Candidate name	Matthew Kar Mun RUSSELL
District	City of Belmont
Nominating for	Councillor for Central Ward
Election type	Ordinary
Enrolment status	RUSSELL, Matt is eligible to stand for election as a resident of the City of Belmont.

I grew up in Belmont and am passionate about making our community **safer, greener**, and more **connected**.

For years I've attended council meetings, **asked questions**, and spoken up on behalf of residents. I've stood alongside residents for years, and I'm ready to carry that voice into Council. I bring **fresh energy, grassroots involvement**, and a commitment to **real results** people can see.

I've supported preserving **Belmont Trust** as public land, increasing our **tree canopy**, and I've listened and understood the difficulties residents face with **planning decisions** made in our City.

As a project manager, I value **transparency, efficiency**, and **practical solutions**. By helping run a local community group, I've learned how important community is and to **listen, understand**, and **work together** to solve problems.

I get things done by rolling up my sleeves, building partnerships, and putting community first. With your vote, as a Councillor I'll seek and provide solutions so we can **shape our future**, together.
