

Profile (as it will appear in the election materials)

ROSSI, Robert

ROSSI, Robert is eligible to stand for election as a resident of the City of Belmont.

I'm proud to have been your West Ward Councillor.

During my regular door knocks, Community Meet & Greets & chats, I've heard your concerns firsthand.

You want to see Wilson Park's upgrade continued, & the Kooyong Rd Shopping Precinct revitalized.

Peet Park's lighting, kitchen and clubrooms need urgent upgrades & the Toorak & Fitzroy sumps on Newey St transformed into useable green spaces.

Reducing crime is a key priority & I'll push for a greater police presence & increased CCTV coverage. We also need to deal with illegal dumping, mailbox theft, speeding, and hooning on our streets.

I'll fight for more underground power & energy-efficient LED lighting, beautifying cul-de-sacs, verges & enhancing streetscapes with more trees.

You want me to pursue the construction of a third runway to reduce the impact of air traffic noise on Rivervale & Kewdale.

Finally, we should celebrate our incredible community with more free events that bring us together and foster a sense of unity and belonging.
