population growth with responsible urban planning.

Policy implications

There are no policy implications associated with this report.

Statutory environment

Local Planning Scheme Amendments

Section 75 of the *Planning and Development Act 2005 (WA)* provides for an amendment to be made to a local planning scheme. The procedures for amending a local planning scheme, including public consultation requirements are set out within Part 5 of the Regulations.

The Regulations specify three different types of scheme amendments being 'basic', 'standard', and 'complex'. Clause 35(2) of the Regulations requires a resolution of the local government which specifies the amendment type and the reasons for the classification.

When a local government resolves to amend a scheme, the proposed scheme amendment is required to be referred to the Department of Planning Lands and Heritage (DPLH) to obtain consent to advertise. Where an amendment is deemed to have an environmental impact, it is also required to be referred to the Environmental Protection Authority.

Following consent to advertise, the responsible authority shall advertise the amendment in accordance with the Regulations by:

- Displaying the amendment and associated public notice on the local government's website.
- Publishing the notice in a local newspaper and displaying this on the local government's public notice boards.
- Giving a copy of the notice to each public authority that the local government considers is likely to be affected by the amendment.

After the conclusion of the advertising period, Council is required to consider the submissions and pass a resolution to either support the amendment, with or without modification, or not support the amendment. After passing a resolution, the amendment is to be forwarded to the WAPC to review and provide a recommendation to the Minister for Planning.

Metropolitan Region Scheme

The subject land is zoned 'Urban' under the Metropolitan Region Scheme (MRS). The proposed Scheme Amendment aligns with the MRS zoning.

Local Planning Scheme No. 15 (LPS 15)

Land subject to Amendment No. 25 is currently zoned 'Mixed Use' and reserved 'Local Road' under LPS 15 as shown in Figure 3.

Figure 3: LPS 15 Zoning Map (amendment area outlined yellow)

The 'Mixed Use' zone has the following objective:

"The Mixed Use Zone is intended to allow for the development of a mix of varied but compatible land uses such as housing, offices, showrooms, amusement centres, eating establishments and appropriate industrial activities which do not generate nuisances detrimental to the amenity of the district or to the health, welfare and safety of its residents. Buildings should be of a high standard of architectural design set in pleasant garden surrounds with limited vehicular access from properties to primary roads.

To provide for a wide variety of active uses on street level which are compatible with residential and other non-active uses on upper levels."

Table 1 (Zoning Table) of LPS 15 sets out the permissibility of uses using the symbols of 'P', 'D', 'A', and 'X'. The meaning of the symbols is listed below:

'P' means the use is permitted by the Scheme providing the use complies with the relevant development standards and the requirements of the Scheme;

'D' means that the use is not permitted unless the local government has exercised its discretion by granting Development Approval;

'A' means the use is not permitted unless the local government has exercised its discretion by granting Development Approval after giving special notice in accordance with the provisions contained in Clause 64 of the *Planning and Development (Local Planning Schemes) Regulations 2015* Schedule 2;

'X' means a use that is not permitted by the Scheme.

Clause 3.5 addresses Additional Uses and outlines that, regardless of the use class designation in the zoning table, land uses for areas specified in Schedule No. 2 can receive approval, subject to the specific conditions being met.

Lots 713, 237 and 236 Grandstand Road are currently subject to the Additional Use of 'Shop' under LPS 15.

Schedule No. 3 of LPS 15 and Clause 3.6 relate to Restricted Uses. Clause 3.6 sets out the purpose of Restricted Uses as follows:

"Despite anything contained in the Zoning Table, the land specified in Schedule 3 may only be used for the specific use or uses that are listed and subject to the conditions set out in Schedule 3 with respect to that land."

There are currently no restricted uses under LPS 15.

Strategic Planning Framework

Perth and Peel @ 3.5 Million

The State's 'Perth and Peel @ 3.5 Million' impacts upon the statutory direction for the City.

The Perth and Peel region will need to accommodate significant population growth by 2050 with an additional 1.5 million people requiring approximately 800,000 new homes. The 'Perth and Peel @ 3.5 million' strategic planning framework requires 47% of this growth to be delivered through infill developments. It identifies that the City of Belmont population will increase from 37,360 to 60,260 people by 2050 and to accommodate that increase an additional 10,410 dwellings will be required.

Perth and Peel @ 3.5 Million promotes the concept of 'urban corridors' as a way of achieving integrated land use and transport outcomes. Great Eastern Highway is identified as an 'urban corridor' and abuts the draft Structure Plan area. The framework suggests that land around urban corridors is appropriate for increased residential densities and mixed land uses.

City of Belmont Local Planning Strategy

The City of Belmont Local Planning Strategy is the strategic planning document that broadly sets out the long-term planning direction for the City. The Strategy also informed the preparation of LPS 15. The key objectives of the Local Planning Strategy and its supporting sub-strategies as relevant to the Golden Gateway precinct are as follows:

- Enhance the north-west entrance to the City.
- Encourage landmark development.
- Produce a Structure Plan and Implementation Plan for the locality.
- Utilise the development process to rationalise and improve traffic access to commercial properties along Great Eastern Highway.
- Provide for higher density residential development along Great Eastern Highway, in addition to mixed use, landmark buildings that create an entry statement and a high standard of urban amenity.
- Acknowledge that Ascot Racecourse and the Swan River are 'strategic tourism sites' of State significance to benefit future tourism development.
- Recognise the importance of the river for transport, commerce, tourism and leisure as well as its conservation values.

Draft Golden Gateway Precinct Structure Plan

The Structure Plan has been prepared to guide the future subdivision, zoning and development of land in the Golden Gateway Precinct. At its Ordinary Council Meeting (OCM) on 25 February 2025, Council resolved to recommend that the WAPC approve the Structure Plan and supporting technical appendices, subject to modifications. The Structure Plan map considered by Council is reflected in Figure 4.

Figure 4: Draft Structure Plan Map

The WAPC has since considered the Structure Plan and resolved to require the City to undertake the following modifications:

Kilns Site

- Removing reference to requiring the development of a local development plan to establish development controls and instead apply an R-AC3 density code providing for buildings up to six storeys.
- Including a provision that provides for a potential two storey bonus where development demonstrates design excellence under State Planning Policy 7.0 – Design of the Built Environment and provides a measurable community benefit.
- Replacing the 10% public open space requirement with a more flexible provision requiring public open space to be delivered on the Kilns site, with a connection to the proposed Daly Street open space area.

Precinct Boundary

Updating the precinct boundary to exclude Perth Racing's landholdings. This change has no impact, as those landholdings are already subject to a separate planning process.

General Modifications

- Reformatting the document into a precinct structure plan.
- Including a provision that encourages amalgamation/rationalisation of lots to create potential for larger scale development and facilitate gradual transitioning of built form outcomes.
- Including a provision that encourages road links through private property if they improve connectivity and remove direct access from Great Eastern Highway.
- Updating precinct objectives so that they are more distinct from one another.
- Updating a variety of development controls such as removing provisions relating to minimum podium heights and maximum street setbacks and ensuring that minimum primary, secondary, side and rear setback provisions are included. It should be noted that these are peripheral matters that do not change the substantive height and development outcomes envisaged by the draft Structure Plan supported by Council.

Council's role in considering the Structure Plan concluded with its recommendation to the WAPC in February 2025. The City has since made the WAPC's directed modifications and returned the revised Structure Plan to DPLH. Once Amendment No. 25 has been considered by Council and forwarded to the WAPC, both will progress concurrently through their remaining approval processes.

Great Eastern Highway Urban Corridor Strategy

The Great Eastern Highway Urban Corridor Strategy was endorsed by Council at the 22 October 2024 Ordinary Council meeting.

The Strategy establishes a 'vision' for the Great Eastern Highway corridor and proposes a series of implementation strategies to deliver this. It identifies four precincts along the highway and provides guidance on their development. Precinct 2 includes the section of the highway between Belmont Avenue and Hardey Road, of which the northern side of the highway falls within the Golden Gateway precinct.

The Strategy identifies this area as an 'activity node', which is envisioned to be developed as a creative hub comprising a mixture of commercial uses, civic spaces, offices, professional and technical service uses, supported by higher density residential development.

Background

Council Initiation

At the 24 March 2026 Ordinary Council Meeting, Council initiated Amendment No. 25 (included as Attachment 12.1.1).

In doing so, Council noted that the Amendment was being progressed at the direction of the WAPC to align LPS 15 with the modifications it had directed be made to the Golden Gateway Structure Plan.

Council also noted that, in relation to the Ascot Kilns site, the WAPC-modified Structure Plan and corresponding Scheme Amendment did not reflect Council's previous resolutions for the site.

Accordingly, the Amendment would need to be consistent with the WAPC modified Structure Plan.

Council also noted that, in relation to the Ascot Kilns site, the WAPC-modified Structure Plan and corresponding Scheme Amendment did not reflect Council's previous resolutions for the site.

Minister Modifications

All local scheme amendments require the Minister for Planning's consent prior to advertising.

Before granting consent, the Minister directed the City to modify Amendment No. 25 pursuant to section 83A(2)(b) of the *Planning and Development Act 2005*. The modified Amendment Report is included as Attachment 12.1.2, with the changes detailed in the Schedule of Modifications at Attachment 12.1.3.

The key changes that were directed are:

- Replace the single proposed Restricted Use area with two separate Restricted Use areas, as shown on the Amendment Map.
- Include 'Caretakers Dwelling' and 'Home Store' as Restricted Uses for both areas.
- Delete 'Pet Day Care' as a Restricted Use for both areas.
- Do not include 'Showroom' as a Restricted Use for the portions of Lots 713, 237, 236 and 197 (80) Grandstand Road.
- Assign a land use permissibility symbol for the Restricted Use areas that aligns with Table 1 of LPS 15.
- Delete the condition requiring 'Showrooms' to adjoin Great Eastern Highway.

The City modified the Amendment consistent with this direction and undertook advertising.

Report

Scope of Consideration

While the broader Golden Gateway project involves both the Precinct Structure Plan and Amendment No. 25, it is important to distinguish between these two processes and Council's role at this stage.

Council's role for this item is to consider the submissions received during advertising and make a recommendation to the WAPC on Amendment No. 25.

Council's role in considering the Structure Plan has concluded, and the consideration of Amendment No. 25 does not provide an opportunity to revisit the WAPC's determination on the Structure Plan or Council's previous resolutions relating to it.

As directed by the WAPC, Amendment No. 25 has been prepared to align LPS 15 with the WAPC-modified Structure Plan. While it is open to Council to recommend modifications to the Amendment, any changes must not be inconsistent with the WAPC-modified Structure Plan, otherwise they would result in a conflict between the two planning instruments.

Current Planning Context

In considering the submissions received, it is important to understand the planning controls that currently apply to the precinct.

The majority of the Amendment area is currently zoned 'Mixed Use' under LPS 15, with no specified building height controls.

In relation to the Ascot Kilns site, it is also important to clarify that the land is currently zoned 'Mixed Use' and is capable of development in accordance with that zone.

Amendment No. 25 introduces density coding and more specific land use controls, providing greater certainty around the form, scale and intensity of future development.

The Ascot Kilns are also included on the State Register of Heritage Places and remain subject to the applicable statutory heritage protections. Amendment No. 25 does not alter this status or remove the heritage requirements applying to the site.

Accordingly, the Amendment does not introduce development potential to land that is presently incapable of development. Rather, the Amendment seeks to establish a more defined planning framework to guide and manage development that is already capable of occurring under the existing 'Mixed Use' zoning.

Showroom

As outlined in the Background section of this report, the Minister directed several modifications to Amendment No. 25 prior to advertising. Officers generally support these modifications, with the exception of the removal of the condition restricting 'Showrooms' to land directly abutting Great Eastern Highway.

If this condition were removed, 'Showrooms' could be considered throughout the area bounded by Stoneham Street, Resolution Drive and Great Eastern Highway.

Officers consider this would not align with the intended strategic role and character of the area for the following reasons:

- The strategic intent for the internal precinct is to facilitate a coordinated mixed-use area comprising higher-density residential development, small-scale commercial activity, active street frontages, public realm improvements and strong pedestrian connections. 'Showrooms' are generally larger-format and vehicle-oriented uses and are inconsistent with the intended character and function of this area.
- Allowing 'Showrooms' throughout the precinct would facilitate lower-intensity, single-purpose development, and reduce opportunities for the intended transition to a mixed use urban form.
- The Great Eastern Highway frontage has a regional transport function, commercial exposure and visibility, which provides a stronger basis for considering 'Showrooms' along the highway frontage.
- This approach is also reflected in the broader planning framework. For example, the Ascot Kilns site is proposed to be zoned 'Mixed Use', and 'Showroom' is not proposed as a permissible use within that precinct. Similarly, under Amendment No. 24 (Perth Racing landholdings), 'Showroom' is not proposed within all areas zoned 'Mixed Use'. This demonstrates that the 'Mixed Use' zoning does not, of itself, mean that every discretionary use is appropriate in every location.
- While the suitability of individual 'Showroom' proposals could be considered at the development application stage, officers consider that the Scheme should clearly establish where the use is appropriate. This provides greater certainty and ensures the land use framework reflects the intended role and character of the internal precinct.

For these reasons, officers recommend that the condition restricting 'Showrooms' to land directly abutting Great Eastern Highway be reinstated.

Ascot Kilns

Built Form

Several submitters raised concerns regarding the proposed building heights and scale of development on the Ascot Kilns site.

As part of its consideration of the Golden Gateway Structure Plan, Council recommended that a separate, site-specific Local Development Plan be prepared for the site.

When the WAPC considered the Structure Plan in September 2025, it directed that the requirement for a Local Development Plan be removed and an R-AC3 density code applied. This provides for buildings up to six storeys, with the potential for an additional two storeys where development demonstrates design excellence and provides a measurable community benefit.

While Council's previous resolutions regarding the site are acknowledged, the WAPC has subsequently considered the Structure Plan and directed an alternative building height and development framework. The previous Local Development Plan and Council's subsequent recommendation for a new site-specific Local Development Plan have therefore been superseded by the WAPC Amended Structure Plan.

It is also important to note that the R-AC3 coding establishes the development framework for the site but does not approve any particular development or building height. Any future development proposal will be subject to the applicable development approval process, including detailed consideration of built form, design and the relationship of development to the heritage values of the Ascot Kilns. This will also include heritage referral requirements and design review where applicable.

On the basis that the proposed density coding and building height framework reflect the WAPC's directed modifications to the Structure Plan, officers do not recommend any modifications to these provisions through Amendment No. 25.

Heritage

Several submitters raised concerns regarding the conservation of the heritage structures and the potential impact of future development on the heritage values of the Ascot Kilns. In considering these matters, the following is relevant:

- The Ascot Kilns are already State heritage listed and subject to the applicable statutory heritage protections. Neither the Structure Plan nor Amendment No. 25 changes this status or the heritage approval requirements applying to the site.

- Amendment No. 25 does not approve any development, construction works or alterations to the heritage structures, nor does it propose their removal. The Amendment applies density coding and land use permissibility controls consistent with the WAPC's direction.
- The WAPC has also directed specific objectives be included in the Structure Plan to ensure the heritage values of the site are retained, including the protection of significant views and vistas and consideration of the landmark values of the Ascot Kilns.
- Development on a State Registered place is required to be referred to the Heritage Council for advice under the *Heritage Act 2018*. The legislation also affords the Heritage Council's advice an elevated statutory status, with decision-makers generally required to make decisions consistent with that advice. Matters relating to conservation, archaeology and the impact of future development can therefore be considered through these processes.

Having regard to the above, officers do not consider that the heritage matters raised during advertising warrant any modification to Amendment No. 25. The existing statutory heritage protections, together with the additional objectives included in the Structure Plan, provide the appropriate framework for these matters to be considered through any future development proposal.

Public Open Space

Several submitters raised concerns regarding the removal of the requirement to provide 10% public open space on the Ascot Kilns site.

As part of its consideration of the Structure Plan, the WAPC directed that the 10% requirement be replaced with a more flexible provision requiring public open space to be provided on the Kilns site, with a connection to the proposed Daly Street public open space area.

The WAPC's modifications therefore do not remove the requirement to provide public open space. Rather, they remove the prescribed percentage and establish a more flexible approach to its provision.

Amendment No. 25 has been prepared to implement the WAPC's modified Structure Plan. Accordingly, no modifications are recommended in response to the public open space matters raised during advertising.

Movement

Submitters raised concerns regarding existing traffic congestion, pedestrian access across Great Eastern Highway and the potential for future development to place additional pressure on the surrounding transport network.

These matters were considered through the Golden Gateway Structure Plan and its supporting Movement and Access Strategy. The Strategy concluded that the surrounding road network is expected to operate at an acceptable level of service and identified opportunities to improve pedestrian connectivity, including additional protected crossing facilities such as traffic signals and refuge islands.

The Great Eastern Highway Urban Corridor Strategy also identifies a potential pedestrian overpass in the vicinity of Daly Street.

As the precinct develops, the City will continue to work with Main Roads WA to investigate opportunities to improve pedestrian crossing facilities and will continue to advocate for improved public transport servicing of the area.

Amendment No. 25 does not approve any particular development or traffic outcome. Detailed traffic, access and parking implications will be considered as individual development proposals are progressed.

Having regard to the above, no modification to Amendment No. 25 is recommended in response to the traffic and movement matters raised during advertising.

Conclusion

Amendment No. 25 has been prepared, at the direction of the WAPC, to align LPS 15 with the modified Golden Gateway Structure Plan.

Officers support the Amendment subject to a modification to reinstate the condition limiting 'Showroom' to lots directly abutting Great Eastern Highway. This is considered necessary to ensure that the land use permissibility controls appropriately reflect the intended character and function of the precinct.

It is therefore recommended that Council support Amendment No. 25 subject to the modification outlined in the Officer Recommendation and forward the Amendment to the WAPC for consideration.

Financial implications

There are no financial implications evident at this time.

Environmental implications

There are no environmental implications associated with this report.

Social implications

There are no social implications evident at this time.

Scheme Amendment No. 25

Local Planning Scheme No. 15

Publication date: [00/00/00]

Planning and Development Act 2005

Resolution to prepare amendment to local planning scheme

**City of Belmont
Local Planning Scheme No. 15
Scheme Amendment No. 25**

Resolved that the local government pursuant to section 75 of the *Planning Development Act 2005*, amend the above local planning scheme by:

1. Deleting "There are no restricted uses which apply to the Scheme" from Clause 3.6 and Schedule No. 3 of the Scheme Text and introducing the following new provision within Schedule No. 3 – Restricted Uses:

No.	Description of Land	Restricted Use	Conditions
3	'Mixed Use' zoned land bound by Stoneham Street, Resolution Drive and Great Eastern Highway and the 'Mixed Use' zoned portions of Lots 713, 237, 236 and 197 Grandstand Road, Ascot.	- Aged or Dependent Persons Dwelling - Amusement Facility - Amusement Parlour - Ancillary Dwelling - Art Gallery - Betting Agency - Car Park - Child Care Premises - Child Family Day Care - Civic Use - Club Premises - Community Home - Consulting Rooms - Convenience Store - Dry Cleaning Premises - Educational Establishment - Exhibition Centre - Grouped Dwelling - Health Centre - Health Studio	Showrooms may only be approved where they abut Great Eastern Highway.

No.	Description of Land	Restricted Use	Conditions
		- Home Business - Home Occupation - Hospital - Hosted Short Term Rental Accommodation - Hotel - Laundromat - Liquor Store – Small - Lunch Bar - Massage Parlour - Medical Centre - Mobile Phone Tower and Associated Facilities - Multiple Dwelling - Nursing Home - Office - Pet Day Care - Private Recreation - Place of Worship - Public Amusement - Reception Centre - Residential Building - Restaurant/Café - Showroom - Small Bar - Studio - Tavern - Telecommunications Infrastructure - Tourist and Visitor Accommodation - Unhosted Short Term Rental Accommodation	

No.	Description of Land	Restricted Use	Conditions
		- Veterinary Centre - Vet Consulting Rooms - Video Store	

2. Deleting Additional Use 3 and renumbering Schedule 2 accordingly.
3. Amending the Scheme Map to apply a 'Mixed Use' zone, Restricted Use (R3) designation and R-AC3 density code to the portions of Lots 713, 237, 236 and 197 Grandstand Road located outside the existing constructed road, and a 'Local Road' reservation to the constructed portion of Grandstand Road.
4. Amending the Scheme Map to apply an R-AC0 density code and Restricted Use (R3) designation to the 'Mixed Use' zoned land bound by Stoneham Street, Resolution Drive and Great Eastern Highway.

Pursuant to Clause 35(2) of the *Planning and Development (Local Planning Schemes) Regulations 2015 (WA)*, is of the view that Amendment No. 25 is a 'Standard' amendment for the following reasons:

- a. The proposed amendment is consistent with the objectives of the 'Mixed Use' zone as it will provide for a mix of varied but compatible uses.
- b. The proposed amendment is consistent with the City of Belmont Local Planning Strategy.
- c. The amendment will have minimal impact on land in the Scheme area that is not the subject of the amendment.

Dated this 24th day of March 2026.

City of Belmont Chief Executive Officer

Planning Report

Introduction

Amendment No. 25 to Local Planning Scheme No. 15 (LPS 15) proposes to:

1. Delete "There are no restricted uses which apply to the Scheme" from Clause 3.6 and Schedule No. 3 of the Scheme Text and introduce the following new provision within Schedule No. 3 – Restricted Uses:

No.	Description of Land	Restricted Use	Conditions
3	'Mixed Use' zoned land bound by Stoneham Street, Resolution Drive and Great Eastern Highway and the 'Mixed Use' zoned portions of Lots 713, 237, 236 and 197 Grandstand Road, Ascot.	- Aged or Dependent Persons Dwelling - Amusement Facility - Amusement Parlour - Ancillary Dwelling - Art Gallery - Betting Agency - Car Park - Child Care Premises - Child Family Day Care - Civic Use - Club Premises - Community Home - Consulting Rooms - Convenience Store - Dry Cleaning Premises - Educational Establishment - Exhibition Centre - Grouped Dwelling - Health Centre - Health Studio - Home Business	Showrooms may only be approved where they abut Great Eastern Highway.

		- Home Occupation - Hospital - Hosted Short Term Rental Accommodation - Hotel - Laundromat - Liquor Store – Small - Lunch Bar - Massage Parlour - Medical Centre - Mobile Phone Tower and Associated Facilities - Multiple Dwelling - Nursing Home - Office - Pet Day Care - Private Recreation - Place of Worship - Public Amusement - Reception Centre - Residential Building - Restaurant/Café - Showroom - Small Bar - Studio - Tavern - Telecommunications Infrastructure - Tourist and Visitor Accommodation - Unhosted Short Term Rental Accommodation - Veterinary Centre - Vet Consulting Rooms - Video Store

Proposed Amendment

Amendment No. 25 to LPS 15 has been prepared to ensure the Scheme aligns with the modified draft Structure Plan, as directed by the Western Australian Planning Commission (WAPC).

Planning Context

Statutory Planning Framework

Local Planning Scheme Amendments

Section 75 of the *Planning and Development Act 2005* provides for an amendment to be made to a local planning scheme. The procedures for amending a local planning scheme, including public consultation requirements are set out within Part 5 of the *Planning and Development (Local Planning Schemes) Regulations 2015* (The Regulations).

The Regulations specify three different types of scheme amendments being 'basic', 'standard', and 'complex'. Clause 35(2) of the Regulations requires a resolution of the local government which specifies the amendment type and the reasons for the classification.

When a local government resolves to amend a scheme, the proposed scheme amendment is required to be referred to the Department of Planning Lands and Heritage (DPLH) to obtain consent to advertise. Where an amendment is deemed to have an environmental impact, it is also required to be referred to the Environmental Protection Authority.

Following consent to advertise, the responsible authority shall advertise the amendment in accordance with the Regulations by:

- Displaying the amendment and associated public notice on the local government's website.
- Publishing the notice in a local newspaper and displaying this on the local government's public notice boards.
- Giving a copy of the notice to each public authority that the local government considers is likely to be affected by the amendment.

After the conclusion of the advertising period, Council is required to consider the submissions and pass a resolution to either support the amendment, with or without modification, or not support the amendment. After passing a resolution, the amendment is to be forwarded to the WAPC to review and provide a recommendation to the Minister for Planning.

Metropolitan Region Scheme

The subject land is zoned 'Urban' under the Metropolitan Region Scheme (MRS). The proposed Scheme Amendment is able to be accommodated under the current MRS zoning.

Local Planning Scheme No. 15

Land subject to Amendment No. 25 is currently zoned 'Mixed Use' and reserved 'Local Road' under LPS 15 as shown in Figure 2:

Figure 2: LPS 15 Zoning Map (Amendment area outlined yellow)

The 'Mixed Use' zone has the following objective:

"The Mixed Use Zone is intended to allow for the development of a mix of varied by compatible land uses such as housing, offices, showrooms, amusement centres, eating establishments and appropriate industrial activities which do not generate nuisances detrimental to the amenity of the district or to the health, welfare and safety of its residents. Buildings should be of a high standard of architectural design set in pleasant garden surrounds with limited vehicular access from properties to primary roads.

To provide for a wide variety of active uses on street level which are compatible with residential and other non-active uses on upper levels."

Table 1 (Zoning Table) of LPS 15 sets out the permissibility of uses using the symbols of 'P', 'D', 'A', and 'X'. The meaning of the symbols is listed below:

- 'P' means the use is permitted by the Scheme providing the use complies with the relevant development standards and the requirements of the Scheme;
- 'D' means that the use is not permitted unless the local government has exercised its discretion by granting Development Approval;
- 'A' means the use is not permitted unless the local government has exercised its discretion by granting Development Approval after giving special notice in accordance with the provisions contained in Clause 64 of the *Planning and Development (Local Planning Schemes) Regulations 2015* Schedule 2;
- 'X' means a use that is not permitted by the scheme.

Clause 3.5 addresses Additional Uses and outlines that, regardless of the use class designation in the zoning table, land uses for areas specified in Schedule No. 2 can receive approval, subject to the specific conditions being met. Lots 713, 237 and 236 Grandstand Road are currently subject to the Additional Use of 'Shop' under LPS 15.

Schedule No. 3 of LPS 15 and Clause 3.6 relate to Restricted Uses. Clause 3.6 sets out the purpose of Restricted Uses as follows:

"Despite anything contained in the Zoning Table, the land specified in Schedule 3 may only be used for the specific use or uses that are listed and subject to the conditions set out in Schedule 3 with respect to that land."

There are currently no restricted uses under LPS 15.

Strategic Planning Framework

Perth and Peel @ 3.5 Million

The State's 'Perth and Peel @ 3.5 Million' impacts upon the statutory direction for the City.

The Perth and Peel region will need to accommodate significant population growth by 2050 with an additional 1.5 million people requiring approximately 800,000 new homes. The 'Perth and Peel @ 3.5 million' strategic planning framework requires 47% of this growth to be delivered through infill developments. It identifies that the City of Belmont population will increase from 37,360 to 60,260 people by 2050 and to accommodate that increase an additional 10,410 dwellings will be required.

Perth and Peel @ 3.5 Million promotes the concept of 'urban corridors' as a way of achieving integrated land use and transport outcomes. Great Eastern Highway is identified as an 'urban corridor' and abuts the draft Structure Plan area. The framework suggests that land around urban corridors is appropriate for increased residential densities and mixed land uses.

City of Belmont Local Planning Strategy

The City of Belmont Local Planning Strategy is the strategic planning document that broadly sets out the long-term planning direction for the City. The Strategy also informed the preparation of LPS 15. The key objectives of the Local Planning Strategy and its supporting sub-strategies as relevant to the Golden Gateway precinct are as follows:

- Enhance the north-west entrance to the City.
- Encourage landmark development.
- Produce a Structure Plan and Implementation Plan for the locality.
- Utilise the development process to rationalise and improve traffic access to commercial properties along Great Eastern Highway.
- Provide for higher density residential development along Great Eastern Highway, in addition to mixed use, landmark buildings that create an entry statement and a high standard of urban amenity.
- Acknowledge that Ascot Racecourse and the Swan River are 'strategic tourism sites' of State significance to benefit future tourism development.
- Recognise the importance of the river for transport, commerce, tourism and leisure as well as its conservation values.

Draft Golden Gateway Structure Plan

The draft Structure Plan has been prepared to guide the future subdivision, zoning and development of land in Ascot. At its Ordinary Council Meeting on 25 February 2025, Council resolved to recommend that the WAPC approve the draft Structure Plan and supporting technical appendices, subject to recommended modifications. A copy of the draft Structure Plan considered by Council is included as Figure 3.

Following WAPC consideration, the City has been directed to make modifications to the draft Structure Plan. Key modifications relate to:

- Kilns Site:
 - Removing reference to a local development plan and instead applying an R-AC3 density code providing for buildings up to six storeys.
 - Including a provision that provides for a potential two storey bonus where development demonstrates design excellence under State Planning Policy 7.0 – Design of the Built Environment and provides a measurable community benefit.
 - Replacing the 10% public open space requirement with a more flexible provision requiring public open space to be delivered on the Kilns site, with a connection to the proposed Daly Street open space area.
- Precinct Boundary:
 - Updating the precinct boundary to exclude Perth Racing's landholdings. This change has no impact, as those landholdings are already subject to a separate planning process.
- General Modifications
 - Reformatting the document into a precinct structure plan.
 - Including a provision that encourages amalgamation/rationalisation of lots to create potential for larger scale development and facilitate gradual transitioning of built form outcomes.
 - Including a provision that encourages road links through private property if they improve connectivity and remove direct access from Great Eastern Highway.
 - Updating precinct objectives so that they are more distinct from one another.
 - Updating a variety of development controls such as removing provisions relating to minimum podium heights and maximum street setbacks and ensuring that minimum primary, secondary, side and rear setback provisions are included. It should be noted that these are peripheral matters that do not change the substantive height and development outcomes envisaged by the draft Structure Plan supported by Council.

Key aspects of the draft Structure Plan, incorporating WAPC-required modifications relevant to this amendment, include:

- Rationalising the boundaries of the Kilns site by applying a 'Mixed Use' zone and 'Local Road' reservation as discussed in subsequent sections.
- Application of an R-AC3 density code to the Kilns site.
- Application of an R-AC0 density code to 'Mixed Use' zoned land bound by Resolution Drive, Stoneham Street and Great Eastern Highway.

- Applying land use controls to restrict uses to those consistent with the intent for the area.

Figure 3: Draft Structure Plan Map

Great Eastern Highway Urban Corridor Strategy

The Great Eastern Highway Urban Corridor Strategy was endorsed by Council at the 22 October 2024 Ordinary Council Meeting. The Strategy establishes a 'vision' for the Great Eastern Highway corridor and proposes a series of implementation strategies to deliver this. It identifies four precincts along Great Eastern Highway and provides guidance on their development. Precinct 2 includes the section of Great Eastern Highway between Belmont Avenue and Hardey Road, of which the northern side of the highway falls within the Golden Gateway precinct.

The Strategy identifies this area as an 'activity node', which is envisioned to be developed as a creative hub comprising a mixture of commercial uses, civic spaces, offices, professional and technical service uses. Cafes and restaurants are also envisaged to emerge as the local workforce grows and will also be supported by higher density residential development.

Report

Amendment No. 25 applies to the Ascot Kilns site and the land bound by Stoneham Street, Resolution Drive and Great Eastern Highway. It proposes to apply density codes, zones and reserves and land use controls consistent with the draft Structure Plan and modifications directed by the WAPC as further detailed below.

Zoning/Reservation

Kilns Site

The Ascot Kilns site is currently partially zoned 'Mixed Use' and partially reserved 'Local Road' under LPS 15. As portions of the 'Mixed Use' zone extend into the road reserve, this is proposed to be rectified. A 'Mixed Use' zone will be applied to the land currently located outside of the Grandstand Road, road reserve. A 'Local Road' reservation will be applied to the portions of the land located within the Grandstand Road, road reserve.

Land Bound by Stoneham Street, Resolution Drive and Great Eastern Highway

Land bound by Stoneham Street Resolution Drive and Great Eastern Highway is zoned 'Mixed Use' and reserved 'Local Road'. No zoning or reservation changes are proposed within this area.

While the draft Structure Plan shows part of Daly Street as 'Parks and Recreation', the land will remain reserved as 'Local Road' for now. Development in the area will be monitored, and the road closure and reserve change will be initiated by the City once an appropriate level of development has occurred, particularly along Daly Street, which creates a need for additional publicly accessible open space within the precinct.

Density Code

There is currently no density code applied to the subject land under LPS 15. Amendment No. 25 proposes to introduce density codes as outlined below.

Ascot Kilns

The draft Structure Plan considered by Council at its 25 February 2025 Ordinary Council Meeting did not assign building heights or a density code to the Kilns site, instead requiring further detailed planning through the preparation of a Local Development Plan (LDP). The WAPC has since directed the City to apply an R-AC3 density code to the site, remove the requirement for an LDP, and assign a building height limit of six storeys, with the potential for a two storey bonus subject to compliance with the additional building height criteria resolved by the WAPC. Consistent with this direction, Amendment No. 25 proposes to apply an R-AC3 density code to the Kilns site.

Land Bounded by Stoneham Street, Resolution Drive and Great Eastern Highway

The WAPC has not directed any modifications to the draft Structure Plan that affect heights in the area bound by Stoneham Street, Resolution Drive and Great Eastern Highway. Therefore, to provide for development in accordance with the draft Structure Plan, a density code of R-AC0 is proposed to be applied.

Land Use Controls

Additional Use

Lots 713, 237 and 236 Grandstand Road currently have an Additional Use of 'Shop' under LPS 15. Perth Racing has subsequently progressed its own Structure Plan. This plan identifies a future local centre as being located outside of the Golden Gateway precinct, on land owned by Perth Racing, that is subject to the Ascot Racecourse Precinct Structure Plan.

To ensure retail activity remains focused in the intended local centre and at an appropriate scale, the existing 'Shop' Additional Use is proposed to be removed from these lots.

Restricted Use

To restrict the establishment of undesirable land uses within the precinct, the Amendment proposes a Restricted Use area.

The Restricted Use provisions will apply to all land zoned 'Mixed Use' and will specify only those land uses that may be approved within the precinct. This means that certain uses that would ordinarily be capable of approval within the 'Mixed Use' zone will not be permitted unless specifically listed. Only the following uses can be considered within the precinct:

- Aged or Dependent Persons Dwelling
- Amusement Facility
- Amusement Parlour
- Ancillary Dwelling
- Art Gallery
- Betting Agency
- Car Park
- Child Care Premises
- Child Family Day Care
- Civic Use
- Club Premises
- Community Home
- Consulting Rooms
- Convenience Store
- Dry Cleaning Premises
- Educational Establishment
- Exhibition Centre
- Grouped Dwelling
- Health Centre
- Health Studio
- Home Business
- Home Occupation
- Hospital
- Hosted Short Term Rental Accommodation
- Hotel
- Laundromat
- Liquor Store – Small
- Lunch Bar
- Massage Parlour
- Medical Centre

- Mobile Phone Tower and Associated Facilities
- Multiple Dwelling
- Nursing Home
- Office
- Pet Day Care
- Private Recreation
- Place of Worship
- Public Amusement
- Reception Centre
- Residential Building
- Restaurant/Café
- Showroom
- Small Bar
- Studio
- Tavern
- Telecommunications Infrastructure
- Tourist and Visitor Accommodation
- Unhosted Short Term Rental Accommodation
- Veterinary Centre
- Vet Consulting Rooms
- Video Store.

The above uses are consistent with those previously considered by Council through the draft Structure Plan and were not subject to modification by the WAPC.

While not subject to WAPC's requested modification, it is noted that the draft Structure Plan provides for 'Showroom' on all 'Mixed Use' zoned land. Following further consideration of the desired future character and amenity of the precinct, it is considered necessary to clarify that 'Showroom' may only be supported where it directly abuts Great Eastern Highway. This ensures such uses are limited to locations with major road frontage and maintains the intended mixed-use and residential focus of the precinct.

Scheme Amendment Classification

The Regulations specify three different types of scheme amendments, being 'basic', 'standard', and 'complex'.

A standard amendment is identified by the Regulations as meaning:

- a) An amendment relating to a zone or reserve that is consistent with the objectives identified in the scheme for that zone or reserve;

- b) An amendment that is consistent with a local planning strategy for the scheme that has been endorsed by the Commission;
- c) An amendment to the scheme so that it is consistent with a region planning scheme that applies to the scheme area, other than an amendment that is a basic amendment;
- d) An amendment to the scheme to –
 - i. Include a provision in the scheme that a specified planning code is to be read as part of the scheme; or
 - ii. Provide for the modification of a planning code that is to be read as part of the scheme;
- e) An amendment to the scheme map that is consistent with a structure plan or local development plan that has been approved under the scheme for the land to which the amendment relates if the scheme does not currently include zones of all types that are outlined in the plan;
- f) An amendment that would have minimal impact on land in the scheme area that is not the subject of the amendment;
- g) An amendment that does not result in any significant environmental, social, economic or governance impacts on land in the scheme area;
- h) Any other amendment that is not a complex or basic amendment.

The proposed amendment is considered to be a 'Standard' amendment for the following reasons:

- The proposed amendment is consistent with the objective of the 'Mixed Use' zone as it will provide for a mix of varied but compatible uses.
- The proposed amendment is consistent with the City of Belmont Local Planning Strategy.
- The amendment will have minimal impact on land in the Scheme area that is not the subject of the amendment.

Conclusion

Amendment No. 25 to LPS 15 has been prepared to ensure the Scheme aligns with the modified draft Structure Plan, as directed by the WAPC.

*Planning and Development Act 2005***Resolution to prepare amendment to local planning scheme****City of Belmont****Local Planning Scheme No. 15****Scheme Amendment No. 25**

The Council of the City of Belmont, under and by virtue of the powers conferred upon it in that behalf by the *Planning and Development Act 2005*, hereby amends the above Local Planning Scheme by:

1. Deleting "There are no restricted uses which apply to the Scheme" from Clause 3.6 and Schedule No. 3 of the Scheme Text and introducing the following new provision within Schedule No. 3 – Restricted Uses:

No.	Description of Land	Restricted Use	Conditions
3	'Mixed Use' zoned land bound by Stoneham Street, Resolution Drive and Great Eastern Highway and the 'Mixed Use' zoned portions of Lots 713, 237, 236 and 197 Grandstand Road, Ascot.	- Aged or Dependent Persons Dwelling - Amusement Facility - Amusement Parlour - Ancillary Dwelling - Art Gallery - Betting Agency - Car Park - Child Care Premises - Child Family Day Care - Civic Use - Club Premises - Community Home - Consulting Rooms - Convenience Store - Dry Cleaning Premises - Educational Establishment - Exhibition Centre - Grouped Dwelling - Health Centre - Health Studio	Showrooms may only be approved where they abut Great Eastern Highway.

Modified

Amendment to Local Planning Scheme

City of Belmont

Local Planning Scheme No. 15

Scheme Amendment No. 25

The local government as directed by the Minister for Planning and Lands (or as delegated) pursuant to Section 83A(2)(b) of the *Planning and Development Act 2005* amend the above Local Planning Scheme by:

1. Deleting "There are no restricted uses which apply to the Scheme" from Clause 3.6 and Schedule No. 3 of the Scheme Text and introducing the following new provisions within Schedule No. 3 – Restricted Uses:

No.	Description of Land	Restricted Use	Conditions
4	'Mixed Use' zoned portions of Lots 713, 237, 236 and 197 Grandstand Road, Ascot	D - Aged or Dependent Persons Dwelling; D - Amusement Facility; D - Amusement Parlour; D - Ancillary Dwelling; D - Art Gallery; D - Betting Agency; D - Caretakers Dwelling; D - Car Park; D - Child Care Premises; D - Child Family Day Care; D - Civic Use; D - Club Premises; D - Community Home; D - Consulting Rooms; A - Convenience Store; D - Dry Cleaning Premises; D - Educational Establishment; A - Exhibition Centre; D - Grouped Dwelling;	Nil

No.	Description of Land	Restricted Use	Conditions
		D - Health Centre; D - Health Studio; P - Home Business; P - Home Occupation; D - Home Store; A - Hospital; P - Hosted Short Term Rental Accommodation; D - Hotel; D - Laundromat; A - Liquor Store – Small; D - Lunch Bar; A - Massage Parlour; D - Medical Centre; D - Mobile Phone Tower and Associated Facilities; D - Multiple Dwelling; D - Nursing Home; D - Office; D - Private Recreation; A - Place of Worship; D - Public Amusement; A - Reception Centre; D - Residential Building; D - Restaurant/Café; A - Small Bar; D - Studio; A - Tavern; P - Telecommunications Infrastructure; D - Tourist and Visitor Accommodation;	

No.	Description of Land	Restricted Use	Conditions
		A - Unhosted Short Term Rental Accommodation; A - Veterinary Centre; D - Vet Consulting Rooms; D - Video Store;	
5	'Mixed Use' zoned land bound by Stoneham Street, Resolution Drive and Great Eastern Highway, Ascot	D - Aged or Dependent Persons Dwelling; D - Amusement Facility; D - Amusement Parlour; D - Ancillary Dwelling; D - Art Gallery; D - Betting Agency; D - Caretakers Dwelling; D - Car Park; D - Child Care Premises; D - Child Family Day Care; D - Civic Use; D - Club Premises; D - Community Home; D - Consulting Rooms; A - Convenience Store; D - Dry Cleaning Premises; D - Educational Establishment; A - Exhibition Centre; D - Grouped Dwelling; D - Health Centre; D - Health Studio; P - Home Business; P - Home Occupation; D - Home Store; A - Hospital;	Nil

No.	Description of Land	Restricted Use	Conditions
		P - Hosted Short Term Rental Accommodation; D - Hotel; D - Laundromat; A - Liquor Store – Small; D - Lunch Bar; A - Massage Parlour; D - Medical Centre; D - Mobile Phone Tower and Associated Facilities; D - Multiple Dwelling; D - Nursing Home; D – Office; D - Private Recreation; A - Place of Worship; D - Public Amusement; A - Reception Centre; D - Residential Building; D - Restaurant/Café; D – Showroom; A - Small Bar; D – Studio; A – Tavern; P - Telecommunications Infrastructure; D - Tourist and Visitor Accommodation; A - Unhosted Short Term Rental Accommodation; A - Veterinary Centre; D - Vet Consulting Rooms; D - Video Store;	

2. Deleting Additional Use 3 from Schedule 2 and inserting a note that the Additional Use has been deleted.
3. Amending the Scheme Map to apply a 'Mixed Use' zone, Restricted Use (R4) designation and R-AC3 density code to the portions of Lots 713, 237, 236 and 197 Grandstand Road located outside the existing constructed road, and a 'Local Road' reservation to the constructed portion of Grandstand Road.
4. Amending the Scheme Map to apply an R-AC0 density code and Restricted Use (R5) designation to the 'Mixed Use' zoned land bound by Stoneham Street, Resolution Drive and Great Eastern Highway.

Pursuant to Clause 35(2) of the *Planning and Development (Local Planning Schemes) Regulations 2015 (WA)*, is of the view that Amendment No. 25 is a 'Standard' amendment for the following reasons:

- a. The proposed amendment is consistent with the objectives of the 'Mixed Use' zone as it will provide for a mix of varied but compatible uses.
- b. The proposed amendment is consistent with the City of Belmont Local Planning Strategy.
- c. The amendment will have minimal impact on land in the Scheme area that is not the subject of the amendment.

Dated this 24th day of March 2026.

Planning Report

Introduction

Amendment No. 25 to Local Planning Scheme No. 15 (LPS 15) proposes to:

1. Delete "There are no restricted uses which apply to the Scheme" from Clause 3.6 and Schedule No. 3 of the Scheme Text and introduce the following new provisions within Schedule No. 3 – Restricted Uses:

No.	Description of Land	Restricted Use	Conditions
4	'Mixed Use' zoned portions of Lots 713, 237, 236 and 197 Grandstand Road, Ascot	D - Aged or Dependent Persons Dwelling; D - Amusement Facility; D - Amusement Parlour; D - Ancillary Dwelling; D - Art Gallery; D - Betting Agency; D - Caretakers Dwelling; D - Car Park; D - Child Care Premises; D - Child Family Day Care; D - Civic Use; D - Club Premises; D - Community Home; D - Consulting Rooms; A - Convenience Store; D - Dry Cleaning Premises; D - Educational Establishment; A - Exhibition Centre; D - Grouped Dwelling; D - Health Centre; D - Health Studio; P - Home Business; P - Home Occupation; D - Home Store;	Nil

No.	Description of Land	Restricted Use	Conditions
		A – Hospital; P – Hosted Short Term Rental Accommodation; D – Hotel; D – Laundromat; A – Liquor Store – Small; D – Lunch Bar; A – Massage Parlour; D – Medical Centre; D – Mobile Phone Tower and Associated Facilities; D – Multiple Dwelling; D – Nursing Home; D – Office; D – Private Recreation; A – Place of Worship; D – Public Amusement; A – Reception Centre; D – Residential Building; D – Restaurant/Café; A – Small Bar; D – Studio; A – Tavern; P – Telecommunications Infrastructure; D – Tourist and Visitor Accommodation; A – Unhosted Short Term Rental Accommodation; A – Veterinary Centre; D – Vet Consulting Rooms; D – Video Store;	
5	'Mixed Use' zoned land bound by Stoneham Street, Resolution Drive	D – Aged or Dependent Persons Dwelling;	Nil

No.	Description of Land	Restricted Use	Conditions
	and Great Eastern Highway	D - Amusement Facility; D - Amusement Parlour; D - Ancillary Dwelling; D - Art Gallery; D - Betting Agency; D - Caretakers Dwelling; D - Car Park; D - Child Care Premises; D - Child Family Day Care; D - Civic Use; D - Club Premises; D - Community Home; D - Consulting Rooms; A - Convenience Store; D - Dry Cleaning Premises; D - Educational Establishment; A - Exhibition Centre; D - Grouped Dwelling; D - Health Centre; D - Health Studio; P - Home Business; P - Home Occupation; D - Home Store; A - Hospital; P - Hosted Short Term Rental Accommodation; D - Hotel; D - Laundromat; A - Liquor Store - Small; D - Lunch Bar; A - Massage Parlour;	

No.	Description of Land	Restricted Use	Conditions
		D - Medical Centre; D - Mobile Phone Tower and Associated Facilities; D - Multiple Dwelling; D - Nursing Home; D - Office; D - Private Recreation; A - Place of Worship; D - Public Amusement; A - Reception Centre; D - Residential Building; D - Restaurant/Café; D - Showroom; A - Small Bar; D - Studio; A - Tavern; P - Telecommunications Infrastructure; D - Tourist and Visitor Accommodation; A - Unhosted Short Term Rental Accommodation; A - Veterinary Centre; D - Vet Consulting Rooms; D - Video Store;	

2. Delete Additional Use 3 from Schedule 2 and insert a note that the Additional Use has been deleted.
3. Amend the Scheme Map to apply a 'Mixed Use' zone, Restricted Use (R4) designation and R-AC3 density code to the portions of Lots 713, 237, 236 and 197 Grandstand Road located outside the existing constructed road, and a 'Local Road' reservation to the constructed portion of Grandstand Road.
4. Amend the Scheme Map to apply an R-AC0 density code and Restricted Use (R5) designation to the 'Mixed Use' zoned land bound by Stoneham Street, Resolution Drive and Great Eastern Highway.

Background

Location

The Amendment relates to land bound by Stoneham Street, Resolution Drive and Great Eastern Highway and Lots 713, 237, 236 and 197 Grandstand Road as outlined red on Figure 1. These lots are subject to the draft Golden Gateway Precinct Structure Plan (draft Structure Plan). While the Belmont Trust land is located within the Structure Plan area, it is not subject to this amendment as no changes are proposed to the land.

Figure 1: Location Plan – Subject land outlined in Red (Source: IntraMaps)

Proposed Amendment

At the 24 March 2026 Ordinary Council Meeting, Council initiated Amendment No. 25. Amendment No. 25 as initiated by Council proposed the following:

1. Deleting “There are no restricted uses which apply to the Scheme” from Clause 3.6 and Schedule No. 3 of the Scheme Text and introducing the following new provision within Schedule No. 3 – Restricted Uses:

No.	Description of Land	Restricted Use	Conditions
3	‘Mixed Use’ zoned land bound by Stoneham Street, Resolution Drive and Great Eastern Highway and the ‘Mixed Use’ zoned portions of Lots 713, 237, 236 and	- Aged or Dependent Persons Dwelling - Amusement Facility - Amusement Parlour	Showrooms may only be approved where they abut Great

No.	Description of Land	Restricted Use	Conditions
	197 Grandstand Road, Ascot.	- Ancillary Dwelling - Art Gallery - Betting Agency - Car Park - Child Care Premises - Child Family Day Care - Civic Use - Club Premises - Community Home - Consulting Rooms - Convenience Store - Dry Cleaning Premises - Educational Establishment - Exhibition Centre - Grouped Dwelling - Health Centre - Health Studio - Home Business - Home Occupation - Hospital - Hosted Short Term Rental Accommodation - Hotel - Laundromat - Liquor Store – Small - Lunch Bar - Massage Parlour - Medical Centre - Mobile Phone Tower and Associated Facilities - Multiple Dwelling - Nursing Home	Eastern Highway.

No.	Description of Land	Restricted Use	Conditions
		- Office - Pet Day Care - Private Recreation - Place of Worship - Public Amusement - Reception Centre - Residential Building - Restaurant/Café - Showroom - Small Bar - Studio - Tavern - Telecommunications Infrastructure - Tourist and Visitor Accommodation - Unhosted Short Term Rental Accommodation - Veterinary Centre - Vet Consulting Rooms - Video Store	

2. Deleting Additional Use 3 and renumbering Schedule 2 accordingly.
3. Amending the Scheme Map to apply a 'Mixed Use' zone, Restricted Use (R3) designation and R-AC3 density code to the portions of Lots 713, 237, 236 and 197 Grandstand Road located outside the existing constructed road, and a 'Local Road' reservation to the constructed portion of Grandstand Road.
4. Amending the Scheme Map to apply an R-AC0 density code and Restricted Use (R3) designation to the 'Mixed Use' zoned land bound by Stoneham Street, Resolution Drive and Great Eastern Highway.

Pursuant to Regulation 46A of the *Planning and Development (Local Planning Schemes) Regulations 2015*, Amendment No. 25 was referred to the WAPC for consent to advertise. The Minister for Planning and Lands (or as delegated) has since directed the City to modify the amendment pursuant to Section 83A(2)(b) of the *Planning and Development Act 2005*.

As a result, the amendment is no longer consistent with Council's resolution of 24 March 2026. Comments included within the Report section reflect Council's 24 March 2026 resolution.

The key changes from Council's resolution are detailed within the Restricted Use section of this report.

Planning Context

Statutory Planning Framework

Local Planning Scheme Amendments

Section 75 of the *Planning and Development Act 2005* provides for an amendment to be made to a local planning scheme. The procedures for amending a local planning scheme, including public consultation requirements are set out within Part 5 of the *Planning and Development (Local Planning Schemes) Regulations 2015* (The Regulations).

The Regulations specify three different types of scheme amendments being 'basic', 'standard', and 'complex'. Clause 35(2) of the Regulations requires a resolution of the local government which specifies the amendment type and the reasons for the classification.

When a local government resolves to amend a scheme, the proposed scheme amendment is required to be referred to the Department of Planning Lands and Heritage (DPLH) to obtain consent to advertise. Where an amendment is deemed to have an environmental impact, it is also required to be referred to the Environmental Protection Authority.

Following consent to advertise, the responsible authority shall advertise the amendment in accordance with the Regulations by:

- Displaying the amendment and associated public notice on the local government's website.
- Publishing the notice in a local newspaper and displaying this on the local government's public notice boards.
- Giving a copy of the notice to each public authority that the local government considers is likely to be affected by the amendment.

After the conclusion of the advertising period, Council is required to consider the submissions and pass a resolution to either support the amendment, with or without modification, or not support the amendment. After passing a resolution, the amendment is to be forwarded to the WAPC to review and provide a recommendation to the Minister for Planning.

Metropolitan Region Scheme

The subject land is zoned 'Urban' under the Metropolitan Region Scheme (MRS). The proposed Scheme Amendment is able to be accommodated under the current MRS zoning.

Local Planning Scheme No. 15

Land subject to Amendment No. 25 is currently zoned 'Mixed Use' and reserved 'Local Road' under LPS 15 as shown in Figure 2:

Figure 2: LPS 15 Zoning Map (Amendment area outlined yellow)

The 'Mixed Use' zone has the following objective:

"The Mixed Use Zone is intended to allow for the development of a mix of varied by compatible land uses such as housing, offices, showrooms, amusement centres, eating establishments and appropriate industrial activities which do not generate nuisances detrimental to the amenity of the district or to the health, welfare and safety of its residents. Buildings should be of a high standard of architectural design set in pleasant garden surrounds with limited vehicular access from properties to primary roads.

To provide for a wide variety of active uses on street level which are compatible with residential and other non-active uses on upper levels."

Table 1 (Zoning Table) of LPS 15 sets out the permissibility of uses using the symbols of 'P', 'D', 'A', and 'X'. The meaning of the symbols is listed below:

- 'P' means the use is permitted by the Scheme providing the use complies with the relevant development standards and the requirements of the Scheme;
- 'D' means that the use is not permitted unless the local government has exercised its discretion by granting Development Approval;
- 'A' means the use is not permitted unless the local government has exercised its discretion by granting Development Approval after giving special notice in accordance with the provisions contained in Clause 64 of the *Planning and Development (Local Planning Schemes) Regulations 2015* Schedule 2;
- 'X' means a use that is not permitted by the scheme.

Clause 3.5 addresses Additional Uses and outlines that, regardless of the use class designation in the zoning table, land uses for areas specified in Schedule No. 2 can receive approval, subject to the specific conditions being met. Lots 713, 237 and 236 Grandstand Road are currently subject to the Additional Use of 'Shop' under LPS 15.

Schedule No. 3 of LPS 15 and Clause 3.6 relate to Restricted Uses. Clause 3.6 sets out the purpose of Restricted Uses as follows:

"Despite anything contained in the Zoning Table, the land specified in Schedule 3 may only be used for the specific use or uses that are listed and subject to the conditions set out in Schedule 3 with respect to that land."

There are currently no restricted uses under LPS 15.

Strategic Planning Framework

Perth and Peel @ 3.5 Million

The State's 'Perth and Peel @ 3.5 Million' impacts upon the statutory direction for the City.

The Perth and Peel region will need to accommodate significant population growth by 2050 with an additional 1.5 million people requiring approximately 800,000 new homes. The 'Perth and Peel @ 3.5 million' strategic planning framework requires 47% of this growth to be delivered through infill developments. It identifies that the City of Belmont population will increase from 37,360 to 60,260 people by 2050 and to accommodate that increase an additional 10,410 dwellings will be required.

Perth and Peel @ 3.5 Million promotes the concept of 'urban corridors' as a way of achieving integrated land use and transport outcomes. Great Eastern Highway is identified as an 'urban corridor' and abuts the draft Structure Plan area. The framework suggests that land around urban corridors is appropriate for increased residential densities and mixed land uses.

City of Belmont Local Planning Strategy

The City of Belmont Local Planning Strategy is the strategic planning document that broadly sets out the long-term planning direction for the City. The Strategy also informed the preparation of LPS 15. The key objectives of the Local Planning Strategy and its supporting sub-strategies as relevant to the Golden Gateway precinct are as follows:

- Enhance the north-west entrance to the City.
- Encourage landmark development.
- Produce a Structure Plan and Implementation Plan for the locality.
- Utilise the development process to rationalise and improve traffic access to commercial properties along Great Eastern Highway.
- Provide for higher density residential development along Great Eastern Highway, in addition to mixed use, landmark buildings that create an entry statement and a high standard of urban amenity.
- Acknowledge that Ascot Racecourse and the Swan River are 'strategic tourism sites' of State significance to benefit future tourism development.
- Recognise the importance of the river for transport, commerce, tourism and leisure as well as its conservation values.

Draft Golden Gateway Structure Plan

The draft Structure Plan has been prepared to guide the future subdivision, zoning and development of land in Ascot. At its Ordinary Council Meeting on 25 February 2025, Council resolved to recommend that the WAPC approve the draft Structure Plan and supporting technical appendices, subject to recommended modifications. A copy of the draft Structure Plan considered by Council is included as Figure 3.

Following WAPC consideration, the City has been directed to make modifications to the draft Structure Plan. Key modifications relate to:

- Kilns Site:
 - Removing reference to a local development plan and instead applying an R-AC3 density code providing for buildings up to six storeys.
 - Including a provision that provides for a potential two storey bonus where development demonstrates design excellence under State Planning Policy 7.0 – Design of the Built Environment and provides a measurable community benefit.
 - Replacing the 10% public open space requirement with a more flexible provision requiring public open space to be delivered on the Kilns site, with a connection to the proposed Daly Street open space area.
- Precinct Boundary:
 - Updating the precinct boundary to exclude Perth Racing's landholdings. This change has no impact, as those landholdings are already subject to a separate planning process.
- General Modifications
 - Reformatting the document into a precinct structure plan.
 - Including a provision that encourages amalgamation/rationalisation of lots to create potential for larger scale development and facilitate gradual transitioning of built form outcomes.
 - Including a provision that encourages road links through private property if they improve connectivity and remove direct access from Great Eastern Highway.
 - Updating precinct objectives so that they are more distinct from one another.
 - Updating a variety of development controls such as removing provisions relating to minimum podium heights and maximum street setbacks and ensuring that minimum primary, secondary, side and rear setback provisions are included. It should be noted that these are peripheral matters that do not change the substantive height and development outcomes envisaged by the draft Structure Plan supported by Council.

Key aspects of the draft Structure Plan, incorporating WAPC-required modifications relevant to this amendment, include:

- Rationalising the boundaries of the Kilns site by applying a 'Mixed Use' zone and 'Local Road' reservation as discussed in subsequent sections.
- Application of an R-AC3 density code to the Kilns site.
- Application of an R-AC0 density code to 'Mixed Use' zoned land bound by Resolution Drive, Stoneham Street and Great Eastern Highway.

- Applying land use controls to restrict uses to those consistent with the intent for the area.

Figure 3: Draft Structure Plan Map

Great Eastern Highway Urban Corridor Strategy

The Great Eastern Highway Urban Corridor Strategy was endorsed by Council at the 22 October 2024 Ordinary Council Meeting. The Strategy establishes a 'vision' for the Great Eastern Highway corridor and proposes a series of implementation strategies to deliver this. It identifies four precincts along Great Eastern Highway and provides guidance on their development. Precinct 2 includes the section of Great Eastern Highway between Belmont Avenue and Hardey Road, of which the northern side of the highway falls within the Golden Gateway precinct.

The Strategy identifies this area as an 'activity node', which is envisioned to be developed as a creative hub comprising a mixture of commercial uses, civic spaces, offices, professional and technical service uses. Cafes and restaurants are also envisaged to emerge as the local workforce grows and will also be supported by higher density residential development.

Report

Amendment No. 25 applies to the Ascot Kilns site and the land bound by Stoneham Street, Resolution Drive and Great Eastern Highway. It proposes to apply density codes, zones and reserves and land use controls consistent with the draft Structure Plan and modifications directed by the WAPC as further detailed below.

Zoning/Reservation

Kilns Site

The Ascot Kilns site is currently partially zoned 'Mixed Use' and partially reserved 'Local Road' under LPS 15. As portions of the 'Mixed Use' zone extend into the road reserve, this is proposed to be rectified. A 'Mixed Use' zone will be applied to the land currently located outside of the Grandstand Road, road reserve. A 'Local Road' reservation will be applied to the portions of the land located within the Grandstand Road, road reserve.

Land Bound by Stoneham Street, Resolution Drive and Great Eastern Highway

Land bound by Stoneham Street Resolution Drive and Great Eastern Highway is zoned 'Mixed Use' and reserved 'Local Road'. No zoning or reservation changes are proposed within this area.

While the draft Structure Plan shows part of Daly Street as 'Parks and Recreation', the land will remain reserved as 'Local Road' for now. Development in the area will be monitored, and the road closure and reserve change will be initiated by the City once an appropriate level of development has occurred, particularly along Daly Street, which creates a need for additional publicly accessible open space within the precinct.

Density Code

There is currently no density code applied to the subject land under LPS 15. Amendment No. 25 proposes to introduce density codes as outlined below.

Ascot Kilns

The draft Structure Plan considered by Council at its 25 February 2025 Ordinary Council Meeting did not assign building heights or a density code to the Kilns site, instead requiring further detailed planning through the preparation of a Local Development Plan (LDP). The WAPC has since directed the City to apply an R-AC3 density code to the site, remove the requirement for an LDP, and assign a building height limit of six storeys, with the potential for a two storey bonus subject to compliance with the additional building height criteria resolved by the WAPC. Consistent with this direction, Amendment No. 25 proposes to apply an R-AC3 density code to the Kilns site.

Land Bounded by Stoneham Street, Resolution Drive and Great Eastern Highway

The WAPC has not directed any modifications to the draft Structure Plan that affect heights in the area bound by Stoneham Street, Resolution Drive and Great Eastern Highway. Therefore, to provide for development in accordance with the draft Structure Plan, a density code of R-AC0 is proposed to be applied.

Land Use Controls

Additional Use

Lots 713, 237 and 236 Grandstand Road currently have an Additional Use of 'Shop' under LPS 15. Perth Racing has subsequently progressed its own Structure Plan. This plan identifies a future local centre as being located outside of the Golden Gateway precinct, on land owned by Perth Racing, that is subject to the Ascot Racecourse Precinct Structure Plan.

To ensure retail activity remains focused in the intended local centre and at an appropriate scale, the existing 'Shop' Additional Use is proposed to be removed from these lots.

Restricted Use

To restrict the establishment of undesirable land uses within the precinct, the Amendment initiated by Council proposed a Restricted Use area that would apply to all land zoned 'Mixed Use'. Restricted Uses specify only those land uses that may be approved meaning that certain uses that would ordinarily be capable of approval within the 'Mixed Use' zone would not be permitted unless specifically listed.

As resolved by Council on 24 March 2026, only the following uses were proposed to be capable of consideration within the precinct:

- Aged or Dependent Persons Dwelling
- Amusement Facility
- Amusement Parlour
- Ancillary Dwelling
- Art Gallery
- Betting Agency
- Car Park
- Child Care Premises
- Child Family Day Care
- Civic Use
- Club Premises
- Community Home
- Consulting Rooms
- Convenience Store
- Dry Cleaning Premises
- Educational Establishment
- Exhibition Centre
- Grouped Dwelling
- Health Centre
- Health Studio
- Home Business
- Home Occupation
- Hospital
- Hosted Short Term Rental Accommodation
- Hotel
- Laundromat
- Liquor Store – Small

- Lunch Bar
- Massage Parlour
- Medical Centre
- Mobile Phone Tower and Associated Facilities
- Multiple Dwelling
- Nursing Home
- Office
- Pet Day Care
- Private Recreation
- Place of Worship
- Public Amusement
- Reception Centre
- Residential Building
- Restaurant/Café
- Showroom
- Small Bar
- Studio
- Tavern
- Telecommunications Infrastructure
- Tourist and Visitor Accommodation
- Unhosted Short Term Rental Accommodation
- Veterinary Centre
- Vet Consulting Rooms
- Video Store.

The above uses are consistent with those previously considered by Council through the draft Structure Plan and were not identified by the WAPC as requiring modification as part of its review of that document.

While not subject to the WAPC's requested modification, it was noted that the draft Structure Plan provided for 'Showroom' on all 'Mixed Use' zoned land. Following further consideration of the desired future character and amenity of the precinct, Council resolved that 'Showroom' should only be capable of consideration where it directly abuts Great Eastern Highway. This was intended to ensure such uses were limited to locations with major road frontage and to maintain the intended mixed-use and residential focus of the precinct.

Subsequent to Council's resolution, the Minister for Planning and Lands (or as delegated) has directed the City modify the Amendment. The key changes from Council's 24 March 2026 resolution are:

- The single restricted use area has been separated into two restricted use areas. The first (R4) comprises the Ascot Kilns site, while the second (R5) comprises the area bound by Great Eastern Highway, Resolution Drive and Stoneham Street.
- 'Caretaker's Dwelling' and 'Home Store' have been added to both restricted use areas, while 'Pet Day Care' has been removed from both restricted use areas.
- 'Showroom' is proposed to apply throughout the entire R5 area, with the condition limiting the use to sites abutting Great Eastern Highway removed.
- Land use permissibility symbols are proposed to apply to both restricted use areas, consistent with Table 1 of LPS 15.

Scheme Amendment Classification

The Regulations specify three different types of scheme amendments, being 'basic', 'standard', and 'complex'.

A standard amendment is identified by the Regulations as meaning:

- a) An amendment relating to a zone or reserve that is consistent with the objectives identified in the scheme for that zone or reserve;
- b) An amendment that is consistent with a local planning strategy for the scheme that has been endorsed by the Commission;
- c) An amendment to the scheme so that it is consistent with a region planning scheme that applies to the scheme area, other than an amendment that is a basic amendment;
- d) An amendment to the scheme to –
 - i. Include a provision in the scheme that a specified planning code is to be read as part of the scheme; or
 - ii. Provide for the modification of a planning code that is to be read as part of the scheme;
- e) An amendment to the scheme map that is consistent with a structure plan or local development plan that has been approved under the scheme for the land to which the amendment relates if the scheme does not currently include zones of all types that are outlined in the plan;
- f) An amendment that would have minimal impact on land in the scheme area that is not the subject of the amendment;
- g) An amendment that does not result in any significant environmental, social, economic or governance impacts on land in the scheme area;
- h) Any other amendment that is not a complex or basic amendment.

The proposed amendment is considered to be a 'Standard' amendment for the following reasons:

- The proposed amendment is consistent with the objective of the 'Mixed Use' zone as it will provide for a mix of varied but compatible uses.
- The proposed amendment is consistent with the City of Belmont Local Planning Strategy.
- The amendment will have minimal impact on land in the Scheme area that is not the subject of the amendment.

Conclusion

The Amendment initiated by Council at the 24 March 2026 Ordinary Council Meeting proposed updates to LPS 15 to align it with Council's resolution on the draft Structure Plan. Consistent with the direction from the Minister (or as delegated) Amendment No. 25 has been updated.

Planning and Development Act 2005

**City of Belmont
Local Planning Scheme No. 15
Scheme Amendment No. 25**

The local government as directed by the Minister for Planning and Lands (or as delegated) pursuant to Section 83A(2)(b) of the Planning and Development Act 2005 amend the above Local Planning Scheme by:

1. Deleting "There are no restricted uses which apply to the Scheme" from Clause 3.6 and Schedule No. 3 of the Scheme Text and introducing the following new provisions within Schedule No. 3 – Restricted Uses:

No.	Description of Land	Restricted Use	Conditions
4	'Mixed Use' zoned portions of Lots 713, 237, 236 and 197 Grandstand Road, Ascot	D - Aged or Dependent Persons Dwelling; D - Amusement Facility; D - Amusement Parlour; D - Ancillary Dwelling; D - Art Gallery; D - Betting Agency; D - Caretakers Dwelling; D - Car Park; D - Child Care Premises; D - Child Family Day Care; D - Civic Use; D - Club Premises; D - Community Home; D - Consulting Rooms; A - Convenience Store; D - Dry Cleaning Premises; D - Educational Establishment; A - Exhibition Centre; D - Grouped Dwelling;	Nil

No.	Description of Land	Restricted Use	Conditions
		D - Health Centre; D - Health Studio; P - Home Business; P - Home Occupation; D - Home Store; A - Hospital; P - Hosted Short Term Rental Accommodation; D - Hotel; D - Laundromat; A - Liquor Store – Small; D - Lunch Bar; A - Massage Parlour; D - Medical Centre; D - Mobile Phone Tower and Associated Facilities; D - Multiple Dwelling; D - Nursing Home; D - Office; D - Private Recreation; A - Place of Worship; D - Public Amusement; A - Reception Centre; D - Residential Building; D - Restaurant/Café; A - Small Bar; D - Studio; A - Tavern; P - Telecommunications Infrastructure; D - Tourist and Visitor Accommodation;	

No.	Description of Land	Restricted Use	Conditions
		A - Unhosted Short Term Rental Accommodation; A - Veterinary Centre; D - Vet Consulting Rooms; D - Video Store;	
5	'Mixed Use' zoned land bound by Stoneham Street, Resolution Drive and Great Eastern Highway, Ascot	D - Aged or Dependent Persons Dwelling; D - Amusement Facility; D - Amusement Parlour; D - Ancillary Dwelling; D - Art Gallery; D - Betting Agency; D - Caretakers Dwelling; D - Car Park; D - Child Care Premises; D - Child Family Day Care; D - Civic Use; D - Club Premises; D - Community Home; D - Consulting Rooms; A - Convenience Store; D - Dry Cleaning Premises; D - Educational Establishment; A - Exhibition Centre; D - Grouped Dwelling; D - Health Centre; D - Health Studio; P - Home Business; P - Home Occupation; D - Home Store; A - Hospital;	Nil

No.	Description of Land	Restricted Use	Conditions
		P - Hosted Short Term Rental Accommodation; D - Hotel; D - Laundromat; A - Liquor Store – Small; D - Lunch Bar; A - Massage Parlour; D - Medical Centre; D - Mobile Phone Tower and Associated Facilities; D - Multiple Dwelling; D - Nursing Home; D – Office; D - Private Recreation; A - Place of Worship; D - Public Amusement; A - Reception Centre; D - Residential Building; D - Restaurant/Café; D – Showroom; A - Small Bar; D – Studio; A – Tavern; P - Telecommunications Infrastructure; D - Tourist and Visitor Accommodation; A - Unhosted Short Term Rental Accommodation; A - Veterinary Centre; D - Vet Consulting Rooms; D - Video Store;	

2. Deleting Additional Use 3 from Schedule 2 and inserting a note that the Additional Use has been deleted.
3. Amending the Scheme Map to apply a 'Mixed Use' zone, Restricted Use (R4) designation and R-AC3 density code to the portions of Lots 713, 237, 236 and 197 Grandstand Road located outside the existing constructed road, and a 'Local Road' reservation to the constructed portion of Grandstand Road.
4. Amending the Scheme Map to apply an R-AC0 density code and Restricted Use (R5) designation to the 'Mixed Use' zoned land bound by Stoneham Street, Resolution Drive and Great Eastern Highway.

SCHEDULE OF MODIFICATIONS

PLANNING AND DEVELOPMENT ACT 2005

CITY OF BELMONT

LOCAL PLANNING SCHEME NO. 15 – AMENDMENT NO. 25

1. In proposal 1:
 - a. Replace the single proposed restricted use with two separate new restricted uses. The first restricted use is to comprise the 'Portions of Lots 713, 237, 236 and 197 (80) Grandstand Road, Ascott, as depicted on the Scheme Map'. The second restricted use is to comprise the area 'bound by Great Eastern Highway, Resolution Drive and Stoneham Street, Ascott, as depicted on the Scheme Map'.
 - b. Caretakers Dwelling and Home Store are to be added to both Restricted Uses. Pet Day Care is to be removed from both Restricted Uses.
 - c. Showroom is not to be included in the Restricted Use for the 'Portions of Lots 713, 237, 236 and 197 (80) Grandstand Road.
 - d. Provide each of the land uses with a permissibility symbol that aligns with the permissibility in the Zoning Table.
 - e. Replace the condition with 'Nil.'
2. In proposal 2 replace "and renumbering Schedule 2 accordingly" with "from Schedule 2 and insert a note that the Additional Use has been deleted".
3. In proposals 3 and 4 replace "(R3)" with "(R4)" and "(R5)" as appropriate.
4. Modify the Amendment Map accordingly as above in relation to the Restricted Use label.
5. Alter the Amendment Map (not the depiction of the existing scheme map) to remove the zoning and labels of any features that are not proposed to be amended

SCHEDULE OF SUBMISSIONS

No.	Name and Address	Summary of Submission	Officer Comment
1.	Public Submitter	Have owned their home for 15 years and are aware of their surroundings and facilities. States that Great Eastern Highway is a barrier to people wanting to cross it. Notes that the Golden Gateway precinct is intended to accommodate 4,082 people in keeping with the City's predicted population increase from 37,360 to 60,260 people by 2050. States that they live on the opposite side of Great Eastern Highway within a walking distance of the precinct. Notes that there has been recent development including the Bel-Air apartments and commercial land uses such as Officeworks, The Good Guys, Spotlight, Pet Barn, Baby Bunting and more. States that thousands of people are being attracted to the areas on the eastern side of Great Eastern Highway every day but there is no proposal for a pedestrian overpass across Great Eastern Highway to meet the growing need for access to and from the precinct. States this means: The elderly and children (Belmont Primary School is opposite the precinct) will be at	Noted Refer to Movement section of the report. Noted Noted Refer to Movement section of the report.

		serious risk of injury in trying to cross the highway, where traffic signals only allow for half a crossing at a time. • The 4,082 residents of the precinct will have to run the gauntlet of heavy traffic to get access to buses and trains into the City (many of the new residents are likely to have City jobs). • If Perth Racing's proposal for a shopping centre opposite the Kilns comes to fruition, residents east of Great Eastern Highway will be denied pedestrian access. States that residents east of Great Eastern Highway find themselves in "no-man's land" when it comes to shopping for groceries and finding a café or restaurant. Notes that Belmont Forum is 3.2km away or an impractical 45 minute walk (one way). States that they look forward to seeing a modern café in the new precinct if they can get across the highway.	Noted. Refer to Movement section of the report. Noted
2	Public Submitter	Requests that consideration be given to adding a customer service centre or library branch in the locality to complement the school.	While the submitter's request is not directly relevant to Amendment No. 25, it should be noted that Civic Use is a use that could be considered within the precinct.
3	Public Submitter	States that more infill development and apartments is needed near the CBD and that parks and green spaces should be maintained. Notes the importance of designing buildings aesthetically not concrete boxes.	Noted. The draft PSP will guide future development and open space outcomes.

4	Public Submitter	Does not support 6-8 storey development on the Ascot Kilns site. Considers this scale of development is not compatible with the existing character of Ascot Waters and that it would block the visibility of the heritage site which would be detrimental to the future character of the area. Opposes loosening open space requirements because the needs of the future community need to take priority and because there is no benefit to the community in watering down the provisions that force developers toward good outcomes for the community. States that the Kilns site is unique and that the City of Belmont should stand up and ensure their vision for Golden Gateway is met to a gold standard not a dull bronze.	Refer to Heritage section of the report. Additionally, it should be noted that the City has been directed to modify the PSP and progress a corresponding scheme amendment despite previous resolutions of Council. These resolutions included: • A February 2025 resolution on the draft Golden Gateway Structure Plan that recommended a requirement for 10% public open space on the Kilns site and the preparation of a site specific Local Development Plan. • A March 2020 resolution to write to the state requesting the Kilns be restored and the site designated for tourist/recreational purposes. • A 2017 resolution on the draft Ascot Kilns Local Development Plan for a maximum building height of five storeys. Amendment No. 25 is required to be progressed consistent with the WAPC's directed modifications to the PSP. As these modifications and the progression of a scheme amendment have been directed, any changes that depart from the WAPC-modified
---	------------------	---	---

			Structure Plan would result in an inconsistency between the two planning instruments.
5	Public Submitter	Would like to see the Ascot Kilns area free from apartments and housing development. States that the area has historic significance and so it would be disappointing to see it overshadowed by development. States that we owe it to our forebearers to preserve heritage and that housing development should not come at any price. Requests that the area is preserved for future generations and that it be an informative and welcoming space for all.	Refer to Heritage section of the report. Additionally, it should be noted that the City has been directed to modify the PSP and progress a corresponding scheme amendment despite previous resolutions of Council. These resolutions included: • A February 2025 resolution on the draft Golden Gateway Structure Plan that recommended a requirement for 10% public open space on the Kilns site and the preparation of a site specific Local Development Plan. • A March 2020 resolution to write to the state requesting the Kilns be restored and the site designated for tourist/recreational purposes. • A 2017 resolution on the draft Ascot Kilns Local Development Plan for a maximum building height of five storeys. Amendment No. 25 is required to be progressed consistent with the WAPC's directed modifications to the PSP. As these modifications and the

Attachment 12.1.4 Schedule of Submissions

			progression of a scheme amendment have been directed, any changes that depart from the WAPC-modified Structure Plan would result in an inconsistency between the two planning instruments.
6	Public Submitter	Agrees with the amendment and hopes that some progress will be made in developing golden gateway. States that more residents and commercial buildings to support the growing community will be amazing.	Noted
7	Public Submitter	States that the area is already busy with continuous traffic. Requests that something be done about it. Considers that there is a need for a park, picnic area, shopping facility and a café. States that security is needed to make sure the community is safe because there are more elderly residents in the area.	Refer to Movement section of the report. The draft Structure Plan will facilitate the range of land uses mentioned by the submitter. While this comment is not relevant to Amendment No. 25, the submitter is welcome to contact the City with specific security concerns. Alternatively, criminal activity can be reported to WA Police.
8	Public Submitter	Is concerned that apartments will be built on the Kilns site. States that the Kilns site was supposed to be for public space and that it should stay that way.	Refer to Kilns section of the report. Additionally, it should be noted that the City has been directed to modify the PSP and progress a corresponding scheme amendment despite previous resolutions of Council. These resolutions included:

			• A February 2025 resolution on the draft Golden Gateway Structure Plan that recommended a requirement for 10% public open space on the Kilns site and the preparation of a site specific Local Development Plan. • A March 2020 resolution to write to the state requesting the Kilns be restored and the site designated for tourist/recreational purposes. • A 2017 resolution on the draft Ascot Kilns Local Development Plan for a maximum building height of five storeys. It is important to note that the land is currently zoned 'Mixed Use' and can accommodate development contemplated within that zone. Amendment No. 25 is required to be progressed consistent with the WAPC's directed modifications to the PSP. As these modifications and the progression of a scheme amendment have been directed, any changes that depart from the WAPC-modified Structure Plan would result in an
--	--	--	--

			inconsistency between the two planning instruments.
9	Public Submitter	Is opposed to any high rise residential development on the Kilns site. States that there will be overload of population in the area due to high rise development and other residential infill on Great Eastern Highway. Advocates for the Kilns site to be retained for recreational and historical use rather than residential. Thanks the City for asking for feedback.	Refer to Kilns section of the report. Additionally, it should be noted that the City has been directed to modify the PSP and progress a corresponding scheme amendment despite previous resolutions of Council. These resolutions included: • A February 2025 resolution on the draft Golden Gateway Structure Plan that recommended a requirement for 10% public open space on the Kilns site and the preparation of a site specific Local Development Plan. • A March 2020 resolution to write to the state requesting the Kilns be restored and the site designated for tourist/recreational purposes. • A 2017 resolution on the draft Ascot Kilns Local Development Plan for a maximum building height of five storeys. Amendment No. 25 is required to be progressed consistent with the WAPC's directed modifications to the PSP. As these modifications and the

			progression of a scheme amendment have been directed, any changes that depart from the WAPC-modified Structure Plan would result in an inconsistency between the two planning instruments.
10	Public Submitter	Appreciated the summary provided in the letter dated 13 July 2026 and trusts that it does not omit any significant areas of concern for current and future residents who may not have the technical expertise to interpret the 804 pages. With reference to the Kilns site, states that applying an R-AC3 density code for up to 6 storeys in height with an additional 2 storey bonus is unsustainable. Questions what exactly the definition of providing a measurable community benefit is. Also questions how much public open space will be provided in total.	Noted. The letter accurately details the context of Amendment No. 25. As detailed in responses to previous submitter comments, Amendment No. 25 is required to be progressed consistent with the WAPC's directed modifications to the PSP. As these modifications and the progression of a scheme amendment have been directed, any changes that depart from the WAPC-modified Structure Plan would result in an inconsistency between the two planning instruments. Regarding community benefit and the amount of public open space to be provided on the Kilns site, these matters are currently being considered by DPLH as part of finalising the modified Structure Plan

		Considers that a provision for rationalisation of lots for larger scale development which encourages links through private property if connectivity is improved, and remove direct access to Great Eastern Highway is unacceptable. Questions if this implies that landowners will potentially be forced into selling with compensation from the State. Questions what removing specific sustainability provisions in relation to building design actually means. Notes that a number of the supporting documents are outdated and questions if these should be updated. States that they acknowledge that balancing the interests of all parties who have a vested interest (like increased rates revenue, commercial interests, or property developer profits) is difficult, however the impact of these decisions is	While the submitter's comment is not directly relevant to Amendment No. 25, it should be noted that the City has no discretion to change aspects of the WAPC's requested modifications to the Structure Plan. Landowners will not be required to sell land to the state to establish links. The provision which is to be included within the structure plan has the intent of encouraging new connections. While the submitter's comment is not directly relevant to Amendment No. 25, the WAPC directed that specific sustainability provisions within the Structure Plan be removed and replaced with provisions that encourage sustainable development outcomes. The City is in the process of updating the structure plan and where required, its supporting reports. Noted
--	--	---	---

		paramount for the residents who have to live with the consequences particularly in relation to: • Safe traffic ingress and egress for the neighbourhood • Sufficient infrastructure like public transport and utilities that can withstand greater density (water, gas, electricity) to support existing/future residents. Has concerns about traffic congestion. States that Grandstand Road is a major arterial route connecting Great Eastern Highway to Bayswater and that the two roundabouts are already struggling with residents trying to ingress/egress the three routes available. Recalls that when there were traffic lights installed at the Resolution Drive/Grandstand intersection, that this had a knock on effect with traffic backing up to Great Eastern Highway in two directions. Asks that the scheme amendment be mindful of a mechanism that identifies who is responsible and pays to resolve any future issues relating to waste, environment, traffic management, maintenance, sub standard construction that may arise in the Golden Gateway precinct. Says that the multi million dollar restoration of the kilns and stacks is appreciated however there are signs that they are starting to shift with seismic	Refer to Movement section of the report. A servicing report has been prepared in support of the structure plan. All required services can be made available to existing and future residents. Refer to Movement section of the report. These matters are not relevant to Amendment No. 25. They will be further considered at development application stage. While this comment is not relevant to Amendment No. 25, DPLH as the
--	--	--	---

		movement. Questions who maintains their integrity or the integrity of development across the three projects. Thanks the City for providing the opportunity for feedback. States that its not a case of being a nimby but a limby. Invites all decision makers to 'live in my backyard'. Considers that maintenance within Ascot Waters has already tested the limits of higher densification and dramatically affected the amenity of the area.	landowner is responsible for the ongoing maintenance of the Kilns. Noted Noted
11	Public Submitter	Does not support the Amendment and considers that it does not strike an appropriate balance between preserving the heritage of the Ascot Kilns with the need for affordable housing.	While the submitters specific concerns are addressed below, it should be noted that Amendment No. 25 itself does not approve any development. Instead, it assigns a density code and land use permissibility controls consistent with directions from the state government. The Ascot Kilns are included on the State Register of Heritage Places and remain subject to the applicable statutory heritage protections. Amendment No. 25 does not alter this status or the heritage approval requirements applying to the site, nor does it approve any development or construction works.

			The WAPC has also directed that specific objectives be included in the Structure Plan to ensure the heritage values of the site are retained, including the protection of significant views and vistas and consideration of the landmark values of the Ascot Kilns. Any future development affecting the State Registered place will be subject to the applicable planning and heritage approval processes, including referral to the Heritage Council. Matters relating to the Kilns and associated structures, archaeology, tunnels, views and vistas, structural monitoring and potential construction impacts can therefore be considered through those statutory processes. It is also noted that the site is already zoned 'Mixed Use' and capable of development under the existing planning framework, which does not include specific building height controls. Amendment No. 25 introduces density coding and more specific development controls consistent with the WAPC-modified Structure Plan.
--	--	--	---

		Suggests that instead of eliminating the requirement for a mandated amount of public open space on the site, zoning should be revised to increase public open space. States that this would enable the precinct to be activated for community use in a manner more in keeping with the site's heritage value. Considers that allowing buildings as high as 6 and 8 storeys is not in keeping with the site's heritage value. States that according to Google AI, a six to eight storey building is roughly 18 to 28 metres in height and that for reference the chimney stacks are approximately 25 metres in height. Is concerns that views of the chimney stacks and kilns that are currently enjoyed will become mostly obscured except from Grandstand Road.	The City has been directed by the WAPC to remove the previous requirement for 10% public open space on the Kilns site and to progress a corresponding scheme amendment. Amendment No. 25 is therefore required to be progressed consistent with the WAPC's directed modifications to the PSP. As a result, there is no opportunity through this Amendment to reinstate the 10% public open space requirement in the structure plan or identify specific portions of the Kilns site as public open space, as this would be inconsistent with the modified Structure Plan. The provision and location of any future public open space on the site can instead be considered through the future development process. Refer to Heritage section of the report.
--	--	--	--

		Attended a lecture on the 21st of March 2025 On 21 March 2025, by Hocking Heritage and Architecture. This lecture was hosted by the City of Belmont at the Faulkner Library. Mentions that at the talk they learned that the conservation effort included conserving the tunnels that connect the kilns to the chimney stacks. This included excavating down to the tunnels and filling them with blue metal. States that any rezoning should require public open space with an appropriate setback from these tunnels. States that the State Government paid considerable money for the conservation project that included the conservation of the tunnels, so there is both a financial and moral imperative to ensure that they are preserved. Considers it important to determine if these tunnels are included as part of the site's heritage listing before proceeding with rezoning plans. States that there should be a reasonable amount of public open space with appropriate setbacks around the chimney stacks. States that interior cables were added to reinforce the chimney stacks, and monitors were installed to measure any movement. Requests that construction stop on the site should monitors detect movement of the chimney stacks until such a time as engineers can determine the	
--	--	---	--

		impact of proceeding. Also states that any building done on the site should be required to post a substantial bond for remediation of historical structures should they become damaged during construction. Notes that at the public lecture, they were told that the kilns site has an Archaeological Management Plan and that it calls for public "vistas" that must be protected amongst other factors for the management and preservation of the site. On the 22 May 2025, wrote to Cassie Rowe MLA requesting a copy of the Archaeological Management Plan. States that Ms Rowe's office advised that a copy could not be provided because it contains copyrighted material. Considers it appropriate for Council to review the Management Plan before any rezoning decision is made. Considers it preferable for all vacant land surrounding the Kilns to be declared public open space given the heritage nature of the Kilns and difficulties with building on the site. Urges the City of Belmont not to endorse Amendment No. 25 in its current form until such time as it has reviewed the Archaeological Management Plan.	
--	--	---	--

12	Public Submitter	Is very disappointed to hear that buildings on the Kilns site will be as tall as the chimney stacks themselves.	Refer to Heritage section of the report. Additionally, it should be noted that the City has been directed to modify the PSP and progress a corresponding scheme amendment despite previous resolutions of Council. These resolutions included: • A February 2025 resolution on the draft Golden Gateway Structure Plan that recommended a requirement for 10% public open space on the Kilns site and the preparation of a site specific Local Development Plan. • A March 2020 resolution to write to the state requesting the Kilns be restored and the site designated for tourist/recreational purposes. • A 2017 resolution on the draft Ascot Kilns Local Development Plan for a maximum building height of five storeys. Amendment No. 25 is required to be progressed consistent with the WAPC's directed modifications to the PSP. As these modifications and the progression of a scheme amendment have been directed, any changes that depart from the WAPC-modified
----	------------------	---	---

		States that the kilns and the chimneys are a special reminder of days gone by and should be preserved. States that they can't see why development can't work around the heritage structures. Notes that this has been done in other capital cities as well as in Perth itself. Considers that the old and the new together could look stunning.	Structure Plan would result in an inconsistency between the two planning instruments. The Kilns and Chimney stacks are not proposed to be removed by Amendment No. 25 or the draft Structure Plan. They are state heritage listed and so will be required to be retained as part of future development proposals. Officers agree with the submitter. Development is able to occur while at the same time retaining the heritage values of the site.
13	Public Submitter	States that it would be disappointing to accept and approve the amendment as drafted in view of the significance of the Kilns and associated infrastructure. Considers it important that the kilns and associated infrastructure are highlights of the precinct and are provided with their own sense of space. States that the construction of buildings of the height that appears arbitrarily imposed by the State Planning Commission would obscure and diminish the experience that members of the public may be able to gain from the restoration	The submitters specific concerns are addressed below. Noted. This will be further considered at development application stage. Refer to Heritage section of the report. Additionally, it should be noted that the City has been directed to modify the PSP and progress a corresponding scheme amendment

		works. Is disappointed to read that there will be less green space allocated and states that the amount of green space should be increased.	despite previous resolutions of Council. These resolutions included: • A February 2025 resolution on the draft Golden Gateway Structure Plan that recommended a requirement for 10% public open space on the Kilns site and the preparation of a site specific Local Development Plan. • A March 2020 resolution to write to the state requesting the Kilns be restored and the site designated for tourist/recreational purposes. • A 2017 resolution on the draft Ascot Kilns Local Development Plan for a maximum building height of five storeys. Amendment No. 25 is required to be progressed consistent with the WAPC's directed modifications to the PSP. As these modifications and the progression of a scheme amendment have been directed, any changes that depart from the WAPC-modified Structure Plan would result in an inconsistency between the two planning instruments.
14	Public Submitter	Enjoys the view of the Kilns each day.	Noted

		Notes that there are already 2 high rise residential buildings on Marina Drive. Does not wish for another one to be built on the Kilns site as this will obscure the view and possibly damage the structures which are in need of restoration.	Refer to Heritage Significance and Conservation section of the report. Additionally, it should be noted that the City has been directed to modify the PSP and progress a corresponding scheme amendment despite previous resolutions of Council. These resolutions included: • A February 2025 resolution on the draft Golden Gateway Structure Plan that recommended a requirement for 10% public open space on the Kilns site and the preparation of a site specific Local Development Plan. • A March 2020 resolution to write to the state requesting the Kilns be restored and the site designated for tourist/recreational purposes. • A 2017 resolution on the draft Ascot Kilns Local Development Plan for a maximum building height of five storeys. Amendment No. 25 is required to be progressed consistent with the WAPC's directed modifications to the PSP. As these modifications and the progression of a scheme amendment have been directed, any changes
--	--	---	--

		Also states that it will create too much traffic for the roads to handle which are already busy on race days. States that part of the charm of Ascot is the open spaces that have not been developed and that while Ascot could use a café and possibly a deli or corner store it does not need more high rise.	that depart from the WAPC-modified Structure Plan would result in an inconsistency between the two planning instruments. Refer to Movement section of the report. Refer to Heritage Significance and Conservation section of the report.
15	Public Submitter	Notes that the original concept plans for the Kilns included a proposal for an integrated community space including a tavern/restaurant around the preserved kilns and chimneys. Considers that the tin shed is an eyesore, and that the community has no access or incentive to visit and experience the history of the Kilns site and its relevance to the history of Belmont. Mentions that the opportunity now exists to once again use funds for a sympathetic residential development on the site. Therefore, states that the amendment is to be supported and developers encouraged to propose a solution that meets residents wishes and enhances the heritage value of the site. States that doing nothing is not an option and so development should be encouraged.	Noted Noted. Specifics of future development proposals will be considered at development application stage.

		Considers that the bonus height provisions may be contentious and should only be available after proof of commercial need and demonstration of a truly inspiring design is provided.	While this comment is not directly relevant to Amendment No. 25, the WAPC has directed that bonus heights be available where: a) A development is demonstrated to achieve the principles of good design as set out in State Planning Policy 7 – Design of the Built Environment, and demonstrably exceed at least one principle of most relevance to the site’s context on the advice of the City of Belmont Design Review Panel; and/ or State Design Review Panel; b) A community benefit contribution is provided as part of a development. In relation to (b) a community benefit shall be agreed by the responsible authority and may include (but are not limited to) the following: • Provision of 10% public open space and/or publicly accessible private open space; or • Improve internal connectivity through
--	--	---	---

		Believes that the general modifications are all completely sensible and must be actively encouraged by using the allowed built form amendments and height bonuses. States that ideally the three roads onto Great Eastern should be incorporated and the lots amalgamated with new internal access system provided off Grandstand Road/Resolution Drive. Considers that providing off street parking within the precinct and increased on-site parking, over and above the requirements for residential buildings is essential to avoid open space carparks being take up by residents.	the provision of additional roads and/or public accessways that connect to existing roads. Council has no discretion to vary the above. Noted While this comment is not directly relevant to Amendment No. 25, it should be noted that a Movement and Access Strategy was prepared in support of the Structure Plan. The Strategy concludes that the proposed road network will operate at an acceptable level of service. Retaining the connections to Great Eastern Highway is also consistent with Main Roads' vehicle access plan for this section of the highway. This comment is not relevant to Amendment No. 25. Appropriate parking standards will be included within the Structure Plan.
--	--	--	---

Attachment 12.1.4 Schedule of Submissions

		States that bridges and underpasses to the existing commercial development on the eastern side of Great Eastern Highway should be considered in an amended plan.	Refer to Movement section of the report.
16	Public Submitter	Opposes the amendment because it will decrease the visibility of the Kilns. States that they are a key feature and crowding them out with high rise buildings will diminish the significant feature of an area crammed with too much commercial land. States that there was meant to be a café in the Marina area and that the attraction in buying in the area is what makes it liveable. States that to now change the plan and overcrowd it physically and visually does not put Belmont or Ascot first and instead puts the interests of developers ahead of the community.	Refer to Heritage Significance and Conservation section of the report. The City has been directed to update the Structure Plan and progress a corresponding local planning scheme amendment. Notwithstanding, future development will be required to have regard to the development requirements and objectives of the Structure Plan. The intent remains for the precinct to develop as a high-amenity, mixed-use area that provides a range of complementary uses and amenities that contribute to the liveability and attractiveness of the precinct and benefit the surrounding locality.
17	Public Submitter	Notes that the refurbishment of the Ascot Kilns cost about \$10m. Considers that surrounding them with 6 or 8 storey buildings will diminish their historic significance, presence, and restrict access to the	Noted. Refer to Heritage section of the report. Additionally, it should be noted that the City has been directed

		general public. Believes the statements on allowing access to the Kilns is questionable.	to modify the PSP and progress a corresponding scheme amendment despite previous resolutions of Council. These resolutions included: • A February 2025 resolution on the draft Golden Gateway Structure Plan that recommended a requirement for 10% public open space on the Kilns site and the preparation of a site specific Local Development Plan. • A March 2020 resolution to write to the state requesting the Kilns be restored and the site designated for tourist/recreational purposes. • A 2017 resolution on the draft Ascot Kilns Local Development Plan for a maximum building height of five storeys. Amendment No. 25 is required to be progressed consistent with the WAPC's directed modifications to the PSP. As these modifications and the progression of a scheme amendment have been directed, any changes that depart from the WAPC-modified Structure Plan would result in an inconsistency between the two planning instruments.
--	--	---	---

		States that it is alarming that the amendment is open for public consultation without having the input of the heritage group first. Considers that the plan clearly states that changes are pending the Heritage assessment. States that all developments should include design excellence and consider future needs. Doesn't consider the installation of electric car charging stations, trees, gardens, and sculptures to be adequate for increased building height.	The Department of Planning, Lands and Heritage has been involved in both the Structure Plan and Amendment No. 25 processes and will further consider heritage matters as part of its assessment prior to finalisation. Accordingly, heritage significance and conservation considerations have been appropriately addressed throughout the planning process. These matters are not relevant to Amendment No. 25. Notwithstanding, the WAPC has directed that bonus heights be available where: a) A development is demonstrated to achieve the principles of good design as set out in State Planning Policy 7 – Design of the Built Environment, and demonstrably exceed at least one principle of most relevance to the site's context on the advice of the City of Belmont Design Review Panel; and/ or State Design Review Panel;
--	--	---	--

		States that all buildings must be energy efficient to contribute to emissions reduction. Also advocates for the installation of communal batteries, waste minimisation practices, solar panels and grey water recycling gardens.	b) A community benefit contribution is provided as part of a development. In relation to (b) a community benefit shall be agreed by the responsible authority and may include (but are not limited to) the following: • Provision of 10% public open space and/or publicly accessible private open space; or • Improve internal connectivity through the provision of additional roads and/or public accessways that connect to existing roads. Council has no discretion to vary the above. This comment is not relevant to Amendment No. 25. Notwithstanding, the WAPC has directed that the City remove specific sustainability requirements from the structure plan and replace them with a section that encourages sustainable development outcomes.
--	--	---	--

	Is concerned that removing the 10% open space requirement will contribute to more heat and concrete jungles. Mentions that the City is trying to catch up by planting more trees but that dead trees in Ascot Waters and not removed and instead mulch is added to them. Notes that the City of Belmont features within the bottom Councils for tree canopy and so more should done to increase public open space above 10%. States that new dwellings in Ascot Waters will double the current population and that the City of Belmont is not allocating funds to modify Resolution Drive and remove the requirement of 20m road widths. Questions how residents will leave the area when buildings are built next to the kilns. Considers that the plan does not consider waste truck movements in tight road/spaces and that no solutions are put forward. Mentions that this risk could also be for fire trucks if a bush fire event occurs despite the plan saying that the area is not fire prone. States that the plan should not have been put forward for public comment knowing that	As detailed in response to previous comments, the City has been directed to remove the 10% public open space requirement from the structure plan. There is no opportunity for Council to revisit this aspect through Amendment No. 25. Refer to movement section of the report. While this comment is not relevant to Amendment No. 25, it should be noted that a Movement and Access Strategy has been prepared in support of the structure plan. This Strategy demonstrates that the road network can accommodate future development. Specific details about waste management and collection arrangements will be further considered at development application stage. The WAPC has directed the City to update the Structure Plan and
--	---	--

		standards are lowered and aspirations of liveable communities will not be achieved. Considers that parking will be a major issue with cars from residents parking next to memorial drive. Notes that older residents rely on their cars and that changing cultural habits takes a long time. Mentions that not everybody can walk to bus stops or cycle or buy an electric bicycle or scooter. States that the war in the middle east should continue for several years to force people onto public transport. Overall, considers that the changes are disappointing.	progress a corresponding local planning scheme amendment. The City must progress both projects consistent with this direction. This comment is not relevant to Amendment No. 25. Notwithstanding, parking standards are included within the structure plan. Proposals will be assessed against these standards at application stage. This comment is not relevant to Amendment No. 25. Notwithstanding, it should be noted that future residents will still be able to access the precinct via car. Officers do not agree with the submitters comment.
18	Main Roads Western Australia PO Box 6202 East Perth WA 6892	Main Roads understands the amendment seeks to apply density codes, zones and reserves and land use controls consistent with the draft Golden Gateway Precinct Structure Plan (PSP) and modifications directed by the Western Australian Planning Commission (WAPC).	Noted

		Main Roads has previously provided comments on the draft PSP, dated 31 October 2024. Traffic impacts are likely to increase as the amendment facilitates higher-density residential, mixed-use and commercial development. It is important the current and future transport impacts of the proposal are appropriately assessed and demonstrated to ensure the safe and efficient operation of the road network. <u>Traffic Impact Assessment</u> A detailed network-based Traffic Impact Assessment (TIA) will be required to evaluate the extent of additional traffic generation and distribution associated with the proposed amendment. The TIA should address the following: • identify and assess potential congestion impacts across the surrounding road network, including local road intersections connecting to Great Eastern Highway, and demonstrate that the ongoing safety, efficiency, and operational performance of the network can be maintained. • Any recommendations arising from the TIA should be reflected in the planning and development framework for the site and be consistent with the existing Vehicle Access	Noted Amendment No.25 does not itself facilitate higher density residential development. Notwithstanding, the comment regarding the need to consider traffic impacts is noted. These impacts have been comprehensively considered as part of the structure planning process through the Movement and Access Strategy. A detailed Movement and Access Strategy has been prepared in support of the structure plan. This strategy was previously referred to Main Roads for comment as part of the structure planning process.
--	--	---	---

		Strategy for Great Eastern Highway, as outlined in Plan No. 16339-013 (attached). <u>WAPC Modifications</u> Main Roads supports the inclusion of the following as per the WAPC schedule of modifications: • Including a provision that encourages road links through private property if they improve connectivity and remove direct access from Great Eastern Highway. <u>General Comments</u> Further statutory approvals required from Main Roads are outlined below: • Road Traffic Code 2000 ○ Main Roads approval is required for any signage, pavement marking modifications, speed zoning changes and regulatory traffic controls on all roads in Western Australia. • Main Roads Act 1930 ○ Main Roads approval is required for works and access on our road network. • Road Traffic (Vehicles) Act 2012 and Road Traffic Code 2000 ○ RAV (Restricted Access Vehicle) requirements for haulage movements during construction of the development is subject to a separate approval process.	Noted Noted
--	--	--	---------------------------

		This section of Great Eastern Highway is constructed to its ultimate configuration, comprising six lanes, including bus lanes and a dedicated left and right-turn lane into Resolution Drive. The upgrading of Great Eastern Highway east of Tonkin Highway is not in Main Roads current 4-year forward estimated construction program and all projects not listed are subject to change without notice, and Main Roads assumes no liability for the information provided.	Noted Noted
19	Water Corporation PO Box 100 Leederville WA 6902	As previously advised through our response to the Local Structure Plan for this area, the area subject of the proposed amendment will require major water and wastewater infrastructure upgrades. These upgrades were addressed in the Servicing Report produced by Cardno dated 5 May 2017. It is recommended an updated report be provided on the basis that the state of the existing infrastructure and service demands for the area may have changed since the preparation of the 2017 report. Please note that key pieces of the network upgrade will need to be conducted by the Water Corporation as part of the Capital Investment 5 Year Program and additional upgrades will be completed as the development within the area progresses, through the development approval process. Please note that while headworks	The servicing requirements of the precinct, including water and wastewater infrastructure, have been considered through the Structure Planning process. It is acknowledged that future development within the precinct will require upgrades to existing infrastructure and that the timing, funding and delivery of these upgrades will need to be considered as development progresses. Amendment No. 25 does not itself approve development or determine the timing, funding or delivery arrangements for infrastructure upgrades. These matters will be addressed through the ongoing Structure Planning and subsequent

		upgrades are undertaken by Water Corporation, the timing delivery required headworks upgrades may not align to both the City and/or developer expectations. In order for headworks upgrades to be funded, required headworks upgrades need to be accounted for within the Capital Investment 5 Year Program. Any projects outside of the 5 year program are not currently funded. It is recommended that further consideration of service delivery is investigated to ensure that development proposals are not delayed due to the need for network upgrades. Please also note that reticulation upgrades are borne by the developer, and in some cases may result in significant costs dependent on the location of the development and the required reticulation upgrades. When planning proposals such as local structure plans and local planning scheme amendments are being considered, it is highly recommended that adequate investigation has been undertaken to ensure the timely delivery of required upgrades, both in relation to headworks upgrades as well as reticulation upgrades. The City should also consider undertaking further investigation into an adequate funding model for the implementation of reticulation upgrades to	development approval processes, including consideration of the relevant headworks and reticulation requirements. Accordingly, the matters raised by Water Corporation are noted but do not warrant modification to Amendment No. 25.
--	--	---	--

Attachment 12.1.4 Schedule of Submissions

		ensure that the upgrades occur with an equitable cost sharing arrangement. If this doesn't occur, there is the risk that significant redevelopment of the area may not progress if the cost of the upgrades are not considered economically feasible.	
20	Department of Biodiversity Conservation and Attractions 17 Dick Perry Ave Kensington WA 6151	DBCA has considered the proposed amendments against State Planning Policy 2.9: Water and Swan Canning development control area policies and does not consider the proposal likely to have any adverse impact on the Swan Canning development control area. As such, DBCA has no objection to the amendment. Future development of the subject land will be assessed by DBCA under clause 45(2) of the Metropolitan Region Scheme.	Noted

12.2 Tender 11/2026 - Supply and Delivery of Plants

Voting Requirement	: Simple Majority
Subject Index	: 114/2026-11
Location/Property Index	: N/A
Application Index	: N/A
Disclosure of any Interest	: Nil
Previous Items	: N/A
Applicant	: N/A
Owner	: N/A
Responsible Division	: Infrastructure Services

Council role

Overseeing Overseeing the allocation of the City's finances and resources e.g. setting the annual budget, accepting tenders, determining what services and facilities the City is to provide, annual reports, selecting the CEO and reviewing the CEO's performance.

Purpose of report

To seek Council approval to award Tender 11/2026 - Supply & Delivery of Plants (Panel Arrangement).

Summary and key issues

- The City seeks to engage suitably qualified and experienced contractor(s) for the supply and delivery of a range of plant species to support the implementation of the Streetscape Enhancement Strategy 2022-2027 and the ongoing maintenance and enhancement of the City's public open spaces.
- This report outlines the procurement process undertaken to invite and evaluate tender responses received for Tender 11/2026 - Supply & Delivery of Plants (Panel Arrangement) in accordance with the requirements of the *Local Government Act 1995 (WA)*.
- Two submissions were received and a full evaluation was completed against the advertised criteria and the City's procurement requirements.
- As neither supplier can provide the full range of species required in suitable pot sizes, a panel arrangement will mitigate supply risk, maximise plant availability, and deliver value for money through a flexible and competitive procurement framework.

Officer Recommendation

That Council:

1. Accepts the tenders submitted for Tender 11/2026 - Supply & Delivery of Plants (Panel Arrangement) by the preferred tenderers as detailed in Confidential Attachment 12.2.1.
2. Authorises the Chief Executive Officer to establish a Supply and Delivery of Plants Panel comprising the suppliers in Confidential Attachment 12.2.1 for a period of three (3) years.
3. Authorises the Chief Executive Officer to negotiate and execute panel contracts with the preferred tenderers pursuant to section 9.49A(4) of the *Local Government Act 1995 (WA)*

Location

City Wide.

Consultation

There has been no specific consultation undertaken in respect to this matter.

Strategic Community Plan implications

In accordance with the 2020 – 2034 Strategic Community Plan:

Key Performance Area: People

Outcome: 1. A safe, healthy community.

Outcome: 2. A strong sense of pride, belonging and creativity.

Key Performance Area: Planet

Outcome: 4. Healthy and sustainable ecosystems.

Outcome: 5. Climate resilience.

Key Performance Area: Place

Outcome: 7. Attractive and welcoming places.

Key Performance Area: Performance

Outcome: 10. Effective leadership, governance and financial management.

Outcome: 11. A happy, well informed and engaged community.

Policy implications

The City's Purchasing Policy aims to deliver a high level of accountability whilst providing a flexible, efficient and effective procurement framework. The procurement process for this tender was undertaken in accordance with the requirements of the City's Purchasing Policy.

Statutory environment

Section 3.57 of the *Local Government Act 1995 (WA)* provides for tenders for providing goods or services.

The tendering process and evaluation complied with the requirements of Part 4 of the *Local Government (Functions and General) Regulations 1996 (WA)*.

Regulation 24AC(1)(a) allows a local government to establish a panel of prequalified suppliers if there is a continuing need for the goods or services.

The establishment of this panel must comply with Regulation 24AD, which requires:

- 24AD (1) and (2): A Statewide public notice inviting applications to join the panel.
- 24AD (3): Written evaluation criteria established before applications are invited.
- 24AD (4) and (5): Provision of detailed information to applicants, including a description of the goods/services, panel operation details, the contract period, a statement that work is not guaranteed, and the intended number of suppliers.

Background

The City seeks to form a panel for the supply and delivery of plants to support its Streetscape Enhancement and Public Open Space Maintenance Programs.

The contract for the provision of Supply and Delivery of plants is for a term of 3 Years, with no option to extend, in line with the City's Purchasing Policy to form a Panel.

Report

Tender 11/2026 - Supply & Delivery of Plants (Panel Arrangement) was publicly advertised in The West Australian on 18th July 2026 and closed on 4th August 2026 at 2.00pm.

Tender Submissions

Two tender submissions were received in response to the advertised tender. Details of the respondent(s) and the prices submitted are detailed in Confidential Attachment 12.2.1.

Evaluation Panel

The evaluation panel comprised 3 Officers, being: Manager Parks Leisure and Environment, Coordinator Parks and Coordinator Procurement and Contracts

- One (1) with tender and contract preparation skills,
- Two (2) with the appropriate operational expertise and involvement in supervising contracts.

The City's Procurement and Contracts team facilitated the procurement process and provided probity oversight to ensure the evaluation was conducted in accordance with the Request for Tender documentation, the City's Purchasing Policy, and the principles of fairness, transparency and accountability.

The evaluation panel conducted the assessment of the submissions in accordance with the City's evaluation process in a fair and equitable manner.

Compliance Assessment

2 submission(s) received were assessed as fully compliant.

On this basis, both submissions were considered for further evaluation.

Evaluation Method and Weighting

The predetermined minimum acceptable pass score for Tender 11/2026 - Supply & Delivery of Plants (Panel Arrangement) was set at 60%.

Qualitative Criteria

The responses received were assessed on the selection criteria included with the request for tender, being:

	Criteria	Weighting
1	Company Capacity	50%
2	Methodology	50%
	Total	100%

Price Assessment

Refer to Confidential Attachment 12.2.2 - Tender 11/2026 - Price Schedule.

Value for Money

Both tenderers represent value for money. Appointing both suppliers will provide supply certainty, maximise stock availability, and maintain competitive tension throughout the contract term

Evaluation Summary

An Evaluation Scorecard has been completed which details the evaluation panel's assessment of the tender submission(s). Refer to Confidential Attachment 12.2.1 - Tender 11/2026 - Supply & Delivery of Plants (Panel Arrangement) – Evaluation Scorecard.

Following a compliant and transparent procurement process undertaken in accordance with the requirements of the *Local Government Act 1995 (WA)* and the City's Purchasing Policy, the preferred tenderers meet the City's requirements for Tender 11/2026 - Supply & Delivery of Plant (Panel Arrangement) and are recommended for acceptance.

Financial implications

Confidential Attachment 12.2.2 – Tender 11/2026 - Supply & Delivery of Plants (Panel Arrangement) - Price Schedule provides the breakdown of costs provided by the tenderers.

The prices submitted by the preferred tenderers are within the allocated budgets.

Environmental implications

The environmental implications of this procurement are considered positive. The recommended panel arrangement supports the delivery of the City's annual planting and urban greening programs, contributing to urban canopy, biodiversity, and landscape enhancement outcomes.

Social implications

The social implications of this procurement are considered positive. The recommended panel arrangement supports the delivery of the City's annual planting program, enhancing public open spaces, urban amenity, and community wellbeing. Improved supply certainty will assist in maintaining the quality of parks and streetscapes expected by the community.

12.3 2026-27 October Budget Review

Voting Requirement	:	Absolute Majority
Subject Index	:	54/004 Budget Documentation Council
Location/Property Index	:	N/A
Application Index	:	N/A
Disclosure of any Interest	:	Nil
Previous Items	:	N/A
Applicant	:	N/A
Owner	:	N/A
Responsible Division	:	Corporate and Governance

Council role

Overseeing Overseeing the allocation of the City's finances and resources e.g. setting the annual budget, accepting tenders, determining what services and facilities the City is to provide, annual reports, selecting the CEO and reviewing the CEO's performance.

Purpose of report

The purpose of this report is to present the October 2026 Budget Review and to seek Council's authorisation of the proposed budget amendments arising from the review.

Summary and key issues

In keeping with sound financial management practices, a review of the 2026-27 Adopted Budget has been conducted to review carried forward items from 2025-26 and including other amendments.

Officer Recommendation

That Council, in accordance with *Local Government (Financial Management) Regulations 1996 (WA)* Regulation 33A, adopt the amendments contained in the 2026-27 October Budget Review (Attachment 12.3.1).

An absolute majority of Council is required

Location

Not applicable.

Consultation

There has been no specific consultation undertaken in respect to this matter other than internal staff.

Strategic Community Plan implications

In accordance with the 2024–2034 Strategic Community Plan:

Key Performance Area: Performance

Outcome: 10. Effective leadership, governance and financial management.

Policy implications

There are no policy implications associated with this report.

Statutory environment

Regulation 33A of the *Local Government (Financial Management) Regulations 1996 (WA)* requires a local government to carry out a review of its budget between 1 January and the last day of February each year, report it to Council on or before 31 March, and then report the outcome of the review to the Department of Local Government, Industry Regulation and Safety within 14 days.

Although this current budget review is not mandatory, it has been considered good financial practice to perform 2 budget reviews at the City. The second budget review will commence preparation in January and be reported to Council in March in line with statutory requirements.

Background

In keeping with the City's ongoing budget control and financial management, a number of adjustments are required to ensure the City's 2026-27 Budget is current and reflects all changes that are occurring. Since the detailed 2026-27 Budget was prepared and adopted by Council in June 2026, the draft 2025-26 financial statements have been prepared and the carried forward figures and surplus amounts arising from the preparation of the financial statements can

now be updated. It is important to note that the final position remains subject to completion of the financial audit currently underway.

The October Budget Review process is predominantly aimed at addressing the following issues:

- decisions of Council requiring funding
- new items arising following the original budget adoption
- updating of carry forward capital works
- reviewing and updating the estimated opening surplus

Report

Opening Balance

As in previous Budget Reviews, one issue to be addressed relates to the estimated opening balance. The opening balance is predicted early in the budget process to enable budget preparation and rate modelling to proceed and is an estimate at that point in time. This surplus position is finalised when the audit of the financial statements has been completed.

The draft financial statements for 30 June 2026 have been completed, however the audit is expected to be completed at the end of November 2026 and at that stage the opening surplus will be confirmed. In the interim, the opening surplus has been updated based on the completion of the draft 2025-26 financial statements and will be further updated during the March 2027 budget review should further changes arise from the completion of the 2025-26 audit by the Office of the Auditor General.

The following table summarises the movement in the opening surplus position for this review:

Budgeted opening surplus	\$3,321,119
Decrease in opening surplus	(\$78,268)
Estimated opening surplus position	\$3,242,851

The surplus for the 2026-27 adopted budget remains unchanged at \$500,000.

Budget Amendments

The detail of the proposed budget review is included in the following documents:

- Statement of Financial Activity (Attachment 12.3.1)
- Budgeted Reserve Balances for the year ending 30 June 2027 (Attachment 12.3.2); and
- Budget Review Comparison (Attachment 12.3.3)

The updated Statement of Financial Activity at Attachment 12.3.1 compares the proposed October 2026 budget review to the adopted 2026-27 budget. A summary of the movements is as follows, with material adjustments included below.

Item	Movement
Budgeted closing surplus	\$500,000
Decreased opening surplus	(\$78,268)
Increased revenue	\$2,640,896
Decreased expense	\$191,299
Advanced capital grants	(\$1,500,702)
Increased capital expense	(\$693,410)
Decreased reserve transfers	(\$1,018,306)
Increased asset proceeds	\$458,491
Closing surplus	\$500,000

Please note, the narration below adopts the term “K” as a substitute for the term thousands, so \$5,000 or \$5,323 would be summarised as \$5K. Similarly, the narration below adopts the term “M” as a substitute for the term millions, so \$5,000,000 or \$5,323,000 would be summarised as \$5M.

Revenue from operating activities has increased by \$2.6M, including the following amendments:

- Increase in interest revenue as a result of rising investment rates \$1.5M
- Increase in rate revenue as a result of interim rates received after budget preparation \$842K

Expenditure from operating activities has decreased by \$191K, including the following amendments:

- Reduction in employment costs \$200K
- Reduction in various materials and contracts \$92K

Amounts attributable to investing activities have increased by \$1.7M including the following amendments:

- Reduction in income from capital grants, subsidies and contributions as a result of revenue being recognised in previous financial year \$1.5M
- Increase in proceeds from sale of assets due to anticipated sale of plant items expected to be sold in previous financial year (\$458K)
- Inclusion of funds for construction of roundabout at Stanton Road and Morrison Street \$527K
- Increase in budgets for project costs not incurred prior to 30 June as budgeted and therefore brought forward to 2026-27, including:
 - Wilson Park drainage repairs \$195K
 - Purchase of items of Plant \$556K
 - Swan Canning Riverpark Urban Forest (SCRUF) project \$162K
- Reduction in budgets (or portions of) for projects to be carried forward to 2027-28 to align with project funding \$405K
- Reduction in budgets relating to projects pending announcements relating to the Community Sporting and Recreation Facilities Fund (CSRFF) to be carried forward to 2027-28.
 - Peet Park Revitalisation \$700K
 - Redcliffe Community Centre \$350K
- Reduction in budgets for projects to be carried forward to 2027-28
 - IT Server and storage project \$216K
 - Customer Relationship Management (CRM) Project \$152K

Amounts attributable to financing activities have been amended, with reserve transfers reduced to an overall transfer from reserves of \$9.5M million. This adjustment is required to utilise funding set aside in reserve for projects not completed prior to 30 June.

Financial implications

The presentation of these reports to Council ensures compliance with the *Local Government Act 1995 (WA)* and associated Regulations and also ensures that Council is regularly informed as to the status of its financial position.

Environmental implications

There are no environmental implications associated with this report.

Social implications

There are no social implications associated with this report.

Council role

Overseeing Overseeing the allocation of the City's finances and resources e.g. setting the annual budget, accepting tenders, determining what services and facilities the City is to provide, annual reports, selecting the CEO and reviewing the CEO's performance.

Purpose of report

To present to Council the list of expenditure paid for the period 01 September 2026 to 30 September 2026 under delegated authority.

Summary and key issues

A list of payments is presented to the Council each month for confirmation and endorsement in accordance with the *Local Government (Financial Management) Regulations 1996 (WA)*.

Officer Recommendation

That the Authorised Payment Listing for September 2026 as provided under Attachment 12.4.1 be received.

Location

Not applicable.

Consultation

There has been no specific consultation undertaken in respect to this matter.

Strategic Community Plan implications

In accordance with the 2024–2034 Strategic Community Plan:

Key Performance Area: Performance

Outcome: 10. Effective leadership, governance and financial management.

Outcome: 11. A happy, well informed and engaged community.

Policy implications

There are no policy implications associated with this report.

Statutory environment

Regulation 13(1) of the *Local Government (Financial Management) Regulations 1996 (WA)* states:

“If the local government has delegated to the CEO the exercise of its power to make payments from the municipal fund or the trust fund, a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared:

- (a) the payee's name;
- (b) the amount of the payment;
- (c) the date of the payment; and
- (d) sufficient information to identify the transaction.”

(3) A list prepared under sub regulation (1) is to be presented to Council at the next ordinary meeting of Council after the list is prepared; and recorded in the minutes of that meeting.

Regulation 13A of the *Local Government (Financial Management) Regulations 1996 (WA)* effective from 1 September 2023 states:

(1) If a local government has authorised an employee to use a credit, debit or other purchasing card, a list of payments made using the card must be prepared each month showing the following for each payment made since the last such list was prepared —

- (a) the payee's name;
- (b) the amount of the payment;

- (c) the date of the payment;
 - (d) sufficient information to identify the payment.
- (2) A list prepared under subregulation (1) must be —
- (a) presented to the council at the next ordinary meeting of the council after the list is prepared; and
 - (b) recorded in the minutes of that meeting.

Background

Council has delegated to the Chief Executive Officer under Delegation 1.1.18 to make payment from the Municipal and Trust Fund account. In accordance with Regulation 13(1) of the *Local Government (Financial Management) Regulations 1996 (WA)*, where this power has been delegated, a list of payments each month is to be compiled and presented to Council.

Report

The following summary of payments are recommended for confirmation and endorsement.

Payment type	Payment reference	\$
Municipal Fund Cheques	788914	265.05
Municipal Fund EFTs	EF103911 to EF104348	9,266,940.59
Municipal Fund Payroll	September 2026	2,055,494.03
Trust Fund EFT	EF104065 & EF104151	75,131.42
Total Payments for September 2026		11,397,831.09

A copy of the Authorised Payment Listing is included as Attachment 12.4.1.

Financial implications

All expenditure included in the Payment Listing is in accordance with Council's Annual budget.

Environmental implications

There are no environmental implications associated with this report.

Social implications

There are no social implications associated with this report.

12.5 Monthly Financial Report for September 2026

Voting Requirement	: Simple Majority
Subject Index	: 32/009 Financial Operating Statements
Location/Property Index	: N/A
Application Index	: N/A
Disclosure of any Interest	: Nil
Previous Items	: N/A
Applicant	: N/A
Owner	: N/A
Responsible Division	: Corporate and Governance

Council role

Overseeing Overseeing the allocation of the City's finances and resources e.g. setting the annual budget, accepting tenders, determining what services and facilities the City is to provide, annual reports, selecting the CEO and reviewing the CEO's performance.

Purpose of report

To provide Council with relevant monthly financial information for the 2026-27 financial year.

Summary and key issues

The following report includes a concise list of material variances for the month ending 30 September 2026.

Officer Recommendation

That the Monthly Financial Reports as at 30 September 2026 as included in Attachment 12.5.1 be received.

Location

Not applicable.

Consultation

There has been no specific consultation undertaken in respect to this matter.

Strategic Community Plan implications

In accordance with the 2024–2034 Strategic Community Plan:

Key Performance Area: Performance

Outcome: 10. Effective leadership, governance and financial management.

Policy implications

There are no policy implications associated with this report.

Statutory environment

Section 6.4 of the *Local Government Act 1995 (WA)* (the Act) in conjunction with Regulations 34 (1) of the *Local Government (Financial Management) Regulations 1996 (WA)* (the Regulations) requires monthly financial reports to be presented to Council.

Regulation 34(1) requires a monthly Statement of Financial Activity reporting on revenue and expenditure.

Regulation 34(5) determines the mechanism required to ascertain the definition of material variances which are required to be reported to Council as a part of the monthly report.

Background

The Regulations prescribe that a Local Government is to prepare each month a Statement of Financial Activity.

Regulation 34(2) requires the Statement of Financial Activity to be accompanied by documents containing:

1. Explanation for each material variance identified between year to date budgets and actuals
2. Any other supporting information considered relevant by the Local Government.

Regulation 34 (5) states that “Each financial year, a Local Government is to adopt a percentage or value, calculated in accordance with the Australian Accounting Standards, to be used in statements of financial activity for reporting material variances.”

This regulation requires Council to annually set a materiality threshold for the purpose of disclosing budget variances within monthly financial reporting.

The materiality threshold has been set by Council at \$100,000 for the 2026-27 financial year.

Report

At the June 2026 Ordinary Council Meeting, Council adopted the materiality threshold for the 2026-27 financial year as \$100,000. The table below provides a summary of significant variances based on this materiality threshold. The detailed financial activity report is included at Attachment 12.5.1.

Report Section	Budget YTD	Actual YTD	Report Comments
OPERATING ACTIVITIES			
Revenue from operating activities			
Operating grants, subsidies and contributions			
Finance	185,000	74,368	Higher than anticipated advance payment of Financial Assistance Grant received in prior period and to be adjusted in October 26 Budget Review.
Fees and charges			
Finance	269,250	142,969	Income from reimbursement of fees incurred due to payments made by credit card lower than expected.
Works	9,149,926	8,853,631	Income from additional bins associated with interim rates budgeted to be received upfront. Adjusted in October 26 Budget Review.

Report Section	Budget YTD	Actual YTD	Report Comments
Safer Communities	271,250	415,655	Higher than anticipated income from pool levies, building applications, and health-related licence renewals. This variance will be reviewed and adjusted as part of the October 26 Budget Review.
Interest earnings			
Finance	1,281,115	2,383,220	Higher than anticipated closing cash balances for the previous financial year. To be amended in the October 26 Budget Review.
Expenditure from operating activities			
Employee costs			
People & Culture	(507,185)	(406,167)	Variance due to an underspend in salaries as a result of staff vacancies, with temporary agency resources utilised to maintain service continuity pending permanent appointments.
Materials and contracts			
Finance	(355,136)	(132,624)	Fees associated with payments made by credit card lower than expected.
Information Technology	(1,567,251)	(1,016,833)	Slower than expected receipt of software renewal notices resulted in a timing variance. The monthly forecast has been adjusted as part of the October 26 Budget Review to align with the anticipated renewal dates.
Parks, Leisure & Environment	(1,384,135)	(1,627,254)	Planting and maintenance programmes ahead of schedule.
City Facilities & Property	(1,093,834)	(595,236)	Variance primarily due to September cleaning charges not yet incurred as well as

Report Section	Budget YTD	Actual YTD	Report Comments
			the rescheduling of various painting projects. These timing variances have been adjusted as part of the October 26 Budget Review.
Economic & Community Development	(687,356)	(985,279)	Variance reflects the timing of payments associated with the Youth Services provider transition.
Other expenditure			
Safer Communities	(453,810)	(265,798)	Lower than budgeted expenditure due to unspent Health and Ranger agency costs, delayed purchases of community safety equipment, and unutilised mosquito control funding.
INVESTING ACTIVITIES			
Inflows from investing activities			
Non-Operating grants, subsidies and contributions			
Works	944,819	235,432	MRRG grant first 40% acquittals to be received.
City Projects	3,131,000	979,878	Funding for Belvidere St recognised in previous financial year. Awaiting grant payment for Peet Park Lighting.
City Facilities & Property	Nil	153,500	Grant funding for Tomato Lake recognised in current rather than previous financial year as budgeted.
Proceeds from disposal of assets			
Outflows from investing activities			
Payments for property, plant and equipment			
Information Technology	(670,000)	(149,189)	Server and storage infrastructure refresh project deferred to next financial year as part of the October 26 Budget Review.

Payments for construction of infrastructure			
City Projects	(3,885,260)	(2,064,195)	Invoices for Belvidere St and Peet Park to be submitted. Projects remain on track for scheduled milestones.
Parks, Leisure & Environment	(1,530,740)	(562,638)	Irrigation works rescheduled to later in the year.

Financial implications

The presentation of these reports to Council ensures compliance with the Act and associated Regulations, and also ensures that Council is regularly informed as to the status of its financial position.

Environmental implications

There are no environmental implications associated with this report.

Social implications

There are no social implications associated with this report.

CITY OF BELMONT
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
FOR THE PERIOD ENDED 30 SEPTEMBER 2026

1 BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICIES

BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied with exception to the following:

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the City to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supplementary information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 02 October 2026

The local government reporting entity

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

Material accounting policies

Material accounting policies utilised in the preparation of these statements are as described within the 2026-27 Annual Budget. Please refer to the adopted budget document for details of these policies.

Critical accounting estimates and judgements

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note:

- Fair value measurement of assets carried at reportable value including:
 - Property, plant and equipment
 - Infrastructure
- Impairment losses of non-financial assets
- Expected credit losses on financial assets
- Estimated useful life of intangible assets
- Measurement of employee benefits
- Estimation uncertainties and judgements made in relation to lease accounting

Reconciling item - movement between current assets			
- Financial assets at amortised cost - term deposits	0	0	36,155,588
Total amounts excluded from investing activities	0	0	36,155,588

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the City's operational cycle.

CITY OF BELMONT
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
FOR THE PERIOD ENDED 30 SEPTEMBER 2026

3 EXPLANATION OF MATERIAL VARIANCES

The material variance thresholds are adopted annually by Council as an indicator of whether the actual expenditure or revenue varies from the year to date actual materially.

The material variance adopted by Council for the 2026-27 year is \$100,000.

Description	Var. \$ \$	Var. % %
Revenue from operating activities		
Higher than anticipated advance payment of Financial Assistance Grant received in prior period and to be adjusted in October 2026 Budget review. -\$110,632		Timing
Fees and charges	(366,927)	(3.52%) ▼
Works - Income from 2nd & subsequent bins to be received. -\$296,295		Timing
Safer Communities - Higher than anticipated income for month from pool levies, building applications and health related licence renewals. (\$144,405)		Timing
Finance - Income from reimbursement of fees incurred due to payments made by credit card lower than expected. -\$126,281		Timing
Interest revenue	1,115,189	87.05% ▲
Finance - Higher than anticipated closing cash balances for the previous financial year. To be amended in the October 2026 Budget Review. - (\$1,102,105)		Timing
Expenditure from operating activities		
Employee costs	555,029	6.13% ▲
People & Culture - Variance due to an underspend in salaries as a result of staff vacancies, with temporary agency resources utilised to maintain service continuity pending permanent appointments. - \$101,018		Permanent
Materials and contracts	1,060,006	11.72% ▲
Information Technology - Slower than expected receipt of software renewal notices resulted in a timing variance. The monthly forecast has been adjusted as part of the October Budget Review to align with the anticipated renewal dates. -\$550,418		Timing
Finance - Fees associated with payments made by credit card lower than expected. -\$222,512		Timing
Parks, Leisure & Environment-Planting and maintenance programmes ahead of schedule. -(\$243,119)		Timing
City Facilities & Property - Variance arising from Project Scheduling. \$498,599		Timing
Economic & Community Development - Variance reflects the timing of payments associated with the Youth Services provider transition. -(\$297,923)		Timing
Other expenditure	134,903	29.85% ▲
Safer Communities - Lower than budgeted expenditure due to unspent Health and Ranger agency costs, delayed purchases of community safety equipment, and unutilised mosquito control funding. -\$188,012		Timing
Inflows from investing activities		
Proceeds from capital grants, subsidies and contributions	(2,699,509)	(66.03%) ▼
City Projects -Funding for Belvidere St recognised in previous financial year. Awaiting grant payment for Peet Park Lighting. -(\$2,151,122)		Timing
City Facilities & Property - Advance payment of Federal Grant funding received in 2025-26. -\$153,500		Timing
Works - MRRG grant first 40% acquittals to be received. - (\$709,387)		Timing
Outflows from investing activities		
Acquisition of property, plant and equipment	1,125,083	96.90% ▲
Information Technology - Server and storage infrastructure refresh project deferred to next financial year as part of the October Budget Review. -\$520,811		Timing
Acquisition of infrastructure	4,224,757	67.86% ▲
City Projects - Invoices for Belvidere St and Peet Park to be submitted. Projects remain on track for scheduled milestones. -\$1,821,066		Timing
Parks, Leisure & Environment - Reflects status of current programs and works brought forward from previous financial year. All works on track for completion this financial year. - \$968,102		Timing

KEY INFORMATION

Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the City includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A(5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the City's revaluation policy, are recognised at cost and disclosed as being at reportable value.

Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under *Local Government (Financial Management) Regulation 17A(2)*. Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses being their reportable value.

Reportable Value

In accordance with *Local Government (Financial Management) Regulation 17A(2)*, the carrying amount of non-financial assets that are land and buildings classified as property, plant and equipment, investment properties, infrastructure or vested improvements that the local government controls.

Reportable value is for the purpose of *Local Government (Financial Management) Regulation 17A(4)* is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.
