

Ordinary Council Meeting

31 October 2023

¹ The Agenda was amended on 30 October 2023 to include Responses to questions taken on notice at the Special Council Meeting held on 19 September 2023 from Ms L Hollands (refer page 8).

Notice of Meeting

An Ordinary Council Meeting will be held in the Council Chamber of the City of Belmont Civic Centre, 215 Wright Street, Cloverdale, on Tuesday 31 October 2023, commencing at 7.00pm.

John Christie Chief Executive Officer

Please read the following important disclaimer before proceeding

Any plans or documents in agendas and minutes may be subject to copyright. The express permission of the copyright owner must be obtained before copying any copyright material.

Any statement, comment or decision made at a Council meeting regarding any application for an approval, consent or licence, including a resolution of approval, is not effective as an approval of any application and must not be relied upon as such.

Any person or entity who has an application before the City must obtain, and should only rely on, written notice of the City's decision and any conditions attaching to the decision, and cannot treat as an approval anything said or done at a Council meeting.

Any advice provided by an employee of the City on the operation of a written law, or the performance of a function by the City, is provided in the capacity of an employee, and to the best of that person's knowledge and ability. It does not constitute, and should not be relied upon, as a legal advice or representation by the City. Any advice on a matter of law, or anything sought to be relied upon as a representation by the City should be sought in writing and should make clear the purpose of the request. Any plans or documents in agendas and minutes may be subject to copyright.

Alternative Formats

This document is available on the City of Belmont website and can be requested in alternative formats including electronic format by email, in hardcopy both in large and standard print and in other formats as requested. For further information please contact the Community Development team on (08) 9477 7219. For language assistance please contact TIS (Translating and Interpreting Service) on 131 450.

Councillors are reminded to retain any confidential papers for discussion with the minutes.

I Official Opening

The Presiding Member will read aloud the Acknowledgement of Country.

Acknowledgement of Country

Before I begin, I would like to acknowledge the Whadjuk Noongar people as the Traditional Owners of this land and pay my respects to Elders past, present and emerging.

I further acknowledge their cultural heritage, beliefs, connection and relationship with this land which continues today.

The Presiding Member will cause the Affirmation of Civic Duty and Responsibility to be read aloud by a Councillor.

Affirmation of Civic Duty and Responsibility

I make this affirmation in good faith and declare that I will duly, faithfully, honestly, and with integrity fulfil the duties of my office for all the people in the City of Belmont according to the best of my judgement and ability.

I will observe the City's Code of Conduct and Standing Orders to ensure efficient, effective and orderly decision making within this forum.

2 Apologies and leave of absence

Cr N Carter (apology)

South Ward

3 Declarations of interest that might cause a conflict

Councillors/Staff are reminded of the requirements of *s5.65* of the *Local Government Act 1995*, to disclose any interest during the meeting when the matter is discussed, and also of the requirement to disclose an interest affecting impartiality under the City's Code of Conduct for Council Members, Committee Members and Candidates and the Code of Conduct for Employees.

3.1 Financial Interests

A declaration under this section requires that the nature of the interest must be disclosed. Consequently, a member who has made a declaration must not preside, participate in, or be present during any discussion or decision-making procedure relating to the matter the subject of the declaration.

Other members may allow participation of the declarant if the member further discloses the extent of the interest and the other members decide that the interest is trivial or insignificant or is common to a significant number of electors or ratepayers.

Name	Item No and Title	Nature of Interest (and extent, where appropriate)

3.2 Disclosure of interest that may affect impartiality

Councillors and staff are required (Code of Conduct), in addition to declaring any financial interest, to declare any interest that might cause a conflict. The member/employee is also encouraged to disclose the nature of the interest. The member/employee must consider the nature and extent of the interest and whether it will affect their impartiality. If the member/employee declares that their impartiality will not be affected then they may participate in the decision-making process.

Name	Item No and Title	Nature of Interest (and extent, where appropriate)

4 Announcements by the Presiding Member (without discussion) and declarations by Members

4.1 Announcements

4.2 Disclaimer

Any plans or documents in agendas and minutes may be subject to copyright. The express permission of the copyright owner must be obtained before copying any copyright material.

Any statement, comment or decision made at a Council meeting regarding any application for an approval, consent or licence, including a resolution of approval, is not effective as an approval of any application and must not be relied upon as such.

Any person or entity that has an application before the City must obtain, and should only rely on, written notice of the City's decision and any conditions attaching to the decision, and cannot treat as an approval anything said or done at a Council meeting.

Any advice provided by an employee of the City on the operation of a written law, or the performance of a function by the City, is provided in the capacity of an employee, and to the best of that person's knowledge and ability. It does not constitute, and should not be relied upon, as a legal advice or representation by the City. Any advice on a matter of law, or anything sought to be relied upon as a representation by the City should be sought in writing and should make clear the purpose of the request. Any plans or documents in agendas and minutes may be subject to copyright.

4.3 Declarations by Members who have not given due consideration to all matters contained in the business papers presently before the meeting

5 Public question time

5.1 Responses to questions taken on notice

5.1.1 Ms L Hollands, Redcliffe²

The following questions were taken on notice at the 19 September 2023 Special Council Meeting. Ms Hollands was provided with a response on 2 October 2023. The response from the City is recorded accordingly:

1. How much in dollar terms was any previous financial assistance for this matter and if it was one of the four people in the election, would it be appropriate for them to spend large amounts of money on election material and then ask us for money for this?

² Reponses added for Ms L Hollands

Response

\$4,520 (ex-GST) was provided under CP28 – Legal Representation for Elected Members and Employees. All funds were remitted to a firm of solicitors. The request for financial assistance was made and provided in accordance with Council Policy 28.

2. On the basis that it is an ongoing matter, would any allegation of Code of Conduct be regarded as improper in regard to the policy?

Response

The City does not believe so.

3. How much additional money will it cost to get a formal agreement with the City's lawyers and how much did it cost for any previous formal agreements for the same matter?

Response

No costs were incurred in the preparation of a deed. The City used an existing deed suitably amended for this purpose.

4. The motion is asking for financial assistance to the value of \$5,000, given this is further assistance, does this mean \$5,000 has already been given and if it is for the same matter, is this likely going to be an ongoing situation and how much could that go to?

Response

Refer to question 1. The City is not in a position to answer the second part of the question as it is speculative in nature.

5. If it only up to \$5,000, why did we have to have a Special Council Meeting for this at this time when we have an ordinary Council meeting next week?

Response

As Council Policy requires Council to determine the matter, it was thought fit and proper given the City had an Agenda Briefing Forum in place to hold a Special Council Meeting on the same night.

5.1.2 Ms L Hollands on behalf of Belmont Resident and Ratepayer Action Group (BRRAG)

The following questions were taken on notice at the 26 September 2023 Ordinary Council Meeting. Ms Hollands was provided with a response on 18 October 2023. The response from the City is recorded accordingly:

1. In August there was another Code of Conduct matter, the minutes indicate there were seven councillors in attendance and voted on the matter, the Mayor was an apology. Unless the Mayor is prepared to acknowledge the complaint was about him, the only conclusion I can come to was that the person who was the subject of the complaint voted for themselves. How can a reasonable person consider that this is fair to the complainant?

Response

Per section 5.21(2) of the *Local Government Act 1995*, a Councillor if present at the meeting must vote on all matters on the agenda unless they have declared a financial interest. An impartiality disclosure does not stop a Councillor from discussing or voting on an item.

2. Did Council decide if the person which the complaint was about could participate and vote and why was this not recorded in the minutes in accordance with Section 5.68 (2) of the *Local Government Act 1995* which reads "a decision under this section is to be recorded in the minutes of the meeting relating to the matter together with a) the extent of the participation allowed by the Council or committee"?

Response

Section 5.68 falls under Division 6 of the Act that relates to disclosure of financial interests and gifts. It therefore did not apply to the Code of Conduct matter as no financial disclosures were made.

3. According to Section 5.21 (4) of the Local Government Act, the minutes must include the total votes cast for, total votes cast against and the individual vote of each member of Council or Committee. There was no recording of the voting on the Code of Conduct matter in the February Council Minutes, could this be rectified, and if not why not?

Response

Section 5.21(4) was amended as part of recent local government reforms and applies from 1 July 2023 (gazetted on 30 June 2023). It therefore did not apply for the February 2023 council meeting. Please refer to Local Government Amendment Act 2023 and Gazette 85 of 2023.

5. Could Mr Downing advise the difference between a Code of Conduct matter and a breach of the regulations which amounts to a minor breach, which matters come under what headings?

Response

Local Government (Model Code of Conduct) Regulations 2021 have two parts. The first part is the Model Code of Conduct are contained in Regulations 1 to 15. Matters that arise from this part of the Model Code of Conduct are dealt with by Council through the City's Complaints Officers. The second part of the Model Code of Conduct is referred to as the Rules of Conduct and is contained in Regulations 16 to 23. Matters that arise from this part of the Model Code of Conduct are dealt with by the Standards Panel through the City's Complaints Officer.

5.1.3 Ms L Hollands, Redcliffe

The following questions were taken on notice at the 26 September 2023 Ordinary Council Meeting. Ms Hollands was provided with a response on 18 October 2023. The response from the City is recorded accordingly:

4. Does the City of Belmont, either now or are they likely to in the future, refuse entry to any resident for ticketed events for any reason whatsoever if they fail to get a ticket through Eventbrite?

Response

The City may put ticketing limits on events for a number of reasons. Eventbrite is the main way that the City currently asks people to obtain tickets for ticketed events, however, if a person has trouble accessing Eventbrite or prefers not to do so they may contact the City through other means and City staff can assist them in registering to obtain a ticket.

If a person turns up to an event that has ticketing limits on it and have made no attempt to obtain a ticket in advance through Eventbrite or by contacting City staff for assistance, then it is possible they will be turned away.

5. In respect to SpacetoCo, can I have a total cost of the booking fees received by the City for use of their venues as well as the cost associated or paid to SpacetoCo over the same period for use of this service?

Response

In the 2022-2023 financial year:

• Total income received from booking fees was \$345,701.20.

Total fees paid to SpacetoCo was \$57,475.13.

5.1.4 Mr M Cardozo, Redcliffe

The following question was taken on notice at the 26 September 2023 Ordinary Council Meeting. Mr Cardozo was provided with a response on 18 October 2023. The response from the City is recorded accordingly:

4. The City has an Engagement – Community and Stakeholders Policy that states as an objective as quoted "To foster and support an engagement culture that keeps people informed on matters that affect them and respects and encourages the participation of community and stakeholders in decision-making processes." When there are only two roads that share an identical connectivity to Great Eastern Highway, does the City believe that it has met this community engagement threshold with respect to Lyall Street residents and the traffic calming decision for Moreing Street?

Response

The section of the Engagement – Community and Stakeholders Policy referred to has a broad objective and may not necessarily apply to some capital projects.

Works notification for most projects is generally limited to those residents within the construction zone. Some adjacent residents may be informed if during the project they are affected by a detour.

5.1.5 Mr A Bell, Redcliffe

The following questions were taken on notice at the 26 September 2023 Ordinary Council Meeting. Mr Bell was provided with a response on 18 October 2023. The response from the City is recorded accordingly:

 Recently the City of Vincent installed traffic calming measures due to a very high percentage of through traffic by supporting local residents on the basis of the Primary Criteria of the Main Roads WA Hierarchy and definition of an access road. Why didn't the City address the primary criteria of an Access Road to support the need for traffic calming like the City of Vincent example in the first Lyall Street petition?

Response

The Main Roads WA Hierarchy determines the type (category) of a road only, then the City's Traffic Management Warrant System is applied towards determining the appropriate action required.

2. Can the City advise their formula to calculate the percentage of through traffic?

Response

The City has not applied a formula to calculate the through traffic volumes on any of its roads. The City's roads are for all registered vehicles of residents and visitors and will consider new treatments based on proven traffic data.

3. The City intends to complete traffic counts post the installation of traffic calming on Stanton Road to assess their effectiveness. Lyall Street resident research reveals that Local Government Authorities are completing traffic engineering modelling prior to traffic calming installation based on recognised traffic engineering principles and known industry standards. Has the City completed any traffic modelling to confirm that the proposed traffic calming will make Stanton Road the slower route to Great Eastern Highway?

Response

No traffic engineering modelling has been completed to date for the traffic calming works on Stanton Road.

A comparative assessment of traffic data (volumes and speeds) before and after the works will be the objective measure of performance.

4. Based on the June traffic data, can the City advise Council and Lyall Street residents whether or not Lyall Street meets or satisfies all of the primary criteria of an access road under the Main Roads WA Road Hierarchy?

Response

Lyall Street meets the primary criteria for an Access Road.

Traffic data is not a singular determination of whether Lyall Street is an Access Road.

5.1.6 Mr R Padua, Redcliffe

The following question was taken on notice at the 26 September 2023 Ordinary Council Meeting. Mr Padua was provided with a response o 18 October 2023. The response from the City is recorded accordingly:

2. Can the City publish the breakdown of warrant criteria and point allocation that resulted in a total score of the 35 points used for the Lyall Street first petition preliminary traffic calming assessment?

Response

A copy of the Local Area Traffic Management Warrant is provided as an attachment (refer Attachment 5.1.6.1).

5.1.7 Mr M Russell, Cloverdale

The following questions were taken on notice at the 26 September 2023 Ordinary Council Meeting. Mr Russell was provided with a response o 18 October. The response from the City is recorded accordingly:

1. The Director of Governance said in response to a question by Cr Wolff at the July Ordinary Council Meeting that a guide will be required for what is a public document against an operational document. Has this guide been completed, if so, can this information be released to the public?

Response

High level guidance has been provided to Senior Officers with an additional direction to seek advice from the Governance team as necessary. The City is currently reviewing its document structure and further guidance will be provided to Officers at that stage.

2. What is the turnover rate for the City in the last 12 months?

Response

The City's Turnover for the year ended June 2023 was 17.6%.

3. Have the recipients of the last Community Contribution Fund round been announced?

Response

There are no public announcements in relation to the Community Contribution fund. Written advice was provided to all applicants in June - July 2023 in relation to the Round 2, 2022/2023 Community Contribution fund applications.

5.1.8 Mr L Rosolin, Belmont

The following questions were taken on notice at the 26 September 2023 Ordinary Council Meeting. Mr Rosolin was provided with a response on 18 October 2023. The response from the City is recorded accordingly:

1. What is the cost of replacing a bus stop seat and what is the point of continuing to replace them?

Response

The cost of a new aluminium slat seat is \$2,175 including GST. Installation costs will vary depending on location and if any traffic management is required.

The City will continue to repair/replace seats at bus stops to maintain service levels and to provide convenience for customers.

3. Did Council borrow money for the Hub, how much do we still owe the State, how much is the interest and how much and in what does the City invest?

The City borrowed \$15m from WA Treasury Corporation (WATC) in 2018 for a period of 20 years at an interest rate of 3.81% fixed for the life of the loan. As at 30 June 2023 the City owes WATC \$12.2m.

The City invests surplus cash in term deposits with major Australian Banks. The weighted average interest being achieved on Council's investments is just under 5%.

5.2 Questions from members of the public

6 Confirmation of Minutes/receipt of Matrix

6.1 Special Council Meeting held 19 September 2023 Officer Recommendation

That the Minutes of the Special Council Meeting held on 19 September 2023, as printed and circulated to all Councillors, be confirmed as a true and accurate record.

6.2 Ordinary Council Meeting held 26 September 2023

Officer Recommendation

That the Minutes of the Ordinary Council Meeting held on 26 September 2023, as printed and circulated to all Councillors, be confirmed as a true and accurate record.

6.3 Matrix for the Agenda Briefing Forum held 24 October 2023

Officer Recommendation

That the Matrix of the Agenda Briefing Forum held on 24 October 2023, as printed and circulated to all Councillors, be received and noted.

12.1 Disposal of Land - Reserve Lot 8873 Noble Street, Kewdale

Voting Requirement	:	Absolute Majority
Subject Index	:	11/005
Location/Property Index	:	Lot 8873 on Plan 9499 Noble Street, Kewdale
Application Index	:	N/A
Disclosure of any Interest	:	N/A
Previous Items	:	N/A
Applicant	:	N/A
Owner	:	City of Belmont
Responsible Division	:	Infrastructure Services

Council role

Executive The substantial direction setting and oversight role of the Council e.g. adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

Purpose of report

Council to consider approving the disposal of Lot 8873 on Plan 9499 Noble St, Kewdale by way of sale, and advertise the disposition by public notice to invite submissions.

Summary and key issues

- The City of Belmont (the City) is the freehold owner of Lot 8873 on Plan 9499 Noble Street, Kewdale (the Land).
- The Land comprises an area of 1108m² and is zoned 'Industrial' under the City's Local Planning Scheme 15.
- The City has received an unsolicited proposal to purchase the land from an adjacent landowner, who intends to use the site for parking and laydown/storage.
- A local government may dispose of a property by way of sale in accordance with section 3.58 of the *Local Government Act 1995*.
- This item recommends Council approve the disposition of the land subject to any submissions being received during the submission period.

A site analysis of Lot 8873 Noble Street, Kewdale is provided in Confidential Attachment 12.1.2.

Officer Recommendation

That Council:

- 1. Authorise the Chief Executive Officer to advertise by public notice to invite submissions for the disposal of Lot 8873 on Plan 9499 Noble Street, Kewdale by way of sale under section 3.58 of the *Local Government Act 1995* and refer any submissions back to Council for consideration.
- 2. Delegates to the Chief Executive Officer the authority to enter into a contract of sale for Lot 8873 on Plan 9499 Noble Street, Kewdale on terms satisfactory to the City and in accordance with the market valuation, subject to no submissions being received.
- 3. Authorise the following amendment to the 2023-2024 Budget relating to the sale of Lot 8873 on Plan 9499 Noble Street, Kewdale:

Account Description	Current Budget	Proposed Budget \$	Movement \$
City Facilities and Property	0	(340,000)	(340,000)

Figure 2: Front View of Lot 8873 on Plan 9499 Noble Street, Kewdale

Consultation

Internal

Consultation was undertaken with the following internal teams:

- Planning Services
- Parks, Leisure and Environment
- Works
- Urban Forest
- Infrastructure Development.

External

There has been no specific external stakeholder engagement to date, however following endorsement by Council, the disposal will be advertised for public comment for a period of two weeks.

Strategic Community Plan implications

In accordance with the 2020 – 2040 Strategic Community Plan:

Goal 5: Responsible Belmont

Strategy: 5.2 Manage the City's assets and financial resources in a responsible manner and provide the best possible services for the community.

Policy implications

There are no policy implications associated with this report.

Statutory environment

The City is bound by specific conditions under the *Local Government Act 1995* with regard to the disposal of property. In this context, disposing of a property means to 'sell, lease or otherwise dispose of, whether absolutely or not.'

Section 3.58 of the Act enables a local government to dispose of property to the highest bidder at a public auction, by way of a public tender process or by giving local public notice of the proposed disposition and following the public consultation process as prescribed by sub-section section 3.58 (3) of the Act.

In this sub-section it is stated:

- (3) A local government can dispose of property other than under subsection (2) if, before agreeing to dispose of the property
 - (a) it gives local public notice of the proposed disposition
 - (i) describing the property concerned; and
 - (ii) giving details of the proposed disposition; and
 - (iii) inviting submissions to be made to the local government before a date to be specified in the notice, being a date not less than 2 weeks after the notice is first given;

and

(b) it considers any submissions made to it before the date specified in the notice and, if its decision is made by the council or a committee, the decision and the reasons for it are recorded in the minutes of the meeting at which the decision was made.

Section 3.59 of the Act requires that before a local government enters into a major land transaction, the local government is to prepare a business plan and make available that plan for public inspection, inviting and considering any submissions received. A major land transaction for local governments as described by Regulation 8A(1)(a) of the *Local Government (Functions and General) Regulations 1996* is any transaction that is the lessor of \$10 million or greater than 10% of the operational expenditure incurred by the local government in the last completed year.

Considering the proposed disposal does not meet the requirements stated within Regulation 8A(1)(a), section 3.59 of the *Local Government Act 1995* does not need to be considered.

Background

The legal description of the subject land is Lot 8873 on Plan 9499, being the whole of the land comprised in Certificate of Title Volume 2951 Folio 56.

Historically, Lot 8873 on Plan 9499 was Crown land reserve vested with the City for the purpose of Parks and Recreation, however was never used for that purpose.

At the Ordinary Council Meeting held 21 October 2008, the Council resolved to acquire the reserve from the Crown, pursuant to the requirements of the State Government with respect to reserves.

The reserve was subsequently transferred to the City in freehold on the 17 July 2018 for \$22,000 effecting the creation of Lot 8873 on Plan 9499 (the Land).

The Land is currently zoned 'Industrial' under the City of Belmont Local Planning Scheme 15. This zoning is flexible in terms of industrial land uses and allows the City to approve a wide range of industrial activities subject to conditions.

Future development options are constrained by two exisitng easements requiring a portion of the Land to remain unobstructed at all times for access and drainage purposes.

The City has received an unsolicited proposal from R C Sadlier Pty Ltd, the owner of 462 Belmont Avenue, which adjoins the northwest boundary of the Land. R C Sadlier Pty Ltd is a privately owned family transport business specialising in supply-chain solutions and services including logistics and packaging.

The proposal seeks Council consideration and approval for R C Sadlier Pty Ltd to acquire the Land from the City for the intended purpose of parking and laydown/storage to better accommodate their current operations.

Report

The Land is located opposite Noble Park at the corner of Belmont Avenue and Noble Street within the Kewdale Industrial Estate, approximately 8km southeast of the Perth CBD. It is currently an unimproved and underutilised site comprising a total area of 1108m² with a narrow 24m road frontage. Land immediately adjacent to the site serves industrial development and a railway reserve.

Under the City's Local Planning Scheme 15 and the Metropolitan Region Scheme the Land is zoned 'Industrial'. The 'Industrial' zone is intended to provide for the industrial development of the Kewdale Industrial Estate which serves as a significant transport and logistics hub. A use within the 'Industrial' zone classification is permissible subject to compliance with State Planning Policy requirements.

Two easements encumber the Land, they include an access easement to the Public Transport Authority and a drainage easement to the Water Corporation. Both easements run from the Belmont Avenue frontage to the rear boundary towards the railway reserve. The easements are likely to constrain development options for the Land by restricitng activity, however do not prevent the Land from being used for the intended purpose. The Land has the potential to be developed into Public Open Space, however its location between two logistics yards and the railway reserve is not an attractive or beneficial option.

Under the City's Land Asset Management Plan, the Land has been classified as Surplus. Surplus properties are unable to be utilised for essential service provision or sustainable income generation and don't have the capacity to influence or support any other desired planning outcome or redevelopment project. Any disposal of a Surplus property should be able to provide maximum return to Council on sale.

Considering it is unlikely the City will require future use of this land and the proposal meets the management criteria for the Land, a disposal by way of sale will provide an opportunity for the City to generate revenue from an under-utilised land asset as well as promote activity and passive surveillance, thereby contributing to improved safety outcomes.

The recommendation proposes progressing the disposal of the Land by advertising the disposition under section 3.58 of the *Local Government Act 1995* and referral of any submissions back to Council for consideration, and delegation to the City's CEO to enter into contract of sale terms to give effect to the disposal subject to no submissions being received.

Local public notice will require a description of the property concerned, details of the proposed disposition and an invitation for submissions to be made before a date to be specified in the notice, being not less that two weeks after the notice is first given. Submissions received during the notice period must be considered by the Council, and the resulting decision recorded in the minutes of the meeting at which the decision is made.

Valuation

A market valuation assessment as defined by the International Valuation Standards was undertaken by an independent licensed valuer in July 2023 (refer Confidential Attachment 12.1.1).

The assessment adopted a Market Approach valuation methodology as the only method of valuation and considered factors such as location, characteristics of the property, prevailing economic conditions, comparable market evidence and the highest and best use of the land to determine a value of \$340,000.

Financial implications

Account	Account Description	Current Budget	Proposed Budget	Movement
911900-00-6254-000	City Facilities and Property	0	(340,000)	(340,000)
915000-00-3833-000	Land Acquisition Reserve	0	340,000	340,000
	TOTAL	0	0	0

The following amendment to the 2023-2024 budget is required.

The proceeds of this sale are proposed to be transferred to the Land Acquisition Reserve. The City does not receive revenue from the Land. Should the Council resolve to endorse the disposal, the sale will also provide for an income to the City in rates revenue.

Environmental implications

There are no environmental implications associated with this report.

Social implications

There are no social implications associated with this report.

12.2 Squash Western Australia – Annual Contribution Request

Voting Requirement	:	Absolute Majority
Subject Index	:	116/132
Location/Property Index	:	144-146 Robinson Avenue, Belmont
Application Index	:	N/A
Disclosure of any Interest	:	N/A
Previous Items	:	OCM 28/03/2023 Item 12.7
Applicant	:	Squash Western Australia
Owner	:	N/A
Responsible Division	:	Infrastructure Services

Council role

Executive The substantial direction setting and oversight role of the Council eg adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

Purpose of report

The purpose of this report is to consider a grant request from Squash WA (SWA) for an ongoing contribution equal to the annual local government rates for their leased property at 144-146 Robinson Avenue, Belmont

Summary and key issues

At the Ordinary Council Meeting (OCM) held on 28 March 2023, Council resolved to not endorse a rate exemption request from SWA. Notwithstanding, Council agreed to consider the request as a grant, subject to receipt of information regarding the Association's financial position. SWA have since provided the requested information.

Officer Recommendation

That Council does not endorse the grant request from Squash WA for an annual contribution equal to the annual local government rates for their leased property at 144-146 Robinson Avenue, Belmont.

An absolute majority of Council is required

Location

Strata Lot 2 on Strata Plan 19526 known as 146 Robinson Avenue, Belmont.

The State Government have also recently purchased Strata Lot 1 on the same Strata Plan known as 144 Robinson Avenue, Belmont.

Consultation

External consultation was undertaken with:

- SWA to gain an understanding of their request and obtain supporting documentation.
- The Department Local Government, Sport and Cultural Industries (DLGSC) who provided external advice on the SWA's financial situation and sustainability.

Internal consultation was undertaken with the City's:

- Coordinator Rates
- Manager Finance

Strategic Community Plan implications

In accordance with the 2020 – 2040 Strategic Community Plan:

Goal 1: Liveable Belmont

Strategy: 1.5 Encourage and educate the community to embrace sustainable and healthy lifestyles

Goal 5: Responsible Belmont

Strategy: 5.1 Support collaboration and partnerships to deliver key outcomes for our City **Strategy:** 5.2 Manage the City's assets and financial resources in a responsible manner and provide the best possible services for the community.

Policy implications

Council Policy No.50: Donations - Financial Assistance

The City of Belmont will consider administering financial assistance for donations under one of the following programs:

- 1. Community Contribution Fund
- 2. Specific Donations (through formal Memorandums of Understanding)
- 3. In Kind Donations (use of Council community facilities)
- 4. Other Donations/Financial Assistance (Sand and Turf Line Marking Paint, Sporting/Cultural, Your Neighbour Community Grants, Community Sporting and Recreation Facilities Fund and other grant funding opportunities that may arise).

Each program listed above has guidelines or templates which may be reviewed and modified on an operational level, to continuously improve the administration of the funds to meet the changing needs of the community.

This policy outlines the process of how all requests for financial support are assessed and administered. Requests for financial assistance will only be considered where it is determined that the financial assistance will provide a direct benefit to the City of Belmont communities by service provision that is reflective of community needs.

Notwithstanding the provisions made in the policy, there is no specific decision-making framework or criteria to:

- assess requests for property rate concessions or waivers (where they are not eligible for a rate exemption in accordance with *Local Government Act 1995*)
- assess the community benefit of the organisation
- assess revenue opportunities.

To ensure that such requests are clearly justified, requests should be assessed in a fair and equitable manner.

Statutory environment

There are no statutory implications associated with this report.

Background

At the 28 March 2023 OCM, Council considered a rate exemption request from SWA and resolved the following Alternative Council Motion:

"Davis moved, Rossi seconded

That Council:

- Does not endorse the rate exemption for the property known as 146 Robinson Avenue, Belmont under section 6.26(2)(a)(i), Section 6.53 and Section 1.4(a)(ii) of the Local Government Act 1995 effective from 21 July 2022.
- 2. Directs the CEO to write to WA Squash to advise they may be eligible for a grant which would equate to \$3,349.68 for 2022-2023 and take into consideration;
 - a) ongoing grant funding for annual rates cost.
 - b) request a copy of their latest financial statements including latest audited financial statements; and
 - c) request a copy of ongoing maintenance costs and further expenses that WA Squash may incur for financial year 2022-2023 in order for Council to make an informed decision in relation to the provision of a grant.

Carried Unanimously 7 votes to 0

<u>Reason</u>

- In accordance with section 6.26 Rateable Land, the land is the property of the Crown and is also being used for public purpose. The Belmont WA Squash centre does cater for members however it does hold many events that attracts spectators which are not classed as members and is open to the public.
- Individuals are not required to become a member to use the facilities, this encourages people living in the City of Belmont to experience and enjoy the sport at their own leisure.
- The Belmont Kayak Club, Belmont Men's Shed, Belmont Sports & Recreation Club and Belmont Tennis Club are given rate grant funding. The organisations are run by volunteers, are an asset to the City of Belmont and bring people from all over the state to enjoy the recreation facilities as members and guests."

Since 2017, the City has supported SWA and their sub-lessor (Belmont Saints Squash & Sports Club) by funding equipment, furniture and programs via the City's Community Contribution Fund as follows;

SWA: \$991

BSSSC: \$16,511

Report

The property that is the Belmont Squash Centre (the Centre) is owned by the Department of Local Government, Sport and Culture (DLGSC) and is leased to Squash WA (SWA).

SWA sub-lease the premises to the Belmont Saints Squash & Sports Club (BSSSC) who manage the Centre at a local level.

SWA are a State Sporting Association (SSA) and are the WA governing body for squash. As an SSA, SWA are responsible for developing squash from grass roots community participation through to high performance across the State.

SWA Finance Summary

Following a request from the Chief Executive Officer, SWA have provided the relevant financial information;

- SWA 2021 and 2022 Audited Financial Statements
- SWA 2023 Operational budget.

(refer Confidential Attachments 12.2.1 and 12.2.2).

Note: SWA reporting financial year runs from 1 January to 31 December.

Based on the 2021 and 2022 Audited Financial Statements provided, a high-level review by the City indicates that SWA are in a financial position that could be considered low risk.

The DLGSC collate audited financials from all SSAs and use the information to assess the SSA against four financial ratios (Cash Ratio, Current Ratio, Coverage Ratio and Funding Ratio), that provide a way of viewing the financial health of the SSA (refer to Confidential Attachment 12.2.3). The ratios provided indicate that:

- There is no cause for any immediate concerns as there are no ratios in the 'red'
- SWA have a high reliance on government funding
- SWA have a satisfactory ability to service its debt and meets its financial obligations.

Precedence

At the 27 August 2019 OCM, a Notice of Motion requesting a financial contribution to each of the Belmont Sport and Recreation Club Inc. (BSRC), Ascot Kayak Club Inc. (AKC), and Belmont Park Tennis Club Inc. (BPTAC) of an amount equivalent to their annual property rates and Emergency Services Levy was considered.

None of the three clubs provided clear financial information to the City demonstrating that they are in fact, unable to afford to pay local government rates and ESL. In normal circumstances and best practice, applicants would be required to provide clear and unambiguous evidence that they cannot afford to pay their Rates or ESL prior to Officers presenting any recommended contribution to Council.

Notwithstanding the officer's comment, Council resolved the following:

AMENDED COUNCILLOR MOTION

WOLFF MOVED, POWELL SECONDED,

- 1. That the City of Belmont contribute to each of the Belmont Sport and Recreation Club Inc., Ascot Kayak Club Inc., and Belmont Park Tennis Club Inc. an amount equivalent to their annual property rates and Emergency Services Levy and any exempted commercial property rubbish service levy, if applicable.
- 2. That the Mayor notify the residents of the City of Belmont through a letter, social and news media to clarify the outcome of this resolution.
- 3. Prior to making the payments to the Clubs, the City seeks legal advice on whether rates and other charges are applicable.

Reason:

These Clubs have not been charged rates for many years, and although the City of Belmont is entitled to charge rates, there is very little relative financial benefit to the City (which has a revenue of over \$60 million) charging rates (totalling about \$30,000). In contrast, these Clubs are likely to be severely disadvantaged by having to pay the rates, which is not in the best interests of the community of the City of Belmont.

CARRIED 9 VOTES TO 0'

From an operational perspective, the primary difference between the BSRC, AKC and BPTC compared to SWA, is that SWA is the governing body of a State Sporting Association and is not a sporting club that directly delivers sporting opportunities to the community as their core business.

SWA are also a business entity that is not operated by volunteers.

From a facility ownership perspective, all three facilities are located on Crown Land and managed by the City, however the facility used by SWA is owned by DLGSC.

Financial implications

The original request from SWA is to seek an ongoing rate exemption from 2022/2023 onwards which is now considered a request for an annual contribution to offset rates. The table below shows the property rates (excluding Emergency Services Levy) for the Strata Lot 1 (144 Robinson Avenue) and Strata Lot 2 (146 Robinson Avenue) for the 2023/2024 financial year.

2023/2024					
Property	TOTAL				
144 Robinson Ave (Residential Rate)	\$1,080.12	\$4,693.92			
146 Robinson Ave (Commercial Rate)	\$3,613.80				

Environmental implications

There are no environmental implications associated with this report.

Social implications

There are no social implications associated with this report.

Conclusion

Squash WA are a State Sporting Association who lease the Robinson Ave property from the Department of Local Government, Sport & Culture and receive grants from the same body to increase participation and delivery of quality sporting and recreation opportunities for all Western Australian interested in Squash.

Any sub-lease agreement in place is not relevant to this report.

The City does make financial contributions to three clubs equal to their annual property rates on the basis that they use City owned and managed properties and provide recreational opportunities directly to the local community. SWA is considered to not fall within this category.

Financial relief to offset operational costs incurred by SWA should in the first instance be requested from their landlord or their governing body, both of which are the DLGSC.

Council role

Executive The substantial direction setting and oversight role of the Council eg adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

Purpose of report

To seek Council approval to award Q21/2023 - Supply and Install Irrigation Systems 2023-2024.

Summary and key issues

This report outlines the process undertaken to invite quotations and evaluate the responses received.

The Scope of Works for this Contract includes the supply & installation of irrigation systems to the parks within the City of Belmont (refer Table 1 below).

PARKS	LOCATION	SCOPE OF WORKS
Ascot Waters	Stoneham Street to Hardey Park Bridge,160 Stoneham Street Ascot	Water supply from Ascot Lakes
Andell Park	31a Towton Street, Redcliffe	Water supply from bore on site
Epsom Park	25 Courtland Crescent, Redcliffe	Water supply from bore on site
Kennerley Reserve	40 Kennerley Street, Cloverdale.	Water supply from bore on site
Jack Ring Park	73 Gladstone Road, Rivervale	Water supply from bore on site

PARKS	LOCATION	SCOPE OF WORKS
Mozart Mews	213 Orrong Road, Rivervale.	Water supply from bore on site
Belmont Oval	400 Abernethy Road, Cloverdale	Water supply from bore on site
Cracknell Park	52 Riversdale Road, Rivervale	Water supply from bore on site

*Table 1

Officer Recommendation

That Council accepts the submission from Horizon West Landscape & Irrigation for Q21/2023 - Supply and Install Irrigation Systems 2023-2024 for the lump sum of \$822,975 excluding GST.

Location

Not applicable.

Consultation

There has been no specific consultation undertaken in respect to this matter.

Strategic Community Plan implications

In accordance with the 2020 – 2040 Strategic Community Plan:

Goal 3: Natural Belmont

Strategy: 3.4 Provide green spaces for recreation, relaxation and enjoyment

Goal 5: Responsible Belmont

Strategy: 5.2 Manage the City's assets and financial resources in a responsible manner and provide the best possible services for the community

Policy implications

City of Belmont Policy 29 - Purchasing

This policy aims to deliver a high level of accountability whilst providing a flexible, efficient and effective procurement framework.

City of Belmont Policy 45 - Environmental Purchasing

This policy aims to clarify the principles, considerations and responsibilities for considering life cycle environmental impacts when purchasing or procuring goods and services.

The process associated with this quotation was undertaken in accordance with these policy requirements, therefore there are no policy implications.

Statutory environment

This issue is governed in the main by the Local Government Act, in particular Section 3.57 which states:

'3.57. Tenders for providing goods or services

(1) A local government is required to invite tenders before it enters into a contract of a prescribed kind under which another person is to supply goods or services.

(2) Regulations may page provision about tenders'

The *Local Government (Functions and General) Regulations 1996* Regulation 11(2)(b) exempts the need for a public tender if:

11. When tenders have to be publicly invited:

(1) Tenders are to be publicly invited according to the requirements of this Division before a local government enters into a contract for another person to supply goods or services if the consideration under the contract is, or is expected to be, more, or worth more, than \$250,000 unless subregulation (2) states otherwise.

(2) Tenders do not have to be publicly invited according to the requirements of this Division if –

(a) the supply of the goods or services is associated with a state of emergency; or

(b) the supply of the goods or services is to be obtained through the WALGA Preferred Supplier Program, or ..'

The supplier has been sourced through the West Australian Local Government Association (WALGA) Preferred Supplier Program.

This procurement process did not follow a public tender process. Quotations were requested from suppliers listed on a panel of pre-qualified suppliers on the WALGA Preferred Supply Arrangements Panel for Parks & Gardens. The term 'quotation' instead of 'tender' is not considered to be material in this instance as there is no requirement to undertake a publicly invited tender process due to the use of the WALGA Preferred Supplier Program whereby suppliers from the program are invited to quote rather than tender.

The use of a panel of suppliers on the WALGA Panel ensures that the suppliers have already undertaken a fully compliant procurement process within the local government sector.

Background

Under *the Local Government (Functions and General) Regulations 1996* Regulation 11(2)(b), tenders are not required to be publicly invited if the supply of the services is to be obtained through the WALGA Preferred Supplier Program.

WALGA has established a panel for Parks & Gardens. An invitation to quote was placed on the WALGA Preferred Supplier Portal on Friday, 21 July 2023, closing on Tuesday, 5 September 2023 at 2:00pm and six (6) suppliers were invited to quote. Responses were received from the following four (4) suppliers:

- Horizon West Landscape and Irrigation
- Newground Water Services.
- Nutrien Water
- Thinkwater Perth

The rates quoted by the respondents are detailed in Confidential Attachment 12.3.1 – Price Schedule.

Report

The Evaluation Panel consisted of the Manager Parks, Leisure & Environment, Coordinator Parks, Irrigation Supervisor and Acting Coordinator Environment.

Each panel member has signed a Declaration of Confidentiality and Impartiality Form confirming that they have no known conflict of interest to disclose.

The responses were assessed on the same selection criteria included in the invitation to quote, being:

	CRITERIA	WEIGHTING
1	Experience	15%
2	Company Capacity	20%
3	Methodology	15%
4	Safety	10%
5	Price	40%
	TOTAL	100.00%

Confidential Attachment 12.3.2 – Evaluation Matrix details the Evaluation Panel's assessments of the tender submissions.

Horizon West Landscape and Irrigation have demonstrated that they have the experience and capacity to complete the works within an acceptable timeframe and in accordance with the City's requirements. Their methodology addressed quality, safety and environmental issues.

Financial implications

The price submitted by Horizon West Landscape & Irrigation is \$822,975 and falls within the 2023/2024 budget allocations.

Environmental implications

Requirements were included in the specification for the invitation to quote to ensure that all works should be undertaken with a view to prevent environmental impact and damage to the natural environment in accordance with the City of Belmont Environment and Sustainability Policy.

The contractor is required to follow standard tree protection measures when excavating near trees as set out in the City of Belmont Tree Protection Fact Sheet.

Social implications

There are no social implications associated with this report.

Council role

Executive The substantial direction setting and oversight role of the Council eg adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

Purpose of report

The purpose of this report is to seek final Council endorsement of the Environment and Sustainability Strategy 2023 - 2033 (ESS), as provided in Attachment 12.4.1 and provide Council with an update in relation to feedback received from the community during the public consultation period.

Summary and key issues

The ESS outlines the City's strategic framework to guide the City over a ten-year timeframe which will assist the operational delivery of the outcomes and actions as outlined in the ESS.

The ESS is presented with four key objectives as outlined below:

- **Strategic Alignment** references the Strategic Community Plan and the Corporate Business Plan and the role that the ESS plays in these frameworks.
- **Vision and Objectives** reinforces the direction set for environmental and sustainability processes within the City's Strategic Community Plan.
- **Self-assessment** details the bench marking community feedback and their requirements and how the City is positioned to meet these needs.

- **Toolset** identifies all the guiding documents used during the development of the ESS by the City.
- The **Action** list outlines actions and goals for the City to attain over the next 10 years.

The draft ESS was presented to Council at the Ordinary Council Meeting (OCM) on 22 August 2023 and approved for public comment.

Public consultation was undertaken between 1 September 2023 and 29 September 2023 (inclusive) via Belmont Connect with six responses received.

Officer Recommendation

That Council endorse the Environment and Sustainability Strategy 2023 - 2033 as provided in Attachment 12.4.1.

Location

Not applicable.

Consultation

In developing the draft ESS, extensive internal consultation was undertaken with the draft ESS also being presented to the Belmont Business Advisory Group for comment.

At the 22 August 2023 OCM, Council endorsed the draft ESS for the purposes of advertising for a period of 28 days, to seek public comment. Public consultation was undertaken between 1 September 2023 and 29 September 2023 (inclusive) via Belmont Connect.

A total of six responses were received with only minor changes required to the draft ESS. Five responses addressed aspects of the draft ESS and one was primarily feedback relating to the City's management of riverside areas (refer Attachment 12.4.2).

Minor amendments have been made to the ESS in relation to the following:

- Page 16: Change in terminology from Nutrient Intervention Management Plan to "Nutrient and Irrigation Management Plan" under objective 3.3.1. Page 20: Change in terminology from "The City develops a Local Planning Policy for trees and vegetation on private property." to "Prepare a Council Policy and supporting Operational Policy to guide the assessment and determination of Tree Preservation Orders under Schedule A of Local Planning Scheme No. 15." under objective 4.2.2. to align with the City's Planning Policies.
 Page 20: Addition of objective 4.2.3 to demonstrate that the City will investigate planning mechanisms to implement a standard of sustainable development

outcomes.

- Page 23: The word "operational" was added to objective 5.3. to provide clarification.
- Page 24: Recover targets have been updated to align with the State's municipal solid waste targets.
- Page 27: Amended to reflect a mid-way review in 2028 and major review in 2033.

Strategic Community Plan implications

In accordance with the 2020 – 2040 Strategic Community Plan:

Goal 1: Liveable Belmont

Strategy: 1.5 Encourage and educate the community to embrace sustainable and healthy lifestyles

Goal 2: Connected Belmont

Strategy: 2.2 Make our City more enjoyable, connected and safe for walking and cycling **Strategy:** 2.4 Promote alternative forms of transport

Goal 3: Natural Belmont

Strategy: 3.1 Protect and enhance our natural environment

Strategy: 3.2 Improve our River and waterways

Strategy: 3.3 Keep our City clean

Strategy: 3.4 Provide green spaces for recreation, relaxation and enjoyment

Strategy: 3.5 Promote energy and water efficiency, renewable energy sources, and reduce emissions and waste

Strategy: 3.6 Encourage sustainable development to guide built form

Goal 5: Responsible Belmont

Strategy: 5.1 Support collaboration and partnerships to deliver key outcomes for our City

Policy implications

The ESS aligns with Policy No.46 – Environment and Sustainability.

Statutory environment

This ESS is an integral component of the City's Environmental Management System, which was first developed in 2006 under the standard of AS/NZS ISO 14001 – Environmental Management Systems.

Background

Following the expiry of the City's Environment and Sustainability Strategy in 2021, a comprehensive review of the City's environmental strategic goals and objectives was undertaken by the Parks, Leisure and Environment (PLE) team.

The newly developed ESS has been developed to guide the City over a ten-year timeframe which will assist the operational delivery of the outcomes and actions as outlined in the ESS.

The ESS sets clear objectives to enable continuous performance improvements in the areas of:

- Environmental Governance
- Urban Ecology and Biodiversity
- Water Resource Management and Protection
- Sustainably Built Environments
- Climate Resilient Energy and Transport and
- Waste and Resource Recovery.

The ESS adopts a life cycle and continuous improvement perspective to ensure that the City identifies and reviews its current performance and implements improvement strategies that manage the environmental impacts of its activities, products and services. The ESS has also been written to assist the City in complying to the AS/NZS ISO 14001 Standard (Environmental Management Systems).

The ESS is a demonstration of the City's long-established Environment and Sustainability Policy which commits the City to:

- Setting objectives, targets and indicators to monitor environmental performance.
- Incorporating a continuous improvement philosophy that protects and enhances the natural environment, including remnant bushlands, wetlands, river foreshores and waterways.
- Engaging with the community to promote and encourage involvement in environmental initiatives, current and emerging.
- Continuing to integrate environmental management into the culture of our organisation.
- Demonstrate, through leadership and the actions of our staff, the prevention of environmental impacts.

Report

Following endorsement by Council at the 22 August 2023 OCM to seek public comment on the draft ESS, six responses were received and considered by City Officers.

While minor changes have been made to the ESS following public consultation, feedback received has also been provided to relevant departments involved in the delivery and management of the ESS for future consideration.

Following endorsement of the ESS, design elements and imagery will be finalised prior to being published on the City's website.

Financial implications

There are no immediate financial implications required to deliver the ESS for the 2023-2024 financial year. Actions from the ESS can be accommodated within existing budgets. New projects will be undertaken in accordance with the City's Project Management Framework.

The projects and initiatives identified will be subject to a detailed Feasibility Study and Business Case development, to be considered as part of the annual budget process and long-term financial plan, for consideration and approval by Council.

Environmental implications

The implementation of the ESS will enhance the City's local natural environment. Actions and associated tasks will consider lifecycle perspectives with a view to continued improvement.

Social implications

There are no social implications associated with this report.

Waste and Resource Recovery	24
Implementation, Review and Monitoring of this Strategy	27

The City of Belmont acknowledges the Whadjuk Noongar people as the Traditional Owners of this land and we pay our respects to Elders past, present, and emerging.

We further acknowledge their cultural heritage, beliefs, connection, and relationship with this land which continues today.

We acknowledge all Aboriginal and Torres Strait Islander peoples living within the City of Belmont.

Environmental Management in the City of Belmont

This Strategy is an integral component of the City of Belmont's Environmental Management System, which was first developed in 2006 under the standard of AS/NZS *ISO 14001 – environmental management systems*. The City has maintained its certification through implementing best practice environment and sustainability initiatives, setting environmental performance objectives, and fulfilling our compliance obligations. Our commitment to natural areas management, water management and sustainability is demonstrated by our high-quality natural areas, accolades, awards, and continued performance.

This Strategy and associated Plans adopt a life cycle perspective and continuous improvement, to ensure that the City strives for a better environment and manages the environmental aspects of the City's activities, products, and services.¹

To assist in continuously improving the City's environmental management endeavours, the Environment and Sustainability Strategy will:

- Ensure we fulfill our Compliance Obligations
- Allow us to set and achieve Environmental Objectives and
- Enhance our environmental performance.

This will contribute to the City's long-established Environment and Sustainability Policy commitments of:

- Setting objectives, targets, and indicators to monitor environmental performance
- Incorporating a continuous improvement philosophy that protects and enhances the natural environment, including remnant bushlands, wetlands, river foreshores and waterways
- Engaging with the community to promote and encourage involvement in environmental initiatives current and emerging and
- Continuing to integrate environmental management into the culture of our organisation with the commitment being demonstrated through leadership and the actions of our staff in the prevention of air, land, or water pollution.²

To achieve this, the City has reviewed all of its environmental aspects, strategic alignment and emerging opportunities to place it at the forefront of environmental thinking.

¹ Technical Committee ISO/TC 207/SC 1 Environmental management systems, iso.org.

² City of Belmont. 2023. Environment and Sustainability Policy

The City's mix of amazing natural assets, well-established history in addressing environmental impacts, and emerging sustainability opportunities means the Strategy will focus on:

- 1. Knowledge, Partnerships and Environmental Governance
- 2. Urban Ecosystem Services Ecology and Biodiversity
- 3. Water Resource Management and Protection
- 4. Sustainably Built Environments
- 5. Climate Resilient Energy and Transport
- 6. Waste and Resource Recovery

Knowledge, Partnerships and Environmental Governance – Informing this Strategy

The City will engage with its community and stakeholders to inform its environmental management and good environmental governance. A key component of the ISO14001 standard is to monitor stakeholder needs, expectations and satisfaction.³ By doing this, we ensure our environmental management system and associated plans achieve the required outcomes appropriate to the City's services, environmental conditions, and geographic location.

The City will also take a key role in empowering its community to make greater contributions to the natural environment and sustainability initiatives. Where the City cannot directly contribute to the enhancement or resolution of environmental issues, it will work to influence those who can. In addition, to demonstrate the City's commitment to the natural environment, it will maintain its own environmental credentials.

Our Knowledge and Partnership performance

The City has maintained its ISO14001 certification since 2006, demonstrating our commitment to continual environmental improvement. The Environmental Management System sits within the City's Integrated Management System which provides a framework for the City to control the impact that its activities, products, and services may have on the natural environment. To achieve this successfully the City commits to:

- Protecting the environment
- Mitigating adverse environment impacts
- Complying with its environmental obligations
- Enhancing its environmental performance and
- Communicating environmental information to relevant interested parties.⁴

The key documents of the Environmental Management System include the City's Environment and Sustainability Policy, Environmental Purchasing Policy, and this Strategy, with overall guidance from the Strategic Community Plan. To achieve the City's environmental objectives, commitments, and obligations, the City implements various plans, work processes and tasks which reflect our 14001 requirements (**Figure 1**).

³ AS/NZS ISO 14001:2016 *Environmental management systems – Requirements with guidance for use* 4.2 Understanding the needs and expectations of interested parties

⁴ Ibid 0.2 Aim of an environmental management system.

Figure 1 Components within the City's Environmental Management System. *Proposed to be developed.

Ensure we fulfill our Compliance Obligations

The City must comply with environmental legislation pertinent to the City's operations, many of which are documented within this Strategy and are referred to as Compliance Obligations.⁵ These become the City's "legal obligations" and any breach is deemed a major non-conformity to the City's management system. However, the City can make commitments to other voluntary environmental obligations, such as those targets and goals noted in the Strategic Community Plan, the Environment and Sustainability Policy and this Strategy.

In addition, the Strategic Community Plan 2020-2040 specifies that the City will "Encourage and educate the community to embrace sustainable and healthy lifestyles", "Support and collaborate with local schools and businesses" and "Support collaboration and partnerships to deliver key outcomes for our City" respectively.

To inform compliance and environmental objectives within the management system, the City will engage with its interested parties at various opportunities and apply the below framework:

- Determine and have access to the Compliance Obligations related to its environmental aspects
- Determine how these Compliance Obligations apply to the organisation
- Take these Compliance Obligations into account when establishing, implementing, maintaining, and continually improving its environmental management system.⁶

To ensure we remain compliant with environmental legislation, the City has implemented the following:

⁵ AS/NZS ISO 14001:2016 3.2.9 *Compliance Obligations* – legal requirements that an organisation must comply with and other requirements that an organisation has to or chooses to comply with, for example regulations, organisational and industry standards, contractual arrangements, agreements with community groups.

⁶ AS/NZS ISO 14001:2016 6.1.3 Compliance Obligations, 9.

- Compliance Accountability Listing and Compliance Calendar.⁷
- Continuous monitoring of environmental legislation, with applicable changes being reported to our leadership teams
- Compliance alerts and calendars are maintained within our central information system
- Annual Maintenance Plan Environment.

Set and achieve Environmental Objectives and Strategies

The City shall establish Environmental Objectives relevant to our significant environmental aspects and Compliance Obligations. In this, we will also consider our risks and opportunities to maximise environmental benefit.

The Environmental Objectives shall be:

- Consistent with the City's Environment and Sustainability Policy
- Measurable (where practicable)
- Monitored as per the implementation plan
- Communicated to our organisation and stakeholders and
- Updated as appropriate and documented.⁸

Therefore, all Environmental Objectives contained within this Strategy must be consistent with the above and the City's Environment and Sustainability Policy, which states that the City is committed to:

- 1. Undertake continual improvement of the Environmental Management System to enhance environmental performance of City operations.
- 2. Protection and enhancement of the natural environment and biodiversity values within the City of Belmont, including remnant bushland, wetlands, river foreshore and waterways.
- 3. Prevention of pollution to air, land or water, or damage to flora or fauna, minimising harm, and degradation to the natural environment.
- 4. Efficient use of energy, water, paper, and other resources, improving resource recovery and reducing waste to landfill and implementing renewable energy technologies to minimise the City's corporate carbon footprint.
- 5. Considering life cycle impacts and minimising single use disposable plastics.
- 6. Planning for and implementing measures to 'future proof' City operations against the predicted impacts of climate change.

⁷ As per Compliance Management Plan and associated process maps.

⁸ AS/NZS ISO 14001:2016 6.2.1 Environmental Objectives, 10.

Environment and Sustainability Strategy 2023-2033

7. Compliance with relevant environmental legislation and other obligations.9

To maintain working knowledge, our stakeholder partnerships and to ensure good environmental governance, the City will achieve the following objectives.

- Develop, implement, and regularly review an organisation-wide 1.1. Environment and Sustainability Strategy and Implementation Plan. 1.1.1. Draft and implement the implementation plan for the Environment and Sustainability Strategy 2023-2033. 1.1.2. Set objectives, targets, and indicators to monitor environmental performance and review and report on outcomes. 1.2. Strategic actions to achieve objectives are identified and responsibilities, timeframes and budget requirements are assigned with progress monitored. 1.2.1. Develop annual implementation plans and maintenance plans. 1.2.2. Maintain processes and procedures. Consider environmental aspects and implications in project and event 1.3. management, procurement, decision-making and development of strategies and plans. 1.3.1. Continue to implement risk assessments in contracts and tenders. 1.3.2. Identify environmental aspects relating to City operations through divisional structure and activities. 1.3.3. Environment and sustainability objectives, goals and targets are considered in all City Strategies, Plans, Policies, and procedures. Maintain awareness of current and emerging environmental issues 1.4. relevant to the City of Belmont.
- 1.4.1. Participate in regional initiatives which identify and work towards addressing regional environment and sustainability issues (i.e. Waterwise Council).
- 1.5. Manage potential environmental aspects associated with City operations and predicted impacts of climate change as specified under City of Belmont Policy Risk Management.
- 1.5.1. Review all new projects, operations, and services to identify risks and opportunities.
- 1.5.2. Maintain risk register of environment risks.
- 1.5.3. Review all process maps and work instructions to identify environmental risks and opportunities.

⁹ City of Belmont. 2023. Environment and Sustainability Policy

Environment and Sustainability Strategy 2023-2033

- 1.5.4. Develop and maintain accurate mapping of environmental assets, management areas and other geospatial information relevant to the City's environmental objectives.
- **1.6.** Employees are aware of environmental legislative requirements relevant to Department activities.
- 1.6.1. Continue to implement the City's Risk Management procedures, including maintain its compliance obligations, compliance calendars and risk registers.
- 1.6.2. Undertake Environmental audits as per the City's Integrated Management System.
- 1.6.3. Communicate changes in environmental legislation as they arise and provide internal support to resolve significant impacts to the City's products and services.
- 1.7. Engage with the wider Belmont residential and business community to raise awareness of environmental issues and encourage sustainable living and pollution prevention practices.
- 1.7.1. Undertake community perception surveys.
- 1.7.2. Engage with the community through various City events and opportunities.
- 1.7.3. Promote and Communicate Environment and Sustainability initiatives and achievements to the broader community.

Knowledge and Partnership Goals

By 2033, the City should have

- Consulted the Community on this Strategy.
- Provided annual updates on the City's Environment and Sustainability Performance in the Annual Report.
- Continued to receive feedback from its community through perception surveys.
- Maintained its ISO 14001 certification.

Urban Ecosystem Services -Ecology and Biodiversity

The City's natural environment is enriched with remnant bushlands, the Swan River, waterways, and wetlands. Our biological assemblages, remnant vegetation and water opportunities make the City an inviting and attractive place to live and work. This also presents the City with various opportunities to enhance the ecological and biodiversity values present within.

Currently the City maintains areas of '*Low forest, woodland or low woodland with scattered trees*' of '*Jarrah, banksia or casuarina Eucalyptus marginata, Banksia spp., Allocasuarina species*' toward the centre of the City, and woodlands of the southwest structure consisting of '*Jarrah, marri and wandoo Eucalyptus marginata, Corymbia calophylla, E. wandoo*' towards the Swan River.¹⁰ Our significant remnant bushlands include the Swan River Foreshore, Garvey Park, Tomato Lake, P.H. Dodd Reserve, Signal Hill and pockets within the Perth Airport (albeit not managed by the City). In total, the land coverage consists of approximately 117 hectares over 23 distinct natural spaces some of which contain the Threatened Ecological Community *Banksia woodlands.* These pockets of remnant vegetation provide significant refuge to migratory species protected under the *Environmental Protection and Biodiversity Conservation Act 1999* (Cth) and those listed for protection under *the Environmental Protection Act 1986* (WA), including Black Cockatoos, the Chuditch (*Dasyurus geoffroii*) and various flora species.¹¹

The biggest risk to the City's natural assets includes invasive weed species, unlawful clearing and impacts from the urban environment, including degradation from 'off path' use (tramping), spreading of dieback and other pathogens. To counter this, the City seeks to increase planting opportunities and safeguard natural areas.

Our Urban Ecosystem Services performance

The City has a long-standing commitment to preserving ecological and biodiversity values through its Strategic Community Plan, Policy commitments and previous Environment Plans. The Strategic Community Plan 2020-2040 Goal 3, Natural Belmont, specifies that the City will "*Protect and enhance our natural environment*" and "*Provide green spaces for recreation, relaxation and enjoyment*".

Our environmental performance in the space of ecology and biodiversity to date has included:

• Ongoing weed and pest plant management within natural areas.

 ¹⁰ Department of Biodiversity, Conservation and Attractions Pre-European Vegetation Dataset, 2023.
 ¹¹ Government of WA Department of Biodiversity, Conservation and Attractions, January 2023 - Priority Flora, Fauna, and Threatened Ecological Communities search

- Revegetation of our remnant bushlands to improve biodiversity and plant coverage.
- Increase of street trees and trees in reserves to uphold ecological services.
- Increased planting near to waterbodies, including implementing buffer zones.
- Continued identification and implementation of foreshore restoration projects along the Swan River.

Figure 2 Historical achievements in Ecology and Biodiversity

Ensure we fulfill our Compliance Obligations

The City has a moral and legal obligation to protect the ecological and biodiversity values within the City of Belmont. Its legal obligations include:

Compliance Obligation	Reference
Prevent unlawful clearing of native trees and vegetation in City works.	Environmental Protection Act 1986 (EP Act).
Protection of priority fauna and flora and their assemblages. Protection of fauna of international significance.	Biodiversity Conservation Act 2016, Environment Protection and Biodiversity Conservation Act 1999, and Planning and Development Act 2005.
Protect vegetation within the Swan River Foreshore.	Swan and Canning Rivers Management Regulations 2007.
Prevent the spread of declared weeds and invasive species.	Biosecurity and Agriculture Management Act 2007.

Set and achieve Environmental Objectives and Strategies

To achieve outcomes in the space of Urban Ecosystem Services, the City will implement the following objectives and Strategies.

- 2.1. Protect, enhance, and expand natural areas and increase habitat connectivity and quality.
- 2.1.1. Consolidate species and planting lists for natural areas with a view to increase biodiversity, climate resilience and tree coverage.
- 2.1.2. Implement planting programs and revegetation plans to increase the quality of our natural areas.
- 2.1.3. Develop a local Bushland Protection Plan for natural areas.¹²
- 2.1.4. Develop a Foreshore Management Plan to continue foreshore restoration programs with a view to increase habitat, connectivity, and parkland amenity.
- 2.2. Integrate biodiversity values, ecosystem services and ecosystem connectivity into the design, upgrade and maintenance of streetscapes, parks, wetlands, waterways, and other open spaces.
- 2.2.1. Incorporate native plantings in streetscapes.
- 2.2.2. Identify priority wetlands, waterways, and drainage basins for enhancement.
- 2.2.3. Improve community stewardship and capacity for planting native trees and shrubs on residential lands.
- 2.3. Manage significant environmental weeds, pests and plant diseases located on land and in water bodies managed by the City.
- 2.3.1. Identify weed management plans for environmental areas.
- 2.3.2. Implement biosecurity protocols at natural areas to prevent the spreading plant pathogens.
- 2.3.3. Continue to work with State agencies and landowners in the prevention of invasive species.

¹² As per SPP2.8 Bushland Policy for the Perth Metropolitan Region

Environment and Sustainability Strategy 2023-2033

Ecology and Biodiversity Goals

By 2033, the City should have

- Planted at least 10,000 native shrub and tree seedlings per annum.
- Planted at least 1100 sedges and sedge strips per annum.
- Increased the quality of our natural spaces by eliminating 'Degraded' vegetation and enhancing them to 'Excellent.'¹³
- Had no breaches of environmental legislation relating to the clearing of native vegetation.
- Undertaken at least three major revegetation programs per year in remnant bushlands, the Swan River Foreshore and priority wetlands.
- Involved the community in over 25 community workshops and engagement programs.
- Developed a Foreshore Management Plan.
- Developed a Bushland Protection Plan for natural areas.

¹³ As per Keighery Condition Scale (1994) where 'Degraded' means the vegetations structure is severely impacted by disturbance. Scope for regeneration but not to a state approaching good condition without intensive management. 'Excellent' means vegetation structure intact, disturbance affecting individual species and weeds are non-aggressive species.

Water Resource Management and Protection

Water and waterways are essential to the health, wellbeing, and connectedness of people, communities and to our living environment. Water Resource Management and Protection includes the responsible consumption of all water resources (e.g., scheme water for drinking and groundwater for irrigation) and ensuring our urban fabric does not negatively impact on those resources (Water Sensitive Urban Design).

The City recognises the environmental, social, and cultural importance of water and is committed to protecting and enhancing established water-adjacent land that we manage. In addition, the City will explore opportunities to improve the environmental value of highly modified wetlands and waterways. The City will also take a key role in ensuring its community is more empowered to improve water management at home and in their garden. Our own operations will remain water efficient and safeguard water resources, especially through preventing pollution events and reducing the impact our operations may have.

Our Water Resource Management and Protection performance

Over the last decade, the City has demonstrated a significant achievement in water resource management and protection. The City has worked to reduce its dependency on scheme water resources whilst recognising the need water has in a built environment. We've excelled in our parks and open spaces by implementing hydrozoning and we've been a Waterwise Council since 2011.

The Strategic Community Plan 2020-2040 Goal 3, Natural Belmont, specifies that the City will "*Protect and enhance our natural environment*" and "*improve our river and waterways*". Our environmental performance in the space of Water Resource Management and Protection to date has included:

- Ongoing monitoring of water quality within the stormwater network, including drains, lakes, and wetlands.
- Continued retrofits within City facilities to ensure WELS rated fixtures are used.
- Light industrial land uses are assessed and, where required, businesses are supported in reducing their water impacts.
- The City achieved Waterwise Council Gold in 2021.
- Our community has maintained water consumption below Water Corporations target for the last six years.
- Reduced fertiliser dependency on irrigated areas near wetlands.

Environment and Sustainability Strategy 2023-2033

14

	2016	2017	2018	2019	2020	2021
Potable Scheme Water in Facilities.	74,217 kL	78,378 kL	79,903 kL	79,903 kL	75,692 kL	74,077 kL
Communities' Potable Water Consumption ¹⁴	85 kL	85 kL	84 kL	82 kL	87 kL	84 kL
Groundwater is below the licenced allocation.			Achi	eved		
Businesses supported by our Environmental Assessment Project.	38 visits	39 visits	56 visits	36 visits	39 visits	9 visits *COVID reduction

Ensure we fulfill our Compliance Obligations

The City will continue to comply with water related legislation and policies to maximise the value of water and prevent resource contamination and waste. Our legal obligations include:

Compliance Obligation	Reference
The City's groundwater use does not exceed its Licence to take groundwater.	Rights in Water and Irrigation Act 1914 (WA).
Significant spills, discharges or environmental incidents are promptly cleaned up and reported to the Department of Water and Regulation.	Contaminated Sites Act 2003 (WA). Environmental Protection Act 1986 (WA).
Vegetation within the Swan River is protected with ecological and community benefits and amenity maintained.	Swan and Canning Rivers Management Regulations 2007.
Development approvals are given in accordance with the relevant environmental protection controls.	Environmental Protection Act 1986.
The City assists local businesses in remaining environmentally responsible and compliant through the Business Environmental Assessment Project.	The Environmental Protection (Unauthorised Discharges) Regulations 2004.

¹⁴ The Water Corporation goal is to maintain water consumption to below 125 kL per capita annually

Set and achieve Environmental Objectives and Strategies

- 3.1. Incorporate best practice water efficiency and water sensitive urban design (WSUD) principles in all Council operations, including the planning, design and maintenance of parks, facilities and stormwater systems managed by the City.
- 3.1.1. Continue to review Development Applications and condition stormwater disposal appropriately.
- 3.1.2. Enhance streetscapes with Water Sensitive Urban Design (WSUD) principles where achievable.
- 3.1.3. Implement Waterwise practices in parks irrigation to become climate resilient.
- 3.1.4. Continue to identify water efficiencies and retrofits in community facilities.
- 3.1.5. Maintain our Waterwise Council accreditation, achieving Platinum.
- 3.2. Take a catchment-based approach to the management of waterways and wetlands, including their foreshore areas.
- 3.2.1. Continue to monitor surface water quality to identify priority catchments and methods of reducing nutrients.
- 3.2.2. Improve wetlands through increased biodiversity and planting.
- 3.2.3. Increased the community's awareness of water resource use and management.
- 3.3. Minimise the City's operational risk of environmental discharges of pollutants and impacts on water resources.
- 3.3.1. Undertake to implement a Nutrient and Irrigation Management Plan to reduce nutrient levels in public open space management.
- 3.3.2. Continue to report environmental incidents such as chemical or hydrocarbon spills.
- 3.3.3. Continue to monitor groundwater use and allocation.
- 3.4. Respond to potential water quality issues and unauthorised emissions/discharges that could cause environmental contamination or otherwise negatively affect groundwater or surface water quality.
- 3.4.1. Continue to work with the business community to prevent discharges to the environment.

Water Resource Management and Protection Goals

By 2033, the City should have

- Maintained its Waterwise Council accreditation with potable consumption to within 10% of our water consumption in 2021.
- Became a Platinum Waterwise Council.
- Supported at least 200 small businesses in reducing their environmental impact.
- Had no breaches of environmental legislation relating to the taking of groundwater.
- Not caused an environmental incident through a chemical or hydrocarbon spill.
- Involved the community in over 25 community workshops and engagement programs having a water theme.
- Maintained its Green Stamp certification for the Operations Centre.

Environment and Sustainability Strategy 2023-2033

17

Sustainably Built Environments

The City is committed to lead by example through the incorporation of best environmental and sustainability practices in the planning, construction and management of City facilities and infrastructure. This also extends to our Local Planning Scheme, planning controls and structure plans for the built environment. Once built, the urban fabric has the potential to influence the local environment for centuries to come. Therefore, it is critical in developing urban environments to encourage an urban fabric that supports the natural environment and is conducive to healthy communities.

The City is home to 42,078 people and this figure is expected to grow to 65,659 by 2041.¹⁵ Within the City's population, 22% are families with children, 6% are older people and 22% live alone.¹⁶ Ultimately, an increase in housing and supporting infrastructure will be required, as well as diversity in housing typology to support the various housing demographics. In addition, the City is home to practically every type of business, including multi-national and industrial-scale distribution centres, home-based businesses, a range of tourism, retail and hospitality venues which all contributes \$8.26 billion to Australia's Gross Regional Product as of June 2019.¹⁷

As an economic hub, a vibrant place to live and an attractive place to set up a future business, the City requires supporting built infrastructure that contributes to a greener and cleaner environment.

Our Sustainably Built Environment performance

The City has a demonstrated track record in supporting economic and personal growth. We continue to actively engage with residents and business owners to ensure that the built environment is supportive to the natural environment and does not contribute or result in detrimental environmental impacts.

The Strategic Community Plan 2020-2040 Goal 1 Liveable Belmont, Goal 3 Natural Belmont, Goal 4 Creative Belmont, and Goal 5 Responsible Belmont, specifies that the City will:

- "Encourage and educate the community to embrace sustainable and healthy lifestyles"
- "Embrace technology, creativity and innovation to solve complex problems and improve our City"
- "Promote energy and water efficiency, renewable energy sources, and reduce emissions and waste"
- "Encourage sustainable development to guide built form" and

¹⁵ City of Belmont. 2023. Profile and statistics, figures sourced from the ABS ERP 2019.

¹⁶ ABS Census 2016.

¹⁷ Department of Local Government, Sport, and Cultural Industries, 2019; .id - the population experts, 2020

• "Manage the City's assets and financial resources in a responsible manner and provide the best possible services for the community"

Our environmental performance in the space of Sustainably Built Environments to date has included:

- The Belmont Hub being certified a 6-star Green Star building.¹⁸
- Implementing Water Sensitive Urban Design and permeable surfaces in the Epsom Ave, Faulkner Civic Precinct and Belmont Ave upgrades.
- Adoption of the Belmont Foreshore Precinct Plan, May 2018.

Ensure we fulfill our Compliance Obligations

The City will continue to abide by built environment related legislation and policies to enhance the built environment and to create a sustainable City. Our legal obligations include:

Compliance Obligation	Reference
Applications are reviewed by the Development Control Group (DCG) to ensure there is no detrimental impact to the environment.	Planning and Development Act 2005. Environmental Protection Act 1986.
Buildings and developments do not cause contamination.	Contaminated Sites Act 2003.
Applications within the Swan River development control area are assessed for	Swan and Canning Rivers Management Act 2006.
environmental sensitivity and referred to the relevant authority.	Environmental Protection (Swan and Canning Rivers) Policy 1998.
Integrate environment and natural resource management with broader land use planning and decision-making whilst protecting, conserving, and enhancing the natural environment.	State Planning Policy 2.0 - Environment and natural resources.
Acid Sulfate soils are managed.	Contaminated Sites Act 2003.
	Western Australian Planning Commission Planning Bulletin No. 64 – Acid Sulphate Soils (2004).
Buildings are sustainable and contribute to healthy environments and healthy living whilst complying with design standards.	Building Act 2011. Building Code of Australia.

¹⁸ Green Building Council of Australia. 2023. Green Star Number 2695. https://www.gbca.org.au/projectdirectory.asp?_ga=2.214153559.1715737554.1592175243-217341547.1588028417

Set and achieve Environmental Objectives and Strategies

- 4.1. City facilities incorporate Environmentally Sustainable Development (ESD) principles.
- 4.1.1. Sustainable Best Practices are incorporated in City buildings and infrastructure at time of development, renewal and in ongoing operations.
- 4.2. Integrate sustainable development principles into the City's planning framework, taking into account the WA State Planning context.
- 4.2.1. A Sustainable Development Guide is developed.
- 4.2.2. Prepare a Council Policy and supporting Operational Policy to guide the assessment and determination of Tree Preservation Orders under Schedule A of Local Planning Scheme No. 15.
- 4.2.3. Through the preparation of the City's new planning strategies and Local Planning Scheme, investigate an appropriate planning mechanism to achieve sustainable development outcomes.
- 4.3. The built form and urban development within the City of Belmont is environmentally sustainable and resilient to climate change.
- 4.3.1. Encourage ESD and WSUD through the City's local planning framework.
- 4.3.2. Future climate scenarios are incorporated into the City's planning framework to safeguard development and operations.
- 4.4. Through land use planning and development control, consider the impact of future development on the environment, including potential offsite environmental impacts.
- 4.4.1. Potentially contaminating land uses (existing and proposed) are identified, and associated risks of pollution of land, air and water are minimised.
- 4.4.2. Planning applications and building applications are reviewed with a view to encourage sustainable practices.

Sustainably Built Environment Goals

By 2033, the City should have

- Developed a Sustainable Development Guideline for developments within the City.
- Managed its contaminated sites effectively.
- Undertaken audits of its facilities to maximise sustainability initiatives.

Climate Resilient Energy and Transport

The City acknowledges that climate change will continue to have a significant effect on the Western Australian environment, society and economy, and the Local Government sector. Human behaviours, pollution and consumption patterns have both immediate and future impacts on the climate and environment.¹⁹ To ensure the City is being environmentally responsible and to safeguard it against future climate scenarios, appropriate action is required.

Whilst water resources and biodiversity have been addressed in other sections of this Strategy as they relate to climate change, the City will need to focus on climate resilient energy and transport options to support its operations and the community. Climate resilience should be regarded as being adaptive within the scope of the organisation and responsible for its potential impacts and emissions. It should also strive to remain socially responsible to the community. Efforts to reduce or limit emissions need to be implemented whilst managing the expenditure of resources in a direction which is beneficial to the City's communities; our community should be empowered to act and respond to climate change, with the City safeguarding services that support the community's wellbeing.²⁰

Our Climate Resilient Energy and Transport performance

Extreme heat events are predicted to impact our community, energy supply and use of our facilities.²¹ The City therefore needs to be adaptive in maintaining its services whilst addressing these impacts. The Strategic Community Plan 2020-2040 Goal 3 Natural Belmont and Goal 4 Creative Belmont specifies that the City will "*promote energy and water efficiency, renewable energy sources, and reduce emissions and waste*" and "*embrace technology, creativity and innovation to solve complex problems*".

Since signing the WALGA Declaration on Climate Change in 2012, the City has progressed with:

- Seven contestable sites at the following locations:
 - City of Belmont Operations Centre
 - City of Belmont Civic Centre and Belmont Hub
 - City of Belmont Youth and Family Services Centre

- Gerry Archer Athletic Track
- Ascot Waters Freshwater Lake
- Centenary Park
- Ascot Waters Compensating Basin

Sites using greater than 50,000 kWh pa are energised by renewable energy, offsetting 100% of their CO2e emissions since May 2022.

- Five solar photovoltaic systems have been installed on City buildings, including the Ascot Kayak Club (10kW), Operations Centre (40kW), Harman Park Community Centre (10kW), Belmont Sports and Recreation Centre (30kW), and the Belmont Hub (100kW).
- The Belmont Hub achieved 6-Star Green Star for 'Design' and 'As Built'.²²
- Annual retrofits have continued, removing fluorescent and metal halide internal and external lights, and replacing them with LEDs.
- The City's light-vehicle fleet's average combined tailpipe emissions have remained below 188g CO2/km.

Ensure we fulfill our Compliance Obligations

The City will continue to abide by Climate Resilient Energy and Transport related legislation and policies to create a sustainable City.

Our legal obligations include:

Compliance Obligation	Reference
43% reduction from 2005 levels by 2030 and net zero by 2050.	Climate Change Act 2022, WALGA's Policy Statement on Climate Change. ²³
Report on greenhouse gas emissions as required.	<i>National Greenhouse and Energy Reporting</i> <i>Act 2007</i> (NGER Act).
Prevent the use of banned substances and	Product Emissions Standards Act 2017.
gasses in operations.	Ozone Protection and Synthetic Greenhouse Gas Management Act 1989 (Commonwealth).

Set and achieve Environmental Objectives

5.1. Ensure our operations are resilient to climate change.

- 5.1.1. Develop a Future Energy Action Plan to ensure energy is sourced sustainability and used efficiently, moving towards 100% renewable energy use by 2050 and achieving emissions targets.
- 5.1.2. Monitor the progress of climate change initiatives and communicate achievements to Council and Community.

5.2. Our community is equipped to face climate change challenges.

- 5.2.1. Improve education and awareness, raising our community's capacity in climate change mitigation, adaptation, and impact reduction.
- 5.3. Our operational fleet and transport options are fit-for-purpose and sustainable.
- 5.3.1. Minimise fuel use and emissions of vehicles and plant used in connection with City operations and support initiatives aimed at reducing reliance on fossil fuels in relation to transportation.
- 5.3.2. Support "travel smart" initiatives to increase uptake of alternative forms of transport.

Climate Resilient Energy and Transport Goals

By 2033, the City should have

- Engaged its community in support of their climate change initiatives.
- Developed a Future Energy Action Plan.
- Reviewed its carbon footprint with forecasted reduction targets to achieve net zero by 2050.
- Increased its use of renewable energy and supporting technologies by 50% with a forecast to achieve 100% by 2033.

Waste and Resource Recovery

With an anticipated growing population, waste management is an important consideration. The amount of space available for landfill is limited and waste-to-landfill produces greenhouse gas emissions, contaminants the environment and will exhaust available space. In addition, valuable resources can be lost in the disposal of waste, increasing their demand. In contrast, recovery, reuse, reprocessing and recycling all avoid greenhouse gas emissions that would otherwise be generated in the manufacture and transport of new materials and items.

The City's approach to waste avoidance and minimisation are underpinned by the application of Waste Hierarchy principles, which ranks management options in order of their general environmental undesirability. In following the hierarchy, Western Australian's are asked to avoid, recover, and protect resources.²⁴

- Avoid 10% reduction in waste generation per capita by 2025 and 20% by 2030.
- Recover increase material recovery to 67% by 2025, 70% by 2030.
- Protect No more than 15% of waste generated in Perth and Peel regions is landfilled by 2030 and all waste is managed or disposed to better practice facilities.

Our Waste and Resource Recovery performance

The City continues to follow the Waste Authority's guidance on waste disposal in Western Australia.

The Strategic Community Plan 2020-2040 Goal 3 Natural Belmont specifies that the City will *"Keep our City clean"*. In addition, as an organisation, we've worked to reduce our own waste footprint:

- Committed to reducing use of single use plastics in City operations where appropriate.
- A Waste Minimisation Plan was developed for the Faulkner Civic Buildings, encompassing the Civic Centre, Belmont Hub, and former Library
- Our Council reduced printed councillor communications (sheets per councillor) by 70% between 2016 and 2019.
- The City's Civic Centre reduced disposal of recycle materials from 58.3% to 16% in its general waste in 2019.

²⁴ Waste Authority WA. 2023. Strategic Direction

https://www.wasteauthority.wa.gov.au/about/view/strategic-direction

Ensure we fulfill our Compliance Obligations

The City will continue to abide by Waste and Resource Recovery related legislation and policies to enhance the built environment and to create a sustainable City.

Our legal obligations include:

Compliance Obligation	Reference
Appropriate waste management.	<i>Waste Avoidance and Resource Recovery Act 2007 (WARR Act).</i>
Adhere to single use plastics ban.	Environmental Protection (Prohibited Plastics and Balloons) Regulations 2018.
Dispose of trade waste under permit.	Environmental Protection (Controlled Waste) Regulations 2004.

Set and achieve Environmental Objectives

6.	
6.1.	The City applies best waste minimisation practices across all areas of operations, including in the provision of municipal waste services.
6.1.1.	Waste Hierarchy principals are applied to City operations to minimise waste generation and disposal to landfill and achieve best reuse and recovery outcomes.
6.1.2.	Efficient use of paper and other resources, improving resource recovery and reducing waste to landfill and implementing renewable energy technologies to minimise the City's corporate carbon footprint.
6.2.	Our local community contributes to Western Australia becoming a sustainable, low-waste, circular economy in which human health and the environment are protected from the impacts of waste.
6.2.1.	Provide our residential community with best practice waste disposal options,
	underpinned by Waste Hierarchy principals.
6.2.2.	underpinned by Waste Hierarchy principals. Considering life cycle impacts in our procurement of goods and services.

6.3.1. Implement measures to minimise and manage littering, dumping and other inappropriate disposal or accumulation of waste on City managed land.

Waste and Resource Recovery Goals

By 2028 the City should have

- Developed a Waste Management Plan including guidelines for waste minimisation throughout the City's Operations.
- Managed the impact waste has within the Community and the Environment within the City.
- Contributed to Western Australia becoming a sustainable and low waste economy mindful of the actions taken now for future generations.

Implementation, Review and Monitoring of this Strategy

The following review structure will be adopted for the life of the Strategy.

Environment and Sustainability Strategy 2023-2033

27

City of Belmont

215 Wright Street, Cloverdale Western Australia 6105
Locked Bag 379, Cloverdale Western Australia 6985
Open 8:30am - 4:45pm, Monday - Friday
9477 7222 belmont@belmont.wa.gov.au
9477 7224 (A/H) belmont.wa.gov.au

ENVIRONMENT AND SUSTAINABILITY STRATEGY (ESS) 2023 - 2033 – PUBLIC CONSULTATION FEEDBACK			
Public Consultation Feedback (Commentary provided that was not directly related to the ESS has been removed for clarity)	Officer Comment/Recommendation		
 Respondent 1: Climate Resilient Energy and Transport Transport GHG emissions make up approx 25% of emissions, but this plan does nothing to encourage the building of infrastructure that allows the community to use low-carbon transport methods. Encouraging the community via 'travel smart' initiatives is one thing, but failing to include the implementation of the Sustainable Transport Plan as a significant part of the Transport component suggests the City is not taking Climate Resilient Transport seriously. Waste and Resource Recovery According to goal 6.3 of the Plan, 'Waste does not end up in our natural areas or waterways.' The City has artfully avoided this by trucking our landfill 100 km away, ensuring that the waste does not end up in *our* waterways, but instead someone else's. Trucking all of our waste this far when much closer alternatives are available is not a sustainable decision. Sustainably Built Environments One goal noted here is to "Encourage and educate the community to embrace sustainable and healthy 	The City made the decision to focus the ESS on sustainable transport and energy objectives on internal operations. The provision of low-carbon transport options will be addressed in the major review of the Sustainable Transport Plan. Comments regarding waste and resource recovery are a commentary around waste management and not related to objective 6.3. The feedback regarding the choice of landfill option by the waste service provider will be noted. The City's waste contract is an open tender process and includes disposal of waste to landfill options. Each respondent can nominate their disposal facility provided it meets regulatory standards. The City does not nominate the location based on distance. The City has a Waste Supply Agreement which will see residual waste taken to the East Rockingham Waste to Energy facility when it opens in 2024, reducing waste to landfill and the distance for transport improving the environmental outcome.		
community to embrace sustainable and healthy lifestyles." Again, this should include sustainable transport infrastructure.	 Changes to the ESS based on feedback: Page 23: Addition of the word "operational" was added to objective 5.3. to provide clarification. 		

ENVIRONMENT AND SUSTAINABILITY STRATEGY (ESS) 2023 - 2033 – PUBLIC CONSULTATION FEEDBACK			
Public Consultation Feedback	Officer Comment/Recommendation		
(Commentary provided that was not directly related to the ESS has been removed for clarity)			
ESS has been removed for clarity) Respondent 2: Consider supporting locals to preserve their trees in their yards, with a grant program acknowledging the community and environmental benefit of keeping established trees despite the sometimes significant cost to the individual homeowner (saw a post in the community site just recently about chopping down their trees due to the cost, and lots of community members were responding that they were sad to lose the trees). I'd be happy to contribute to conserve trees in the city of Belmont! Consider investing in a move towards underground power to allow the trees to spread with less risk and cost to homeowners. Consider a free or cheap mulching program available all year to help people be water wise in their gardens. Share your resource of local natives with the Belmont community, and consider including links of where to source them, and key info (which ones are good for the yard, safe for kids/pets etc), etc. Support for additional companion verge trees for people who want them (eg one fast growing for city shade/canopy one slower growing native for habitat etc).	Tree preservation is important to the City. The provision of grant programs or other benefit programs will be investigated. The ESS has addressed the preservation of trees on private property under Objective 4.2.2. The following items are actions that can be completed within the Implementation Plan and will not affect the objectives or goals outlined within the ESS. Western Power's Targeted Underground Power Program (TUPP) is driven by the requirement for renewal based on condition. The City welcomes opportunities to participate where it can subject to costs and community feedback in relation to a cost/benefit analysis. The City currently provides free mulch annually to residents and will consider an expanded service within the Implementation Plan. This may include soil conditioning products from the upcoming FOGO program. The City will develop and publish information around local native gardening and as part of the Implementation Plan. The feedback on verge trees and canopy coverage will be noted and submitted to the Urban Forest Team for consideration in the review of the Urban Canopy Plan.		
 Please also consider working towards introducing: energy efficient LED streetlights, 			

ENVIRONMENT AND SUSTAINABILITY STRATEGY (ESS) 2023 - 2033 – PUBLIC CONSULTATION FEEDBACK	
Public Consultation Feedback (Commentary provided that was not directly related to the ESS has been removed for clarity)	Officer Comment/Recommendation
 installing electric vehicle charging stations, using recycled road construction materials, and increasing tree canopy coverage. 	The additional goals mentioned will be noted and submitted internally for preparation of future maintenance and implementation plans. No changes to ESS.
 Respondent 3: My broad concerns with the Strategy are: No stakeholder input was provided in its drafting, There is no mention of first nations people outside of the acknowledgement of country, and certainly no commitment to engage with first nations communities in the implementation of the strategy. Not all of the relevant environment and sustainability issues have been considered, only a few areas cherry picked based on available action plans. Takes a bare minimum compliance approach to greenhouse gas emission targets, even though those targets have been demonstrated to be insufficient (see Climate Analytics 2019, https://climateanalytics.org/publications/2019/a-15c-compatible-carbon-budget-for-westernaustralia/). Fails to commit to the waste heirarchy goals provided by the Western Australian government, instead opting for vauge goals around 'minimisation' and 'managing impacts'. Fails to commit to electrification of the City's fleet or mention a community EV charging strategy. 	The City's inaugural First Nations Strategy is in draft form and when adopted by Council, a reference can be included in a future review of the ESS with any identified actions listed in the Implementation Plan. The six key themes chosen for the ESS were developed from our Strategic Community Plan 2020-2040, which was based upon the community's priorities and needs. Comments regarding emissions targets will be investigated within the development of the Future Energy Action Plan. The ESS addresses the Waste Hierarchy in goal 6.1.1. and aims to meet the targets set out in the <i>Waste Avoidance and Resource</i> <i>Recovery Strategy</i> (theStrategy). The City's Waste Plan which has been endorsed by Council and is available on the website aligns with the Strategy. The Waste Plan has also been approved by the Department of Water and Environmental Regulation. The City has not included objectives or goals in the ESS around electrification of the City's fleet or provision of community EV
	ILITY STRATEGY (ESS) 2023 - 2033 – TATION FEEDBACK
---	--
Public Consultation Feedback (Commentary provided that was not directly related to the ESS has been removed for clarity)	Officer Comment/Recommendation
	infrastructure. The introduction of EV's into the City's fleet will be based on opportunities for transition as current vehicles are replaced. Replacements should represent good value based on whole of life costs with respect to the forecast usage and kms travelled.
	A more comprehensive investigation is scheduled to be conducted in 2024 to ensure these items are financially feasible and provide a justifiable benefit to the whole community.
	No changes to ESS.
 Respondent 4: I think a four year strategy, put out for comment every four years, would have been better. Integrate environment and natural resource management 	The ESS was developed to be a 10-year strategic document, with major reviews in 2028 and 2033. These major reviews will include public comment.
with broader land use planning and decision-making whilst protecting, conserving, and enhancing the natural environment.	In developing the ESS, extensive consultation was undertaken to ensure that it aligns with existing legislation and Council Policies. Where necessary, new policies are being developed as noted in the ESS.
	 Changes to the ESS based on feedback: Page 27: Amended to reflect a mid-way review in 2028 and major review in 2033.

	ILITY STRATEGY (ESS) 2023 - 2033 – TATION FEEDBACK
Public Consultation Feedback (Commentary provided that was not directly related to the ESS has been removed for clarity)	Officer Comment/Recommendation
 Respondent 5: Item 1.7: Liaise with business stakeholders outside of Belmont to promote external investment and the City to offer incentive for higher quality investment. Item 2.1: Include a review of unnecessary clearing of vegetation on private lands. Item 2.2.1: Use diverse and climate resilient planting instead of natives. Item 3.2.2: Specific this goal to "remedial planting along the Swan River foreshore, at reserves co-managed between City of Belmont and WaterCorp, in addition to sumps and drains fully managed by WaterCorp." Item 4.2: we suggest the City implement planning strategies that prescribes minimum efficiency standards for developments to be equipped to face climate change challenges. Item 5.1.1: Provide a more ambious aim than 100% renewable energy by 2050. Suggestion of a more detain plan outside of the annual and major mid-term review. This section of the Strategy should outline key goals to ensure that progress is made in a measurable and sustainable way for the City's staff and the benefit of implementing these actions for residents. 	 The City promotes investment opportunities for businesses through its Economic Development team. The City has addressed the clearing of private vegetation in objective 4.2.2. The City takes the approach of using native/hybrids specific to the Swan Coastal Plain where it can. The inclusion of Swan River foreshore and co-managed spaces are detailed in the Ecology and Biodiversity Goals. An additional goal has been added to implement a planning mechanism for sustainable development outcomes. The City's targets and goals are set as a minimum. The Future Energy Action Plan can implement actions to achieve a higher target. Changes to the ESS based on feedback: Page 20: Addition of objective 4.2.3 to demonstrate that the City will investigate planning mechanisms to implement a standard of sustainable development outcomes.

	ILITY STRATEGY (ESS) 2023 - 2033 – TATION FEEDBACK
Public Consultation Feedback	Officer Comment/Recommendation
(Commentary provided that was not directly related to the	
ESS has been removed for clarity)	
Respondent 6:	The initiatives eviding dividing a second second second in a section static data
• The groups main concern is the implementation, review and monitoring of the draft strategy.	The initiatives outlined will be considered as actions within the Implementation Plan.
• The main portion of this response was providing initiatives that can be implemented along side the strategy. To summaries, this initiatives include:	The City takes the approach of using native/hybrids specific to the Swan Coastal Plain where it can.
 Conversion of streetscapes (verges and median strips) and park verges into planted spaces. Transition to underground power. 	The commentary regarding compliance actions will be noted for the Implementation Plan.
 Wetland rehabilitation and landscaping of co- managed spaces including Water Corporation owned drainage. Ecological initiatives such as seed collection. 	An additional goal has been added to implement a planning mechanism for sustainable development outcomes. The City's targets and goals are set as a minimum.
Employment of bin compliance officer.Comment was made about the use of tree species and	The Future Energy Action Plan can implement actions to achieve a higher target, if desired.
 tree canopy goals. This is address in the City's Tree Canopy Plan. The use of native species should be changed to diverse and climate resilient planting. A number of compliances suggestions were made including the provision of case numbers for enquires, and residential bin audits. The consideration of having a minimum build standard to encourage sustainable and better quality developments. 	The City has an endorsed Waste Plan (available on the website) that also has been approved by the Department of Water & Environmental Regulation which addresses the targets for waste minimisation and resource recovery required by the State Governments Waste Avoidance and Resource Recovery Strategy. The City will also be addressing waste education to improve separation at the source No changes to ESS.
 Provide targets for the council's energy use, for example, electrifying the fleet by 2025. 	

ENVIRONMENT AND SUSTAINABILITY STRATEGY (ESS) 2023 - 2033 – PUBLIC CONSULTATION FEEDBACK									
Public Consultation Feedback (Commentary provided that was not directly related to the ESS has been removed for clarity)	Officer Comment/Recommendation								
 There is no clear strategy for waste management. A section was relating to Orrong Road, which is not relevant to the ESS. 									

12.5 2023-2024 October Budget Review

Voting Requirement	:	Absolute Majority
Subject Index	:	54/004 Budget Documentation Council
Location/Property Index	:	N/A
Application Index	:	N/A
Disclosure of any Interest	:	N/A
Previous Items	:	N/A
Applicant	:	N/A
Owner	:	N/A
Responsible Division	:	Corporate and Governance

Council role

Executive The substantial direction setting and oversight role of the Council eg adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

Purpose of report

The purpose of this report is to present the October 2023 Budget Review and to seek Council's authorisation of the proposed budget amendments arising from the review.

Summary and key issues

In keeping with sound financial management practices, a review of the 2023-2024 Adopted Budget has been conducted with the aim of reviewing carried forward items from 2022-2023 and including other amendments.

Officer Recommendation

That Council, in accordance with *Local Government (Financial Management) Regulations 1996* Regulation 33A, adopt the amendments contained in the 2023-2024 October Budget Review (Attachment 12.5.1).

An absolute majority of Council is required

Location

Not applicable.

Consultation

There has been no specific consultation undertaken in respect to this matter other than internal staff.

Strategic Community Plan implications

In accordance with the 2020 – 2040 Strategic Community Plan:

Goal 5: Responsible Belmont

Strategy: 5.2 Manage the City's assets and financial resources in a responsible manner and provide the best possible services for the community.

Policy implications

There are no policy implications associated with this report.

Statutory environment

Regulation 33A of the *Local Government (Financial Management) Regulations 1996* requires a local government to carry out a review of its budget between 1 January and 28 February each year, report it to Council on or before 31 March, and then report the outcome of the review to the Department of Local Government Sport and Cultural Industries within 14 days. Although this current budget review is not mandatory, it has been considered good financial practice to perform two budget reviews at the City of Belmont. The second budget review will be conducted in February and reported to Council in March 2024.

Background

In keeping with Council's ongoing budget control and financial management, a number of adjustments are required to ensure Council's Budget continues to reflect an accurate position. Since the detailed budget was prepared, the 2022-2023 Financial statements have been prepared and the carried forward figures and surplus amounts can now be updated. It is important to note that this brought forward position remains subject to financial audit.

The October Budget Review process is predominantly aimed at addressing the following issues:

- Decisions of Council requiring funding
- New items arising following the original budget adoption
- Updating of carry forward works
- Reviewing and updating the estimated opening surplus.

Report

Opening Balance

As has been the case in previous Budget Reviews, one of the issues to be addressed relates to the estimated opening balance. The opening balance is predicted early in the budget process to enable budget preparation and rate modelling to proceed and is a best estimate at that point in time. This surplus position is finalised when the City's audit has been completed.

The financials for 30 June 2023 have been completed, however the audit is expected to be completed at the end of November 2023 and at that stage the opening surplus will be confirmed. In the interim, the opening surplus has been updated based on the recent estimates and will be further updated during the March 2024 budget review.

The following summarises the movement in the opening surplus position for this review:

Budgeted opening surplus	\$7,559,492
Increase in opening surplus	\$4,554,448
Estimated opening surplus position	\$12,113,940

The increased surplus of \$4.5m is attributable to the following:

- Carry forward of budgeted funds for projects that was not spent in 2022-2023 of \$3M not previously budgeted in 2023-2024
- Higher than anticipated advance payment of Financial Assistance Grant received 30 June 2023 of \$1.2M

Budget Amendments

The detail of the proposed budget review is included in the following documents:

- Budget Review Comparison (Attachment 12.5.1);
- Statement of Financial Activity (Attachment 12.5.2); and
- Budgeted Reserve Balances for the year ending 30 June 2024 (Attachment 12.5.3).

A detailed listing of all budget adjustments can be found at Attachment 12.5.1. It should be noted that the report includes only those line items that have changed during the review process.

An updated Statement of Financial Activity at Attachment 12.5.2 compares the proposed October budget review to the adopted budget. Material adjustments are included below.

Revenue from operating activities has increased by \$2,935,023, including the following amendments:

- Higher than anticipated advance payment of Financial Assistance Grant \$1.2M
- Higher interest earnings as a result of higher rates on investments and increased balances \$1.5M

Expenditure from operating activities has increased by \$4,528,630, including the following amendments:

- Increase to loss on asset disposals of \$1.6M as a result of fleet & plant replacements not delivered by 30 June
- Inclusion of costs relating to street lighting not previously included \$866K
- Inclusion of costs to repair network infrastructure at Belmont Hub of \$219K (to be claimed on insurance)
- Various increases to City Facilities maintenance \$198K
- Additional resourcing required to support FOGO rollout \$193K
- Various increases to Economic & Community Development programs \$188K
- Inclusion of various hardware/software costs \$180K
- Inclusion of election costs of \$138K (to be funded from reserve)
- Inclusion of \$115K asset valuation costs not completed prior to 30 June

Amounts attributable to investing activities have increased by \$1,796,104, including the following amendments:

- Inclusion of \$1.2M Park, Leisure & Environment projects not completed prior to 30 June, including various irrigation projects
- Inclusion of \$622K Footpath and Road projects not completed prior to 30 June

Amounts attributable to financing activities have increased by \$4,099,757, including the following amendments:

- Increased transfer to reserve to fund future projects \$3.8M
- Increased transfer to reserve of Bilya Kard Boodja funding to reserve until DBCA approval granted \$1.6M
- Increased transfer to reserve relating to increased reserve interest earnings \$421K
- Increased transfer from reserve for funding of various items including employee long service leave entitlements \$283K, interim funding of Hub repairs \$219K, FOGO implementation \$151K, election costs \$138K and aged persons improvements \$137K

Financial implications

The presentation of these reports to Council ensures compliance with the Local Government Act 1995 and associated Regulations, and also ensures that Council is regularly informed as to the status of its financial position.

Environmental implications

There are no environmental implications associated with this report.

Social implications

There are no social implications associated with this report.

00 - Operating					
1127 - Hire (Property & Equipment)	260,000	154,777	310,000	50.000	\$120,000 added to 911500-00-1127-000 for Dell Managed XDR Security Solution. This was approved as an emergency procurement and resolved a critical
					vulnerability in CoB IT security. Ongoing cost as this is required to ensure compliance withOAG audits going forward unless CoB hires full-time IT security
					staff.
					October: Allocating \$50k from IT Reserve 911500-00-6820-000 for leasing costs to replaceof old PC/Laptop hardware (was due next FY, though the older computers have appeared as an OAG finding so there is a need to expedite this)
1237 - Business Applications	1,567,557	790.649	1.697.557		Higher in 23/24 FY due to requirement to purchase TechOne Enterprise licensing (Cost of \$140,000) to support the SaaS transition project
	1		,,		This cost was reduced to \$114,292 by removing other budget items no longer required.
					October: Transferred \$130k from IT reserve 911500-00-6820-000 to cover
					Voluber: Transience 3 row from the serve 3 in Sub-rule about to down \$60k Zzescan Records Scanning Solution (the current software solution that Records team are using – Objective – has reached end of life earlier than
					anticipated and requires replacing asap)
					\$60k Mimecast antispam and archiving (the City's current email compliance archiving and anti-spam solutions do not appear to meet the OAG's
					requirements and requires uplift for compliance) \$10k MS licensing uplift (Microsoft have changed their PowerBI licensing requirements, and now require the City to pay \$15 per user, per month, for staff to view PowerBI reports)

Council role

Executive The substantial direction setting and oversight role of the Council eg adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

Purpose of report

To elect, appoint and nominate delegates/representatives to various Advisory Groups, Community Group, Panels and other Committees.

Summary and key issues

Elected Members and Officer are appointed/nominated to various groups following each Local Government Election and should note the following responsibilities:

Some of the powers and duties of Group and Committee Members are laid down by the appropriate constitution or Terms of Reference. Councillors/Officers who are Group or Committee Members should make themselves familiar with the relevant provisions.

Further:

(a) The duty to act bona fide in the interests of the association as a whole. Generally the Committee Members are vested with a right and duty of deciding where the association's interests lie, and how they are to be served, so their judgement is generally not open to review provided that the Committee Members have exercised their powers in good faith and not for irrelevant purposes or arbitrarily.

(b) **Duty not to act for an improper purpose.**

For example, to benefit oneself or one's associate, or to act in such a way as to put a disadvantage on Members of the association whilst advantaging others.

(c) **Duty to avoid conflicts of interest.** This is particularly important where the Committee Member has in mind to enter into a contract with the association in their own right.

(d) Duty not to abuse confidential information or corporate opportunities obtained in the course of Committee Membership.

(e) Duty of care.

The standards expected of company directors are changing with the changing expectations of the community. Despite this, the law still recognises a distinction between the duty of care of the Chief Executive and Executive Directors on one hand, and non-Executive Directors on the other.

Given the voluntary nature of service on a committee, it is unlikely that a duty of care of an association Committee Member would be any greater than that of a non-Executive Director of a company. That duty of care is said to be a duty to take reasonable steps to place oneself in a position to guide and monitor the management of the company or association (Halsbury's Laws of Australia [120-7430]).

Officer Recommendation

That Council:

- 1. Appoints the following Elected Members and Officers to the Aboriginal Advisory Group:
 - a) Cr _____ (Member)
 - b) Cr _____ (Member)
 - c) Chief Executive Officer or Director Development and Communities (Member)

Location

Not applicable.

Consultation

There has been no specific consultation undertaken in respect to this matter.

Strategic Community Plan implications

In accordance with the 2020 – 2040 Strategic Community Plan:

Goal 5: Responsible Belmont

Strategy: 5.1 Support collaboration and partnerships to deliver key outcomes for our City. **Strategy:** 5.6 Deliver effective, fair and transparent leadership and decision-making, reflective of community needs and aspirations.

Policy implications

There are no policy implications associated with this report.

Statutory environment

There are no specific statutory requirements in respect to this matter.

Background

The appointment/nomination of Elected Members to various groups is undertaken following the Local Government Elections.

On 28 September 2023, the Chief Executive Officer received a letter from the Director General of the Department of Planning, Lands and Heritage (the Department) requesting nominations for four (4) DAP members (two (2) member and two (2) alternate members) to be received by the Department no later than Friday 24 November 2023. The current DAP members term expires on 26 January 2024.

Report

Appointments/nominations to other various Groups and Committees is required following the Local Government Elections. Information regarding the purpose, composition and other meeting information for each Group is set out in Attachment 12.6.1.

For information, the membership of each Group for the period October 2021 to October 2023 is set out below:

Aboriginal Advisory Group

***2nd Proxy voting delegate at the WALGA AGM

On 17 August 2023 the East Metropolitan Zone resolved the following change to the number of delegates on the Zone:

RESOLUTION

Moved:	Cr Giorgia Johnson
Seconded:	Cr Catherine Ehrhardt

That the East Metropolitan Zone supports the change in Zone membership by reducing its voting delegates from three to two Zone Delegates and two Deputy Zone Delegates from each member Local Government effective from the commencement of the first Zone meeting following the Ordinary Council Elections.

CARRIED

There is no requirement for the Mayor to automatically be a delegate due to their role on Council, but can nominate or be nominated to be a voting or proxy voting delegate.

Financial implications

There are no financial implications evident at this time.

Environmental implications

There are no environmental implications associated with this report.

Social implications

The City's community advisory groups provide the opportunity for community members to regularly meet with City staff and Elected Members to provide recommendations and feedback based on their lived experience to help guide the implementation of our community-based strategies.

There are a range of social implications associated with membership to these advisory groups including:

- Assisting in developing community capacity around leadership and civic participation.
- Increasing the perception of the City being responsive to community needs.
- Contributing to a community in which residents and stakeholders feel valued, included and listened to.

Councillor		N/A
Councillor		N/A
Officer	Chief Executive Officer	N/A
Officer	Manager Economic and Community Development	N/A
Officer	Coordinator Community and Cultural Engagement	N/A
Officer	Cultural Engagement Officer	N/A

Purpose of Group

The Aboriginal Advisory Group (AAG) has been established to:

Provide strategic direction and leadership to ensure:

- a. a link between Council, the local government and the Belmont community.
- b. forums exist and community members and stakeholders are given the opportunity to assist in the development and implementation of the City's Aboriginal strategies and plans.
- c. primary focus is on issues which the Council has the ability (financially and legislatively) to address rather than issues which are the responsibility of Commonwealth or State Government Departments, the non-Government sector or other community groups. The Advisory Group may, however, provide information and advice on such issues if it considers the City has a role to play, as an advocate, partner or supporter.

Meeting Information:

A minimum of three (3) meetings will be held per year and will be scheduled for two (2) hours unless prior agreement is made to extend a meeting for a specific purpose.

Meetings will be held at the City of Belmont Civic Centre, unless otherwise agreed to be held at an alternative community-based venue.

The annual calendar of meetings will be distributed to members by the City's relevant Administration Officer at the beginning of the calendar year.

Meetings may only be called by City of Belmont Officers and a City of Belmont Officer must be present.

Airport Consultative Environment and Sustainability Group

Membership	Status	Proxy
Councillor		
Officer	Coordinator Environment	N/A

Purpose of Group

In keeping with Perth Airport Pty Ltd's (PAPL) vision and as stated within the *Perth Airport Environment Strategy* contained within the Perth Airport Master Plan 2020, the purpose of the Perth Airport Environmental Consultative Group is therefore to allow for the following:

- Meet quarterly
- Discuss topics related to environmental management of the Perth Airport Estate
- Discuss relevant updates
- Inform and discuss relevant updates on Perth Airport developments
- An opportunity for tenants to learn and work together to minimise environmental impacts of their operations, and to facilitate improved environmental outcomes.

Meeting Information

A quarterly meeting schedule will be developed at the beginning of each calendar year. All meetings will we chaired by PAPL's Head of Approvals, Environment & Heritage and will be minuted by a PAPL representative.

Belmont Business Advisory Group

Membership	Status	Proxy
Councillor		
Councillor		
Officer	Director Development and Communities	N/A
Officer	Manager Economic and Community Development	N/A

Purpose of Group

The Belmont Business Advisory Group (BBAG) has been established to:

- Provide strategic direction and leadership to ensure:
 - a. a link between Council, the local government and the Belmont community.
 - b. forums exist and community members and stakeholders are given the opportunity to assist in the development and implementation of the City's Economic Development Strategy.
 - c. primary focus is on issues which the Council has the ability (financially and legislatively) to address rather than issues which are the responsibility of Commonwealth or State Government Departments, the non-Government sector or other community groups. The Advisory Group may, however, provide information and advice on such issues if it considers the City has a role to play, as an advocate, partner or supporter.

Meeting Information

A minimum of three (3) meetings will be held per year and will be scheduled for two (2) hours unless prior agreement is made to extend a meeting for a specific purpose.

Meetings will be held at the City of Belmont Civic Centre, unless otherwise agreed to be held at an alternative community-based venue.

The annual calendar of meetings will be distributed to members by the City's relevant Administration Officer at the beginning of the calendar year.

Meetings may only be called by City of Belmont Officers and a City of Belmont Officer must be present.

Belmont Retirement Villages Board of Management (Inc)

Membership	Status	Proxy
Mayor		
Councillor		
Officer	Chief Executive Officer	Director Corporate and Governance

Purpose of Board

An incorporated body that has the responsibility of managing the entire operations of the Faulkner Park Retirement Estate. Funds earned in excess of the village's long-term requirements are retained by Council 'for the use and benefit of the aged persons of the City'.

The Association's committee of management has two Councillors (historically the Mayor and the Presiding Member of the Community Vision Committee) and the Chief Executive Officer, plus designated community members; namely, one person representing each of the following categories: medical/aged care professional; finance sector; business sector; and prominent community identity.

Clause 8(1)(f) of the Belmont Retirement Villages Association Constitution provides the capacity for each of the City of Belmont delegates to be represented by a proxy.

Meeting Information

Meetings are held approximately four times per year on the third Thursday of the relevant month at 4.30pm. Duration approximately 1-1.5 hours.
Belmont Sister City Association (Inc)

Membership	Status	Proxy
Councillor		
Officer	Coordinator Community Development	N/A

Purpose of Association

To promote the Sister City relationship that exists between the City of Belmont in Western Australia and its Sister City, the special ward of Adachi in Japan, and to increase public awareness of and community involvement in that relationship.

The key activities the City delivers under the relationship are exchange tours to and from Adachi, with annual student tours and less regular citizen exchange tours. These activities support achieving both strategic multicultural objectives and youth leadership development objectives.

The BSCA Terms of Reference identify that the representative member from Council on the BSCA travels to Adachi for the 10-day tours each January, so availability for this, and associated supporting tour preparation meetings and duties should be a consideration of Elected Members.

Meeting Information

Meetings are held at the City of Belmont Civic Centre, 215 Wright Street, Cloverdale at 5.30pm on the second Wednesday of every second month. Duration of meeting is approximately 2 hours.

Cultural Diversity Advisory Group

Membership	Status	Proxy
Councillor		
Officer	Manager Economic and Community Development	N/A
Officer	Coordinator Community and Cultural N/A Engagement	
Officer	Cultural Engagement Officer	N/A

Purpose of Group

The Cultural Diversity Advisory Group (CDAG) has been established to:

- Provide strategic direction and leadership to ensure:
 - a. a link between Council, the local government and the Belmont community.
 - b. forums exist and community members and stakeholders are given the opportunity to assist in the development and implementation of the City's Multicultural Strategy 2020 and Beyond.
 - c. primary focus is on issues which the Council has the ability (financially and legislatively) to address rather than issues which are the responsibility of Commonwealth or State Government Departments, the non-Government sector or other community groups. The Advisory Group may, however, provide information and advice on such issues if it considers the City has a role to play, as an advocate, partner or supporter.

Meeting Information

A minimum of three (3) meetings will be held per year and will be scheduled for two (2) hours unless prior agreement is made to extend a meeting for a specific purpose.

Meetings will be held at the City of Belmont Civic Centre, unless otherwise agreed to be held at an alternative community-based venue.

The annual calendar of meetings will be distributed to members by the City's relevant Administration Officer at the beginning of the calendar year.

Meetings may only be called by City of Belmont Officers and a City of Belmont Officer must be present.

Metro Inner-South Joint Development Assessment Panel (JDAP)

Membership	Member*	Alternate Member**
Councillor	Cr *	Cr **
Councillor	Cr *	Cr **

*Term from 26/01/2022 to 26/01/2024

** Either Alternative Member may be called upon at the discretion of the Department of Planning.

Purpose of Panel

Development Assessment Panels (DAPs) are panels comprising a mix of technical experts and local government representatives with the power to determine applications for development approvals in place of the relevant decision-making authority. The Metro Inner-South Joint DAP incorporates the local governments of Belmont, Canning, East Fremantle, Fremantle, Melville, South Perth, and Victoria Park.

Meeting Information

All DAP meetings will be held in public and will be conducted in accordance with the Planning and Development (Development Assessment Panels) Regulations 2011, the DAP Code of Conduct and the DAP Standing Orders published by the Department of Planning, Lands and Heritage (DPLH). The DAP Secretariat, comprising officers of DPLH organise the DAP meeting where that application will be determined.

Perth Airports Municipalities Group Inc (PAMG)

Membership	Status	Deputy Delegate
Delegate		
Chief Executive Officer*	Chief Executive Officer*	N/A
Officer*	EA to the Mayor and CEO*	N/A

* Non-voting Member

Purpose of Group

Providing a forum for open discussion, exchange of information and consultation between Local Governments, their local communities and metropolitan airports relating to on-airport, off-airport development or environmental issues which directly or indirectly impact on the community. Composed of 13 member councils the PAMG's purpose is:

- a. To provide a forum of meaningful discussion on issues which affect Metropolitan Airports and their environs
- b. To investigate, report and formulate recommendations in respect of matters affecting or likely to affect the development of Metropolitan Airports
- c. To monitor the use and environmental impact of Metropolitan Airports on neighbouring communities
- d. To advise relevant State and Federal ministers, State and Commonwealth government departments, Airport Noise Management Committees, Community Aviation Consultative Committees and the Owner/s of Perth and Jandakot airports on issues of major concern affecting airports and the surrounding communities
- e. To establish and maintain a strong partnering relationship with the Owner/s of Perth and Jandakot airports for the purpose of open and effective dialogue to identify, discuss, advise, research and seek proactive resolutions to issues affecting the airports and the immediate local community
- f. To provide a conduit and consultation mechanism for the expression of community views and a proper exchange of information with members of the community
- g. To consider all proposals affecting airport development and operations before policy decisions are made and before changes are effected in relevant legislation and regulations
- h. To liaise with the airport emergency procedures committees where necessary on matters involving emergency co-ordination and rescue response
- i. To pursue active participation on Australian Mayoral Aviation Council (AMAC) and such other bodies that may come into existence for the purpose of fostering participation in the development, use and monitoring the impact of airports
- j. To promote the economic benefits of civil aviation airports
- k. To liaise with local government on issues of concern to the community, and to provide a forum for discussion of planning and development issues affecting future communities close to the major municipal airports.

Elected Member Representatives on Committees and Other Groups

10

Meeting Information:

There are two ordinary meetings per annum plus an annual general meeting (coincides with an ordinary meeting). Meetings are generally held the first Wednesday of June and December. Meetings start at 5.30pm and conclude at 6.30pm with dinner held afterwards (commencing 6.30pm). Meetings are currently hosted by the City of Belmont.

Public Art Advisory Panel

Membership	Status	Proxy
Councillor		
Councillor		
Officer	Manager Library, Culture and Place	N/A
Officer	Manager Parks, Leisure and	N/A
Onioci	Environment	
Officer	Coordinator Arts and Place	N/A
Officer	Parks Projects Coordinator	N/A
Officer	Arts Officer	N/A

Purpose of Panel

The purpose of the Public Art Advisory Panel (the Panel) is to provide a formal mechanism for Council to consult with key stakeholders, seek specialist advice in the growth and development of public art in the City of Belmont.

In particular, it will provide advice to Council on issues relating to public art and make recommendations on public art commissions in accordance with the current 'Public Art Directions and Masterplan or similar strategy/policy'.

Meeting Information

Meetings are to be scheduled on the first Wednesday or Thursday of the month as required.

WA Local Government Association East Metropolitan Zone

Membership	Status	Proxy
Councillor*	Cr	Cr
Councillor*	Cr	Cr

*Voting delegate at the WALGA AGM

** Proxy voting delegate at the WALGA AGM

Purpose of Zone

A designated zone (which incorporates the local governments of Belmont, Bassendean, Bayswater, Kalamunda, Mundaring and Swan) of the Local Government Association that has input into the Western Australian Local Government Association agenda. The Western Australian Local Government Association is the peak representative body for the state's local governments.

Meeting Information

Meetings are held five times per year at the City of Belmont, commencing at 6.30pm. Meeting duration approximately 2 hours.

12.7 Standing Committee (Audit and Risk) - Appointment of an Independent Member

Voting Requirement	:	Simple Majority
Subject Index	:	19/003 Standing Committee (Audit and Risk)
Location/Property Index	:	N/A
Application Index	:	N/A
Disclosure of any Interest	:	Nil
Previous Items	:	OCM - 26 October 2021 - Item 12.3
Applicant	:	N/A
Owner	:	N/A
Responsible Division	:	Corporate and Governance

Council role

Executive The substantial direction setting and oversight role of the Council eg adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

Purpose of report

For council to consider and endorse the appointment of an Independent Member to the Standing Committee (Audit and Risk).

Summary and key issues

An Independent Member is appointed to the Standing Committee (Audit and Risk) for a maximum term of two years to align with local government ordinary elections. This appointment is made in line with Local Government Operational Guideline Number 9 – Audit in Local Government (the appointment, function and responsibilities of Audit Committees).

Officer Recommendation

That Council appoint Shona Zulsdorf to the position of Independent Member of the Standing Committee (Audit and Risk) for a term to expire 17 October 2025 at an expenses reimbursement rate of \$425 per meeting.

Location

Not applicable.

Consultation

There has been no specific consultation undertaken in respect to this matter.

Strategic Community Plan implications

In accordance with the 2020 – 2040 Strategic Community Plan:

Goal 5: Responsible Belmont

Strategy: 5.2 Manage the City's assets and financial resources in a responsible manner and provide the best possible services for the community

Policy implications

There are no policy implications associated with this report.

Statutory environment

The existence and conduct of the Standing Committee (Audit and Risk) ensures compliance with the *Local Government Act 1995* and the *Local Government (Audit) Regulations 1996.*

Background

Local Government Operational Guideline Number 9 – Audit in Local Government outlines the appointment, functions and responsibilities of Audit Committees.

This guideline details the process for the appointment of an Independent Member to the Standing Committee (Audit and Risk) with the appropriate skills and experience, to provide Council and the community with an increased level of Corporate Governance and to ensure a best practice approach.

Advertisements were placed in 'The West Australian' on Wednesday, 23 August 2023 and 'Perth Now' on Thursday 24 August 2023, as well as a Public Notice placed on the City's website, Library Community Notice Board and the Civic Centre inviting expressions of interest from suitably qualified and experienced persons. Two expressions of interest were received and are attached as Confidential Attachment 12.7.1 and Confidential Attachment 12.7.2.

Report

An Evaluation Panel consisting of Director Corporate and Governance, Director Community and Development and Manager Governance, Strategy and Risk met with each candidate and evaluated them against the criteria outlined in the advertisement.

1	Business or financial management knowledge and experience.
2	Business or financial reporting knowledge and experience.
3	Conversant with financial and other reporting requirements.
4	Local Government exposure (advertised as not essential - highly regarded).

The Evaluation Panel discussed the evaluations, criteria and the proposed level of reimbursement provided by each of the applicants.

The two Expressions of Interest submitted were considered to be of high calibre from applicants with a broad range of experience. The Expression of Interest from Ms Shona Zulsdorf was deemed the most appropriate and is recommended by the panel as the preferred Independent Member due to having relevant local government experience and a good working knowledge of industry best practice.

The appointment will be for a two-year period, to expire immediately before the next Ordinary Election being 18 October 2025.

Financial implications

Expenses for the Independent Member of the Standing Committee (Audit and Risk) are appropriately budgeted.

Environmental implications

There are no environmental implications associated with this report.

Social implications

There are no social implications associated with this report.

	with s5.23(b) of the Local Government Act 1995) [12.7.2 - 4 pages]	

12.8 Accounts for Payment - September 2023

Voting Requirement	:	Simple Majority
Subject Index	:	54/007-Creditors-Payment Authorisations
Location/Property Index	:	N/A
Application Index	:	N/A
Disclosure of any Interest	:	NIL
Previous Items	:	N/A
Applicant	:	N/A
Owner	:	N/A
Responsible Division	:	Corporate and Governance

Council role

Executive The substantial direction setting and oversight role of the Council eg adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

Purpose of report

To present to Council the list of expenditure paid for the period 01 September 2023 to 30 September 2023 under delegated authority.

Summary and key issues

A list of payments is presented to the Council each month for confirmation and endorsement in accordance with the *Local Government (Financial Management) Regulations 1996.*

Officer Recommendation

That the Authorised Payment Listing for September 2023 as provided under Attachment 12.8.1 be received.

Location

Not applicable.

Consultation

There has been no specific consultation undertaken in respect to this matter.

Strategic Community Plan implications

In accordance with the 2020 – 2040 Strategic Community Plan:

Goal 5: Responsible Belmont

Strategy: 5.2 Manage the City's assets and financial resources in a responsible manner and provide the best possible services for the community

Strategy: 5.6 Deliver effective, fair and transparent leadership and decision-making, reflective of community needs and aspirations

Policy implications

There are no policy implications associated with this report.

Statutory environment

Regulation 13(1) of the *Local Government (Financial Management) Regulations* 1996 states:

"If the local government has delegated to the CEO the exercise of its power to make payments from the municipal fund or the trust fund, a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared:

- (a) the payee's name;
- (b) the amount of the payment;
- (c) the date of the payment; and
- (d) sufficient information to identify the transaction."

(3) A list prepared under sub regulation (1) is to be presented to Council at the next ordinary meeting of Council after the list is prepared; and recorded in the minutes of that meeting.

Regulation 13A of the *Local Government (Financial Management) Regulations* 1996 effective from 1 September 2023 states:

- (1) If a local government has authorised an employee to use a credit, debit or other purchasing card, a list of payments made using the card must be prepared each month showing the following for each payment made since the last such list was prepared —
 - (a) the payee's name;
 - (b) the amount of the payment;
 - (c) the date of the payment;
 - (d) sufficient information to identify the payment.

- (2) A list prepared under subregulation (1) must be
 - (a) presented to the council at the next ordinary meeting of the council after the list is prepared; and
 - (b) recorded in the minutes of that meeting.

Background

Council has delegated to the Chief Executive Officer under Delegation 1.1.18 to make payment from the Municipal and Trust Fund account. In accordance with Regulation 13(1) of the *Local Government (Financial Management) Regulations 1996,* where this power has been delegated, a list of payments each month is to be compiled and presented to Council.

Report

The following summary of payments are recommended for confirmation and endorsement.

Payment type	Payment reference	\$
Municipal Fund Cheques	788869-788870	286.75
Municipal Fund EFTs	EF086150-EF086628	6,940,016.38
Municipal Fund Payroll	September 2023	1,572,468.13
Trust Fund EFT	EF086266-EF086268	41,493.83
Total Payments for September 2023		8,554,265.09

A copy of the Authorised Payment Listing is included as Attachment 12.8.1.

Financial implications

All expenditure included in the Authorised Payment Listing is in accordance with Council's Annual budget.

Environmental implications

There are no environmental implications associated with this report.

Social implications

There are no social implications associated with this report.

Subject Index	:	32//009 Financial Operating Statements
Location/Property Index	:	N/A
Application Index	:	N/A
Disclosure of any Interest	:	N/A
Previous Items	:	N/A
Applicant	:	N/A
Owner	:	N/A
Responsible Division	:	Corporate and Governance

Council role

Executive The substantial direction setting and oversight role of the Council eg adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

Purpose of report

To provide Council with relevant monthly financial information for the 2022-2023 financial year.

Summary and key issues

The following report includes a concise list of material variances for the month ending 30 September 2023.

Officer Recommendation

That the Monthly Financial Reports as at 30 September 2023 as included in Attachment 12.9.1 be received.

Location

Not applicable.

Consultation

There has been no specific consultation undertaken in respect to this matter.

Strategic Community Plan implications

In accordance with the 2020 – 2040 Strategic Community Plan:

Goal 5: Responsible Belmont

Strategy: 5.2 Manage the City's assets and financial resources in a responsible manner and provide the best possible services for the community.

Policy implications

There are no policy implications associated with this report.

Statutory environment

Section 6.4 of the *Local Government Act* 1995 in conjunction with Regulations 34 (1) of the *Local Government (Financial Management) Regulations* 1996 requires monthly financial reports to be presented to Council.

Regulation 34(1) requires a monthly Statement of Financial Activity reporting on revenue and expenditure.

Regulation 34(5) determines the mechanism required to ascertain the definition of material variances which are required to be reported to Council as a part of the monthly report. It also requires Council to adopt a "percentage or value" for what it will consider to be material variances on an annual basis.

Background

Local Government (Financial Management) Regulations 1996 prescribe that a Local Government is to prepare each month a Statement of Financial Activity.

Regulation 34(2) requires the Statement of Financial Activity to be accompanied by documents containing:

- 1. Explanation for each material variance identified between year to date budgets and actuals
- 2. Any other supporting information considered relevant by the Local Government. *Local Government (Financial Management) Regulations 1996* - Regulation 34 (5) states "Each financial year, a Local Government is to adopt a percentage or value, calculated in

accordance with the Australian Accounting Standards, to be used in statements of financial activity for reporting material variances."

This regulation requires Council to annually set a materiality threshold for the purpose of disclosing budget variances within monthly financial reporting.

The materiality threshold has been set by Council at \$100,000 for the 2023-2024 financial year.

Report

At the June 2023 Ordinary Council Meeting, Council adopted the materiality threshold for the 2023-2024 financial year as \$100,000. The below table provides a summary of significant variances based on this materiality threshold. The detailed financial activity report is included at Attachment 12.9.1.

Report Section	Budget YTD	Actual YTD	Report Comments						
Operating Activities									
Revenue from operating	activities (exc	cluding rates	5)						
Operating grants, subsid	ies and contr	ibutions							
Works	172,345	14,940	Better Bins grant funding yet to be received

NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY FOR THE PERIOD ENDED 30 SEPTEMBER 2023

1 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the Local Government Act 1995 read with the Local Government (Financial Management) Regulations 1996, prescribe that the financial report be prepared in accordance with the Local Government Act 1995 and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the City to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supporting information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

Judgements and estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- impairment of financial assets
- estimation of fair values of land and buildings, infrastructure and investment property
- estimation uncertainties made in relation to lease accounting
- estimated useful life of intangible assets

SIGNIFICANT ACCOUNTING POLICES

Significant acccounting policies utilised in the preparation of these statements are as described within the 2023-24 Annual Budget. Please refer to the adopted budget document for details of these policies.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 30 September 2023

Adjustments to net current assets				
Less: Reserve accounts		(44,568,885)	(61,681,383)	(61,677,841)
Add: Current liabilities not expected to be cleared at the end of the	year:			
- Current portion of borrowings		641,884	618,110	618,110
- Current portion of lease liabilities		58,056	118,561	118,561
- Current portion of employee benefit provisions held in reserve		3,527,499	2,141,288	2,141,288
Total adjustments to net current assets	2(a)	(40,341,446)	(58,803,424)	(58,799,882)

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the City's operational cycle.

CITY OF BELMONT NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY FOR THE PERIOD ENDED 30 SEPTEMBER 2023

3 EXPLANATION OF MATERIAL VARIANCES

The material variance thresholds are adopted annually by Council as an indicator of whether the actual expenditure or revenue varies from the year to date actual materially. The material variance adopted by Council for the 2023-24 year is \$100,000.

Description	<u>Var. \$</u>	Var. %
Revenue from operating activities	\$	%
Rates Variance relating to Airport rates billed in August but budgeted in November	14,116,188	33.46% Timing
Grants, subsidies and contributions	(539,333)	(138.10%
Works - Better Bins grant funding yet to be received - (\$157,405)		Timing
Economic & Community Development - Reversal of income accrued in FY23 for Orana and Gabriel Independent Living Units. Actual entry pending receipt of audited financial statements - (\$321,710)		Timing
Fees and charges	396,695	5.43%
Safer Communities - Higher than anticipated income as a result of increased Ranger enforcement, increased Building Compliance pool levy		Permaner
fees and Health registration fees - \$182,295		
nterest revenue	670,581	84.25%
Finance - Increased interest resulting from higher interest rates on investments and increased balances at beginning of the financial year		Permaner
Expenditure from operating activities	004 205	40.040
Employee costs Salaries are below budget due to vacancies currently being recruited	964,205	12.819 Permaner
Materials and contracts Information Technology - Prepayment of TechOne and Pathway licencing fees - (\$553,408)	2,709,776	32.01 Timir
Norks - Variation of FOGO implementation and other sanitation costs due to new contract and schedule - \$2,015,077		Timir
Design, Assets & Development - Delay in progression of Asset Management projects - \$129,152		Timir
Parks, Leisure & Environment - Turf renovation program behind schedule due to weather conditions - \$517,474		Timir
City Facilities & Property - Costs associated with repairs following Hub fire (costs to be reimbursed via insurance) - \$100,641 Economic & Community Development - Delay in progression of various programs - \$344,521		Timin Timin
insurance Governance, Strategy & Risk - Variance due to timing and ABC allocations - (\$614,122)	610,128	71.51° Timin
Sovernance, Sublegy & Nisk - Vanance due to timing and Abc anotations - (5014,122)		1 11 111
	(495 395)	(49.04%
Other expenditure Information Technology - ABC allocations higher than expected due to increased expenditure - (\$553,408)	(185,285)	Permaner
City Facilities & Property - ABC recovery higher than expected due to Belmont Hub fire expenses incurred to date - \$280,194		
Inflows from investing activities Proceeds from capital grants, subsidies and contributions	(353,367)	(38.60%
Works - Roads to Recovery and MRWA funding to be rescheduled - (\$791,545)	(000,001)	Timir
Parks, Leisure & Environment - External grant funding from various State Government organisations as part of contributions to foreshore		Timir
project schedule - \$443,722		
Dutflows from investing activities		
Payments for property, plant and equipment	(377,389)	(161.66%
nformation Technology - Purchase of Photocopiers not delivered in FY23 - (\$214,328)		Timir
Norks - Late delivery of Arbor Truck to be funded from reserve - (\$148,831) Design, Assets & Development - Late delivery of 3 Ranger vehicles and CEO vehicle not delivered in FY23 - \$235,515		Permane Permane
City Facilities & Property - Progress payment for purchase of new chiller not yet claimed by contractor - \$107,868		Timir
Payments for construction of infrastructure	(198,517)	(16.33%
Norks - Drainage projects not completed in FY23 - (\$172,119)		Permane
City Projects - Bilya Kard Boodja lookout pending DBCA approval prior to progressing to Tender. Other projects behind schedule - \$906,068		Timin
Parks, Leisure & Environment - Various Irrigation projects to be finalised - (\$336,831)		Permaner
Surplus or deficit at the start of the financial year	(5,489,492)	(72.62%
Various underspends in prior year. Figure remains subject to finalisation of end of year adjustments and end of financial year audit		Permaner
Surplus or deficit after imposition of general rates	12,349,329	30.629
Due to variances described above	,040,020	00.02

SIGNIFICANT ACCOUNTING POLICIES

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Initial recognition and measurement for assets held at cost Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost the asset is initially recognise at fair value. Assets held at cost are depreciated and assessed for impairment annually.

Initial recognition and measurement between

mandatory revaluation dates for assets held at fair value

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the City includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.
