

**Profile (as it will appear in the election materials)**

**ROSSI, Robert**

ROSSI, Robert is eligible to stand for election as a resident of the City of Belmont.

I'm proud to have been Deputy Mayor for 8 years. It's given me the experience & the relevant knowledge to step into the role of Mayor & provide the strong leadership needed to take Belmont forward.

Belmont is a great place to live, but it could be even better

I'll fight for more police & CCTV, while also providing services for vulnerable kids

I'll work to make Belmont more sustainable, reducing emissions, and growing our tree canopy.

I'll celebrate our cultural diversity, support our seniors & provide more free community events. I'll work with state & federal governments to secure funding to improve our shopping & sporting precincts & upgrade Belmont Oasis. A council that is focused on lower rates, better streetscapes, underground power, LED lights, ending suburban rat runs & ensuring the construction of the third runway to divert planes from Belmont & I commit to no paid parking in Belmont!

I'll be a full-time Mayor, holding a weekly Meet the Mayor hour for you to chat about your concerns
